Foreword

This volume contains the record of the activities of the Norwegian Lutheran Church of America during the year 1929.

1) THE PASTORS AND CONGREGATIONS

From the statistical summary, page 507 to 535, you will see that the 2745 congregations with a membership of 486,412 souls and 303,358 Confirmed members with 2335 Churches (for which a seating capacity of 481,754 is reported by 1,830 congregations) have had an expense of $5,224,603, which is an average of $1,903 per congregation, $10.78 per soul or $17.22 per confirmed member. These congregations report a property valuation of $26,845,283 in Churches; $287,433 in Parish Houses; $4,301,220 in parsonages and $978,163 in other values. On this total valuation of $32,412,099 rests an indebtedness of $3,273,288, leaving a net valuation of $29,138,811 which is an average of $10,615 per congregation, $59.90 per soul or $96.05 per confirmed member.

1,035 pastors have worked in these congregations during 1929. 57,594 English and 36,891 Norwegian services have been held, which gives an average of over 34 services for each congregation a year and of over 91 services for each pastor. Of these 2,745 congregations, 1,489 are rural, (have their churches in the country) with a membership of 197,314 souls; 707 are in villages with 124,688 souls; 281 are in towns with 76,952 souls and 220 are in cities above 100,000 with 84,209 souls. 48 congregations with 3,249 souls did not report location of Churches.

2) THE CHURCH AT LARGE

Pages 56 and 57 show the net worth of the Church to be $11,091,288.37. This gives to each of the congregations a personal equity of $4,040.54, to every soul $22.80 and to every confirmed member $36.56. The contributions of the individual congregations are receipted for on pages 101-183. Locate your congregation by the index on next page under D: 1-9. The contributions received have been distributed as follows:

For Education	$234,139.31	Page 79
For Home Missions	272,486.82	" 80
For Foreign Missions	308,345.13	" 81
For Charities	184,299.54	" 83
Total	$999,270.80	

These contributions represent an average of $364.39 for each congregation; $2.05 for each soul or $3.29 for each confirmed member.

3) A NECESSARY EXPLANATION

The rearrangement of the material in the 1930 report was made necessary by the circumstance that pages 1 to 192, containing the reports to the General Convention, had to be set up at Augsburg Publishing House, as many of the manuscripts came too late to be sent to Decorah, where the annual report was to be printed.

THE NORWEGIAN LUTHERAN CHURCH OF AMERICA

1. Reports from National Officers for 1929

A. President's Message

Fathers and Brethren in Christ Jesus.

Grace and Peace be multiplied unto you in the name of the Father, the Son and the Holy Ghost. Amen.

The pastors and delegates assembled today are here as representatives of their respective congregations. Our church body is a union of congregations and through the accredited representatives here assembled our church speaks as to its intention and purpose in carrying on the work of the Lord. The responsibility resting upon us as a church body and the responsibility delegated by our respective congregations to us as their representatives should make us realize the serious and important duty that has been entrusted to us. But our congregations are not the final authority, are not sovereign in their acts and in their decisions. Over the church and over our congregations is our Lord and Master Jesus Christ, King of Kings and Lord of Lords. From His lips has come the command to His church. At the close of our convention the church celebrates Ascension Day. This day commemorates the ascension of the Lord into Heaven and His session at the right hand of the Father with omnipotent power and glory. It is a day given to the remembrance of the enthronement and the kingship of Jesus Christ. He speaks to His church as its Head and Master. These are the words from the Ascension Day text: "Go ye into all the world and preach the Gospel to every creature. He that believeth and is baptized shall be saved, but he that believeth not shall be damned. So then as the Lord had spoken to them He was received up into Heaven and sat on the right hand of God and they went forth and preached everywhere, the Lord working with them and confirming the word with signs following." Amen.

Sending His faithful disciples into a world hostile and arrogant, into a world which knew not God nor His annointed, with the command to preach the gospel and to baptize, it may have seemed to some an impossible task. The disciples, assured of His presence and given the gift of the Holy Spirit, obeyed the command. The results are known. In three hundred years the then known world recognized, at least formally, the headship of the Lord Jesus Christ. Down through the ages this has been the means to bring men into the Kingdom. These were the apostolic means. These are the means in our hands today—preach and baptize. This apostolic succession of truth and practice is ours. Our church body and the Christian church owes its existence to the use of these means and nothing else. Everything in the work of the church must be planned and carried out with a view to give an opportunity to preach Christ, to baptize and to teach. In the congregations of our synod we have carried on the work by these same means. As a result of this activity, in confidence and trust to His command, we have baptized in our churches during the past year nearly 20,000 children, confirmed 19,000, baptized 600 adults, 120,000 children in our Sunday schools, 40,000 in the summer vacation schools, 215,000 have communed at the altars of the church and there have been conducted over 100,000 preaching services. For catechetical instruction our pastors met with their classes more than 60,000 times. Weekday and Saturday schools have enrolled 13,000 children. Our women's societies have a membership in 3,200 societies of over 100,000 members and 2,000 young people's societies have a membership of over 70,000. These are some of the evidences that we are seeking to obey the command of our Lord and Savior Jesus Christ.

In all of these activities the Word of God has been used and His Holy Spirit has been active. How many of our members or others that we have touched by the work of the gospel have entered into a living and personal relationship with their Savior, God alone knows. He is working with us and through us and He must add the increase. These figures give us cause for thankfulness to God and rejoicing. The magnitude of this work, how scattered and unimpressive our efforts may sometimes seem, show that our church is seeking to carry out the command of the risen and ascended Lord. The church is not a human institution. It was founded by Christ and is guided by the Holy Spirit. Let us turn to the Lord of Hosts for strength, courage and wisdom to carry on the work that He has commanded. Truly our church can say, "We were glad when they said unto us, let us go up into the house of the Lord," and as a church body coming together, looking at the opportunities, seeing how the Lord has multiplied our feeble efforts and how He has been working with us and in us, one sentiment should fill the hearts of all.—"My soul bless the Lord and all that is within me bless His Holy Name." The members of our church should be a jubilant people. The Lord hath done great things for us and it is not the work of our hands but His omnipotent grace and goodness that has brought it about.

Approaching the work of this convention in that spirit, with confession of our own sins and shortcomings, asking for forgiveness for doubting the power and arm of the Lord and in humility seeking His strength, we can do all things in Christ, who strengtheneth us. Therefore, my brethren, let us cry in hearts and souls, "Forward with Christ." Let us place our dependence, not upon flesh and blood, but upon Him who has promised to be with His church until the end of the world. The final results we know not. He has told His disciples before He left them, "It is not for you to know the times and seasons which the Father hath put in His own power, but ye shall receive power after that the Holy Ghost is come upon you and ye shall be witness unto me." This is our task, hearts seeking to receive power in the Holy Ghost, willing minds and hearts to witness for Christ. We leave the results with Him and in His hands, Who loved us and gave Himself for us. Amen.

Christian Education

Through its Secretary the Board of Education reports to this convention cencerning the activity and work of our schools during the past two years. Separate reports are also included from the presidents of the four senior colleges, which give a comprehensive survey of their problems and their work.

The senior college is faced with an ever increasing competition, with the tax supported institutions, both as far as student attendance and requirements for equipment are concerned. The four-year standard American college is a distinctly American scholastic institution and it has contributed to America, both in state and church, many of the outstanding leaders in our country.

It is indeed a joy to report that we are now receiving at our Seminary annually from these colleges the number of men required for our work. Many of them in private conferences, or colloquiums, testify to the fact that at these colleges, through the help of teachers or students, they have come to an understanding of their personal relation to Jesus Christ, as well as their responsibility to serve Him. These individual testimonies are non-mistakable evidences that the Holy Spirit is working through the same means of grace at our colleges as in our churches. May I stress the remembrance of intercessory prayer for both teachers and students at these institutions; that God's Spirit may guide and direct the work to the glory of God and for the usefulness of these institutions in His Kingdom.

Secondary Schools

Many of our secondary schools have found it difficult these last years to secure the necessary funds. Our church has not been in a position to advance as much as might be needed for the maintenance of these institutions. With the most earnest efforts, contributions for Christian Education do not come up in

proportion to the contributions to the other treasuries. Attention must be given by this convention to our educational budget. Unless this convention approves of an appropriation of approximately $100,000.00 more than was collected last year, it is difficult to see where the secondary schools will receive any appropriation from the Board of Education in the coming biennium.

For this fiscal year the Board was faced with the situation that there would be no money on hand for any appropriation for secondary institutions. This was because of the resolutions of previous conventions that deficits in preceding years must become a part of the budget for this year. With this resolution in mind, the Board placed the situation before the Board of Trustees and emphasized that a serious emergency existed. It was serious, not only for the schools themselves but also as far as the effect of no appropriation for these schools would have in the territory and with the constituency with which these institutions are surrounded. The Board of Trustees, unanimously declared that this was an emergency and placed at the disposal of the Board of Education for 1930 a sum not to exceed $25,000.00 in addition to the regular budget. This cannot, however, cover the coming biennium and this convention must take action with regard to this condition.

For the report of the Survey Committee time has been set apart to seriously discuss this situation. Squarely, the question that confronts us is that if we are to continue these junior colleges and academies there must be an increased appropriation by our present convention for the educational budget. Great efforts will have to be made to raise this money and the Board feels that it is seeking to conserve the best interest of the church in urging the serious consideration of the problems of these schools.

I wish to express my appreciation of the sympathy and support given to the appeal of Pacific Lutheran College by the respective districts in 1929. The generous response in many places made possible the continuing of the work at Parkland and also made it possible that they could qualify as an "A" grade institution in that state in junior college, academy and normal department. This is an outstanding achievement and Dr. Tingelstad, the faculty and all friends of the institution, both East and West, deserve our hearty thanks for this result. I sincerely hope that congregations and pastors that invited the representatives of this institution to visit them last year, where it was not possible for them to come, may renew this invitation to them this coming summer. The work of this institution is a pioneer missionary adventure. Our church in the West needs this institution fully as much as the institution needs the support of the church.

In speaking of western schools, attention is called to the recommendation of the Board of Education that Spokane College be discontinued. After many years of trial and until the very last years, with fairly respectable appropriations, it has been found very difficult to secure an attendance of students that would justify the continuance of the institution. Generous support has been given this institution. The United Church at the time of the merger took over $70,000.00 out of its jubilee fund to pay all the indebtedness of the institution. Since that time it has received the combined support these latter years from our synod and the Joint Synod of Ohio but the requirement of the University of Washington as to accreditation has made it hopeless to try to meet these demands. Forty thousand dollars in visible income from endowments, appropriations and student income is required for the freshmen and sophomore classes in an accredited junior college. Our church body is not in a position financially to secure that accreditation for Spokane College and without accreditation the student attendance would become very small. At the same time it should be said that the institution has served the church and contributed through the work carried on there to the advancement of the Kingdom of God during the years that it functioned.

Park Region and Waldorf Colleges have been carrying on junior college work for some years. Park Region Luther College needs and merits the support and sympathy of its constituency. I would plead that congregations and pastors that have the opportunity give them the privilege to solicit funds to carry on

their work. The appropriation by the church is not large enough, standing by itself, to make possible the maintenance of these institutions.

For this reason also Waldorf Lutheran College is in the midst of the campaign authorized by the Iowa District to gather $150,000.00 for an endowment fund. The beginning of the campaign gives evidence of generous interest and support. The money invested by our church people in these and similar institutions will bring rich returns both for their children, as well as for the church of God.

Red Wing Seminary has passed through trying and difficult times during the past few years. Student attendance has not been what had been hoped for. With the presidency of Dr. Rholl and united endorsement of the Board of Education and the Board of Trustees, we hope and pray that plans may be worked out that this institution, which was so dear to the hearts of the former Hauges Synod and meant so much to them, may see its way clear, under God, to carry on in useful service in His Kingdom.

Other educational institutions could be named but specifically their work and their problems are the same as these mentioned. After all, the final test and vote as to the continuance of these institutions will depend upon the rallying support of their constituency and their territory. Money is not the only thing involved. Student attendance is after all the criterion and unless there is a satisfactory attendance of students it will be difficult to justify the maintenance of some of these institutions. With a fair attendance it also becomes possible to alleviate the financial burden.

We deeply appreciate and value the services given by so many of the teachers in these respective institutions. Services rendered in His name and for His cause will not be forgotten by Him when through His grace He rewards His faithful servants.

Luther Seminary

The Theological Seminary comes before us this year with a definite appeal and request that our convention gives it the right-of-way in the near future for ingathering of funds for a new building. It should hardly be necessary to stress the need of this building. Our Seminary attendance has increased to one hundred fifty and prospects are that this will continue. We find also that we can use all the men who are well equipped and personally qualified for work in our church. We have been asking for men to attend the Seminary. Now God is giving them to us and woe be unto us if we do not thank Him both in word and deed for answering our prayers. The "fields are white unto harvest" in Madagascar, China and Africa, in the great stretches of the middle west and the large cities, north and south. There is a work to be done and our Seminary is the training station for the men who are to do this work.

More class room is needed at the Seminary and if standards of theological education are to be maintained, we must have library and reading room facilities. We have at present practically none. Large collections of books have not even been unpacked because of lack of room. Some plan and some means ought to be devised to make possible the erection of this building. It has the endorsement of all the boards interested, also the endorsement of previous conventions, but endorsements do not bring results unless it is definitely decided as to when it shall be done.

A type of training for which there was given ample opportunity in years gone by seems to be disappearing. Attention is called to the serious consequences in neglecting to give our young men this opportunity. Our students in the two lower classes in the Seminary must be given more opportunity for summer work in preaching and teaching in the congregations. There ought to be a place for a hundred young men in twenty-five hundred congregations. The young men need this interneship in order that they may receive some experience and also possibly discover their own aptitude and personal fitness for certain types of work. I earnestly ask pastors and congregations to try during the coming year to send in applications to the Seminary for students to work in their midst during the summer vacation.

Dr. T. F. Gullixson has returned the call to become a theological professor

and declared that he does not see his way clear to accept this election. On account of this the respective bodies charged with nomination are presenting to the convention this year the name of Prof. Carl B. Ylvisaker, teacher of religion at Concordia College, for this position. May we prayerfully and seriously proceed to our deliberations in the election of a theological professor.

This year Dr. M. O. Bøckman's term as president of the Seminary expires. He has served as president for a period of thirty-seven years. On behalf of our church I take this opportunity to express to him our deep gratitude and appreciation for his services in this capacity. God has truly blessed us in His great grace in giving us Dr. Bøckman to guide the destinies of our theological education for so many years. No matter what decision may be taken as to the presidency, the Board of Education calls attention to the fact that he will continue as professor of theology at the institution. With his health, vigor and clarity of presentation he is in a position, even if he should relinquish the administration of the Seminary, to still render useful work in the class room. This convention will nominate and elect a president for a term of six years. Dr. Bøckman has now reached the age of 81 and has been in continuous service as professor of theology since 1886, a period of forty-four years. God grant Dr. Bøckman many years of added usefulness at our Seminary and in our church!

Foreign Missions

The cry of old, "Come over to Macedonia and help us," is still calling and coming from the unsaved millions on our foreign mission fields. Hearts should be moved to action in prayer, gifts and interest for the unsaved in the fields of China, Madagascar and South Africa. We, who have received the great blessings of the Gospel, should tremble at our sense of responsibility to transmit this to those who in their blindness bow down to stick and stone. Tremendous forces are moving on the foreign fields. Nationalism, communism, selfdetermination of nationalists and the ever increasing bringing of the White Man's burden of sin and temptation in its modern form are making difficult for many a missionary the work of his calling. Men of consecration and understanding of present day problems are required to present the gospel in the present crisis. God has given us many able and earnest men and women who have given their lives in the foreign service. Grant that there ever may be an honorable succession of men and women ready to say, "Lord, here am I, send me."

This year we welcome in our midst the superintendents of our three respective missions. It is unique in our history to have present with us the leaders of our missions in China, South Africa and Madagascar, the Reverend Superintendents C. W. Landahl, N. Astrup and Wm. Trygstad. We greet you in the name of the Lord and we pray God to bless your coming in and your going out among us.

Charities

The men and women charged with caring for those who are less fortunate among us, such as the aged infirm and the little children, have been seeking on our behalf to do the Master's work among the least of these. In children's homes, homes for the aged and hospitals our representatives have worked. They, too, need our prayers and our support. The work of caring for the unfortunate has ever been the testimony of the church to the world that the love of Christ is constraining us. Caring for those who can not return to us reward for this work is an evidence of the unselfish and self-sacrificing spirit working in the church of God.

The Rev. H. J. Stolee, who has worked for some years as field representative of the Board of Charities and who also did pioneer and signal work in the Home for the Aged at Coeur d'Alene, Idaho, is this year discontinuing his work in this field. We wish to express to Pastor Stolee our deep appreciation for his years of service and effort in Christian social service in our church.

Just a few weeks ago one of the warm hearted and generous minded supporters of our Deaconess Home and Hospital passed away. Dr. E. E. Henderson of Chicago died suddenly on May 6th. He has shown by his generous contribu-

tions, by his unfailing interest in our Deaconess Hospital and his constant public testimony to the worth of the deaconess cause, that he has ever been a friend of this work of our church. It is a great loss to our institutions in Chicago that he has passed away. We extend to his family and his wide circle of friends our deepest sympathy and express our appreciation of his life and character. Blessed be his memory.

The result of the campaign for funds for the Deaconess Home and Institute reached such proportions that it will be possible in the near future to begin the erection of a building for this cause. The Board of Trustees has decided that when $175,000.00 is paid in in cash the work can be begun. This marks a new era in our deaconess work. More than ever do we need the deaconess, not so often, possibly, in the old way as a trained hospital nurse, but as a parish worker, Bible woman, social representative and for numerous other opportunities that are given for special Christian service in our church and congregations. We earnestly hope and pray that within a short time we may see the opening of this institution so that our young women may not need to go to the institutions of the state or of non-Lutheran denominations for their training in Christian social service.

We wish to extend to Mother Superior Ingeborg Sponland our congratulations on her 70th birthday. She has served faithfully and well in the Kingdom of God.

Home Missions

God has heard our prayers and we will rejoice. We have been able this year, because of the number of men at the Seminary, as well as the opportunities in the field, to send out a larger number of men into the home mission work than for many years. There is a growing spirit that our church body under God must go in and possess for Him this land in which He has placed us. The young pastors are sensing their responsibility. The responsibility for the work is growing in the struggling mission congregations. Many congregations have declared that they will try to support themselves in order that others may have the benefit of mission funds. Men and women are awakening to the feeling that this is the Lord's work and it must be done. A few brief years will determine the position of our church body here in the middle west. The determining factor will be our attitude toward the cause of home missions. This work is fundamental and any church that marks time or recedes on this line will soon be numbered among those whose influence is vanishing. We believe that God has given us the pure gospel and His holy sacraments. We owe it to the people in America, where we live, and to those who are without this light, to bring it to them. On His great day of judgment there will be a tremendous accounting for every organization as well as every individual that has known the gospel and has neglected to do his utmost to bring it to others. We must pass on to others the torch of God's word and the sacraments. We can go in with God and possess the land if we have faith and vision to see what is before us.

Student Pastors

One field of missionary activity, which in our new conditions needs to be stressed, is the work of Student Pastors in tax supported institutions. More of our young people are found in these institutions than in the schools of the church. No reflection is made upon this condition. We as a church must go to our people where we find them and we must during these formative and critical years seek to strengthen their faith, as well as their knowledge and understanding in Christian truth. They, too, will take their place side by side with the graduates of our own colleges, to be the leaders and workers in the respective communities. We want them and we need them for the cause of Christ and for His church.

Many pastors are giving whole-hearted service in this field. Our church as such is contributing very little and in some places nothing towards this work. Local congregations are bearing the burdens and we appreciate this, but we must also collectively as a church body take our part in this responsible work. There

should be coordination and cooperation in this activity. Our Student Pastors who were assembled this spring are presenting a set af resolutions which I am submitting to you for consideration. These resolutions and requests should be carefully and seriously considered at this meeting.

Church Extension

Speaking of our home missionary activity, it should hardly be necessary to emphasize the need of increase in our church extension funds. This money is used to assist mission congregations to secure building lots or support in erection of buildings. Often money is needed which can not be secured locally in places where it is of prime importance to begin work at once. In such places church extension money goes in to swing very often the balance in favor of a successful issue. All of this money is loaned and not given to the congregations. It is paid back and used over and over again, but we need more. We have asked for an offering on one Sunday a year. Some congregations remember these requests of the general convention. There is no reason why every congregation in our synod should not lift an offering once during the church year for this work. No particular sum is set for the individual congregation, but an annual contribution from twenty-five hundred congregations would mean new vigor and added advancement in this field. Brethren, let us seek to carry out this reasonable and fraternal request of our general conventions.

It is recommended this year that Church Extension be placed on our budget for $10,000.00. This will come in whether it is on the budget or not, but it will give the congregations credit, together with the contributions for the other activities in the total sum of their budget gifts.

American Bible Society

Closely allied and in fact interlocking with Home Missions is the work of spreading the Word of God both at home and abroad. The American Bible Society has for over one hundred years continued to print the Bible without comment or interpretation in an increasing number of languages and dialects. In its 113 years it has issued 205,096,251 volumes of the Scriptures and promoted their circulation in more than 300 languages and dialects and in eighteen languages and systems for the blind.

Without the work of the Bible Society our foreign missionary work and a great deal of our other work would be impossible. No individual church body has the means at command to translate and to print some of these editions. Here in this country their colporteurs go up and down the land, distributing the New Testament and the Bible in English and other languages used by the inhabitants of our land. It is a work of such a magnitude, such a nature and such a blessing that it compels the admiration and gratitude of every evangelical church. Our Lutheran church, the church of the Word of God, should certainly not be behind in its appreciation and its support of this work.

We have voted each year a small appropriation for this work. May I urge, if this appropriation can not be increased, that we call upon individuals who are interested, to send in either to our treasurer or the treasurer of the American Bible Society annual contributions to carry on the work.

As president of our church I have been permitted to be present or to send a representative to the advisory council which meets each year. At such meetings we have noted the careful husbanding of funds and receipts and the constant effort to increase the publication of the gospel and its distribution. This activity supplements the work of every individual church body and we pray for God's blessing and His grace and favor to continue upon the American Bible Society, as well as upon foreign Bible Societies, that the seed of the Word may ever bring forth fruit in many fold.

Elementary Christian Education

The past year saw the publication of the new standard English text of the Catechism. This work performed by an Inter-synodical committee deserves the

attention and appreciation of every Lutheran synod in this country. Our own Board has through its representatives taken very active part in this work. The year 1929, with its anniversary celebrations of the catechism, has undoubtedly given new impetus to Christian nurture and training of our children.

Constant and continuous attention must be given to this fundamental work of Elementary Christian Education. In some places I still find International Lessons and Reformed publications, used. How can we neglect the great possibilities offered in our own tried and scriptural system of instruction? None-Lutheran bodies are beginning to put more and more emphasis upon training of the children. Shall we again follow the experience in some quarters of our church that others shall begin to do that which we have had and are beginning to neglect? Scriptural and spiritual evangelistic campaigns for the calling of prodigal sons and daughters must ever be carried on, but little will this help if we neglect training our own baptized children in Christian faith and service. Normally the children baptized into fellowship with Christ should be brought up in His communion. Fathers and mothers, pastors and congregations must consider the work of Christian child training as the outstanding fundamental work of our church. The church that is faithful in this will build foundations that will last when many others shall have disappeared. As we have the accepted principle, "Lutheran pulpits for Lutheran pastors," let it be clearly understood and accepted, Lutheran books, both hymnbooks and class books, in Lutheran Sunday schools for Lutheran children.

In some states, through the action of the legislature, opportunity is given for weekday instruction in the Christian religion. Surely the pastors and members of our congregations in states where this opportunity is offered should be eager and willing to make use of it. In some places our congregations are profiting in a wonderful way by this systematic weekday instruction. This instruction must be, however, in the hands of Lutheran teachers, well trained and capable of making use of the precious time granted to them.

Catechism and Book Mission

One of the finest contributions to this anniversary was the publication by our Book Mission of the Catechism in its new text for free distribution. Perhaps no tract issued by the Book Mission has met such hearty response in its use. The continued free distribution of this edition should be continued. If this shall be made possible, our congregations as well as individuals must remember the book mission with generous and continued gifts that it may carry on this blessed work. In addition to the Catechism, the Book Mission of course also issues a number of other valuable tracts. The use of the printed page in the spreading of the gospel must be emphasized.

Women's Missionary Federation

This organization has continued by its vigorous and faithful work to create more interest and appreciation for the work of our church in its respective circles. Money contributions have increased, distribution of publicity material, holding of conventions and programs have all strengthened interest and understanding of the problems that are before us.

Young People's Luther League

In a like manner the Young People's Luther League has carried on its work. An outstanding feature is the monthly magazine number of the Lutheran Church Herald. It has been commented on by leaders and papers of other Lutheran synods and other denominations as one of the outstanding publications in its field. While considerable money has been expended for this venture, the growing number of subscriptions, and the constant comment about this magazine shows that it is well invested. Institutes, conventions and rallies have impressed upon

our young people that they are a part of our church and that we have a place for them to work. No congregation or church body can afford to give the impression that the young people are not needed in its work. Our Luther League is doing a creditable service in maintaining the appreciation of this fact.

The Daughters of the Reformation and Norwegian Young People's Society

The Daughters of the Reformation and the Norwegian Young People's Society have in a similar way, although possibly more limited because of their number, carried on their work in the same spirit. As a church body we thank God for having given us such a fine, loyal and enthusiastic group of young people. If we who are older will only give them the right example and leadership, we have a host of young people eager and anxious to do whaever their hands find to do. Some of my finest inspirations and impressions have come from contact with the work of the young men and young women in our church body.

Pensions

One can not help but feel, after reading the discussion about the pension plan, that there still is a lack of clarity in regard to the new plan as well as divided opinions as to its feasibility. Men interested and appreciative of the need of pensions are divided in their support of the new plan. Some congregations have voted upon the question or instructed their delegates as to their vote in this convention. It represents, however, a minority of our congregations which have thus given any expression either for or against. It seems as though under the existing conditions that an enterprise involving such possibilities and requiring so much eöort must call for a fairly united and harmonious cooperation and understanding before we can go on. In view of this may I be permitted to suggest that possibly the wisest action to be taken in this convention is a postponement of final decision and a continuance of the discussion and investigation of the plans involved. The Board and the committee of laymen have worked in a faithful, energetic and self-sacrificing manner. To them this convention owes hearty thanks and we should ask them to continue in their interest in securing eventually an adequate, reasonable and acceptable pension plan.

The number of congregations reporting are 311. Of this 172 reported in favor of the plan; opposed to the plan, 139. The balance of the congregations, numbering 2,435 have not reported any action to me.

No matter what action is taken on the proposed new plan, I would earnestly urge that every effort be made to increase the gifts and contributions to the present fund so that pastors and their families entitled to support will not be faced with decreasing support from our pension payments.

National Lutheran Council

Owing to ill health and advancing years, Dr. J. A. Morehead, Executive Director of the National Lutheran Church, tendered his resignation. The increasing responsibilities with the Executive Committee of the Lutheran World Convention, added to his other work to such a degree that the Council with regret accepted his resignation. The long and honorable service given by him to our church, both in Europe and America, entitles him to the gratitude and appreciation of every member of our church. Faithfully he has served; well he has represented us in foreign fields and his testimony and witness have ever been that of sound and conservative Lutheranism. Not only through the administering of gifts, but also by the influence of his personality and his character he has strengthened confessional Lutheranism in many parts of Europe. We are thankful that he is still permitted to continue to guide and direct the work of the Executive Committee of the Lutheran World Convention. We know that under his guidance the work will be carried out consistently in keeping with the principles and practices of confessional and conservative Lutheranism.

The Rev. Ralph H. Long, who has won for himself a large place as Stewardship Secretary in the Joint Synod of Ohio, has been elected as director. He will take up the work as director of the Council at the beginning of the year. We wish to assure him of our hearty support and sympathy by working with him.

Should it be necessary again to emphasize to this body the need of carrying on the work for support of our fellow believers in Europe The call still comes to us to help our suffering and struggling brethren in many places in Europe. One field alone should ever be before us in our prayers and in our hearts. The sacrifices and suffering of our brethren in Russia has been stressed by our papers again and again. Can it be that we have become so hardened to the cry of need that we are forgetting this martyr church over there? Time and again our attention has been called to the shortage of pastors, to the lack of funds and to the large number of Lutherans in Russia as "sheep without a shepherd." Edicts and laws make difficult the propagation of the Christian religion; hinder even the instruction of the children to such a degree that there must be a great increase in the number of pastors in Russia if the light of the gospel shall not disappear. This particular work coordinates and fits in with the work of the Executive Committee of the Lutheran World Convention.

Lutheran World Convention

The National Lutheran Council feels that it should make use of this committee because in this way it would secure the cooperation of the self-supporting Lutheran churches in Europe for the relief work of needy Lutherans. Bishop Meyer sent a message to the World Convention, "We about to die, salute you." From enfeebled hands, worn out through suffering, hunger and sacrifice, the torches are dropping. Shall we make possible that new men, eager and anxious, consecrated and earnest, will carry on this work when these older Russian pastors are no more?

This was one of the outstanding parts of the program of the Lutheran World Convention in Copenhagen,—the strengthening of our brethren in lands where our church is in the minority. In many places where the Greek Orthodox or the Roman Catholic Church control the state religion, our church is struggling against great odds. They are not able with the means they have at hand to keep the work going. Testimony was given in many languages and for many lands to this effect at Copenhagen. Deeply touching was the Sunday evening meeting when these veterans of the cause were given an opportunity to bring their heart-touching appeals to the representatives of the independent and self-sustaining Lutheran churches. This was the practical side of the World Convention, which was here stressed. The Committee was ordered to work in cooperation with the European and American churches that gifts and funds should be secured to carry on this support; that men should be sent from time to time to testify and witness among these struggling groups, not only of our sympathy and support, but also admonishing and encouarging them to remain true to the Word of God and to the confessions of our church.

Throughout the entire convention there was a noticed and marked sentiment running through practically every address, sermon and paper of confessional and conservative testimony. It was so marked that in liberal quarters in Europe it has been commented on as an undesirable feature of the convention. The general testimony, as gathered from publications, letters and writings, has been that the meeting in Copenhagen strengthened the cause of conservative and scriptural Lutheranism in the world.

A statement from the Rev. C. J. Holt of the Inner Mission Society in Copenhagen gives the following expression:

"Should I express that which was of greatest importance at the Second Lutheran World Convention, I should point to the fact that the meeting throughout was stamped with positive Lutheran Christianity. There was probably considerable divergence in viewpoints among the delegates. Some stood far to the right (especially among the Americans); their standpoint was an inspiration.

Others probably had liberal tendencies, but no liberal thoughts influenced the sessions. It was God's Holy Word which guided the meetings."

A complete report, both in English and in German, can be secured in the respective publishing and book concerns.

Among the resolutions adopted was one on adherence to the confessions, submitted by a committee composed of Bishop S. Stadener of Sweden, Bishop J. Gummerus of Finland and your President, as follows:

"The Second Lutheran World Convention's confessional declaration can only contain a statement which clearly and emphatically expresses the convention's unconditional and unchanged adherence to the Holy Scriptures and the confession given by our Lutheran fathers before God and before the entire world.

"This expression of firm and unchanging adherence to the faith of our fathers must not be diluted with modifications and admonitions which are motivated by present conditions but which would divert attention from the confessional content itself.

"The Convention's statement must be expressed so clearly that it cannot be misunderstood but also so briefly that it will indelibly imprint itself on mind and conscience.

"The Eisenach Convention expressed this adherence to Scripture and confession in such a way. Therefore we recommend the re-enactment of that Confessional Declaration as follows:

"The Lutheran World Convention acknowledges the Holy Scriptures of the Old and New Testaments as the only source and infallible norm of all church doctrine and practice, and sees in the confessions of the Lutheran Church, especially in the unaltered Augsburg Confession and Luther's Small Catechism, a pure exposition of the Word of God."

This was unanimously adopted, together with other resolutions in keeping with this keynote.

Many of our pastors and laymen visited this convention. The delegates were Dr. H. G. Stub, appointed in place of Dr. C. M. Weswig, who could not attend; Dr. C. S. B. Hoel, Dr. J. A. O. Stub and Dr. G. M. Bruce. These men deserve the appreciation of our church as they attended this convention without securing any appropriation for their expenses from the church body. Together with the president of our church, they served as our delegation.

The fundamental principle of a free conference was carried out throughout the entire convention. It was for witness and testimony to each other, and to the world. The Executive Committee was selected not as an administrative body but as a committee for service at the disposal of representative Lutheran Churches to administer such funds as they wished to give to their suffering brethren. In this committee the American church has two representatives: Dr. J. A. Morehead and Dr. L. W. Boe.

The Church Council at its sessions in March expressed its wholehearted appreciation of the results of the World Convention, endorsed the work of the National Lutheran Council and urged our church to give thought to ways and means of raising our part in the support of Lutherans in distress.

Synodical Cooperation

As a result of the establishment of altar and pulpit fellowship with the Ohio, Iowa and Buffalo Synods in 1926, as well as altar and pulpit fellowship with the Augustana Synod and the United Danish Church, the General Convention of 1928 appointed a committee, consisting of Dr. O. J. H. Preus, Pres. A. J. Bergsaker, the Rev. A. M. Mannes and the President of the church to meet with representatives of these synods to take up the question of where cooperation and coordination of work might be beneficial. The Joint Synod of Ohio also had colloquiums with the Augustana Synod and the United Danish Church. They are recommending to their respective bodies pulpit and altar fellowship. The Lutheran Free Church was represented by its Vice President, the Rev. T. O. Burntvedt, at one of these meetings. As a foundation for this cooperation and fellowship in work the principle was laid down that there must be agreement

and unity in faith and practice. The first and primary basis for cooperative efforts in other than external affairs, must be altar and pulpit fellowship. This principle has been unqualifiedly accepted by all the conferring synods and on this basis the recommendations arose for the forming of a federation or a conference of these respective bodies. The principles laid down in the Minneapolis Theses have been accepted in colloquiums between these respective synods and in some cases are now being referred to their respective synods for final approval. Membership in this conference has been limitd to synods that would accept these principles and where altar and pulpit fellowship has been established between the respective bodies.

The proposed conference is not an attempt to create an organic unity or a general synod. We are well aware that for the unity of the church there is only one thing required, namely that where the Word is preached in its purity and the sacraments rightly administered, there unity exists. It is not necessary for a synod or a church body to give up its own integrity, independence and organization. The time is not here to rush into an organic unity of one synod or church body. Each church body has its own contributions to make to the future of our Lutheran Church. Some of the finest and best contributions would be lost if an outward and hurried organic unity should be established at this time. On the other hand there is a growing demand for closer approach between such Lutheran bodies as have common practice and common interpretation of doctrinal standards. Not the least among the laymen and younger people there is a feeling that our Lutheran bodies should present a greater united front to the world at large. These demands are justifiable where there is unity of faith and practice. This recommended conference is an attempt to meet in a reasonable way this demand and the needs for common help and support in common problems. This recommended conference, which is advisory and consultative, should meet all reasonable demands for the present. It will give opportunity to witness and testify to each other and to the world of the faith which we have in common. We can meet to correct, to admonish and to encourage each other. Problems and possibilities on the home mission fields can be allocated so that there will not be the straining and injurious competition that has existed in many places up to this time.

The weekday school problem, which is increasing among us, will have greater opportunities to be taken care of by such a conference than scattered attempts by individual church bodies to meet this demand. No attempt nor plan is intended to confuse and to unite support, but rather as far as possible, through allocation and division of the problems and possibilities as brethren in the faith.

The organization of this conference has been planned to be as informal as possible. There will be no salaried officers and each body will take care of its own expenses with regard to members of committees and delegates that it sends in as great a number as it wishes to be represented.

This year we will celebrate the four hundredth anniversary of the Augsburg Confession. It would mean a great deal for our Lutheran Church if these independent synods that are so close to each other could agree upon such an informal conference which would meet from time to time to give testimony of the unity that is within and our expression of witness to the world at large. A proposed constitution is presented because it will make it easier to understand the scope and the possibilities that are intended. This proposed conference has receiyed the hearty cooperation and recommendation of our Church Council and has met with general approval where it has been presented and explained. It is my sincere hope and prayer that our church body, which is the first to meet, will take the signal step of endorsing this federation.

Ohio, Iowa and Buffalo Merger

This year will mark a notable event in American Lutheran history. In August the Joint Synod of Ohio, the Iowa Synod and the Buffalo Synod will merge their three respective synods into one united body, which will give them a total communicant membership of about the same size as our own synod. The

new organization will bear the name, "The American Lutheran Church." We extend to them, as our brethren in the faith, our heartiest greetings and pray that God may grant them grace and wisdom to go on in greater usefulness in His Kingdom in their united efforts.

It is fitting that at such a signal occasion our synod should select a representative to bring the fraternal greetings of our church body to these brethren.

Conference on Spiritual Life

The general convention of 1928 charged the Church Council with appointing a committee to work out plans for a conference on spiritual life in our church. the Council appointed the Revs. G. O. Pallsrud, J. R. Lavik, Prof. C. B. Ylvisaker, Mr. A. E. Anderson and its President to work out these plans. The committee has sensed deeply its responsibility and it has the conviction that such a conference, which concerns the spiritual and internal life of our church, by the grace of God, may become a distinct help to us. We need to consider the situation in which we are placed. The Master said to His disciples that they are in the world but not of the world. The Christian is surrounded by the world. The tremendous secularizing influence, both in private and public life, is evident. We need to examine and re-examine both the conditions about us and in the church. Prayerfully and seriously we invoke the guidance of God's Holy Spirit in preparing and meeting in such a conference. We need to pray for a deeper sense of our own unworthiness and sinfulness, a clearer sense and understanding of our weakness to do the will of the Lord and a growing conviction of our need of Christ and that without Him we can do nothing. If that spirit fills our hearts, the Lord can make use of us in His Kingdom. With such a background and with such prayer blessings can come to us from coming together and meditating and thinking on these things. It is the hope that such a conference might become the forerunner of other conferences to be held in districts and circuits to emphasize the need of constant attention to our relations as individuals and congregations to Christ; to emphasize more serious and earnest use of the means of grace and prayer, more watchfulness in our individual lives and more dependence upon the Lord for strength and wisdom to do His will.

The suggested program will be printed at an early date in our church papers. It is the intention that such a conference be held in some centrally located city during the month of October.

400th Anniversary—Augsburg Confession

This year the entire Lutheran world joins in the celebration of the four hundredth anniversary of the Augsburg Confession. On the 25th of June, 1530, this Confession was delivered on behalf of the confessors of the evangelical faith to Emperor Charles the Fifth at Augsburg. Four hundred years have passed since that day and the experience and history of these four centuries have confirmed and strengthened the conviction and understanding that this confession and document is truly evangelical and scriptural. With the exception of the three ecumenical creeds, it is unique in its scope and also unique in its acceptance. Clearly the great truths of sin and grace, God's relation to man and man's relation to God are stressed.

The adherence by our respective church bodies to this confession emphasizes the fact that we are an historical church in character and in continuity related to the apostolic church. It is clearly a witness that the true apostolic succession is in our midst;—the apostolic succession of holding fast to the doctrine and the teaching of the apostles. This confession makes plain the right and reason for the Lutheran Church to exist apart from other churches. It emphasizes and makes clear our right to be considered a church and not a sect. It is a witness of the faith that is within us. Today in many quarters discussions and conferences are being held to promote the unity of the Christian

church. If there ever is to be a united Christendom it must be on the basis and in conformity with the truths expressed in the Augsburg Confession. The more we study, the more we ground our knowledge and practice in the principles of that Confession, the more closely we will conform to the truths of Scripture. God has blessed the influence and the witness of this Confession. It comes to us through these four centuries intact and accepted. We owe it to the generations to come to transmit it to them honored, accepted and confessed in its entirety. Every parish should seek during the present year to pring home through celebration, sermons and programs the great heritage that we have received in this confession. It is fitting that in all of our congregations there should be a celebration of this event on Sunday, June 22nd, as the day nearest the historic date.

St. Olaf Anniversary

In the land of our fathers this year will be celebrated the nine hundredth anniversary of the introduction of Christianity into Norway. The anniversary date, which is rather the culmination than the beginning of that activity, has been set on the 29th of July, which marks the death of King Olav Haraldson at Stiklestad near Trondhjem. Because he actively introduced Christianity into all parts of Norway during the few years of his reign, in popular mind, in legend and in history he has become the symbol of the coming of Christianity into the land of our fathers and has received the name of St. Olaf, because of his championship of the cause of Christ.

The Lord said that the Kingdom of Heaven is like unto a mustard seed which when planted grows and becomes a great tree. As we consider the historical and feeble beginnings of Christianity in the land of our fathers truly the symbol strikingly interprets its development. Slowly and quietly this tree has grown; the seed of the gospel often sown by hands that hardly realized the greatness and the value of that precious seed, God has given the increase. Often hampered and hindered by the sins and the errors of men, yet by the power of the Holy Spirit the leaven has worked and carried on its blessed influence. Today, after nine hundred years, we can in this distant land thank God for the deposit of truth, for the witness of Christ and for the testimony of the gospel which has come down through these many generations and made us partakers of this wonderful gift of God. Of all that our fathers brought with them, of strength of character, honesty of purpose and of innate culture, none of these things can compare in value and worth to us with the gift of God's truth that came with them when they settled in this country. From that deposit, from that inheritance has sprung these many churches, these institutions and this great work of our present church. Truly we will not despise the day of small beginnings. Even if the beginnings back in Norway nine hundred years ago seemed strangely different from our methods of planting the gospel seed, the living Word of God was there and down through the years it became truly the power of God unto salvation for the people of Norway and through them to our fathers and ancestors it has reached us in its evangelical and scriptural content that we have in our midst today. We can truly unite our hearts and voices and thank God for His wonderful Providence in the guidance of our people on both sides of the ocean up to this time. We can also celebrate this anniversary and view the things that the Lord has done for us and declare and tell it to our children and children's children. "It is the Lord's doing and it is marvelous in our sight."

Invitation has come from the church in Norway to participate officially in the celebration of this anniversary. A special day has been set apart for services conducted by representatives of the Norwegian Lutheran Church in this country. As your president, I have received this invitation and have informed the committee that same will be presented to this body for its decision.

The St. Olaf Lutheran Choir, at the request of the convention of 1928, has made preparation to be present at this celebration and also to visit different parts of Norway and give a program at Augsburg, Germany, as our contribu-

tion to that anniversary celebration. To that particular event your president has also received an invitation to be present.

Invitation has also been received from the church of Sweden to be present at the celebration of the eleven hundredth anniversary of the introduction of Christianity to that country and the four hundredth anniversary of the celebration of the Augsburg Confession. This event comes at such an early date that the acceptance of this invitation in person would be impossible.

Zion Society for Israel

One Inter-synodical organization is seeking to carry out the work of preaching the gospel to the Jews. It has now existed among us for more than fifty years and it carries alone this great responsibility. Many of the children of Israel have been brought to a saving knowledge of Jesus Christ through its efforts. It merits our support and sympathy and we express to the Zion Society our appreciation and commendation of this work carried on on behalf of the respective Lutheran bodies.

Lutheran Brotherhood

During this convention a committee appointed for this purpose will call together the men interested in the formation of a Synodical Brotherhood. A constitution has been prepared and steps will be taken towards the preliminary organization of the men's societies and brotherhoods in our synod into a synodical organization. The men in many of our sister synods are carrying out specific tasks through such organizations and our men are eager and anxious to take their part and do their share in such organization. This organization has been approved of by the general convention previously and its constitution is approved by the Church Council.

In Memoriam

Again as we meet in general convention we miss the presence of many faithful and able servants in the ministry. The Lord has called them from the church militant to the church triumphant. Their day of labor is over. They have entered into the sabbath rest which remaineth for the people of God. Their fields of labor will know them no more. Many have given long years in the ministry, others a briefer time. Where they have labored there are many who will testify that by the grace of God they have been helped on the way to eternal life. The noblest testimony that can come to pastors when the work is ended is that they have been permitted in God's great grace to guide others to life eternal. In the passing of these brethren in the ministry we are reminded that our own time for labor is brief. The Lord calls us to be ever mindful that the night cometh when no man can labor. The death of each pastor should be a constant reminder for those of us yet in the service that we too must soon be ready to give an account for our ministry. The Lord does not require great ability, outstanding achievements and success marked in the eyes of the world, but He does require in His stewards, faithfulness, whether the talents are many or few. As we view the lives of these men in their respective positions we feel that they have been faithful in their ministry. We shall miss them with their experience, enthusiasm and their conscientious service, but God will raise up others in His hour and by His might to take the place of those who have left the field of battle. The banner of the Lord must be carried forward even though the men carrying them fall in the battle. His command is ever onward and the example of our departed brethren should urge us eagerly, seriously and faithfully to play our part. Today we bless their memory. Today we remember them for their friendship, loyalty and service. From sympathetic hearts we say, God bless their memory. He knows the work, the sufferings and the sacrifices of each one. He will give them reward of grace in His time.

The Rev. Dr. C. J. Eastvold departed this life on July 23rd, 1929. He served for many years in official capacity in the former Hauges Synod; later as president of the Southern Minnesota District and for the last years as pastor in one of our parishes in South Dakota. He gave generously and richly of his efforts and endeavors that the present Norwegian Lutheran Church might become a reality. Loyally and lovingly he supported it both as an official and as an individual. His noble character and loving and considerate conduct won for him a large place in the hearts of the members of the different bodies represented in this union.

We extend to the families and friends of the deceased our deep sympathy and love. We realize that those who were the nearest to them today feel more keenly than anyone else their passing and their loss. But we would call to mind that our loss is their gain and for them to die is Christ. May God grant to those whom they have loved that through that same grace in God's good time they may meet where there is no sorrow and no parting for the first things have passed away.

The following ministers and pastors for a briefer or longer time in our church have during the past biennium departed this life: G. H. Bakken, O. O. Bergh, A. O. Bjerke, O. H. Bondahl, F. A. T. Corneliusen, Jacob Fjelde, A. H. Gjevre, J. C. Gram, D. J. Grove, L. F. Hammer, Alfred Hendrickson, O. J. Hylland, G. G. Krostu, O. J. Kvale, B. J. Larson, Knut Løkensgaard, J. F. Melom, O. J. Norby, O. S. Norgaard, C. M. Nødtvedt, C. J. Olson, L. O. Pederson, T. T. Roan, E. J. Sandvig, M. Saterlie, T. J. Skjei, H. O. Skyberg, O. H. Smeby, G. A. Sovde, K. T. Strand, C. E. Sybilrud, Isaac Torrison and O. R. Wold.

In addition to the above mentioned, the following should also be remembered in gratefulness by our church body: Dr. J. N. Lenker, Prof. H. H. Aaker, former president of Concordia College; Rev. G. B. Christiansen, former president of the United Danish Lutheran Church; and Sister Anna Huseth, missionary worker in Alaska. May light eternal shine upon them!

Let us give expression to the sentiments on the passing of our brethren in singing the stanza, "From all Thy Saints in Warfare."

In closing this message I wish to express my personal appreciation and gratitude for the generous and wholehearted support and confidence given to me during the administration of this office. In my visits to congregations in the different parts of our church I find that our pastors and congregations are more and more entering into the spirit and work of our church. There is increasing willingness and eagerness to cooperate in the work of building the Kingdom of God. Faithfully your pastors are working with the instruction of the children, with the preaching of the gospel, caring for the sick and sorrowful and they deserve an expression of gratitude and thanks from the church body. We realize that it is a great privilege from God to be called into the Christian ministry. It is His grace that has made possible the office of the Christian ministry and no greater opportunity and calling can ever come to any man. But God also calls those who are given this opportunity to serve Him with singleness of purpose and with loyalty of heart. We have many men who faithfully and sincerely are seeking in this calling to do the Lord's will. May God bless, guide and direct every faithful pastor. He knows their cares and struggles and their difficulties.

To you, brethren in the ministry, I commend you to the love and care of your Heavenly Father. He knows the things that you have need of and truly He will not forget you.

In our congregations there is a growth in the appreciation of the understanding of the program and the work of the church. What is needed in order to obtain wholehearted cooperation and support is more knowledge of the needs and more understanding of the importance of the work. Where this is given and where this is brought to the attention of the members of our congregations there is a generous and wholehearted response in interest and in gifts to carry on the work of the Lord.

I also wish to call the attention of the church to the faithful and conscientious work of the men who have been charged with the care of our finances. I am especially mindful of the work of our Treasurer, the Rev. H. O. Shurson, and the Board of Trustees. As I have learned to know the work of these men I can assure this body that no one could show greater interest and care in their own personal affairs than these men have given to the official business of the church. Through the attention given by them to our financial situation a great deal of the credit for the financial standing and the credit of our church body is due.

The District Presidents have also during the biennium given faithful and conscientious service in their respective fields. They are constantly working in their districts, preaching, witnessing and helping congregations and pastors with their problems.

In these years that I have labored with the men appointed by the church in their respective offices, I doubt whether any other church body has been given a more faithful, a more willing, or a more conscientious group of workers than those who are seeking to carry out your resolutions and your commands in the different activities.

This year also marks through the gifts received in the budget collections in legacies and voluntary donations a growing increase of appreciation of that the Lord hath need of these things. May God bless every sincere and earnest supporter and worker in our church, both in the ministry and in the laity.

Again we commend ourselves to the love and mercy of our Heavenly Father. He has given us during this past biennium in His grace and mercy of His goodness far more than we deserve or even know how to ask. He has permitted the

gospel to be preached, the witness of His grace to sound out among us. This is God's greatest offer to man: Bringing the message of the gift of His Son Jesus Christ to fallen and sinful humanity. The comfort of His gospel for the individual has again been made possible through the ministry of the Word. The invitation in the sacrament to the weary and heavy laden has brought the assurance that there is life and eternal salvation where there is forgiveness of sin. Our children have in baptism been made partakers of this blessed salvation. For all these things our hearts are filled with gratitude to God. We need not be discouraged. We need not be downhearted. The Lord is in our midst and with the Lord, who strengtheneth us, we can do all things. So brethren, if we see the many problems as the difficulties seem to grow and our own sense of inability to perform the tasks coming over us, let there ever be present with us the confidence and trust that we can do all things in Christ who strengtheneth us. Let this be our dependence and let us ever be careful that we do not underestimate the power and the presence of Almighty God in His Holy Spirit. He has said, "My grace is sufficient for thee," and this sounds out to the members of the Norwegian Lutheran Church, its pastors and congregations. His grace—let that dwell richly among us and then we will lack no good thing. Then there will be means, there will be men, there will be interest to carry on all the work that the Lord has laid upon us. In this spirit, looking hopefully to Him, let us go forward to the work in the Master's name. Amen.

J. A. AASGAARD.

APPENDIX

Several items which will require consideration and action are attached to this report, which it is not necessary to include in the body of this message.

Hymnary Revision Committee

The Church Council and Board of Publication after carefully considering the resolution of the last general convention on revision of the hymnary, recmmends that this body approve of the action of this joint commission in selecting fifteen instead of eight members on this commission. The work required will be of such a nature and so comprehensive that a smaller committee could hardly be expected to function. The Church Council and the Board of Publication were given authority to select the members of this commission. They have added seven additional members and they request the approval of the convention for this action.

Committee on Statistics

In order that proper attention be given, it is recommended that the Committee on Statistics, consisting of three members, be made a permanent or standing committee in our church body so that they will be elected from time to time by the general convention to care for this particular part of our work.

Handbook

It was also suggested that the convention authorize the publishing of a handbook of the work of our church body, which will include the activities of the general convention. This book should be for free distribution or sold at a nominal sum to take the place of the general reports now issued. It would not be the intention to discontinue the larger official report, which must be published and is needed for information, but it would not need to be published in such large numbers. The number necessary to take care of delegates and pastors, libraries, officials etc., could then be printed and the smaller book might be used for distribution to our young people and to others in our congregations, giving a summary of our work.

Lents Parish Records

This year Secretary Løhre has published the new Parish Records. This book is a detailed and carefully worked out record for each congregation. If followed and kept, it will give a complete summary of all the facts about the work of the congregation and the pastor. It has been endorsed by the Church Council for use and attention is called to it by such congregations as are in need of records.

Hamline Seminary Property

Resolution submitted by the Board of Trustees for adoption by the general convention, also to give them authority, if opportunity is offered, to dispose of the Hamline Seminary building at the best possible figure. The resolution is approved of by the other boards interested in possibilities in the use of the building:

"Whereas the building and grounds known as Hamline Seminary, comprising Block 16, College Place, East Division, in the County of Ramsey and State of Minnesota, is unoccupied and a source of expense for maintenance and care; and whereas the building constantly depreciates in value and the ground does not appear to appreciate because of the nature of industrial development in that vicinity;

"Be it Resolved, that the Board of Trustees be and is hereby authorized to sell, transfer and convey said premises and property at such price and on such terms as it may deem best when in the judgment of the Board said premises and property shall no longer be found useful or necessary for the activities of said Church."

Advisory Members

The following statement is recommended for adoption:

Paragraph H, Section 14 of Chapter IV. of the Constitution, giving persons who are entitled to advisory membership in the General Convention, be construed to include all members of boards, standing committees, general and district officers present at the General Convention, who otherwise are not entitled to voting membership.

Change of Name

As has been previously stated, the official consideration of change of name will not come before this body for action at this time. As to the number of congregations that have sent in statement as they have instructed their delegates, they are as follows:

In favor of change of name	10
Opposed to change of name	73
No report	2,663

The great number of congregations have taken no action either one way or the other because of announcement made in the message to the district conventions last year, that preliminary motion was not adopted.

To The Norwegian Lutheran Church of America in Convention Assembled

We, the Lutheran Students Pastors, having made a survey of the whole situation of the student youth of our Norwegian Lutheran Church of America find that there are in our subsidized schools around four thousand students; for these we have raised millions in buildings, equipment, and endowment funds. But we find that there are approximately four thousand of your young people in non-Lutheran institutions of higher learning here in the middle west, for whom our Church Body as such has done very little. This is in our opinion a serious neglect, the consequences of which the Church can not afford to assume.

Be it therefore resolved that we most emphatically and earnestly urge that

the Norwegian Lutheran Church of America, either as a Synod or through the proposed American Lutheran Conference, take immediate action aiming at the following objectives:

1. The appointment of a full time Student Secretary.
2. That in the States where the Lutheran students in non-Lutheran schools are found in such numbers as to make such action necessary in order to somewhat adequately care for their spiritual welfare, full time state or district Student Secretaries be appointed.
3. That congregations whose pastors are doing definite work among Lutheran students, the work be subsidized as conditions demand.
4. That sufficient funds to carry out these objectives, or such part thereof, as may be reasonably expected to fall to our Synod in the event that the proposed American Conference is formed, be included in the regular budget of our Synod for the biennial period of 1931 and 1932.

Such appropriations should in our judgment be included in the budgets of the departments of Christian Education and Home Missions.

(The above resolutions were unanimously adopted at the Lutheran Students Pastoral Conference held April 23 and 24, 1930, in Minneapolis, Minn.

ARTHUR S. JOHNSON, Secretary).

The American Lutheran Conference

In the Name of The Father and The Son and
The Holy Ghost. Amen.

The Rev. T. Ekeland

Two years ago the Rev. T. Ekeland, former missionary to China, after having met with the Foreign Mission Board and also with representatives of the Church Council, found that he was not in doctrinal agreement with our church. It was a matter of deep sorrow and concern that this able and earnest pastor and missionary did not see eye to eye with our church in the fundamental doctrines and confessions. For a time he severed his connection with us as a pastor but after prayerful and serious conferences and meditations he now comes to us and asks for reinstatement on the basis of a confession which he presented to the Church Council as his heartfelt conviction and experience at this time. The Church Council appointed a committee to meet and after a continued and serious conference, at which his statement was carefully considered with him, the following resolution was adopted:

"The Council finds that he is in full agreement with the confessions of our Lutheran Church and we recommend that he be reinstated as a pastor in our church."

His statement is also included with this message and it is recommended that he again be received as a pastor and a brother among us.

We thank God that His Holy Spirit has led him to this understanding and conviction and we pray that God may keep not only him, but all of us, true to the Word of God and confessions of our church.

MY CHRISTIAN BELIEFS, PAST AND PRESENT

Some ten or twelve years ago my reading brought me in touch with not a little of the liberal thought that is becoming dominant in the Reformed Churches. I read it with a measure of interest, curiosity and concern. Gradually, however, I permitted my reason, more or less independent of the tutelage of faith, to occupy itself in leisure moments with some of these so challenging ideas. Some of them began slowly to seem attractive and plausible, and created a desire to have more light thrown on them in the form of evidence that would either refute or establish them. This desire became so much keener as these thoughts touched on nearly every tenet in the Christian faith.

I did not realize it to any extent at the time, but see it clearly now, that the more plausible these thoughts were made to appear, the more did the convictions of faith weaken. I continued to believe every article and tenet of the Lutheran faith; but there was gradually a little less of compelling power and uncompromising urge in the convictions with which I held them and transmitted them. The inner Christian life spent its energies largely in an effort to exist, instead of in victorious aggressive conquests borne up by a full assurance and singleness of faith.

In this weakened spiritual condition I came, about four years ago, face to face on the one hand with the rising aspirations of China's youth for bettering their economic, political, social and religious conditions, which the revolution represented; and on the other hand with what seemed to me a great deal of callous indifference and unfeeling unconcern on the part of otherwise good missionaries toward that which so deeply agitated the people we were come to help. Almost with a vengeance I cast in my lot with the youth, and tried, as I thought, to meet their questions, doubts and problems sympathetically. This carried me for a short time so far as to admit for discussion, in some private group meetings, the validity of some liberal positions that go contrary to our Lutheran faith. I must also confess that my stand at a few of these group meetings was even weaker than were my own convictions. The outcome of this is doubtless known to you all.

This introduction should show that at no period of time have I deliberately

rejected or discarded any part of the Lutheran creed and accepted and publicly advocated an other. (I must insert here that the Congregational Church made no reference whatever to my creed or beliefs when my services with them were accepted. Their admitting men of nearly all shades of religious opinion into their pulpits was one of the factors that caused me to resign, though the two churches I was serving expressed their disappointment.) What I have been guilty of is that I permitted liberal thought to make inroads on my own belief until I stood feebly wavering at a time when firmly established convictions and unflinching loyalty to the truth were supremely at a premium.

If the above, then, accounts for my Christian beliefs in the past, as it does, it is evident that I have not since then repudiated a creed or set of beliefs that I adhered to for a while, and now have returned to my former faith, but that the change that has taken place is that I have become convinced in heart and mind that Christian convictions cannot maintain themselves in the full strength needed for Christian living and warfare, if one gives free reins to reason, to toy and trifle with material as dangerous to a vital faith as is much of the modern liberal theology.

As I then repudiate and renounce those thoughts and ideas which for a time appealed to me with greater or lesser force, though they go counter to the revealed Word of God and the Lutheran confessions, I want to declare that I have after long deliberation and prayer determined to have forever done with harboring and cherishing beliefs that conflict with the fundamental truths held and cherished in the Lutheran Church. Nor will I ever teach or preach such beliefs.

I believe in and shall adhere to and proclaim the formal and material principles of the Reformation, THE LUTHERAN DOCTRINE OF THE SACRAMENTS AS MEANS OF GRACE; THE VIRGIN BIRTH OF CHRIST, AND HIS BODILY RESURRECTION; THE BIBLE AS THE INFALLIBLE INSPIRED WORD OF GOD AND INERRANT GUIDE TO FAITH AND LIFE; AND THE MIRACLES OF THE BIBLE AS BEING EXTRAORDINARY MANIFESTATIONS OF GOD'S POWER FOR THE BUILDING UP OF FAITH. I BELIEVE AND ACCEPT THE CONFESSIONS OF THE LUTHERAN CHURCH AS SET FORTH IN THE CATECHISMS AND THE BOOK OF CONCORD.

The question probably comes to you as it has to me: "Can I after such experiences maintain beliefs in the old truths with so firmly established and energizing convictions that my own inner life remains immovably anchored in the truth, and my public testimony will carry conviction to other hearts?" I am aware that the struggle to maintain it so, will need to be a determined and unceasing one. Yet I have every reason to believe that I can count on the prayers in my behalf of all who have come to know of my experiences, and most of all upon Him who will not break the bruised reed, but be my strength in weakness.

Fællesformandens Indberetning

Fædre og brødre i Kristus Jesus.

Naade og fred vorde eder mangfoldig tildel i Faderens, Sønnens og den Hellig Aands navn. Amen.

De idag forsamlede prester og delegater er her som repræsentanter for sine respektive menigheter. Vort kirkesamfund er et forbund av menigheter, og gjennem sine her forsamlede akkrediterte repræsentanter uttaler vor kirke hvad den agter at utrette for at føre Herrens arbeide videre. Det ansvar der hviler paa os som et kirkesamfund, og det ansvar som vore respektive menigheter har overdrat os som sine repræsentanter, burde gjøre os det klart hvilken alvorlig og betydningsfuld pligt er blit os betrod. Men vore menigheter er ikke den høieste autoritet og ikke suveræn i sine handlinger og i sine avgjørelser. Over kirken og over vore menigheter staar vor Herre og Mester Jesus Kristus, Kongernes Konge og Herrernes Herre. Fra Hans mund er kommet befalingen til Hans kirke. Ved avslutningen av vort fællesmøte feirer kirken Kristi Himmelfartsdag. Denne dag minder om Kristi himmelfart og Hans sæte ved Faderens høire haand i almagt og herlighet. Det er en dag som er viet ihukommelsen av Jesu Kristi ophøielse paa tronen til konge. Han taler til Sin kirke som dens Herre og Mester. Disse er ordene fra Kristi Himmelfartsdags tekst: "Gaar bort i al verden og prædiker evangeliet for al skabningen. Hvo som tror og blir døpt, skal bli salig; men hvo som ikke tror skal bli fordømt. Da blev Herren, efter at Han hadde talt med dem, optat til himlen og satte Sig ved Guds høire haand. Men de gik ut og prædiket allevegne, og Herren arbeidet med og stadfæstet ordet ved de medfølgende tegn." Amen.

At sende Sine discipler ut i en fiendtligsindet og hovmodig verden, en verden som ikke kjendte Gud eller Hans salvede, med befaling til at prædike evangeliet og døpe kan kanske for nogen ha syntes at være en umulig opgave. Sikre paa Hans nærværelse og skjænket den Hellig Aands gave adlød disciplene befalingen. Resultaterne kjendes. Inden tre hundrede aar anerkjendte den da kjendte verden den Herres Jesu Kristi overherredømme. Ned gjennem tidene har dette været midlerne til at bringe mennesker til Guds rike. Dette var de apostoliske midler. Dette er midlerne som vi har idag — prædike og døpe. Denne apostoliske sukcession av sandhet og anvendelse er vor. Vort kirkesamfund og den kristne kirke skylder bruken av disse midler og intet andet sin eksistens. Alting i kirkens arbeide maa planlægges og utføres i det øiemed at skape en anledning til at prædike Kristus, at døpe og at undervise. I vort samfunds menigheter har vi drevet arbeidet ved hjælp av disse samme midler. Som en følge av denne virksomhet, og i tillid til og tro paa Hans befaling, har vi i vore kirker i det sidste aar døpt næsten 20,000 barn, konfirmert 19,000, døpt 600 voksne, hat 120,000 barn i vore søndagsskoler, 40,000 i sommerferieskoler, meddelt 215,000 alterens sakramente, og der har været holdt over 100,000 gudstjenester. For kateketisk undervisning har vore prester samlet sine klasser over 60,000 gange. I ukedags- og lørdagsskoler har deltat 13,000 barn. Vore kvindeforeninger har et medlemsantal i 3,200 foreninger av over 100,000, og 2,000 ungdomsforeninger har et medlemsantal av over 70,000. Dette er nogen av beviserne for at vi søker at adlyde vor Herres og Frelsers Jesu Kristi befaling.

I alle disse virksomheter har Guds ord været brukt og Hans Hellige Aand været virksom. Hvor mange av vore medlemmer eller andre, som vi har naadd gjennem evangeliets paavirkning, der er kommet i et levende og personlig forhold til deres Frelser, alene Gud vet. Han arbeider med os og igjennem os og Han

sørger for veksten. Disse opgaver gir os aarsak til taknemmelighet mot Gud og glæde. Hvor spredte og ubetydelige vore bestræbelser undertiden kan synes at være, viser dog omfanget av dette arbeide at vor kirke søker at efterkomme befalingen fra den opstandne og himmelfarne Herre. Kirken er ikke en menneskelig institution. Den blev grundlagt av Kristus og ledes av den Hellig Aand. La os vende os til hærskarernes Herre for styrke, mod og visdom til at utrette det arbeide som Han har befalt. I sandhet kan vor kirke si, "vi var glade da de sa til os, la os gaa op til Herrens hus," og som et kirkesamfund der møter sammen, overveie anledningerne, se hvordan Herren har mangfoldiggjort vore svake bestræbelser og hvordan Han har arbeidet med os og i os, bør en følelse fylde alles hjerter, — "Min sjæl lov Herren og alt som er i mig love Hans hellige navn." Medlemmerne av vor kirke burde være et jublende folk. Herren har gjort store ting for os, og det er ikke vore hænders gjerning, men Hans almægtige naade og godhet som har bevirket det.

Naar vi gaar igang med dette fællesmøtes arbeide besjælet av denne aand, med bekjendelse av vore synder og mangler, med bøn om tilgivelse fordi vi tviler paa Herrens magt og arm, og ydmyge søker Ham om styrke, da kan vi gjøre alle ting i Kristus som gjør os sterk. Derfor, mine brødre, la os rope i vore hjerter og sjæle, "Fremad med Kristus." La os sætte vor tillid, ikke til kjød og blod, men til Ham som har lovet at være med Sin kirke til verdens ende. De endelige resultater vet vi ikke. Han har sagt til Sine discipler før Han forlot dem, "Det tilkommer ikke eder at vite tider eller timer, som Faderen har sat i Sin egen magt, men I skulle annamme den Hellig Aands kraft, som skal komme over eder, og I skulle være mine vidner for mange." Dette er vor opgave, at motta den Hellig Aands kraft i vore hjerter og med villige sind og hjerter at vidne for Kristus. Vi overlater resultaterne til Ham og i Hans hænder, som elsket os og gav Sig selv hen for os. Amen.

Det kristelige skolevæsen

Gjennem sin sekretær rapporterer Board of Education til dette fællesmøte angaaende vore skolers virksomhet og arbeide de sidste to aar. Særskilte rapporter er ogsaa indbefattet fra bestyrerne av de fire senior colleges, og de gir en omfattende oversigt over deres problemer og deres arbeide.

Senior colleget staar like overfor en stadig tiltagende konkurrance med de skatteunderstøttede institutioner, baade med hensyn til elevantal og krav paa utstyr. Det fireaarige standard amerikanske college er en utpræget amerikansk skoleinstitution og den har git Amerika baade inden stat og kirke, mange av vort lands fremstaaende ledere.

Det er i sandhet en glæde at rapportere, at vi nu ved vort seminar fra disse colleges optar det antal mænd som kræves til vort arbeide. Mange av dem bevidner i privatkonferanser eller samtaler, at i disse colleges har de ved læreres eller elevers hjælp opnaadd en forstaaelse av sit personlige forhold til Jesus Kristus saavelsom sit ansvar i at tjene Ham. Disse enkeltvidnesbyrd er ufeilbare beviser for, at den Hellig Aand arbeider gjennem de samme naadens midler i vore colleges som i vore kirker. Maa jeg faa lægge vegt paa formaningen om forbøn for baade lærere og elever ved disse institutioner; at Guds Aand maa faa lede og styre arbeidet til Guds ære og til disse anstalters nyttiggjørelse i Hans rike.

Høiskoler

Mange av vore høiskoler har i disse sidste aar fundet det vanskelig at tilveiebringe de nødvendige midler. Vor kirke har ikke været saaledes stillet at den har kunnet lægge ut saa meget som kanske har været nødvendig for disse skolers vedlikeholdelse. Selv med de alvorligste bestræbelser kommer ikke bidrag til det kristelige skolevæsen ind i forhold til bidragene til de andre kasser. Dette fællesmøte maa ha sin opmerksomhet henvendt paa vort skolebudget. Medmindre dette fællesmøte godkjender en bevilgning paa omtrent $100,000.00 mere

Av denne grund er Waldorf Lutheran College midt i en indsamling anbefalt av Iowa distrikt til at samle $150,000.00 til et "endowment" fond. Begyndelsen av indsamlingen gir vidnesbyrd om interesse og støtte. De penger som anbringes av vort kirkefolk i disse og lignende institutioner, vil bringe rikt utbytte baade for deres barn og for Guds kirke.

Red Wing Seminar har gjennemgaat prøvsomme og vanskelige tider i nogen aar. Elevantallet har ikke været hvad var haapet. Med Dr. Rholl som bestyrer og forenet støtte fra Board of Education og Board of Trustees haaper og ber vi, at planer kan utarbeides hvorved denne institution, som laa den tidligere Hauges Synodes hjerte saa nær og betød saa meget for den, med Guds hjælp kan finde utvei til at fortsætte sin gavnlige tjeneste i Hans rike.

Andre læreanstalter kan nævnes; men i det væsentlige er deres arbeide og deres problemer de samme som de allerede nævntes. Naar alt kommer til alt vil den endelige prøve og avgjørelse med hensyn til disse institutioners fortsættelse avhænge av den samlede støtte inden deres distrikter og menigheterne der Penge er ikke det eneste som der er tale om. Elevantallet er, naar alt kommer til alt, det avgjørende og medmindre der er et tilfredsstillende antal elever vil det være vanskelig at finde berettigelse for opretholdelsen av nogen av disse institutioner. Med et rimelig antal elever blir det mulig at lette den financielle byrde.

Vi paaskjønner og sætter høilig pris paa de tjenester som har været git av mange av lærerne i disse respektive institutioner. Tjenester ydet i Hans navn og for Hans sak vil ikke bli glemt av Ham naar Han i Sin naade belønner sine trofaste tjenere.

Luthersk Teologisk Seminar

Det teologiske seminar kommer iaar til os med en bestemt begjæring og anmodning om at vort fællesmøte vil gi det forret i den nære fremtid til at samle midler til en ny bygning. Det skulde næsten ikke være nødvendig at fremhæve nødvendigheten av denne bygning. Antallet av elever ved vort seminar er steget til et hundrede og femti, og der er utsigter til at det vil stige endnu mere. Vi finder ogsaa at vi kan bruke alle de mænd som er godt utrustet og personlig kvalificert til arbeide i vor kirke. Vi har søkt at faa mænd til at gaa paa seminariet. Nu gir Gud dem til os, og ve os hvis vi ikke takker Ham baade i ord og gjerninger for at ha svart vore bønner. "Markerne er hvite til høsten" paa Madakaskar, i Kina og Afrika, paa de store strækninger i midtvesten og de store byer, nord og syd. Der er arbeide at gjøre, og vort seminar er træningsstedet for de mænd som maa gjøre dette arbeide.

Mere klasserum trænges paa seminariet, og hvis den teologiske undervisnings standards skal opretholdes maa vi ha bibliotek- og læseværelsebekvemmeligheter. For tiden har vi praktisk talt intet. Store samlinger av bøker er ikke engang blit utpakket av mangel paa rum. En eller anden plan og nogen utvei burde kunne findes for at muliggjøre opførelsen av denne bygning. Den er anbefalt av alle interesserte Boards og er ogsaa blit anbefalt av tidligere fællesmøter; men anbefalingerne medfører ikke resultater medmindre det bestemt avgjøres naar det skal gjøres.

En mulighet for utdannelse for hvilken der blev git rikelig anledning i tidligere aar synes at forsvinde. Opmerksomheten henledes paa de alvorlige følger av at forsømme at gi vore unge mænd denne anledning. Eleverne i de to lavere klasser i seminariet maa bli git større anledning til sommerarbeide med at præke og undervise i menigheterne. Der burde være rum for et hundrede unge mænd i fem og tyve hundrede menigheter. De unge mænd trænger dette forberedelsesarbeide, saa de kan faa litt erfaring og ogsaa muligens opdage sin egen dueligbet og personlige skikkethet for visse slags arbeide. Oprigtig anmoder jeg prester og menigheter om i det kommende aar at prøve at sende ansøgninger til seminariet om en eller anden student, som kunde arbeide i deres midte under sommerferien.

Dr. T. F. Gullixson har svart paa kaldet til at bli teologisk professor og erklært, at han ikke ser sig istand til at motta dette valg. Paa grund herav fore-

end det som blev indsamlet ifjor, er det vanskelig at forstaa hvor høiskolerne vil faa nogen bevilgning fra Board of Education i de kommende to aar.

For dette regnskapsaar var Board of Education stillet saaledes, at der ikke vilde være nogen penge forhaanden for nogen bevilgning til disse skoler. Dette var paa Grund av beslutningen fra tidligere fællesmøter om at underskud i foregaaende aar maatte bli endel av budgettet for dette aar. Med denne resolution i tanke forela Board of Education situationen for Board of Trustees og paapekte, at en alvorlig tilstand forelaa. Den var alvorlig, ikke bare for skolerne selv, men ogsaa paa grund av den virkning som mangelen paa bevilgning til disse skoler vilde ha i distrikterne omkring disse institutioner og blandt samfundsmedlemmerne der. Board of Trustees erklærte enstemmig, at dette var en "emergency" og stillet til Board of Education's disposition for 1930 en sum paa ikke over $25,000, utenom det regulære budget. Dette kan imidlertid ikke strække til for de kommende to aar, og dette fællesmøte maa ta skridt med hensyn til denne tilstand.

For rapporten fra den komite der skulde studere stillingen hvad vore skoler angaar (Survey Committee) er der tilsidesat tid, saa denne indberetning kan bli alvorlig drøftet. For at tale ret ut gaar det spørsmaal som stilles os ut paa, at hvis vi skal fortsætte disse junior colleges og akademier maa vort nuværende møte gi en øket bevilgning til skolebudgettet. Store bestræbelser maa gjøres for at samle disse penge, og Board of Education er av den opfatning at den varetar kirkens bedste interesser ved at tilraade alvorlig overveielse av disse skolers problemer.

Jeg ønsker at uttrykke min paaskjønnelse av den sympati og støtte som blev ydet henvendelsen fra Pacific Lutheran College av de respektive distrikter i 1929. Den ædelmodige støtte paa mange steder muliggjorde fortsættelse av arbeidet i Parkland og muliggjorde ogsaa at skolen kunde kvalificere sig som en institution av grade "A" der i staten i junior college, akademi og normalskole avdelingerne. Dette er en fremstaaende bedrift og Dr. Tingelstad, fakultetet og alle institutionens venner, baade i øst og vest, fortjener vor hjerteligste tak for dette resultat. Jeg haaper oprigtig, at menigheter og prester den kommende sommer vil gjenta indbydelserne til repræsentanterne for denne institution i tilfælder hvor indbydelserne ifjor til at besøke dem ikke kunde bli benyttet. Denne institutions arbeide er et pioner-missionsforetagende. Vor kirke i vesten trænger denne institution likesaa meget som institutionen trænger støtte fra kirken.

Idet skolerne i vesten nævnes henledes opmerksomheten paa Board of Education's anbefaling at Spokane College nedlægges. Efter mange aars prøve og helt til de allersidste aar har det med temmelig respektable bevilgninger været fundet meget vanskelig at faa et elevantal som vilde berettige fortsættelse av institutionen. Forholdsvis rimelig støtte er blit git denne institution. Ved sammenslutningen tok den Forenede Kirke over $70,000.00 ut av sit jubilæumsfond for at betale alle institutionens forpligtelser. Siden dengang har den mottat forenet støtte disse senere aar fra vort samfund og Joint Synod of Ohio; men Washington universitets krav med hensyn til akkreditering har gjort det haapløst at haape at opfylde disse krav. Firti tusen dollars i indtægter fra "endowments," bevilgninger og elevindtægter er nødvendig for "freshmen" og "sophomore" klasserne i et akkreditert junior college. Vort kirkesamfund er ikke saadan stillet financielt, at det kan sikre den akkreditering for Spokane College, og uten akkreditering vilde antallet av elever bli meget litet. Paa samme tid bør det sies, at institutionen har tjent kirken og ved det der utførte arbeide bidrat til Guds rikes fremme i de aar den har virket.

Park Region og Waldorf Colleges har utført junior college arbeide i nogen aar. Park Region Luther College trænger og fortjener støtte og sympati inden sin kreds av menigheter. Jeg vil be om at menigheter og prester, som har anledning til det, gir dem det privilegium at indsamle midler til fortsættelse av deres arbeide. Bevilgningerne fra kirken er ikke store nok til at muliggjøre op retholdelse av disse institutioner.

slaar derfor de respektive bestyrelser, der er git nominationsmyndighet, for fællesmøtet iaar prof. Carl B. Ylvisaker, lærer i religion ved Concordia College, til denne stilling. Maa vi i bøn og med alvor ta fat paa vore overveielser i forbindelse med valget av en teologisk professor.

Iaar utløper dr. M. O. Bøckmans termin som bestyrer av seminariet. Han har tjent som bestyrer over et tidsrum av syv og tredive aar. Paa vegne av vor kirke benytter jeg denne anledning til at uttrykke for ham vor dype taknemlighet og paaskjønnelse av hans tjenester i sit embede. Gud har i sandhet velsignet os i Sin store naade ved at ha git os dr. Bøckman til at styre vort teologiske seminar i saa mange aar. Uanset hvad bestemmelse blir tat med hensyn til bestyrerstillingen henledes Board of Educations opmerksomhet paa det faktum, at han fortsætter som professor i teologi ved institutionen. Med sin helbred, kraft og klare fremstillingsevne er han om han skulde opgi administrationen av seminariet, fremdeles istand til at yde nyttig arbeide i klasseværelset. Dette fællesmøte vil nominere og vælge en bestyrer for en termin av seks aar. Dr. Bøckman er nu naadd en alder av 81 aar og har tjent uavbrutt som professor i teologi siden 1886, et tidsrum av fire og firti aar. Gud gi at dr. Bøckman fremdeles i mange aar yderligere maa kunne være til velsignelse ved vort seminar og i vor kirke.

Hedningemissionen

Ropet fra fordums dage, "Kom over til Makedonien og hjælp os," høres fremdeles fra de ufrelste millioner paa vore hedningemarker. Hjerter burde bevæges til handling i bøn, gaver og interesse for de ufrelste paa markerne i Kina, Madagaskar og Sydafrika. Vi som har mottat evangeliets store velsignelser skulde skjælve ved vor følelse av ansvar for at bringe det til dem, som i sin blindhet bøier sig for stok og sten. Vældige kræfter er i bevægelse i fremmede land. Nationalisme, kommunisme, nationalisternes selvbestemmelsesret og den stadig tiltagende indpodning av den hvite mands byrde av synd og fristelse i dens moderne form gjør det arbeide som han er kaldt til vanskelig for mangen en missionær. Mænd viet til arbeidet og med forstaaelse av nutidens problemer trænges til at præke evangeliet i den nuværende krise. Gud har git os mange dygtige og alvorlige mænd og kvinder, som har ofret sit liv ute i det fremmede land. Maa Gud gi at der altid vil være en uavbrutt rækkefølge av mænd og kvinder der vil si, "Herre, her er jeg, send mig."

Iaar ønsker vi velkommen iblandt os tilsynsmændene for vore tre respektive missionsmarker. Det er enestaaende i vor historie at ha nærværende lederne av vore missioner i Kina, Sydafrika og Madagaskar, superintendenterne C. W. Landahl, J. Astrup og Wm. Trygstad. Vi hilser eder i Herrens navn og vi ber Gud om at velsigne eders tilstedeværelse blandt os.

Barmhjertighetsarbeidet

De mænd og kvinder som er sat til at ta vare paa dem der er mindre heldig stillet blandt os, saasom de gamle, svækkede og de smaa barn, har paa vore vegne søkt at gjøre Mesterens arbeide blandt de mindste av disse. I barnehjem og gamlehjem og hospitaler har vore repræsentanter arbeidet. De ogsaa trænger vor forbøn og vor støtte. Arbeidet med at sørge for de ulykkelige har altid været kirkens vidnesbyrd like overfor verden, at Kristi kjærlighet har os i sin magt. At sørge for dem, som ikke kan belønne os for dette arbeide, er et bevis paa den uegennyttige og selvopofrende aand som findes i Guds kirke.

Pastor H. J. Stolee, der i endel aar har arbeidet som reisesekretær for Board of Charities og som ogsaa gjorde utmerket arbeide i gamlehjemmene i Coeur d'Alene, Idaho, slutter iaar sin virksomhet paa dette omraade. Vi ønsker at uttrykke til pastor Stolee vor dype paaskjønnelse av hans aarelange virke i det kristelige velfærdsarbeide i vor kirke.

For bare nogen faa uker siden døde en av de varmhjertede støtter av vort diakonissehjem og hospital. Dr. E. E. Henderson, Chicago, døde pludselig den 6te mai. Han har ved sine store bidrag, ved sin stadige interesse i vort diakonissehospital og sin offentlige fremholden av værdien av diakonissehjemmets sak

vist, at han har været en ven av dette arbeide inden vor kirke. Det er et stort tap for vore institutioner i Chicago, at han er død. Vi uttrykker til hans familie og hans store kreds av venner vor dypeste sympati og uttaler vor paaskjønnelse av hans liv og karakter. Velsignet være hans minde.

Resultatet av indsamlingen for at reise midler til diakonissehjemmet og institutet naadde saadant omfang, at det vil være mulig i en nær fremtid at begynde opførelsen av en bygning for denne sak. Board of Trustees har besluttet at naar $175,000.00 er indbetalt kan arbeidet begynde. Dette bringer en ny tid i vort diakonissearbeide. Mere end nogensinde før trænger vi diakonissen, kanske ikke saa meget paa den gamle maate som en utdannet sykepleierske, men som en menighetsarbeider, bibelkvinde og for talrike andre anledninger til særskilt kristelig tjeneste i vor kirke og vore menigheter. Vi haaper inderlig og ber om at inden kort tid maa vi faa se aapningen av denne institution saa at vore unge kvinder ikke behøver at ty til statsinstitutioner eller ikke-lutherske samfund for at erholde utdannelse i den kristelige velfærdstjeneste.

Vi ønsker at uttale til oversøster Ingeborg Sponland vore lykønskninger paa hendes 70-aars fødselsdag. Hun har tjent trofast og vel i Guds rike.

Indremissionen

Gud har hørt vore bønner og vi vil glæde os. Paa grund av antallet av mænd ved vort seminar saavel som anledningerne paa arbeidsmarken har vi iaar været istand til at sende ut et større antal mænd i indremissionens virke end paa mange aar. Der er en voksende aandelig forstaaelse av at vort kirkesamfund, under Gud, maa træde til og for Ham erhverve dette land hvori han har sat os. De unge prester indser sit ansvar. Ansvaret for arbeidet vokser i de kjæmpende missionsmenigheter. Mange menigheter har erklært at de vil søke at klare sig selv saa andre kan bli hjulpet med missionsmidler. Mænd og kvinder vaakner op til en forstaaelse av at dette er Herrens arbeide og at det maa gjøres. Nogen faa korte aar vil bestemme vort kirkesamfunds stilling her i midtvesten. Det avgjørende vil være vort syn paa indremissionen. Dette arbeide er grundlæggende, og et kirkesamfund som staar stille eller trækker sig tilbake her vil snart bli tællet blandt dem hvis indflydelse er i nedgang. Vi tror at Gud har git os evangeliet og de hellige sakramenter. Vi skylder folket i Amerika hvor vi bor, og dem som er uten dette lys, at bringe det til dem. Paa Hans store dag vil der bli et stort regnskapsopgjør for hver menighet saavel som for hvert enkelt menneske som har kjendt evangeliet, men undlatt at gjøre sit for at bringe det til andre. Vi maa la andre faa lyset fra Guds Ord og sakramenterne. Vi kan ta fat med Guds hjælp og indta landet hvis vi har tro og syn paa det som ligger foran os.

En gren av missionsvirksomheten, som i vore nye forholde trænger at lægges vegt paa, er prestearbeidet blandt elever ved statens skoler. Flere av vore unge mennesker findes i disse institutioner end i kirkeskolerne. Ingen kritik uttales paa grund av dette forhold. Som en kirke maa vi gaa til vort folk hvor vi finder dem, og vi maa i disse dannende og kritiske aar søke at styrke deres tro saavel som deres kjendskap til og forstaaelse av den kristne sandhet. De vil ogsaa indta sin plads side om side med graduenterne fra vore egne skoler for at bli ledere og arbeidere paa sine respektive steder. Vi ønsker dem og vi trænger dem for Kristi og Hans kirkes sak.

Mange prester yder stor tjeneste i dette virke. Vor kirke som saadan bidrar meget litet og paa mange steder intet til dette arbeide. Menigheterne bærer byrderne og vi paaskjønner dette; men vi maa ogsaa, samlet som et kirkesamfund, gjøre vor del i dette ansvarsfulde arbeide. Der burde være koordination og kooperation i denne virksomhet. Vore studenterprester, som var samlet denne vaar, forelægger en række resolutioner som jeg bringer eder til overveielse. Disse resolutioner og anmodninger burde overveies med omhu og alvor ved dette møte.

Church Extension

Angaaende vor indremissionsvirksomhet burde det neppe være nødvendig at fremhæve kravet paa økning i vort "church extension" fond. Disse penger brukes til at hjælpe missionsmenigheter til at skaffe sig byggetomter eller til støtte ved opførelsen av bygninger. Ofte trænges penger, som ikke kan skaffes lokalt paa steder, hvor det er av største betydning at begynde arbeide med engang. Paa saadanne steder brukes "church extension" penger til meget ofte at opnaa et vellykket utfald av et begyndt foretagende. Alle disse penger utlaanes og gis ikke til menighetene. De betales tilbake og brukes igjen og igjen, men vi trænger mere. Vi har bedt om et offer paa en søndag i aaret. Nogen menigheter husker disse anmodninger fra fællesmøtet. Der er ingen aarsak til at ikke alle menigheter i vort samfund skulde opta et offer en gang i kirkeaaret til dette arbeide. Ingen bestemt sum er sat for den enkelte menighet, men et aarlig bidrag fra fem og tyve hundrede menigheter vilde bety ny kraft og større fremgang paa dette omraade. Brødre, la os søke at efterkomme denne rimelige og broderlige anmodning fra vore fællesmøter.

Iaar anbefales det at Church Extension sættes paa budgettet for $10,000.00. Denne sum vil bli samlet enten det er budgettert eller ikke, men derved vil det bli mulig at menighetene faar kredit for disse bidrag sammen med de andre til budgettet.

American Bible Society

Nøie knyttet til og faktisk en uerstattelig del av indremissionen er arbeidet med at utdele Guds ord baade hjemme og i utlandet. American Bible Society har i over et hundre aar vedholdende trykt bibelen uten kommentar eller fortolkning i et stadig økende antal sprog og dialekter. I dets 113 aars bestaaen har det utsendt 205,096,251 bibler og bevirket deres cirkulation i over 300 sprog og dialekter og i atten sprog for de blinde. Uten American Bible Society's arbeide vilde vort hedningemissionsarbeide og en stor del av vort andet arbeide bli meget vanskelig. Intet enkelt kirkesamfund har midler nok til at oversætte og trykke nogen av disse utgaver. Her i landet reiser dets kolportører omkring overalt og gir ut det nye testamente og bibelen paa engelsk og andre sprog som brukes av folk her i landet. Det er et arbeide av saadant omfang, saadan beskaffenhet, saadan velsignelse, at det fremtvinger beundring og taknemmelighet fra hver evangelisk kirke. Vor lutherske kirke, Guds ords kirke, burde i sandhet ikke staa tilbake i sin bevilgning til og støtte av dette arbeide.

Vi har hvert aar bevilget en mindre sum til dette arbeide. Maa jeg faa lægge eder paa hjerte, at vi, hvis denne bevilgning ikke kan økes, anmoder enkeltpersoner, som er interessert, om at sende enten vor kasserer eller kassereren for American Bible Society aarlige bidrag saa arbeidet kan fortsættes.

Som formand for vor kirke har jeg hat anledning til at delta i eller sende en repræsentant til det raadgivende møte som holdes en gang om aaret. Ved saadanne møter har vi lagt merke til den omhyggelige økonomi med midler og indtægter og de stadige bestræbelser for at øke utgivelsen av evangeliet og dets utsendelse. Denne virksomhet utfylder hvert enkelt kirkesamfunds arbeide, og vi ber om at Guds velsignelse og hans naade fremdeles vil lyse over American Bible Society saavel som over utenlandske bibelselskaper, saa ordets sæd kan bære mangfoldig frugt.

Barnenes kristendomsundervisning

Sidste aar blev der utgit den nye standard tekst av katekismen paa engelsk. Dette arbeide, som blev utført av en fælleskomite fra forskjellige samfund, fortjener opmerksomhet og paaskjønnelse av hvert eneste luthersk samfund i dette land. Vort eget board har gjennem sine repræsentanter tat meget aktiv del i dette arbeide. Aaret 1929, med dets feiring av katekismusjubilæet, har uten tvil git ny kraft til vore barns kristelige opdragelse og undervisning.

Stadig og vedvarende opmerksomhet maa skjænkes den grundlæggende virksomhet i barnets kristendomsundervisning. Paa nogen steder finder jeg fremdeles "International Lessons" og reformerte lærebøker i bruk. Hvordan kan vi

forsømme de store muligheter, som bydes os i vore egne prøvede og bibeltro bøker for undervisningen? Ikke-lutherske samfund begynder at lægge mere og mere bret paa barneundervisningen. Skal vi atter opleve erfaringen paa nogen hold i vor kirke, at andre skal begynde at gjøre det som vi hadde og er begyndt at forsømme? Vækkelsesarbeidet for at kalde forlorne sønner og døtre tilbake maa stadig fortsættes. Men litet vil dette hjælpe hvis vi forsømmer at undervise vore egne døpte barn i den kristne tro og liv. Normalt burde de barn, som er døpt til samfund med Kristus, opdrages til at tilhøre ham. Fædre og mødre, prester og menigheter maa anse den kristne barneundervisning som det grundlæggende arbeide inden vor kirke. Den kirke som er tro i dette, vil bygge grundvolde der vil vare naar mange andre er forsvundet. Likesom vi har det godkjendte princip, "Lutherske prækestoler for lutherske prester," saa la det ogsaa være godkjendt og forstaat, lutherske bøker, baade salmebøker og klassebøker, i lutherske søndagsskoler for lutherske barn.

I nogen stater er der gjennem skridt fra legislaturens side git anledning til en ukedags-undervisning i den kristne religion. Sikkerlig burde prestene og medlemmene av vore menigheter i de stater hvor denne anledning gis, være ivrige og villige til at gjøre bruk av den. Paa nogen steder høster vore menigheter vidunderlig gavn av denne systematiske ukedags-undervisning. Denne undervisning maa imidlertid varetages av lutherske lærere, der er godt utdannet og har evnen til at gjøre bruk av den kostbare tid, som er dem tilstaat.

Luthers katekisme og bokmissionen

Et av de mest betydningsfulde bidrag til jubilæet var vor bokmissions utgivelse av katekismen i dens nye tekst til fri utdeling. Kanske intet som bokmissionen har utgit disse sidste aar har faat slik en mottagelse som denne fri utgivelse av katekismen. Hvis dette skal bli mulig maa vore menigheter saavel som enkeltpersoner huske bokmissionen med stadige gaver, saa den kan fortsætte dette velsignede arbeide. Foruten katekismen utgir bokmissionen naturligvis ogsaa et antal andre værdifulde traktater. Bruken av det trykte ord i evangeliets tjeneste maa understrekes.

Kvindernes Missionsforbund

Denne organisation har fortsat sit kraftige og trofaste arbeide for at vække større interesse for og paaskjønnelse av vor kirkes arbeide i sine respektive kredser. Pengebidrag er øket, utdeling av trykte skrifter, avholdelse av møter og programmer har altsammen styrket interessen for og forstaaelsen av de problemer som vi staar like overfor.

Ungdomsforbundet

Paa lignende maate har Young People's Luther League fortsat sit arbeide. Et fremtrædende træk er det maanedlige magasinnummer av Lutheran Church Herald. Det er av ledere og blade i andre lutherske synoder og andre samfund blit betegnet som et av de fremstaaende blade paa sit omraade. Ikke saa litet penger er blit anvendt til dette foretagende, men det voksende antal abonnenter og de stadige kommentarer om dette magasin viser at det var vel anbragt. Instituter, konventioner og stevner har git vore unge folk det indtryk, at de er en del av vor kirke og at vi har et sted for dem at arbeide. Ingen menighet eller kirkesamfund har raad til at gi det indtryk, at de unge mennesker ikke er nødvendige i deres arbeide. Vor Luther League utfører et agtværdig virke i at opretholde forstaaelsen av dette.

Daughters of the Reformation og det Norske Ungdomsforbund

Daughters of the Reformation og det NorskeUngdomsforbund har paa lignende maate, skjønt kanske mere begrænset paa grund av deres antal, fortsat sit arbeide i den samme aand. Som et kirkesamfund takker vi Gud for at ha

git os saadan en prægtig, lojal og begeistret gruppe av ungdom. Hvis vi som er ældre, bare vil være dem det rette eksempel og de rette ledere, har vi skarer av ungdom, som er ivrige og villige til at gjøre sit i Herrens rike. Nogen av mine bedste indtryk er kommet fra berøring med vor ungdoms arbeide i vort kirkesamfund.

Pensionsfondet

Efter at ha læst diskussionen om pensionsplanen kan man ikke andet end føle at der fremdeles er mangel paa klarhet med hensyn til den nye plan saavel som delte meninger angaaende dens iverksættelse. Mænd som er interessert i og har forstaaelse av behovet for pension, er delte i deres støtte av den nye plan. Nogen menigheter har stemt i saken eller instruert sine delegater med hensyn til stemmeavgivning under dette fællesmøte. Det er imidlertid en mindre del av vore menigheter, som saaledes har uttrykt sig for eller imot. Under de eksisterende forhold synes det som om et foretagende der medfører saa mange muligheter og kræver saa store anstrengelser, maa gjøre krav paa en temmelig forenet og harmonisk kooperation og forstaaelse, før vi kan gaa videre. Maa det, i betragtning herav, være mig tillatt at antyde, at sandsynligvis den fornuftigste handling som kan foretas i dette fællesmøte er en utsættelse av den endelige avgjørelse og en fortsættelse av diskussionen om og undersøkelsen av angjældende planer. Vort board og komiteen av lægmænd har arbeidet paa en trofast, energisk og selvopofrende maate. Dette fællesmøte skylder dem hjertelig tak, og vi burde be dem vedbli i sin interesse for med tiden at sikre en tilfredsstillende, rimelig og antagelig pensionsplan.

Antallet av menigheter som har rapportert er 311. Herav var 172 for planen og 139 imot den. Resten av menighetene, i et antal av 2,435, har jeg ikke hørt noget fra i saken.

Under alle omstændigheter saa vil jeg paa det alvorligste anbefale at der gjøres al anstrengelse til at forøke gaver og offer til den nuværende pensionskasse saa at de prester og deres familier som nu faar understøttelse fra pensionskassen ikke vil imøtese muligheten av et mindre beløp end det de nu mottar.

National Lutheran Council

Paa grund av daarlig helbred og fremrykket alder har dr. J. A. Morehead, eksekutivdirektør for National Lutheran Council, indgit sin avskedsansøkning. Det stigende ansvar i eksekutivkomiteen for det lutherske verdenskonvent øket hans arbeide i saadan grad, at the council antok hans resignation. Den lange og hæderfulde tjeneste, som han har ydet vor kirke, baade i Europa og Amerika, berettiger ham til taknemmelighet fra hvert medlem av vor kirke. Trofast har han tjent; vel har han repræsentert os paa fremmede marker, og hans vidnesbyrd har altid været uttryk for sund og konservativ lutherdom. Ikke alene ved sin overbringelse av vore gaver, men ogsaa ved sin personlige indflydelse og sin karakter har han styrket bekjendelsestro lutherdom i mange dele av Europa. Vi er taknemmelige for at det endnu tillades ham at styre og lede arbeidet til eksekutivkomiteen for det lutherske verdenskonvent. Vi vet at under hans ledelse vil arbeidet bli konsekvent utført i overensstemmelse med bekjendelsestro og konservative principper.

Pastor Ralph H. Long, som har gjort sig meget fortjent som "Stewardship Secretary" i Joint Synod of Ohio, er blit valgt til direktør. Han vil opta arbeidet som direktør for council i begyndelsen av aaret. Vi ønsker at forsikre ham om vor udelte støtte og sympati ved at samarbeide med ham.

Skulde det atter være nødvendig at fremhæve for denne forsamling nødvendigheten av at fortsætte arbeidet med at støtte vore nødlidende troesfæller i Europa? Vi paakaldes fremdeles til at hjælpe vore lidende og kjæmpende brødre paa mange steder i Europa. Særlig et felt burde vi bestandig ha for os i vore bønner og i vore hjerter. Opofrelsene og lidelsene blandt vore brødre i Rusland har atter og atter været fremhævet i vore blade. Kan det være at vi er saa hærdet like overfor nødens rop, at vi glemmer denne martyrkirke? Atter

og atter er vor opmerksomhet blit henledet paa mangelen paa prester, knapheten paa levnetsmidler og paa det store antal lutheranere i Rusland som "faar uten en hyrde." Forordninger og love vanskeliggjør utbredelsen av den kristne religion og forhindrer endog undervisning av barn i saadan utstrækning, at antallet av prester i Rusland maa økes høilig, hvis evangeliets lys ikke skal forsvinde. Dette arbeide falder sammen med arbeidet som utføres av eksekutivkomiteen for det lutherske verdenskonvent.

Den lutherske verdenskonferans

National Lutheran Council er av den opfatning, at der bør gjøres bruk av denne komite, fordi den paa den maate vilde sikre samarbeide fra selvhjulpne lutherske kirker i Europa for hjælpearbeidet blandt trængende lutheranere. Biskop Meyer sendte et budskap til verdenskonventet, "Vi døende, hilser eder." Fra svækkede hænder, utslitt gjennem lidelser, sult og opofrelser, falder lyset. Skal vi muliggjøre, at nye mænd, ivrige og villige, vidd til sit arbeide og alvorlige, vil fortsætte dette virke, naar disse ældre russiske prester ikke er mere?

Dette var et av de fremstaaende dele av programmet ved det lutherske verdenskonvent i Kjøbenhavn — styrkelse av vore brødre i land hvor vor kirke er i minoritet. Paa mange steder, hvor den græsk ortodokse eller romersk katolske kirke kontrolerer statsreligionen kjæmper vor kirke under høist ulike vilkaar. Med de midler de har forhaanden er de ikke istand til at holde arbeidet gaaende. Vidnesbyrd herom blev git paa mange sprog og for mange land i Kjøbenhavn. Dypt rørende var møtet søndag aften da disse veteraner i sakens tjeneste blev git en anledning til at rette sine hjerterørende oprop til repræsentantene for de uavhængige og selvhjulpne lutherske kirker. Dette var den praktiske side av verdenskonventet som blev lagt vegt paa her. Komiteen blev paalagt at arbeide i forstaaelse med de europæiske og amerikanske kirker forat mænd fra tid til anden kan sendes for at bære vidnesbyrd blandt disse kjæmpende grupper, ikke bare om vor sympati og støtte, mén ogsaa for at formane og opmuntre dem til at forbli tro mot Guds ord og vor kirkes bekjendelser.

Under hele konventet var det merkbart, at næsten hver eneste tale, præken og avhandling var fyldt av en aand av bekjendelsestro og konservativ vidnesbyrd. Dette var saa utpræget at paa liberale hold har det været kommentert som et uønskværdig træk ved konventet. Det almindelige indtryk fra blade, brev og skrifter har været at møtet i Kjøbenhavn styrket den konservative og bibelske lutherdoms sak i verden.

I en uttalelse fra pastor C. J. Holt av indremissionsforeningen i Kjøbenhavn erklæres:

"Skulde jeg nævne det som var av størst betydning under det andet lutherske verdenskonvent, vilde jeg peke paa det faktum, at møtet heltigjennem var præget av positiv luthersk kristendom. Der var tilsynelatende adskillig meningsforskjel blandt delegatene. Nogen stod langt tilhøire (særlig blandt amerikanerne); deres standpunkt var en inspiration. Andre hadde sandsynligvis liberale tendenser; men ingen liberale tanker kom frem under møtene."

En fuldstændig rapport, baade paa engelsk og tysk, kan faaes i vor bokhandel.

Blandt resolutionene var der en om troskap mot bekjendelsene, forelagt av en komite bestaaende av biskop S. Stadener av Sverige, biskop J. Gummerus av Finland og eders formand, som følger:

"Det andet lutherske verdenskonvents bekjendelseserklæring kan bare indeholde en uttalelse, som klart og tydelig gir uttryk for konventets ubetingede og uforanderlige troskap mot den hellige skrift og bekjendelsen git av vore lutherske fædre for Gud og for hele verden.

Dette uttryk for fast og uforanderlig fastholden av vore fædres tro maa ikke opblandes med modifikationer og formaninger, hvis motiver er nuværende forhold, men som vilde avlede opmerksomheten fra selve bekjendelsesindholdet.

Konventets uttalelser maa uttrykkes saa klart, at det ikke kan misforstaaes, men ogsaa saa kort, at det vil gjøre et uutslettelig indtryk paa aand og samvittighet.

Konventet i Eisenach uttrykte sin troskap mot den hellige skrift og bekjendelsen paa saadan maate. Derfor anbefaler vi dens bekjendelse igjen antages:

Det lutherske verdenskonvent anerkjender den hellige krift, det gamle og nye testamente, som den eneste kilde og ufeilbare norm for tro og liv, og ser i den lutherske kirkes bekjendelser, særlig i den uforandrede Augsburgske konfession og Luthers lille katekismus, en uforfalsket forklaring av Guds ord."

Dette blev enstemmig vedtat, tillikemed andre resolutioner i samme aand.

Mange av vore prester og lægmænd besøkte dette konvent. Delegatene var dr. H. G. Stub, utnævnt istedenfor dr. C. M. Weswig som ikke kunde delta; dr. C. S. B. Hoel, dr. J. A. O. Stub og dr. G. M. Bruce. Disse mænd fortjener paaskjønnelse av vor kirke idet de deltok i dette konvent uten nogen bevilgning til deres utgifter fra kirkesamfundet. Sammen med vor kirkes formand tjente de som vor delegation.

Det fundamentale princip at det var en fri konferans blev opretholdt under hele konventet. Det var for at vidne for hverandre og for verden. Eksekutivkomiteen blev valgt, ikke som en administrativ gruppe, men som en tjenestekomite til hjælp for de respektive lutherske kirker til at utdele saadanne midler som de ønsket at gi sine lidende brødre. I denne komite har den amerikanske kirke to repræsentanter, dr. J. A. Morehead og dr. L. W. Boe.

Ved sine møter i mars uttrykte kirkeraadet fuldt ut sin paaskjønnelse av resultatene av dette verdenskonvent, likesom det godkjendte National Lutheran Council's arbeide og tilraadet vor kirke at ta under overveielse hvorledes vi kan samle vor del til støtte for de brødre som er i nød.

Fællesarbeide mellem lutherske samfund

Som en følge av oprettelsen av alter- og prækestolfællesskap med Ohio, Iowa og Buffalo synodene i 1926 saavel som alter- og prækestolfællesskap med Augustanasynoden og den Forenede Danske Kirke, utnævnte fællesmøtet i 1928 en komite bestaaende av dr. O. J. H. Preus, formand A. J. Bergsaker, pastor A. M. Mannes og fællesformanden, der skulde møte med repræsentanter for disse synoder og behandle spørsmaal om hvor kooperation og koordination i arbeidet maatte være gavnlig. Joint Synod of Ohio hadde ogsaa underhandlinger med Augustanasynoden og den Forenede Danske Kirke. De anbefaler alter- og prækestolfællesskap til sine respektive samfund. Den Lutherske Frikirke var ved et av disse møter repræsentert av sin viceformand, pastor T. O. Burntvedt. Som et grundlag for dette samarbeide og fællesskap i arbeide blev det princip fastsat, at der maa være enighet og enhet i tro og skikke. Det første og vigtigste grundlag for kooperative bestræbelser, utenom ydre affærer, maa være alter- og prækestolfællesskap. Dette princip er uten forbehold blit antat av alle de konfererende synoder, og paa dette grundlag opkom anbefalingene for oprettelse av et forbund eller en konferans av disse respektive samfund. De i de saakaldte Minneapolis Theses fastsatte principper er blit antat i konferanser mellem disse respektive synoder og er nu i somme tilfælder blit henvist til deres respektive synoder for endelig godkjendelse. Antallet av medlemmer i denne konferans er blit begrænset til at omfatte synoder, som vilde anta disse principper og hvor alter- og prækestolfællesskap er blit oprettet mellem de respektive samfund.

Den anbefalte konferans er ikke et forsøk paa at skape en organisk enhet eller en fælles synode. Vi er fuldt opmerksomme paa at til kirkens enhet trænges bare en ting, at ordet prækes i dets renhet og sakramentene forvaltes rettelig, da eksisterer enhet. Det er ikke nødvendig for en synode eller et kirkesamfund at opgi sin integritet, uavhængighet eller organisation. Tiden er ikke kommet for at gaa sig ind i en organisk enhet inden en synode eller et kirkesamfund. Hvert kirkesamfund har sine egne bidrag at yde til vor lutherske kirkes fremtid. Nogen av de fineste og bedste bidrag vilde gaa tapt, hvis en utvortes og forhastet organisk enhet skulde bli oprettet paa dette tidspunkt. Paa den anden side er der et stigende krav paa mere tilnærmelse mellem saadanne lutherske samfund, som har de samme syn paa tro og liv. Ikke mindst blandt lægfolk og ungdom er der en følelse av, at vore lutherske samfund burde staa mere samlet like overfor andre. Disse krav er berettigede, hvor der er enhet i tro og lære.

Denne anbefalte konferans er et forsøk paa en rimelig opfyldelse av dette krav og behovet for fælles hjælp og støtte i fælles problemer. Denne anbefalte konferans, som er raadgivende, burde opfylde alle rimelige krav for nærværende. Den vil gi anledning til at vidne for hverandre og for verden om den tro, som er fælles for os. Vi kan møtes for at irettesæte, formane og opmuntre hverandre. Vanskeligheter og muligheter paa indremissionsmarken kan fordeles saaledes, at der ikke vil bli den anspændende og skadelige konkurrance, som har eksistert paa mange steder op til nu.

Ukedagsskoleproblemet, som stadig tiltar blandt os, vil der bli større anledning til at ta vare paa av en saadan konferans end gjennem spredte forsøk av enkelte kirkesamfund paa at møte dette krav. Dette er ikke noget forsøk eller plan for at blande sammen og at forene støtte, men heller, saa vidt det lar sig gjøre, at fordele problemene og mulighetene blandt brødre i troen.

Organisationen av denne konferans er blit planlagt saa enkelt som mulig. Der blir ikke nogen styremedlemmer med løn, og hvert samfund vil ta vare paa sine egne utgifter med hensyn til medlemmer av komiteer og delegater, hvis antal blir i henhold til dets ønske om at være repræsentert. Iaar vil vi feire 400-aarsjubilæet for den augsburgske konfession. Det vilde bety en hel del for vor lutherske kirke hvis disse uavhængige synoder, som staar saa nære hverandre, kunde enes om en saadan konferans, der vilde møte fra tid til anden for at avlægge vidnesbyrd om den enhet, som hersker blandt os, og være vort vidne for den øvrige verden. En foreslaat konstitution forelægges, fordi den vil gjøre det lettere at forstaa de maal og de muligheter som haves isinde. Denne foreslaatte konferans har vort kirkeraads bedste kooperation og anbefaling og har opnaadd anerkjendelse overalt hvor den er blit omtalt og forklart. Det er mit oprigtige haab og bøn at vort kirkesamfund, der er det første som møter, vil ta det betydningsfulde skridt at anerkjende dette forbund.

Sammenslutningen av Ohio, Iowa og Buffalo synodene

Iaar vil indtræffe en bemerkelsesværdig begivenhet i den amerikanske lutherske historie. I august vil Joint Synod of Ohio, Iowasynoden og Buffalosynoden forene sine tre respektive synoder til et enkelt samfund, der vil gi dem et samlet kommunikantmedlemsantal av omtrent samme størrelse som vort eget samfund. Den nye organisation vil bli kaldt "The American Lutheran Church." Som vore brødre i troen sender vi dem vore hjerteligste hilsener og ber at Gud maa gi dem naade og visdom til at fortsætte til større gavn i hans rike i deres forenede bestræbelser.

Det er passende, at vort samfund ved en saa betydningsfuld begivenhet vælger en repræsentant til at overbringe broderlige hilsener fra vor kirke til disse brødre.

Konferans om kirkens indre og aandelige liv

Fællesmøtet i 1928 paala kirkeraadet at utnævne en komite, der skulde utarbeide planer for en konferans angaaende det aandelige liv i vor kirke. Raadet utnævnte pastorene G. O. Paulsrud, J. R. Lavik, prof. C. B. Ylvisaker, Mr. A. E. Anderson og sin formand til at utarbeide disse planer. Komiteen har forstaat sit ansvar, og den er av den overbevisning at en saadan konferans, som befatter sig med vor kirkes aandelige og indre liv, ved Guds naade vil bli til særlig hjælp for os. Vi trænger at overveie den stilling hvori vi befinder os. Mesteren sa til sine discipler at de er i verden men ikke av verden. Den kristne er omgit av verden. Den umaadelige verdslige indflydelse, baade i det private og offentlige liv, er aabenbar. Vi trænger atter og atter at undersøke baade tilstandene omkring os og i kirken. Med bøn og i alvor paakalder vi Guds hellige aand i forberedelsen av og under en saadan konferans. Vi trænger at be om en dypere forstaaelse av vor egen uværdighet og synd, en klarere opfatning av vor svakhet i at gjøre Herrens vilje og mere tro og haab paa Kristus og at uten ham kan vi intet gjøre. Hvis den aand fylder vore hjerter kan Herren bruke os i sit rike. Med dette i tanke og med saadan bøn kan velsignelse bli os tildel ved at komme sammen og overveie og tænke paa disse ting. Det haabes at en saadan

konferans maa bli forløperen til andre konferanser omkring i distrikter og kredser for at fremhæve behovet for stadig opmerksomhet paa vort forhold og samfund med Kristus; at opmuntre til mere inderlig bruk av naadens og bønnens midler, større alvor i vort eget liv og mere avhængighet av Herren og hans aand.

Det foreslaaede program vil bli trykt snarest mulig i vore kirkeblade. Hensigten er at en saadan konferans skal holdes i en centralt beliggende by i oktober maaned.

400-aarsjubilæet for den augsburgske konfession

Iaar er hele den lutherske verden med i feiringen av 400-aarsjubilæet for den augsburgske konfession. Den 25de juni 1530 blev denne bekjendelse overgit til keiser Karl den femte i Augsburg paa deres vegne som bekjendte den evangeliske tro. Fire hundrede aar er henrundet siden den dag, og erfaringene i disse fire aarhundreder samt disses historie har stadfæstet og styrket overbevisningen om og forstaaelsen av, at dette bekjendelsesdokument i sandhet er evangelisk og bibelsk. Med undtagelse av de tre økumeniske troesbekjendelser er den enestaaende i sit omfang og ogsaa enestaaende i den maate hvorpaa den er blit antat. Tydelig er der lagt vægt paa de store sandheter om synd og naade, Guds forhold til mennesket og menneskets forhold til Gud.

Vore respektive kirkesamfunds fastholden av denne konfession fremhæver at vi er en historisk kirke i karakter og staar i sammenhæng med den apostoliske kirke. Den bærer tydelig vidnesbyrd om, at den sande apostoliske sukcession er i vor midte — den apostoliske sukcession for fastholdelse av apostlenes lære. Denne bekjendelse tydeliggjør den lutherske kirkes ret til at eksistere uavhængig av andre kirker. Den lægger vegt paa og klargjør vor ret til at bli anset som en kirke og ikke som en sekt. Den er et vidnesbyrd om den tro som bor i os. Nu for tiden holdes der paa mange hold diskussioner og konferanser for at fremme den kristne kirkes enhet. Hvis der nogensinde skal bli en forenet kristenhet, maa det bli paa grundlag og i overensstemmelse med de sandheter, som er uttrykt i den augsburgske konfession. Jo mere vi studerer, jo mere vi skjærper vor viden og vore skikker efter denne konfessions principper, desto nøiere vil vi holde os til bibelens sandheter. Gud har velsignet denne konfessions indflydelse og vidnesbyrd. Den kommer til os ned gjennem fire aarhundreder, ubeskaaret og æret. Vi skylder de kommende generationer at overlevere den til dem æret, antat og bekjendt i dens helhet. Hver menighet burde i indeværende aar gjennem fester, prækener og programmer opvække forstaaelse av den store arv som vi har mottat i denne konfession.

Søndag den 22de juni bør benyttes i alle vore menigheter til at feire fire hundrede aarsmindet om konfessionens overleverelse i Augsburg den 25de juni 1530.

St. Olav jubilæet

I vore fædres land vil iaar bli feiret 900-aarsjubilæum for kristendommens indførelse i Norge. Dagen, som heller er fuldførelsen end begyndelsen av den begivenhet, er blit sat til 29de juli, paa hvilken dag kong Olav Haraldsson faldt paa Stiklestad nær Trondhjem. Fordi han kraftig indførte kristendommen i alle dele av sit rike i sin korte regjeringstid, er han i den populære opfatning, i sagn og i historie blit symbolet for kristendommens komme til vore fædres land og git helgennavn paa grund av hans kamp for Kristi sak.

Herren sa, at himmelens rike er som et sennepskorn, som efter at det er saadd vokser og blir til et stort træ. Naar vi tænker paa kristendommens historiske og svake begyndelse i vore fædres land, tolker symbolet paa en slaaende maate dens utvikling. Sagte og stille er dette træ vokset; evangeliets sæd blir ofte saadd av dem som neppe forstaar storheten og værdien av den dyrebare sæd, som Gud har latt vokse. Ofte hindret og belemret av menneskets synder og feil har dog allikevel denne surdeig, ved kraft fra den Helligaand, arbeidet og fortsat sin velsignede indflydelse. Idag, efter ni hundrede aars forløp, kan vi i dette fjerne land takke Gud for sandhetens mottagelse, for Kristi vidnesbyrd og for evangeliets vidnesbyrd, som er gaat ned igjennem disse mange generationer og

har gjort os til deltagere i denne vidunderlige Guds gave. Av alt, som vore fædre bragte med sig, av karakterstyrke, og kultur, kan intet sammenlignes i værdi for os med gaven av Guds sandhet som kom med dem, da de slog sig ned her i landet. Fra den arv er kommet disse mange kirker, disse institutioner og dette store arbeide inden vor nuværende kirke. Vi vil i sandhet ikke overse den ringe begyndelse. Selv om begyndelsen i Norge for ni hundrede aar siden synes helt forskjellig fra vor maate at saa sæden paa, var det levende Guds ord der, og ned gjennem tidsaldrene blev det i sandhet en Guds kraft til frelse for Norges folk og gjennem vore fædre og forfædre har det naadd os med sit evangeliske og bibelske indhold, som vi har det i vor midte idag. Vi kan i sandhet forene vore hjerter og stemmer og takke Gud for hans vidunderlige godhet i ledelsen av vort folk paa begge sider av havet helt til nu. Vi kan ogsaa feire dette jubilæum og betragte de ting som Gud har gjort for os, og vidne og fortælle om det til vore barn og barnebarn. "Av Herren er det skedd, og det er underlig i vore øine."

Indbydelse er mottat fra Norges kirke om officiel deltagelse i feiringen av dette jubilæum. En særlig dag er fastsat for gudstjenester ledet av representanter for den norske lutherske kirke her i landet. Som eders formand har jeg mottat denne indbydelse og har meddelt komiteen, at den vil bli forelagt dette møte til avgjørelse.

St. Olaf-koret har paa anmodning av fællesmøtet i 1928 gjort forberedelser for at delta i dette jubilæum og ogsaa besøke forskjellige dele av Norge samt gi et program i Augsburg, Tyskland, som vort bidrag til jubilæet der. Til denne specielle begivenhet har eders formand ogsaa mottat en indbydelse.

Indbydelse er ogsaa blit mottat fra Sveriges kirke om at delta i feiringen av 1100-aarsjubilæet for indførelsen av kristendommen der i landet og 400-aarsjubilæet for den augsburgske konfession. Denne begivenhet falder saa tidlig, at antagelsen av denne indbydelse personlig vilde være umulig.

Zionsforeningen for Israel

Denne fælles organisation har som sin opgave at forkynde evangeliet for jødene. Den har nu eksistert iblandt os i over femti aar og den bærer alene dette store ansvar. Mange av Israels barn er blit bragt til frelse i Jesus Kristus ved dens bestræbelser. Den fortjener vor støtte og sympati, og vi uttaler til Zionsforeningen vor paaskjønnelse og ros for dette arbeide som den utfører paa vegne av de respektive lutherske samfund.

Lutheran Brotherhood

Under dette fællesmøte vil en for dette øiemed utnævnt komite sammenkalde de mænd som er interessert i dannelsen av en Synodical Brotherhood. Der er blit utarbeidet en konstitution og skridt vil bli tat til foreløbig organisering av mandsforeningene i vort samfund. Denne organisation er tidligere blit bifaldt av fællesmøtet og dens konstitution er blit godkjendt av kirkeraadet.

In Memoriam

Idet vi atter samles til fællesmøte, savner vi mange trofaste og dygtige prester. Herren har kaldt dem fra den kjæmpende kirke til den triumferende kirke. Deres arbeidsdag er endt. De er gaat ind til sabbatshvilen som er tilbake for Guds folk. Deres sted kjender ikke dem mere. Mange har viet mange og lange aar i prestegjerningen, andre en kortere tid. Hvor de har arbeidet er der mange som vil vidne, at de ved Guds naade er blit hjulpet frem paa veien til evig liv. Det herligste vidnesbyrd som kan gis prester naar arbeidet er endt, er at de har faat lov til ved Guds store naade at veilede andre til evig liv. Disse vore brødres bortgang minder os om at vor egen arbeidstid er kort. Herren kalder paa os og minder os om at natten kommer, da ingen kan arbeide. Disses bortgang burde være en stadig paamindelse for os om at ogsaa vi snart maa være rede til at avlægge regnskap for vor gjerning. Herren kræver ikke store evner, fremragende bedrifter og fremgang i verdens øine, men han kræver troskap hos sine husholdere, hvadenten talentene er mange eller faa. Idet vi betragter disse mænds liv føler vi at de har været tro i sin gjerning. Vi savner dem med deres erfaring, begeistring og deres samvittighetsfulde tjeneste, men Gud vil opreise andre i sin tid og ved sin magt til at ta pladsen efter dem som har forlatt kampen. Herrens merke maa føres frem, selv om merkesmændene falder i kampen. Hans bud er stedse fremad, og vore bortvandrede brødres eksempel burde drive os til ivrig, alvorlig og trofast at leve vort liv. Idag velsigner vi deres minde. Idag mindes vi dem for deres venskap, loyalitet og tjeneste. Med deltagende hjerter sier vi: Gud velsigne deres minde. Han kjender hver enkelts arbeide, lidelser og ofre. Han vil gi dem løn av naade i sin tid.

Pastor dr. C. J. Eastvold avgik ved døden den 23de juli 1929. Han tjente i mange aar i den tidligere Hauges Synode, senere som formand i Søndre Minnesota distrikt og i de sidste aar som prest i South Dakota. Han ydet rikelig av sine evner og kræfter forat den nuværende Norsk Lutherske Kirke kunde bli til virkelighet. Loyalt og kjærlig støttet han den baade offentlig og privat. Hans noble karakter og elskelige og hensynsfulde væsen vandt ham et stort rum i vore hjerter.

Følgende prester der i kortere eller længere tid hadde tjent vor kirke er i de sidste to aar avgaat ved døden: G. H. Bakken, O. O. Bergh, A. O. Bjerke, O. H. Bondahl, F. A. T. Corneliusen, Jacob Fjelde, A. H. Gjevre, J. C. Gram, D. J. Grove, L. F. Hammer, Alfred Hendrickson, O. J. Hylland, G. G. Krostu, O. J. Kvale, B. J. Larson, Knut Løkensgaard, J. F. Melom, O. J. Norby, O. S. Norgaard, C. M. Nødtvedt, C. J. Olson, L. O. Pederson, T. T. Roan, E. J. Sandvig, M. Sæterlie, T. J. Skjei, H. O. Skyberg, O. H. Smeby, G. A. Sovde, K. T. Strand, C. E. Sybilrud, Isaac Torrison og O. R. Wold.

Foruten de ovennævnte bør ogsaa de følgende mindes i taknemlighet av vort kirkesamfund: Dr. J. N. Lenker, prof. H. H. Aaker, tidligere bestyrer av Concordia College; pastor G. B. Christiansen, tidligere formand for den Forenede Danske Lutherske Kirke, og søster Anna Huseth, missionsarbeider i Alaska. Maa det evige lys skinne over dem!

Vi uttrykker for de avdødes familier og venner vor dype sympati og kjærlighet. Vi vet at de som stod dem nærmest nu sørger over deres død og tapet av dem sterkere end nogen anden. Men vi vil minde om, at vort tap er deres vinding og for dem at dø er Kristus. Maa Gud la dem som de elsket, ved den samme naade i Guds beskikkede tid møtes hvor der ikke er nogen sorg eller nogen adskillelse, ti de første ting er vegne bort.

La os gi uttryk for vore følelser i anledning av vore brødres bortgang ved at synge verset "From all Thy saints in warfare."

Idet jeg avslutter dette budskap ønsker jeg at uttrykke min personlige paaskjønnelse og taknemlighet for den hjertelige støtte og tillid jeg har faat under bestyrelsen av dette embede. Under mine besøk til menigheter i de forskjellige dele av vor kirke finder jeg at vore prester og menigheter mere og mere blir med i vor kirkes aand og arbeide. Der er stadig større villighet og ivrighet i at samarbeide i at bygge Guds rike. Trofast stræver vore prester med undervisningen av barnene, med at prædike evangeliet, med at ta sig av syke og sørgende, og de fortjener kirkens tak. Vi vet at det er en stor naade fra Gud at bli kaldt til evangeliets tjeneste. Det er hans naade som har muliggjort det kristelige embede, og større anledning og kald kan ikke noget menneske faa. Men Gud kalder ogsaa dem der har denne anledning til at tjene ham med oprigtig forsæt og trofast hjerte. Vi har mange mænd som trofast og oprigtig søker i dette kald at gjøre Herrens vilje. Maa Gud velsigne, styre og lede hver tro prest. Han kjender deres bekymringer og kampe og deres vanskeligheter.

Brødre, jeg anbefaler eder til den himmelske Faders kjærlighet og omsorg. Han vet hvad I har behov og visselig vil han ikke glemme eder.

I vore menigheter er der en voksende paaskjønnelse og forstaaelse av kirkens program og arbeide. Hvad der trænges for at der kan bli mere samarbeide og støtte er større kjendskap til behovet og større forstaaelse av arbeidets vigtighet. Hvor dette gis og hvor medlemmene av vore menigheter gjøres opmerksomme paa dette, der finder det altid gavmild og hjertelig gjenklang, ytrende sig i interesse og i gaver til at fortsætte Herrens arbeide.

Jeg ønsker ogsaa at henlede kirkens opmerksomhet paa det trofaste og samvittighetsfulde arbeide som utføres av de mænd som har faat i opdrag at vareta vore finanser. Jeg tænker særlig paa vor kasserer, pastor H. O. Shursons og Board of Trustees arbeide. Efterhvert som jeg har lært at kjende disse mænds arbeide kan jeg forsikre dette samfund at ingen kunde vise større interesse og omhu i deres personlige saker end disse mænd har vist kirkens officielle forretningssaker. En stor del av æren for vort kirkesamfunds financielle status og kredit skyldes deres omsorg for vore financielle forhold.

Distriktsformændene har ogsaa i løpet av de to aar ydet trofast og uavbrutt tjeneste paa sine respektive virkefelter. De arbeider stadig i sine distrikter, prædiker, vidner og hjælper menigheter og prester med deres problemer.

I disse aar hvori jeg har arbeidet sammen med de mænd som kirken har utnævnt til deres forskjellige embeder, tviler jeg paa at noget andet kirkesamfund har faat en mere trofast, en mere villig eller mere samvittighetsfuld skare arbeidere end de som forsøker at utføre eders beslutninger og eders befalinger i de forskjellige virksomheter

Dette aar viser ogsaa ved de gaver som er mottat i budgetindsamlingene, i legater og frivillige gaver en stigende forstaaelse av at Herren har behov for disse ting. Maa Gud velsigne enhver som oprigtig og alvorlig støtter vor kirke og arbeide baade prester og lægfolk.

Atter anbefaler vi os til vor himmelske Faders kjærlighet og naade. Han har i disse to henrundne aar i sin naade og sin barmhjertighet git os langt mere end

vi fortjener eller endog vet at be om. Han har latt evangeliet bli prædiket, vidnesbyrdet om sin naade lyde blandt os. Dette er Guds store gave til menneskene: at bringe budskapet om at han gav sin søn Jesus Kristus til den faldne og syndige menneskehet. Trøsten i hans evangelium for det enkelte menneske er atter blit gjort mulig gjennem ordets korkyndelse. Indbydelsen i sakramentet til den trætte og betyngede har bragt forsikringen om at der er liv og evig frelse hvor der er syndsforlatelse. Vore barn er i daaben blit gjort delagtige i denne velsignede frelse. For alle disse ting er vore hjerter fyldt med taknemlighet til Gud. Vi behøver ikke at være modløse. Vi behøver ikke at være nedtrykte. Herren er iblandt os, og med Herren som styrker os, kan vi utrette alt. Derfor, brødre, hvis vi ser de mange problemer eftersom vanskelighetene synes at vokse og vor egen følelse av uformuenhet til at utføre gjerningen, la der altid være hos os tillid og fortrøstning til at vi kan gjøre alt i Kristus som er vor styrke. La os stole paa dette og la os altid mindes den almægtige Guds kraft og nærvær i hans Helligaand. Han sa: "Min naade er nok for dig," og dette lyder ut til medlemmene av Den Norsk Lutherske Kirke, dens prester og menigheter. Hans naade, la den bo rikelig iblandt os, og da vil vi ikke mangle noget godt. Da vil der være midler; der vil være mænd; der vil være interesse til at fortsætte alt det arbeide som Herren har paalagt os. Med denne aand, tyende trøstig til ham, la os gaa frem til arbeidet i Mesterens navn. Amen.

J. A. AASGAARD.

BILAG

Flere punkter som vil trænge overveielse og avgjørelse er vedføiet denne rapport som det ikke er nødvendig at medta i selve budskapet.

Komiteen for Lutheran Hymnary

Efter omhyggelig overveielse av den av sidste fællesmøte vedtagne resolution angaaende revision av hymnary anbefaler kirkeraadet og Board of Publication at dette møte bifalder det av denne fælleskomite tagne skridt at vælge femten istedenfor otte medlemmer til denne kommission. Det utkrævede arbeide vil være av en saadan beskaffenhet og saa omfattende, at en mindre komite neppe kunde ventes at klare det. Kirkeraadet og Board of Publication blev bemyndiget til at vælge medlemmene av denne kommission. De har føiet syv nye medlemmer til den, og de anmoder om aarsmøtets godkjendelse av dette skridt.

Komiteen for statistik

For at kunne gi en tilbørlig opmerksomhet anbefales det at komiteen for statistik, bestaaende av tre medlemmer, gjøres til en permanent eller staaende komite i vort kirkesamfund, saa at den vælges fra tid til anden av fællesmøtet til at vareta dette.

Haandbok

Det anbefales av kirkeraadet at fællesmøtet autoriserer utgivelsen av en haandbok for vort kirkesamfunds virksomhet som vil indbefatte fællesmøtets beslutninger. Denne bok burde være til fri utdeling eller sælges for en nominel pris og skulde træde istedenfor de almindelige rapporter som nu trykkes. Det vilde ikke være hensigten at slutte med den større officielle rapport, som maa utgis og trænges for underretning, men det vilde ikke være nødvendig at utgi den i saa stort antal. Det antal der er nødvendig for delegater og prester, biblioteker, embedsmænd, etc., kunde da trykkes, og den mindre bok kunde brukes til utdeling blandt vor ungdom og andre i vore menigheter som en kortfattet fremstilling av vort arbeide.

Ministerialbok

Iaar har sekretær Løhre utgit en ny ministerialbok. Denne bok er en detaljert og omhyggelig utarbeidet protokol for hver menighet. Hvis den følges og føres, vil den gi en komplet oversigt over alle fakta vedrørende menighetens og prestens arbeide. Den er blit anbefalt av kirkeraadet til bruk, og menigheter som trænger kaldsbøker gjøres opmerksomme paa den.

Hamline seminareiendommen

Resolutionen forelagt av Board of Trustees for vedtagelse paa fællesmøtet om ogsaa at bemyndige dem til, hvis anledning frembyr sig, at sælge Hamline seminarbygning for bedst mulig pris. Resolutionen er bifaldt av de andre Boards som er interessert i mulighetene for bygningens bruk:

"Eftersom den bygning og grund der er kjendt som Hamline seminar og som omfatter Block 16, College Place, East Division, i Ramsey County i staten Minnesota, staar ubenyttet og er en kilde til utgifter for vedlikehold og opsyn, og eftersom bygningen stadig forringes i værdi og grunden ikke synes at stige i værdi paa grund av den industrielle utviklings beskaffenhet i det nabolag,

"Være det BESLUTTET, at Board of Trustees skal bli og hermed er bemyndiget til at sælge, overdra og skjøde nævnte sted og eiendom for saadan pris og paa saadanne vilkaar som det finder bedst, naar efter Boardets mening nævnte sted og eiendom ikke længer findes at være nyttig eller nødvendig for nævnte kirkes virksomhet."

Raadgivende medlemmer

Følgende erklæring anbefales til antagelse:

Par. H., Sec. 14, Kap. IV. av konstitutionen som nævner saadanne som er berettiget til medlemskap som raadgivende medlemmer erklæres at indbefatte alle medlemmer av bestyrelser, staaende komiteer, samfunds- og distriktsembedsmænd tilstede ved fællesmøte som ellers ikke er stemmeberettiget.

Navneforandring

Som tidligere nævnt vil den officielle overveielse av navneforandring ikke foreligge for denne forsamling denne gang. Med hensyn til antallet av menigheter som har indsendt erklæringer angaaende instruks for sine delegater, da er de som følger:

I favør av navneforandring	10
Imot navneforandring	73
Ingen rapport	2663

Størstedelen av menighetene har ikke tat noget skridt hverken i den ene eller anden retning paa grund av bekjendtgjørelse git i budskapet til distriktsmøtene ifjor om at det indledende forslag ikke var vedtat.

Pastor T. Ekeland

Efter kolloquium med pastor T. Ekeland fandt for to aar siden hedningemissionsbestyrelsen og kirkeraadet at han ikke længere tilstemte vor kirkes lære og bekjendelse. Det vakte dyp sorg og bekymring hos os at denne dygtige og alvorlige prest og missionær ikke længere delte vor kirkes bekjendelse og tro. Kirkeraadet hævet derfor hans forbindelse med os som prest i vort samfund. Nu kan vi dog igjen med glæde og tak til Gud indberette at efter alvorlig og indgaaende samtale med ham er kirkeraadet fuldt overbevist om at han er igjen kommen til fuld overensstemmelse ved vor lutherske kirkes bekjendelse og vi kan med frimodighet anbefale at han blir igjen optat som prest i vort samfund.

Vi takker Gud at han ved sin aand har ledet ham til denne forstaaelse og overbevisning, og vi ber Gud at han maa bevare ikke alene ham, men os alle saa vi kan bli tro i sandheten.

B. General Secretary's Report

TO THE NORWEGIAN LUTHERAN CHURCH OF AMERICA:
GRACE AND PEACE!

The General Secretary has again the privilege to place before the National Convention the official Messages and Reports, and the statistics for another year.

As his own official report he submits the following statement in regard to the various duties which the Church, from time to time, has assigned him:

(I) THAT OF GENERAL SECRETARY, as given in the constitution, "The Secretary shall:

a) Keep a record of the proceedings of the convention of the Church and on the basis of the reports of the district secretaries each year publish an annual report which shall include all the conventions of the Church. This report shall contain the official reports, resolutions, statistics, appendices, parochial reports, and such matters as the Church may determine;

b) carry on the necessary correspondence for the Church, as the Church or its president may direct;

c) at least three months in advance publish time and place for the general convention and also matters for consideration."

The necessary correspondence for the church which comes directly or indirectly to the secretary's office is a constantly growing task as much of it asks for information which requires considerable research and reference work.

(II) THAT OF ARCHIVIST.

In 1917 the following resolution was adopted: "The New Church Body establishes an archive at Augsburg Publishing House to which the archives of the three former synods shall be moved." (1917 annual report, page 578). To this was added in 1918: "The secretary of the general body is authorized to secure all documents that are to be preserved in the Archives of the Church at the Augsburg Publishing House." (1928 Report, page 306).

(III) THAT OF EDITING AND PUBLISHING A HAND BOOK.

The General Secretary is authorized to publish an official Hand Book. (1918 Report, page 306).

(IV) THAT OF STATISTICIAN.

The General Secretary shall be the Statistician of the Church, and he shall collect and compile the statistics of the Church. (1922 Report, page 141, English edition).

(V) THAT OF ASSISTANT FIELD SECRETARY.

In 1928 the Church added to the four duties given above the duty of serving as assistant in the financial field secretary work. (1928 Report, page 337).

THE ITEMS (I) AND (IV) are contained in the 1929 annual report, of which the first part is the official minutes. During the years of 1922 and 1923 the complete minutes were published in both Norwegian and English.

The statistical part of the 1929 report represents the goal towards which the statistician has labored since he took over the work in 1923.

In the 1929 annual report you will find the first published statistics which, in addition to giving the usual information about the individual congregations and pastors—renders the following practicable service:

1) A grouping of congregations which serves three purposes:

a) To supply a record for each congregation which can easily be found and traced from year to year.

b) At a glance to show the strength of our church in any section of the country and give full information as to the kind and amount of work done in that section.

c) To show clearly the gains and losses as well as the status of the work in the various lines of its activities.

2) An analysis which gives an interpretation of the reports which is helpful to the church in solving its problems.

Because of this system our Church now enjoys the distinction of having the first organized and analyzed statistics published by any church body. The United States Census Bureau gives the Norwegian Lutheran Church the following compliment: The acting director says in a letter to the statistician in which he writes about our 1929 statistics: "I can see that it is very complete; and I am sure that it will prove useful to us in connection with our work"

ITEM NO. (II). ARCHIVIST:

1) Some work has been done in this line but time for the work and facilities for keeping the books and documents have not been placed at the secretary's disposal. Since the great work of **organizing** the statistics is finished, as given above in item IV, this work can be given more attention.

In 1929 the secretary was assigned an office in the Augsburg Publishing House. This will help supply room; but these books and documents should have fireproof space.

2). The Hand-Book which was authorized by the Church belongs in this group. The secretary prepared a complete manuscript which was approved by the board of publications. This manuscript was turned over to the Augsburg Publishing House by the late Prof. E. Kr. Johnson and the secretary. At that time the Church entered a period of deliberation affecting changes in the articles of incorporation and in the constitution. This and an incident over which the secretary had no control caused the work of publishing the Hand-book to be discontinued.

3) Legislative Code: In 1929 the work of compiling and codefying the legislation of the Church was begun and carried on as far as time would permit. More could have been done if the secretary had the needed stenographic help. There is much work in this line still to be done.

4) The Lents Synodical Records as well as the Lents Parish Records, prepared at the request of the Church Council, are both facilities which will place the fututre archives of the Norwegian Lutheran Church among the archives of the highest standard.

ITEM (V), THAT OF ASSISTANT TO THE FIELD SECRETARY.

The appointments received from the executive office have been met and in this work, as far as time would permit, the secretary has served to the best of his ability. This is a work which is thoroughly enjoyed not only because it lends variety to the work which otherwise would be tedious but also because it keeps an official in vital touch with the Church.

In 1926 he was requested to take temporary charge of a congregation which was supported by the Home Mission treasury, with instructions that he build around it a self-supporting parish. In accepting this appointment a large expense item was taken from the Home Mission account which, if continued from 1926 to 1930, would have amounted to several thousand dollars. The congregation has during the four years contributed to the budget of the Church $996.00. An expense account has been removed and a source of income developed. He is glad to report that the self-supporting parish is now constituted, and a pastor has been called. This will relieve the undersigned from a duty which has been a pleasure as well as a severe task. This release places more of his time at the disposal of the financial secretary's office.

ASSISTANTS IN THE WORK

The Secretary has taken all these assignments seriously, and has put forth his best efforts in discharging the duties imposed upon him. Limited time and inadequate help in the office has prevented him from doing justice to the work. That he has been able to do what he has done is due to the faithful co-operation in the work on the part of members of his own family. Each year's report represents weeks of labor on their part, which they have cheerfully given the Church without receiving for it any other compensation than the consciousness of having served the Church faithfully and unselfishly.

The undersigned is grateful to the Norwegian Lutheran Church for the many privileges to serve the Church which have been granted him. He is thankful to the Lord who has given him the needed grace and physical endurance as well as the joy in the performance.

Minneapolis, Minn. N. J. LØHRE.

To Pastors and Secretaries of Congregations:

Pardon me for using this page—which is left blank in order to begin division II on an odd page—for the purpose of calling your attention to the Lents Parish Records. We give here a few recommendations for your careful consideration:

CHURCH COUNCIL RECORDS

Records of Church Council for March 8th, 1929, par. 36 and 37 shows that President A. J. Bergsaker reported on behalf of the Committee on Parish Records, stating that the committee had met and approved the Secretary's draft and recommended its adoption.

Committees recommendation adopted: Resolved that the proposed Parish Records of Secretary Løhre be adopted, and that the Secretary make the necessary arrangements with the Augsburg Publishing House.

Rev. H. C. Holm, Secretary.

REV. J. A. AASGAARD, D. D., PRESIDENT

Norwegian Lutheran Church of America

The new "Lents Parish Record," which has been prepared by Secretary Løhre, is now ready for use. Secretary Løhre has given a great deal of time and study to the preparation of this Parish Record. It is unique in its arrangement and in the assembling of rubrics for different facts of value. This Record is recommended by the Church Council for use as a ministerial record in the different parishes.

1930 GENERAL CONVENTION

The Lents Parish Record, which has been endorsed by the Church Council, is hereby recommended to the congregations for use in our congregations. (Annual Report, page 296).

II. The National Convention.

A. Convention Membership.

In editing the convention membership roster the district unit is followed as in former years. This year we have added a new feature which, we believe, will be not only of interest but of value to the church: *The distribution of the membership in the convention is listed according to circuits.*

After the names we aimed to give information in regard to attendance at the convention. For all those members who did not return their attendance cards no record of attendance is given. Those who returned their attendance cards are given credit for their attendance by numbers from 1 to 14. The numbers refer to different sessions of the convention designated as follows:

Wed'day		Thursday		Friday		Saturday		Monday		Tuesday		Wed'day	
1	2	3	4	5	6	7	8	9	10	11	12	13	14
A.M.	P.M.	A.M.	P.M.	A.M.	P.M.	A.M.	P.M.	A.M.	P.M.	A.M.	P.M.	A.M.	P.M.

The first number within the parenthesis gives the session of first attendance. The second number indicates the last session at which member was present.

It is regrettable that in each case we could not give the name of the congregation of which delegate is member because so many pastors failed to report on the reverse side of credential blank.

The membership of the convention is divided into the following two groups:

1. Delegates.
2. Pastors.

Associate members are listed under each circuit after the names of the pastors.

N. J. LØHRE, Secretary.

The Rev. J. J. Akre, President of the Canada District, gave the Confessional address. Rev. A. Snesrud of Eau Claire, Wis., served as liturgist.

The Rev. R. Malmin, editor of the *Theological Forum*, gave the convention sermon. This sermon was a memorial address on the 900th anniversary of the introduction of Christianity into Norway. The collect for the occasion was prepared by Dr. Malmin.

During the Communion Service Pastor Akre was assisted by Pastors J. A. O. Stub of Central Lutheran Church, G. T. Lee, editor of *Lutheran Church Herald*, and A. Snesrud of Eau Claire, Wis.

The Rev. J. C. K. Preus of Albert Lea, Minn., read the opening and the closing prayers.

BUSINESS SESSION, continued.

At the close of the service President Aasgaard called attention to the fact that 1930 is an unusual year in the line of centennial anniversaries;

(1) 1100 years since St. Ansgar came as missionary to Sweden. It took 300 years before Christianity was accepted by Sweden.

(2) 1000 years since Iceland established a government of the people, for the people by the creation of the "Althing."

(3) 900 years since Christianity was formally established in Norway during the reign of Olaf, who has been called the Saint.

(4) 400 years since the preparation and presentation of the Lutheran Confession at Augsburg, Germany.

The Committee on Nominations presented nominations for membership in the Committee on Elections;

See report from tellers printed in full in the first part of the afternoon Journal. With the number of votes cast for each candidate and the designation "elected" left out it is identical with the Report from the Committee on Nominations.

Ballot was cast for election of Committee and the meeting adjourned to convene again at 2:30 in the afternoon.

III. District Conventions.

1: EASTERN DISTRICT

a. President's Report

To the Eastern District Convention, Grace and Peace!
Dear Brethren in Christ:

We have gathered in the annual convention of our synod with gratitude to God for bountiful blessings, and prayer for a portion of that spirit which moved our Master to loving obedience and selfgiving for the sake of humanity.

The Eastern District has been signally blessed through the work of God's Holy Spirit. The Word of God has had free course in our churches. The gospel has been proclaimed in its purity. Men have been awakened to consciousness of sin and lead to Christ. Brethren have been moved to do works of faith with increased measure of devotion. Our churches generally enjoy peace and harmony in brotherly fellowship. The institutions within our boundaries have been faithful to their trust and in material ways they have succeeded according to their means, which have not abounded beyond their needs and in some instances been insufficient. Our thankfulness for these blessings is more fervent as we note our sins and shortcomings. What are we that God should be so bountiful and gracious? God forgive our sins and increase us in purity of heart and actively consecrated lives that we may be better children and more efficient servants.

The Home Missions

This most important activity requires increasingly most careful attention of our district, which provides the largest mission opportunity in the synod. Our progress in the home mission field is a subtle test of our fitness to thrive and survive as a church body in this day of strenuous and efficient effort in all fields. Only if we grasp the opportunity when it is presented can we hope to hold it. If we do not lay hold on it others will take our place and gain our rightful inheritance. Practically all our self-supporting city churches of the present day, and numerous rural ones, are products of such missionary efforts. So far as we can see these congregations would not be today if the synods had not developed them through home mission activity.

I would urge upon you to give most serious thought and fervent prayer to the great problems that confront us in this extensive district with its numerous large cities which teem with unchurched people, of whom large numbers are Lutherans in name, so that we may by God's Grace, be enabled to harvest these ripe fields as good laborers, who do not let the harvest go to waste.

Since we lack the means to cover so large a portion of this field as seems to be our rightful heritage and obligation, the home mission committee has this year made a determined effort to put its house in order. It has been necessary to withdraw support from some fields that have been supported for years with so small results that it has become evident that they are not really fields for missionary development. These fields have not been abandoned as churches but have associated themselves with other nearby congregations from whence service adequate for their condition is being supplied.

In accordance with your request of last year, I made an appeal to the synodical budget committee for increased funds for this work. I contended that the larger needs for home mission work in this district and the larger opportunity for big returns on the investments made, make it obligatory on us as a church to make our greatest effort here. The budget committee acknowl-

edged the correctness of this contention and I am happy to say, granted all the home mission commitee asked for and indeed more. Now it becomes our duty as a district to exert ourselves in even larger measure to raise the full amount of our home mission apportionment, so we may show by deeds that our interest in this cause is genuine to the point of sacrifice.

In this connection may I suggest that it might be better to make a distinction between home mission churches and self-supporting churches in the apportionment of the general budget. The amount of apportionment should be determined from a different viewpoint in the case of each of these two classes. The self-supporting church is apportioned and contributes in order to maintain the work. The home mission church is required to contribute rather for the sake of training. These home mission churches are struggling hard to attain a state of self-support. They are building, annually increasing their portion of the pastors' salary and gradually widening their scope of usefulness. It all requires their money. Too large synodical apportionment dishearten them and defeats its own purpose. Would it not be wiser to start these new churches which often are made up of folks that formerly had no idea of church responsibility, on the way toward increased interest and willing co-operation, by making smaller requests for synodical support which might be gradually increased until the congregation has reached the status of a self-supporting church, when it would consider itself justly obligated by the general responsibility of that class.

In the past year I have given a very large proportion of my time to the home mission field. I have visited most of the churches, some of them several times. Certain problems have needed concentrated attention and immediate solution and I bent my efforts toward that end. We have in our mission field a group of pastors who are doing splendid work, capable, interested and active. May God bless them and make their efforts effective for the salvation of souls.

The home mission committee has met numerous times as a whole or as executive committees. This committee is giving very much time and effort in this field. It involves much generous giving of self on their part. I feel very appreciative of their effort and grateful for the generous co-operation they have at all times extended to me in the work. I would mention especially the H. M. meeting in Stoughton, in March, where the H. M. pastors gathered in round table discussion on their problems. We should have one such every year.

The Hawkins, Wisconsin, parish, served by Reverend E. B. Swenson, has become self-supporting this year. A new field is being developed in South Madison, Wisconsin, by Reverend M. A. Sorenson. The Madison circuit is sponsoring this field, and the McFarland church is this year providing the pastoral work through its pastor. This example of generous giving on the part of the church and pastor is worthy of commendation and emulation.

Such words of appreciation is also applicable to Rev. J. A. Snartemo and his church, Milwaukee, who have the past year given time and effort to the successful development of two new fields in the city of Milwaukee. These fields will soon have reached the stage that requires a pastor's full time, when the home mission committee will take cognizance of their needs. There are many instances of home mission work, done in neighboring fields by pastors of old established churches, whereby many unchurched homes are reached and gained for the church. Such interest and activity is worthy of much praise.

The Young People's Luther League

The Young People's work in our district has made good progress also this year. We thank God for the consecrated activity of our young folks. They are the future of our church, and the forces that shall carry on for Christ and the church. We have reason to be very grateful as we note in their organized work earnest fidelity to the standards of our church, their choice of wise and responsible leadership and devotion to such sound Christian principles, as make their labors under God, a source of true growth and achievement for the upbuilding of God's Kingdom on the established foundations.

Institutions

Our district contains a large number of institutions of charity and learning. We have the Deaconess Home in Chicago and our homes for children and for the aged in Wittenberg and Stoughton and the Indian Mission in Wittenberg. These are owned by the synod but are very largely supported by the people of the Eastern District. Then we have the three schools, in Galesville, Scandinavia and Ottawa, and numerous other institutions, that are owned and conducted by local corporations, and supported mainly by the people of our district.

In Chicago alone our local churches support the Edison Park Children's Home, 150 children; Byron Street Home, about 70 children; Bethesda Home for Aged, about 90 inmates; and they furnish a large proportion of the support of the Norwood Old People's Home, the Day Nursery for children and numerous other smaller such causes. It should be a source of encouragement to know that besides furnishing our share to the regular work of our synod the people of our district are moved to make these additional sacrifices for more localized efforts in behalf of the same cause.

Christian Education

The Committee on Elementary Christian Education is preparing to do more aggressive work. There is indeed an opportunity for fruitful labor in this field of child-teaching and we shall ignore it only at our peril. I hope we may be enabled to garner the fruits of the harvest that is before us. Our immediate effort aims to effect active circuit and district organizations, through which teachers' training classes in catechetical studies may be organized in the parishes and circuit institutes be regularly held for instruction and encouragement. Our greatest need just now is efficient teachers in our schools that are not only consecrated to a duty but know how to fulfill that duty in efficient and fruitful teaching of the truths of our catechism. I would also suggest that the churches that do not now use it would do well to learn of the superior value of the graded system in this day of systematized effort. It would also greatly simplify the work in this general field if all our churches used this uniform plan of catechism study.

Lutheran Brotherhood

In accordance with last year's resolution, a committee on the organization of a District Brotherhood has been appointed. We have appointed a committee of one, Rev. R. Harrisville, with instructions to call an organization meeting during the period of this annual convention. This meeting may then proceed according to its own discretion. In view of the fact that steps have been taken to affect a Synodical Brotherhood this spring, it seemed better that the district should not anticipate this action by an independent movement. The District Brotherhood will probably be organized as a federated body within the synodical organization. If such a synodical body be not formed this year, the district committee will proceed to organize the Eastern District.

Deaconess Home and Hospital

I would like to point out the blessed work that is being done within our district by the sisters of our Deaconess Home. They perform a large and effective work for the Christian education of children in the churches, missions and elsewhere in Chicago, and by their efforts numerous abandoned children are helped in this and other ways every year. They do a great and effective work in the field of charity. The Day Nursery, which is a branch of this activity, under the supervision of Sister May, expended nearly $10,000 last year in relief of the poor. $8,000 of this money was derived from local enterprises such as bazaars, dues, donations, etc., conducted or obtained by the sisters. 272 children were partially cared for and 168 families. Sister Flora called on 108 families in need and Sister Hilda on 92. 1,010 garments were distributed, besides furniture. The Deaconess Hospital has extended free treatment to numerous sick children. In all the hospital does about $25,000 worth of charity work each year.

As to the Deaconess Training School for nurses in which 50 students are now enrolled, the subject does not strictly sort under the Eastern District affairs. Still the results of this training will no doubt yield its greatest fruit within our borders.

I would like to express our appreciation of the work that this home is doing in these fields and may God translate these deeds of love into terms of faith and godliness in them that are thus brought in contact with the spirit that proceeds from Christ.

Women's Work

The Women's Missionary Federation has been actively engaged in its great work this year, as well as the unaffiliated societies of which there is a large number. These women are doing a consecrated work and our pastors show their appreciation by a helpful attitude. We extend to them our sincere greetings and appreciation.

District Finance

In accordance with a resolution of last year, the finance committee of the synod elected Rev. H. O. Svare Financial Superintendent of the Eastern District. Rev. Svare is recognized as an exceptionally well qualified man for this work and we are singularly fortunate in this assignment. He will devote his time principally to the work in the Eastern District and we are confident that he will conduct this work with such aggressiveness tempered with sympathetic understanding, as will prosper interest and love for the cause, and willing generosity in our churches. Notwithstanding difficulties that hampered the work in our district this year, the financial report shows that we succeeded quite well, and we thank God for this manifestation of active interest. Our district treasury is usually depleted in the spring of the year. To remedy this situation, it has been suggested the biennial convention offering might be placed in this treasury for current needs.

The greater number of these pastors are new in our district and we extend to them a most hearty welcome. May God bless their labors abundantly.

As the district presidents have been requested to conserve space in the annual report this year, I shall not go into detailed report on the numerous other meetings and occasions that have required attendance, such as special congregational business meetings, meetings of various boards and committees, of the Church Council, and circuit meetings, etc.; and yet, these consume a very large proportion of my time. The circuit presidents have been gradually taking on more of the local work in the circuits and this relieves the district president, and enables him to put in his time elsewhere. I would like to encourage the circuits to make more extensive use of their presidents.

In conclusion may I speak a word of appreciation of the unanimous spirit of helpfulness and understanding that pastors and congregations have bestowed on me and my office the past year. I realize that I have failed to do and be all that I have desired and your patience with my shortcomings have given me time to get my bearings as it were, in the new position of trust that you have placed in my care. May God be praised for whatever we have been able to accomplish, and prosper us in all good undertakings to the glory of His name.

Yours in Christ,

JOSEPH M. GREEN.

RESOLUTIONS (Schools)

Realizing the difficulty in raising the voted church budget every year, and that a deficit has been evident the last two years, and that the major part of such deficit is shown in the educational department of the Church, and

Realizing further that while deficits are existing, the secondary subsidized schools are suffering most, being appropriations made to them are constantly being reduced, until some rearrangement of the school problem in our Church is effected, we see very little hope of financial relief from the Church, and it is evident that the three academies in the Eastern District will have difficulty in surviving without additional financial support,

Therefore, be it resolved, we petition the members of the Eastern District to grant that the funds subscribed in the Eastern District and now held, namely, the following: $26,242.21 for Pleasant View Luther College; $6,208.75 for Gale College; and $3,651.76 for Central Western College, that these sums of money and subscription notes be transferred to the Board of Trustees of the respective schools, for them to be held as an endowment fund, and invested as they deem it advisable;

Be it further resolved, that such transfers be made at such time as the securities can best be transmitted into cash or endorsed over to the aforesaid schools.

Respectfully submitted on behalf of the following schools:

PLEASANT VIEW LUTHER COLLEGE,
A. O. Mortvedt, President Board of Trustees.

GALE COLLEGE,
J. A. Berg, President Board of Trustees.

CENTRAL WISCONSIN COLLEGE,
Axel Jacobson, Trustee.

Adopted.

Minneapolis, Minn., May 24, 1930.

REPORT OF COMMITTEE ON PRESIDENT'S MESSAGE

1. May God be praised for His blessings upon our Church in the past year!

2. We urge upon the district for continued service in the home mission field and to do our very best to raise our quota for this year.

Furthermore, that we commend the efforts put forth by various congregations in permitting their pastor to do home mission work in their neighborhoods, and that other congregations and pastors do likewise.

3. Considering that young people are the future of our Church, real and masterly efforts to organize new Leagues and to do intensive work among them is prayerfully and sincerely urged.

4. Christ has said, "Blessed are the merciful," theerfore we urge upon our people to continue the good work in upholding the institutions of mercy of those which belong to our Church as well as those outside. Such as mentioned by our President and also the Eger's Old People's Home and the Norwegian Lutheran Deaconess Home and Hospital of New York. Kindnesses wrought in this way are the legendary falamers that spring in the footsteps of Christ.

5. We heartily agree with the President in the recommendation of the graded system into our schools, and suggestions that tend to consecrate and strengthen our teaching staff.

6. The Committee is in hearty accord with the movement to strengthen our Church with a real men's organization.

7. The Deaconess Home and Hospital is doing a blessed work. May God continue to really bless their efforts ,which He also will do in accordance with His declaration "that in as much as ye have done it to one of these little ones ye have done it unto me."

Respectfully submitted,

a. President's Report

"Whatsoever ye do in word or deed, do all in the name of the Lord Jesus, giving thanks to God and the Father by him."—Colos. 3: 17.
"In the name of the Lord!"

By the Lord Jesus the world was created, by Him, it is supported.
He is the Redeemer of the world.
He is the head of the body of which we are members.
From Him comes grace and peace.
To Him we ascribe all our blessings in life, in death, in time, in eternity.
Is it too much, then, if our life is lived in His name?

To be a Christian is not mere assent to certain doctrines, however true they may be, nor practice of certain duties, however commendable; but it is the whole soul going forth to Christ, receiving from His fullness, and improving everything for His glory. The true Christian is described in our text. He recognizes that the Lord Jesus has the right to command, and what is more it is the deepest desire of his heart that Jesus may govern his life.

A Christian will ask himself, what does the Lord Jesus require of me? That I will do, at all events, and under all circumstances. If it be approved of man, I shall do it because it pleases my Lord. If man should oppose me in what I do in the name of the Lord, I shall still do it. When the Lord's will is clearly known to me, I shall need nothing more to encourage me, nor shall I let anything hinder me; but ask for strength to do all in the name of the Lord.

We read of receiving a child in Christ's name and of giving a cup of water in His name. This must mean that we do it from love to Christ. Yes, the love of Christ should be the motive of all our actions. "The love of Christ constraineth us." It should not be necessary to argue ourselves into this state. A mother needs no process of arguing to help her child and so it should be with us towards our Lord Jesus Christ. There should be in our hearts such a deep abiding sense of our obligations to Him, that in everything we say, in everything we do, we should desire to please Him.

The prophet Micah says, "All people will walk every one in the name of his God; and we will walk in the name of the Lord, our God, forever and ever." We depend on Him, we put our trust in Him. We look for our guidance to Him. As the good Shepherd He has gone before us. He tells us to follow in His footsteps. When we need help the most, it is found in Him. He has directed us to be "strong in the Lord," and promised us that through His strength we shall do all "things." And through Him, our Mediator and Intercessor, we hope and believe to be received into the Kingdom of Glory.

There cannot be but full agreement that our life should be in the name of the Lord. But pastors and members of our congregations, we must all bend our heads in shame confessing that we have come far short of the ideal.

Life in the name of the Lord cannot go wrong as to doctrine. Modernism finds poor soil in the heart of the man living his life in the name of the Lord Jesus. All other false doctrines that the devil tempts us with find no room in such an heart.

If pastor and congregation "do all in the name of the Lord Jesus," there will be perfect harmony. There can be no difficulties to adjust in such places. True, a pastor may lack the necessary qualifications for the work in a certain congregation, but realizing this, he does not continue until the congregation is destroyed, if he lives and works in the name of the Lord. He is willing and glad to work where the result is blessed, the Kingdom of God strengthened.

The pastor and congregation, "doing all in the name of the Lord Jesus," do not forget that the greatest work in the world is to bring souls to Jesus.

They recall: "But when He (Christ) saw the multitudes, He was moved with compassion on them, because they fainted, and were scattered abroad, as sheep having no shepherd. Then saith He unto His Disciples, the harvest truly is plenteous, but the laborers are few; pray ye therefore the Lord of the harvest, that He will stnd forth laborers into His harvest."

Christ sees the multitudes today. He is filled with compassion. He calls on you and me to pray. He will bring out the workers in answer to our prayers. If you and I do not pray as hypocrites, we will also do the work. Pray for laborers, but give of our means to our schools to train them. Support them when they are sent out in the Home and Foreign Mission Fields.

The life in the name of the Lord is a life in love. Hatred, bitterness, envy, jealousy, destructive criticism find no room. It is a prayer life. It has the glorious promise: "Whatsoever ye shall ask in my name, that I will do."

The life in Jesus name is a life in praise and thanksgiving to God. It is a life in happiness. It is a life possessing that peace which passeth all understanding. "Believe ye then in Christ and abide in Him" by the exercise of faith and love. Let Him be your life. "Live together by faith in Him who has loved you, and gave Himself for you." Then will you rejoice in Him even now with a joy that is unspeakable and glorified" and soon be partakers of "all the fullness of joy at God's right hand for evermore."

The Augsburg Confession

This year, 1930, marks the 400th anniversary of the Augsburg Confession. The Confession, in Latin and German, was presented to the Diet at Augsburg on Saturday, June 25, 1530.

To Luther, as author, belongs the doctrinal power of the Confession, its inmost life and spirit, and to Melanchton its matchless form.

The great Lutheran scholar, Dr. Charles Philip Krauth, writes: "The Augsburg Confession was exquisitely adapted to all its objects, as a confession of faith, and a defense of it. In it the very heart of the Gospel beat again. It gave organic being to what had hitherto been but a tendency, and knit together great nationalities in the holiest bonds by which men can be held in association. It enabled the Evangelical princes, as a body, to throw their moral weight for truth into the empire. To it, under God, more than to any other cause, the whole Protestant world owes civil and religious freedom. Under it, as a banner, the pride of Rome was broken, and her armies destroyed. It is the symbol of pure Protestanaism. To it the eyes of all deep thinkers have been turned, as to a star of hope amid the internal strifes of nominal Protestantism.'" Giesler, the great Reformed Church historian, says: "If the question be, which, among all Protestant Confessions, is best adapted for forming the foundation of a union among Protestant Churches, we declare ourselves unreservedly for the Augsburg Confession."

Lutheran writers frequently speak of the two great days of the Reformation: Luther at Worms and the Confession presented at the diet at Augsburg.

A fitting celebration commemorating the writing of the Augsburg Confession should be held in every congregation. Pastors would do well not to end this year of its 400th Anniversary without having spoken to their congregations on every Article of this Confession.

The Augsburg Confession is a wonderful heritage. It is a great document, so considered even by the enemies of the Lutheran Church. It is a confession, not a rule. The Bible is the only rule and source of faith. But this document confesses the faith of which the Bible is the rule. With the Augsburg Confession began the clearly recognized life of the Evangelical Protestant Church, the purified Church of the West, on which her enemies fixed the name of Lutheran. With this Confession her most self-sacrificing struggles and greatest achievements are connected.

We are told that this Confession was hallowed by the prayers of Luther, the most ardent that ever bnrst from human heart. It was made sacred by the tears of Melanchton, the tenderest which ever fell from the eye of man. The

greatest masters in the realm of intellect have defended it with their labors; the greatest princes have protected it from the sword, by the sword. The blood of its martyrs pleads forever with the blood of Him, whose sole and all-atoning sacrifice is the beginning, middle and end of its witness, pleads with us to remain faithful in the truth.

By this Confession the distinct characteristic of the Lutheran Church is known:

Christ alone, grace alone.

Justification by faith alone.

The Bible the only rule.

The Evangelical principle opposed to the legalistic, deterministic, and rationalistic tendencies.

Pastors, lecture on the Confession in order that people may know our Church!

It has been the misfortune of our Church to be known to the English-speaking people, not through her own matchless literature but by the blunders of the ignorant, the libels of the malicious, and the distorted statements of the partisan.

In Poland and Hungary the Lutheran Church is called the Church of the Augsburg Confession. No greater name can be given it.

The history of the Confession is, in the deepest sense, the history of the four centuries. The future of the Church, which is the future of the race, can unfold itself from the present only in the power of life which germinates from the great principles which the Augsburg Confession brought out from the Word of God. Gisler, the Reformer Church historian, says: "It remains for ever a light to guide in the right path those who are struggling in error."

The Chancellor of Saxony, who presented the Confession, said: "By the help of God and our Lord Jesus Christ, this Confession shall remain invincible against the gates of hell, to Eternity."

God help us, pastors and congregations, to be faithful to it.

Home Mission

Our District has one of the largest Home Mission fields in the Church. We have not been able to cover the ground. It is sad not to be able to meet the requests for organized church work coming to us. But with the men and means we have the work has shown progress from year to year.

Four calls became self-supporting last year. This year we have two more, namely:

The Bagley call. This call received help from the Mission for less than six months. On Jan. 1st we were notified that this call would relinquish all aid, and in addition two congregations in this call gave to the budget 70 per cent over the fair share allocated. Rev. O. I. Rossing, pastor.

The Little Falls call became self-supporting Jan. 1st this year. The congregations forming this call were small and scattered. But the congregation at Little Falls has grown and also the others, and with the willingness of the people and some sacrifice of the pastor, the call relinquished all aid from the Mission. This call has always met its fair share to the budget and over. Rev. J. K. Krogh, pastor.

The Home Mission Committee has at all times in mind the resolution of the Church to reduce the aid from the Mission for each call annually. And if after a period of years the aid demanded from the Mission is increased rather than decreased, steps must be taken to change such a condition. Congregations are not willing to give to Home Missions if no progress is shown, no success, no people—or very few—attending services.

But we must have more money than we have at our disposal at present. Let pastors and congregations bear this in mind. Home Mission work is essential for the future success of our Church.

The Annual Home Mission meeting of the District was held at Twin Valley, Rev. C. W. Aanestad's call, Nov. 29-Dec. 1. The meeting was well

attended, the speakers well prepared and great interest shown. Invitations for a number of such meetings this year have been sent in. Let us pray and work and give—give something extra—that the great work of preaching the Gospel for our scattered Lutheran brethren may not be hindered.

The District Pastoral Conference

The Pastoral Conference met this year at First Lutheran Church, Bemidji, Rev. A. E. Hanson, pastor, from Jan. 20-23.

A splendid program was outlined. There was a willing response to take part. The lectures were well prepared. They gave evidence of thorough research and faithful study. It was the general sentiment of all that attended that the time was well spent. On the one side, it was a continued theological training, and on the other side through the Bible hours and sermons edifying and strengthening of our faith. The attendance could have been larger, and it will if the time for the Pastoral Conference is changed. No pastor can afford to miss the District Conference.

Circuit Pastoral Conferences are held throughout the District. Splendid programs have been the rule. These Conferences will be help and inspiration to all that can attend.

The Budget

Our District raised for the work in our Church last year, **$116,309.54.**

It was not an easy year. Crop failure in large parts of the District. The general financial depression among the farmers. Most of our people live on farms. But the most gratifying thing of all was the general good will of pastors and congregations. I can from my own experience state that I did not meet a single pastor or congregation that refused to bear its fair share of the burden, if burden it should be called to give to the work of the Lord. The same is stated by the District's Financial Secretary, Rev. P. B. Trelstad. He began the work as Field Superintendent July 1, and has done splendid work for the systematic ingathering of the Budget. The work he is called to do is not easy. He deserves, therefore, the co-operation and help of every pastor and congregation. In the degree that we become lax in the giving to the Lord's work in the same degree the work suffers, the building of God's Kingdom is hindered, our love to the Savior grows cold.

The Women's Missionary Federation

Splendid work has been done by this organization. Information has been given to our people concerning the many activities of our Church both by the spoken word as well as by the distribution of literature. A considerable share of the Budget has been sent in by this organization. The more wholehearted support we give the Federation, the more it will be enabled to do for the Lord's work.

INSTITUTIONS WITHIN THE DISTRICT

Lake Park Children's Home

The Lake Park Home, according to the report of the Executive Secretary, Rev. H. B. Kildahl, has had a very good year. It has cared for 95 children of which 18 were admitted during the year, 28 children placed out.

Total receipts from all sources amounted to $25,541.12, total disbursements $24,999.18.

L. J. A. Jahren is Superintendent. This position he has filled since the death of his father, 1921, in a very splendid manner. He has resigned. Ingvald Larsen, Perley, has been called and has accepted.

Wild Rice Children's Home

J. R. Orvedahl, Superintendent. This home has cared for 110 children, of which 15 were admitted during the year. 49 children have been placed out.

The failure of crop last summer made it difficult for the home to meet all

expenses. But the splendid Christian spirit shown by pastors and congregations in the District by the extra gifts of money and supplies has enabled the home to carry on as usual.

The home has a considerable indebtedness caused by the building operations from time to time. Solicitors are sent out. Open your hearts to their appeal for help to pay the debt.

The home has been remodeled in some respects and redecorated by the Manager, J. R. Orvedahl, so that it presents a very attractive appearance. A manual training department has been installed, and a Girls' Chorus with Orvedahl as leader and soloist has given several concerts in the vicinity of the home.

Glenwood Home for the Aged

Rev. M. N. Knutson, Superintendent.

This home has cared for 46 old men and women during the year, 13 admitted during the year. Four died during the year.

Great interest is shown in the work of this home by the many gifts both "in natura" as well as cash contributions.

In addition to the work at these institutions work is also done by the Board of Charity at the State institutions and hospials at Duluth, St. Cloud, Sauk Center, Moorhead, and Bemidji.

Concordia College

479 regular students have attended the College this year, the largest number in the history of the College.

The President of the College, Dr. J. N. Brown, reports: "The present school year at Concordia College has been a satisfactory one viewed from every angle. The students have manifested a serious interest in their work and their conduct has, on the whole, been commendable. The faculty has shown a deep and abiding desire to serve Christ in accordance with His word and the Confessional principles of our Lutheran Church.

Concordia's greatest asset is "an endowment of consecrated lives."

The Concordia College deserves our loyal support. The success of the College in sending out hundreds of well trained Christian young men and women means success for our Church.

Park Region Luther College

The President of the school, Rev. E. Wulfsberg, reports a very good school year. Attendance as usual—good, although no particular efforts were made to get students. The Board requested the President to take a needed vacation and spend last summer on the West Coast. The first vacation since he became president of the school.

There is need of such a school as Park Region Luther College in our district. In spite of high schools in all cities and villages, there are children of our people without high school facilities, seeking more education than the rural common school can give, to fill several institutions like Park Region Luther College. Why not send your children to a Christian School?

President Wulfsberg writes: "Especially pleasing is the fact that the attendance in the academy is steadily increasing. The work has gone on without interruption of any kind, both teachers and students being able to carry on the work regularly. There has been very little sickness and a spirit of hard work has prevailed among the students, so that, scholastically, it has been an exceptionally good year. The daily chapel exercises, in charge of the Revs. J. A. Quallo and Hoel, have been broadcast. Strenuous efforts will be made to get a large increase in attendance for next year." The school needs our loyal support.

With the exception of the month of February, I have been enabled to be continually at work. We had many vacancies last year. A great number of meetings for calling of pastors were held in the district. I have conducted a great number of meetings not referred to in this report. The request is to make our reports short. I have attended all the meetings of the boards I am a member of.

Help and co-operation I have met from pastors and congregations. Thanks to God for all things. May He bless our meeting. Yours in the Lord

I. T. AASTAD.

b. Convention Journal

The 12th Annual Meeting of the Northern Minnesota District of the Norwegian Lutheran Church of America was held May 24th at 2 P. M. in Bethlehem Lutheran Church, Minneapolis, Minn.

The meeting was opened with the singing of three verses of the hymn "Din ■ Jesus, din at være."

District President Rev. I. T. Aastad, read Eph. 4: 1–6 and led in prayer.

The secretary reported 60 pastors and 81 delegates of the district registered in the general convention to date—total voting membership, 141. These were declared the voting constituency of this meeting. Whereupon the chair declared the meeting opened in the name of the Father, Son and Holy Ghost.

Hymn "O store Gud," verses 1 and 5 were sung.

The President's report was heard.

Before the meeting continued, vice-president Rev. A. J. Boe of Superior, asked the district president to retire for a few moments. During his absence Rev. S. T. Sorenson reported regarding the gift of appreciation to President Aastad.

President Aastad was then recalled and Rev. Boe, in a fitting address, presented this gift as a token of sincere good will, gratitude, and encouragement.

President Aastad responded most warmly in expression of his thanks, giving glory to God for everyhing he had been able to accomplish for the Church and especially for the Northern Minnesota District.

It was resolved to ask President Aastod to bring the greetings of the district to Norway.

There being no other nominations, the rules were suspended and the secretary instructed to cast the ballot of the district for Rev. A. E. Hanson of Bemidji and Mr. I. J. Hauge of Blackduck to succeed themselves as members of the district Home Mission Committee for three years. The ballots were so cast.

In the absence of the district Home Mission Secretary, Rev. A. N. Skogerbo of Erskine was asked by the chair to report informally regarding the district Home Mission work. This report was heard.

The Trinity Lutheran congregation of Wendell, Minn., Rev. O. G. Aasen's call, was granted their request to be transferred from the Glenwood Circuit to the Fergus Falls Circuit.

The ordinations of the following theological candidates were unanimously approved by the district:

L. W. Halvorson to Warren; Magnus Dahlen to Cloquet; Gerhard M. Gunderson to Mizpah; O. P. Sheggeby to Floodwood; Edward O. Barsness to Glendorado; L. P. Mork to Grand Marais; Frederick A. Shiotz to Duluth.

Dr. J. N. Brown, President of Concordia College, was granted the floor and extended a cordial invitation to attend the banquet and business meeting of the Concordia College Corporation to be held in Bethlehem Church parlors after the close of the session.

Judge Grindeland of Warren spoke in regard to the report of the General Convention Committee No. 6, which has proposed the removal of Wild Rice or Lake Park Children's Home to the North Dakota District. The following resolution was unanimously adopted:

Resolved, that the Northern Minnesota District of the N. L. C. A., in session this 24th day of May, 1930, go on record as opposing the following resolution proposed by Committee No. 6, to-wit.

"Whereas, the Wild Rice Orphans' Home of Twin Valley and Lake Park Orphans' Home of Lake Park are located in Northern Minnesota District are only about twenty-five miles apart, and whereas, the North Dakota District has no Orphans' Home, be it resolved that the Board of Charities be authorized to locate one of the above institutions in North Dakota District as soon as advisable."

Resolved, that the district secretary present this resolution to the General Convention in writing.

Moved and carried that the district elect a committee of three to meet with Committee No. 5 in this matter. Judge Grindeland, delegate Heiberg of Twin Valley and Rev. E. Rasmussen of Duluth were elected.

The district officers and Rev. R. M. Fjeldstad of Thief River Falls were elected to constitute the program committee for the next district convention.

District Financial Secretary, Rev. P. B. Trelstad, spoke very encouragingly in regard to the 1930 Budget.

The minutes were read and approved and the meeting adjourned. Hymn "God's Word is Our Great Heritage" was sung, and all joined in the Lord's Prayer.

H. W. ESTREM, Sec. Northern Minnesota District.

May 24, 1930.

3. SOUTHERN MINNESOTA

a. President's Report

Pastors, delegates and congregations. Grace and peace in Christ Jesus, our Savior!

The author of the 23rd Psalm expresses his confidence in the present and abiding grace of God toward him when he records the tender words, "Surely goodness and mercy shall follow me all the days of my life and I shall dwell in the house of the Lord forever." He recognized the "goodness and mercy" of God in the experiences of the past, and he believed that the same Divine Father who had taken care of the past would guide the days that were to come. This should be our attitude as we think of the blessings of the Christian Church. Through the Means of Grace we have been surrounded by God's "goodness and mercy" all the days of our life. In the redemption which is in Christ Jesus there is security now and for the season that may lie ahead, and when the days of life are done there is the promise of a place in the Father's House. Our Christian faith is our great possession. Let us gather all our blessings under the light of the "goodness and mercy" of God. Let us confess our sins and be grateful that there is forgiveness in the blood of Jesus. Let us pray for the Holy Spirit that we may be given strength to do the work of the Kingdom. The "days of our life" are not many. God grant that we may be faithful. With these words I bid you welcome to the fourteenth annual convention of Southern Minnesota District in the name of the Father, Son and Holy Ghost.

Official Visits and Inspections

The district president has visited fifty-five congregations since our last convention. These visits have been in the nature of inspections and the exercise of other official duties. The work affords the opportunity of observation. We have reasons to thank God for the general faithfulness of pastors and congregations. Not all things are being perfectly done, but it is our opinion that the requirement of the Lord's work is being met with emphatic earnestness, and yet I would urge upon us all a striving for greater spiritual strength.

As pastors we must seek to grow in power through personal devotional contact with the Means of Grace. We must try to be "men of God" in every sense of the word. We must permit the Holy Spirit to deepen our consecration and make us willing to even suffer for Jesus' sake. Study, work and prayer must be the program of our day that we may be faithful shepherds of immortal souls. Upon the call of God we have chosen to be set aside in this way, and we are happy only as we try to meet the demands of that choice. This, we believe, is the earnest desire of our ministry, but we need to be constantly reminded in the spirit of love.

As members of the congregation, the doctrines of our Church must be reflected in the life of our business and home. Toward the congregation, "I and my house" must manifest a spirit of constructive encouragement. The family must appreciate the church and her servants. In the congregation, through the Means of Grace, we have been surrounded by the goodness and mercy of God all the days of our life. In my visits I have generally noted a deep appreciation of the Church on the part of our people. They love her in spite of human mistakes. This is our strength. Sometimes, it is true, we have observed unnecessary strife. There is nothing which tears down confidence as quickly as misunderstandings that need not be. Conflict may come within the congregation, but let us remember that victory always lies up along the way of reconciliation, love and peace. So let us ever hasten to bring our joys and troubles to the foot of the cross and view them there in the light of God's goodness and mercy. This way alone leads to the Father's House.

Special Anniversaries

Several congregations within the District have observed special anniversaries.

Southern Minnesota District contributed $72,682.65 to Home Missions in 1929. Amount used within the district during the past year, $15,512.10. Amount granted Southern Minnesota for 1931 and 1932, $18,715.00.

We have twelve home mission pastors. Student work is being done at the University of Minnesota, Mankato State Normal and Winona State Normal. Work is also being carried on at the State Institutions in Faribault. The General Home Mission Executive Secretary reports to the present convention on the work at large. Our District Secretary will give a special report on the work within our district at this meeting. The home mission activities of the church at large and the districts are receiving earnest attention. May God continue to help us in this important work.

Remember the offering in each congregation toward the cause of Church Extension.

Amalgamation of Congregations

St. Peter's Lutheran Church and Trinity Lutheran Church of Red Wing have been merged into one congregation. The name of the new congregation will be, "The United Lutheran Church of Red Wing." It will be a member of the American Lutheran Conference.

Waverly Congregation, formerly in connection of call with St. James, Minn., will constitute a charge by itself.

St. James Lutheran Church will constitute a charge by itself and is now being served by Rev. H. I. Muus.

Work of Charity

The General Board reports on the following activities in Southern Minnesota District:

The Rescue Home in Minneapolis.

Home Finding activity under supervision of the Lutheran Welfare Society.

Institutional Missions in Minneapolis and St. Paul.

Hospital work at Rochester.

Our District has contributed the sum of $49,591.98 to the work of Charities during 1929. It is a blessed task of love. As we give, let us also remember our charity work and the workers in prayer.

Foreign Missions

Each year the district should send greetings of gratitude and encouragement to the missionaries in the foreign fields. We perhaps do not appreciate what it means to the men and women out there to be assured of prayerful remembrance by the folks at home. God's favor has been upon our Foreign Mission work and we should bow in humble thanks before Him. The district's gift to this cause in 1929 was $81,391.69.

Our Schools

No work is more difficult today than that of Christian Education. Those in charge of the school training of the church's youth have a gigantic task indeed. The work of the teacher demands faith, courage and sacrifice. Let us surround the administration and faculties of our schools with prayer and sympathetic understanding. The contribution of our schools to the Christian life of the church cannot be overestimated. Several of our theolgical candidates gave testimony that they had found peace in Christ while attending college or one of our other schools. We are facing problems in our work of Christian Education and some rearrangements will undoubtedly have to be made; but God will help us solve these problems. The readjustment will not mean a diminished but an increased program of expansion. Our very concern is a hopeful sign.

The sum given by the district to Christian Education during the past year was $66,362.08. The totals in the whole church show a slight deficit in this department. Brethren, this must not be in 1930. Pastors and congregations are urged to watch this column of the budget. Love of Christian Education has come to us as a sacred privilege. As Lutherans we know that its preservation is vital to our very life as a church. Thank God we have had our Christion schools. God bless them for us in the days to come.

Elementary Christian Education

In the church of Luther's Catechism it is obvious that Elementary Christion Education must receive definite emphasis. We favor an increased appropriation for this activity. The General Board and Executive Secretary have, in their office, functioned unto great blessing. They have constantly urged a more definite organization of the work within the district and circuits. We are trying to realize this. Let us remember that excellent work has always been carried on in our church. First of all we would mention the pastor in his catechetical work and general direction of instruction within his charge. Then there are the Sunday school, the week day school and summer school. Institutes and Sunday school conventions have been held in several places. Teachers' Associations have been formed and are loyally helping their church. Still, as a church, we desire to increase our efficiency. In some places, too, there is a decided lack of interest. May God inspire us unto greater zeal. The District

Board has decided upon stated committee meetings during the year. Dr. P. M. Glasoe, Secretary of District Board, will give a report to this convention.

Organizations

The Women's Missionary **Federation, Young People's Luther League,** The Norsk Lutherske Landsforbund for Ungdom i Amerika. Every year these organizations and their auxiliaries are loyally furthering the cause of our church. Let us follow them with interest and assistance. Southern Minnesota thanks the members of our organizations and prays for God's blessing upon them in their service for the church.

The Budget

The District raised $270,026.40 for the general church budget, over one quarter of a million dollars. In each of the four departments we exceeded the 85 per cent mark. No deficit was created during th past year. While we did not reach the 100 per cent, our people in Southern Minnesota have contributed a large sum to the work of the church. Most of our congregations are trying to do all they can. Conditions are not the same at all times in all places. We thank our pastors and congregations for the work they are doing. As for 1930, try hard to make it 100 per cent. Each year we almost reach the goal, why not experience the joy of a finished task. As an encouragement I am happy to report that Southern Minnesota has raised $5,638.21 more at the end of March, 1930, than at the same time in 1929.

President's House Rent

The committee appointed at our last District Convention will report and make recommendations. The president wishes to express appreciation of the work done by the committee and the splendid response given by the congregations.

Necrology

Rev. O. O. Bergh, Rev. Jacob Fjelde, Rev. J. F. Melom, Rev. O. H. Smeby, Rev. O. J. Norby, Rev. A. H. Gjevre, Mrs. P. C. Danielson, Mrs. O. J. Norby, Mrs. A. E. Hanson, Mrs. H. J. Stormo.

Southern Minnesota District extends heartfelt sympathy to the bereaved families and prayerfully commends them to the love of God in Christ Jesus. Death brings sorrow, but the Divine Savior is able to wipe the tears away. We thank God for the day of service which these men and women, by grace, were permitted to give our church. We trust they have now passed victoriously on to "dwell in the House of the Lord" forever. This alone is our Christian comfort and joy as we bless the memory of those "who have fallen asleep."

Dr. C. J. Eastvold

Not long after our last district meeting, former president Eastvold answered the Master's call. During many years he served as pastor and official in the former Hauge Synod. For a period of ten years, as district president, he guided the affairs of Southern Minnesita district with a firm and kindly hand. All who knew him will always remember him as a true leader, counsellor and friend. We believe Southern Minnesota district should erect a memorial upon his resting place. The meeting will adopt proper resolutions to be spread upon the minutes and sent to the members of the Eastvold family.

Elections

The following elections must take place at this convention:

District Financial Secretary for one year. Present secretary is Rev. O. C. Brenna.

Two members on the District Home Mission Board for a term of three years. Members whose terms expire are Rev. D. J. Borge and Rev. O. T. Storaasli.

District member of Committee No. 6. Present member is Rev. Otto Mostrom.

In Conclusion

Personally, I pray that I may become more faithful and efficient in serving my district and church. The position is difficult and I know I lack so much in meeting its requirements. Brethren, I plead for your prayers. I thank God for the co-operation given by pastors and congregations. In your churches and homes I have been met with encouragement and kindness. And now, my dear people, as we reflect upon the "goodness and mercy of God" let us remember that these are intended to bring us to Christ. Pray for the Holy Spirit that souls may be saved and kept through the Means of Grace, that when the days of life are past they may "live in the House of the Lord forever." This is the supreme concern of the Church. God bless us all for Jesus' sake.

Sincerely, NILS KLEVEN.

2. We are grateful to the officers in our District for the faithful performance of the difficult work, and pray for God's blessing upon them.

3. We rejoice and thank God that the Southern Minnesota District has been permitted to raise $270,020.40 towards our share of the Budget and we urge that united effort be made by all our pastors and congregations to raise our full share in the future.

4. As we listen to the cry from every district, "Lift up your eyes and see the fields, ripe unto harvest," we cannot but feel our responsibility in our own district. We realize that there are many places both in the Twin Cities and other places where work should be taken up. Southern Minnesota District holds a strategic position in our Church and the fields within our borders should not be neglected.

5. We fully agree that the Christian education of our children is the most important work entrusted to the Church. That tremendous difficulties are being encountered at present is also generally acknowledged. We encourage every effort to find a solution for these difficulties and believe that more intensive work should be taken up for the promotion of this important cause.

2. We express our sincere sympathy to the families who have suffered bereavements the past year. May God comfort and strengthen their hearts in this their hour of sorrow. We recommend that the president send a copy to these families of the words of sympathy contained in his report.

We remember with deepfelt gratitude to God the faithful work rendered the Church by our former president, Rev. Dr. C. J. Eastvold, and while we mourn the departure of a leader in the Church, counsellor and friend, yet we know that which is our loss is his gain.

4. IOWA DISTRICT

a. President's Report

"How long halt ye between two opinions? If the Lord be God, follow Him, but if Baal, then follow him."
(Kings 18: 21.)

The Lord deals with His people as a loving father deals with his son. "He that spareth his rod hateth his son, but he that loveth him chasteneth him betimes."

Neglect of discipline and chastiment ends in profligacy.

The Lord had showered His blessings upon His chosen people—delivered them from the bondage of Egypt, guided and supported them on the journey, given them a good land to live in, and proctected them time and again from their surrounding enemies. But they were disobedient unto God—violated His commandments and worshiped idols. Instead of trusting in God Almighty they were leaning strongly to a god of nature.

The Lord had to teach His own people a severe lesson. He shut up the heaven for 3 years and 6 months. The faithful prophet Elija said to King Ahab: "As the Lord God of Israel liveth, before whom I stand, there shall not be dew nor rain these years, but according to my word. And there was a sore famine in Samaria."

When Ahab met Elija, he said to him: "Art thou he that troubleth Israel?" "No, I have not troubled Israel, but thou, and thy father's house in that ye have forsaken the commandments of the Lord and followed Baallim."

On the suggestion of Elija, Israel gathered for a prayer meeting on Mount Carmel. The prophet of Baal to call on the name of their gods, and Elijah to call on the name of the Lord, and the God that answereth by fire—let him be the God.

The 850 prophets of Baal called on their gods from morning to noon, but no answer—no fire. In the afternoon Elija rebuilt the altar of the Lord and prayed the most wonderful prayer recorded in the old testament dispensation:

"Lord God of Abraham, Isaac and of Israel, let it be known this day that thou are God in Israel, and that I am thy servant, and that I have done all these things at thy word. Hear me, O Lord, hear me, that this people may know that thou are the Lord God, and that thou hast turned their heart back again."

The fire of the Lord fell and consumed the burnt sacrifice, and the heaven was black with clouds and wind, and there was a great rain.

There are laws of nature—light and darkness—days and nights—summer and winter, but there never was a law without some one to establish, govern and control these laws.

It would be well if those who even at the present time also are trying to forget, doubt and deny that God is the creator and supporter of all things, would take notice of this fact.

May God grant us faith, firmness and courage—like the prophet Elijah—and courage to decide to stand on the immovable promises of God, revealed unto us in His inspired and infallible word.

The blessings of the Lord was great unto the people of the Old Dispensation. He is still greater unto us in the New Testament Dispensation.

How about our attitude toward the Lord? Are we halting between two opinions, and trying to serve two masters?

Chose whom ye will serve. You can not serve two masters—God and mammon. May the Lord help us, that we like Mary may choose the good part which shall never be taken away from us.

Dear Brother-Pastor:

You are occupying the highest office that the Lord God has ever intrusted to any mortal. You are the embassador of the Lord. You are carrying on the most important and responsible activities of the church. So much is depending on your personal relation to your God.

You might be well educated, having your pockets full of diplomas, and even letters of calling, but that alone will not make you a minister of the Gospel in the sight of God. The Lord said unto Jeremiah: "Before I formed thee, I knew thee, and before you were born I sanctified thee and ordained thee a prophet unto the nations. Thou shalt go to all that I shall send thee, and whatsoever I command thee thou shalt speak."

Jeremiah felt his incapability, to such high calling, and so do we, but it did not excuse him, and it will not excuse you. "Be not afraid, for I will be with you and deliver you, says the Lord."

Do not fret when you observe how worldliness and infidelity, hypocrisy and the form of godliness. Christless organization and modernism like mighty waves make inroad among our people, once baptized in the name of the triune God, and instructed in the true way of salvation. Do not despair and lose courage.

"Den Gud som var paa Elias tid er likedan idag." He hears prayers, and answers prayers.

When Jesus sent out his apostles to make disciples of all nations, He commanded them to tarry in Jerusalem until they were indued with power from on high. They obeyed and received power.

Are we tarrying in constant prayers to God for power from on high? or do we rely and depend on our own strength and ability? If so, we have no reason to expect progress in our labor. Christ said: "Without me ye can do nothing." "By strength shall no man prevail." "Not by might, nor by power, but by my spirit, saith the Lord of hosts."

"Take heed unto thyself, and unto the doctrine, continue in them, for in doing this thou shalt both save thyself, and them that hear thee."

Be constant in prayer. Study your Bible diligently. Prepare your sermons thoroughly. Walk circumspectly, and the day shall prove that you have not labored in vain.

Dear Congregations:

You have many difficulties to contend with. Among others the language question. The older members of the church prefer to have the service conducted in the Norwegian language. The younger generation prefer the language of the land. Just be a little considerate and forbearing, and these matters will adjust themselves. Dear young friends, do what you can, even at a little sacrifice, to comply with father's and mother's wish to have some of the services in your church conducted in the language so dear to their heart.

Dear old friends, please do take due consideration to the need of the growing up generation. Our church has lost many of our young people because we hesitated to conduct services in the only language they could understand.

We can not afford to lose any more. Have devotion in your home, attend service regularly. Do not stay away from the communion table. Take time to attend the mid-week prayer meetings. Above all do not neglect the Christian instruction of your children. If your boy and girl after confirmation plans to attend some higher educational institution advise and encourage them to attend the schools of our own church.

Do not neglect to support the activities of the church. Too bad our district did not reach its quota last year. Hope we will do better this year. Start to raise he budget in the beginning of the year, and we will have no difficulty.

If congregations decide for the pastor to have a vacation, see to it that some one fills the pulpit and takes care of the ministerial acts, while the pastor is absent. Do not have too many organizations within the church. Do not open your church door for all kinds of programs. Be on guard against too

many socials. There is a tendency and danger of changing the Christian church into a social club.

Laymen Activities

The Norwegian Lutheran Church of America and the Iowa district favors and encourages these activities, when carried on in compliance with the old established Lutheran church principles, and in full accordance with the articles of agreement by all conferring parties in 1917.

Evangelist Rev. Johan Olson

Rev. Olson, who has for a number of years served Iowa district as evangelist, has resigned from this office, and accepted call from congregations in Wisconsin. Rev. Olson has conducted evangelical meetings on sound scriptural basis, declaring the whole council of God unto salvation. For this faithful service the district extends to him its sincere thanks, and wishes that the blessings of the Lord in rich measure may rest upon him in his new field of labor.

Wigdahl, Ruthven, Iowa, had to submit to a serious operation. Thanks be to God, they are both well again and in active service.

Necrology

Three pastors have passed away during the year. As a district we shall remember them with gratitude for the blessings each of them, by the grace of God, have been to our district and church. Rev. I. B. Torrison of Decorah, Iowa, Rev. L. O. Peterson, Forest City, Iowa, and Rev. Carl J. Eastvold, D. D., Volin, S. D. Dr. Eastvold, for a number of years president for Southern Minnesota district, spent the greatest part of his life and labors in Iowa. We like to claim him as an Iowa man. These three men have had a wonderful career. They have all rendered the church a long and blessed, noble and faithful service.

May the good Lord grant us to follow their example.

"Remember them which have the rule over you, who have spoken unto you the word of God; whose faith follow, considering the end of their conversation."

Election to Take Place at This Convention

One member for 3 years on the Committee of Home Missions and an alternate.

One member for 3 years on the Committee of Elementary Christian Education, and an alternate, and one member on Committee No. 6, and an alternate.

As the presidents and superintendents of the various institutions report this year to the general convention they will not report to the district convention.

In Conclusion

"Hitherto hath the Lord helped us."

In spite of our shortcomings, we have experienced the blessings of the Lord in great measures during the year, and we must not neglect to praise God from whom all blessings flow.

Personally I have due reason to be thankful. I have been permitted another year to be in the service of the Lord and in the service of Iowa District.

Some of us are growing old. Our days of labor will soon be numbered. May we by the grace of God be found to be faithful:—faithful to God, faithful to our Bible, faithful to the doctrine of the Lutheran Church. Our Church has a mission to perform, provided we continue to be faithful and true.

May the blessing of the Lord be showered upon us as individuals and congregation, church and state, to the honor and glory of God and to the salvation of many souls.

The Lord bless this convention to the furtherance of His Kingdom.

Your servant in the Lord,

H. C. HOLM.

5. SOUTH DAKOTA DISTRICT

a. President's Report

One more year is gone by since we met at Canton, S. Dak. How swiftly the years are rolling by! Soon the last will be here for many of us. This year too, has been full of hard work and splendid opportunities, but also rich in blessings from Heaven! We gladly express our sincere gratitude to God for His love and kindness. What a great privilege and joy to be laborers together with Him and to be servants in His Church. "Oh, give thanks unto the Lord, for He is good and His mercy endureth forever." As a Christian Church we are engaged in the greatest work in the world.

But the task is far from finished. Much is still undone. We have a long way yet to go. The Word of God to Moses can be applied here: "The Lord said unto Moses, Wherefore criest thou unto me? Speak unto the children of Israel that they go forward. But lift thou up thy rod and stretch out thy hand over the sea and divide it; and the children of Israel shall go on dry ground through the midst of the sea." Ex. 14: 15-16. This was a soul-stirring charge from the Lord when the people, departing from Egypt, had reached the Red Sea: "Command the children of Israel to go forward!" Pharaoh and his hosts were in hot pursuit, and in front of them stretched the waters of the sea. Hemmed in on all sides, in the face of insurmountable obstacles, it looked absolutely impossible. But the Lord found a way.

To every pastor of our Church, to every leader of the Lord's hosts, to every Sunday School superintendent and Sunday School teacher, to every Church official and to every child of God comes the divine charge: "Speak unto the people of God that they go forward." In His revealed Word of truth and in His providence, in the current events of our restless and enterprising age, the Lord is indicating that this is His holy will and giving emphasis to the command addressed to the Church of the living God: "Go forward."

But how can we? Would it not be more timely to emphasize retrenchment? Perhaps so, but God's order is **to advance.** Where shall we get the means, and how can we do more work? "Lift up thy rod, and stretch out thine hand over the sea and divide it; and the children of Israel shall go on dry ground through the midst of the sea." It looked impossible for Israel, but the Lord found a way. He never makes a requirement without furnishing the necessary resources. Whenever He gives His people a task to do, He supplies both the means and the strength to do it. It only remains for them to "trust and obey." When the work given us to do fails, we must conclude that there is something wrong with our faith and with our obedience.

We have much to do in our District. It is a large field, and the command comes to us: "Go Forward." This is not a time to stand all the day idle and wait for something to turn up. Things are turning up all around us, opportunities present themselves on every hand, doors have been opening the last years with marvelous rapidity and in great abundance. This is not a time for retrenchment and for practicing false economy. It is time to sound forth and proclaim abroad in our Synod, in our District, in every congregation, in every mission, in every Sunday School and in every Young People's League within our Synodical boundary the divine will and royal command **to advance.** To the eye of faith the field today is like the mission field of Samaria and Judea in the day when our Savior said to His disciples, "Lift up your eyes and look on the fields, that they are white already unto harvest." John 4: 35. How different it would be if we had eyes like Jesus!

Let this, then, we our watch-word at this convention and during the coming year, the clarion appeal which we will hear and heed: "Forward in the name of Jesus!"

First of All in Christian Education. Augustana College and Augustana Academy

Augustana College and Augustana Academy have done good work the last year. The attendance has been very encouraging, and a large number will graduate at the end of this school year. The teachers and the students have worked earnestly and faithfully. Reports are coming to us that the graduates are a real credit to the school in their various fields of service, and that they have fine success. The new president, the Rt. Rev. O. J. H. Preus, was installed October 25 by Or. J. A. Aasgaard, and he has already given evidence of able leadership. We were fortunate in securing him for this position. Let us all give both him and Rev. Rothnem our whole-hearted support and co-operation. The school has a promising field, and, if we are willing to do our part and make use of the resources the Lord has given us, its future is secure. Students and money are needed, and it is possible to supply both if we have the interest and will. A Christian education has a greater value than most of us realize. It is absolutely necessary for the future of our Church. The College and the Academy perform a great service in shaping the lives of the young. But the task is as yet far from completed. We have a long ways to go in order to reach the goal. Let us by the grace of God put forth our best efforts to advance.

Elementary Christian Education

This part of the work cannot be stressed too much. It deals with the rising generation. It has to do with the very foundation of the Church. If the foundation is not built sound and strong, the super-structure will be accordingly. It is a busy and restless age in which we live. It is difficult to find time to instruct the children and the young people in the Christian faith. "We are careful and troubled about many things." But he who neglects this work neglects his most sacred duty, and this cannot be done without sad consequences to our homes, to our Church and to our country. Teachers' Training Classes, Sunday School Institutes, Sunday School, week-day school, Saturday and vacation schools and Bible classes cannot be emphasized too much. Confirmation instruction is of vital importance. Not only the District but every circuit and every congregation should have a committee of interested and consecrated people, whose duty it is to be responsible for this work in a special way. The Lord's command is to go forward.

Home Mission

Our District has a large Home Mission field. The harvest truly is plenteous. The doors are open in many places. Missionary work, like charity, begins at home. Therefore, we find that Home Mission work was carried on before any other mission work was done. It was necessary first to establish a home base before outside work could be done. The Church had to be planted at home before Missionaries could be sent to foreign lands. And even now that the home church is established—itself a blessed result of Home Mission efforts—and Foreign Missionary work is being done successfully, Home Mission is still necessary and of great importance and should be done as energetically and enthusiastically as ever. The first and foremost task of Home Mission is to gather the lost sheep of the Lutheran Church, and these we find on every hand. There are many of them.

But not only these. There are great numbers of unchurched people everywhere, people who have had little or no training in the Word of God. Have we any responsibility here? Yes, Jesus said to His disciples: "Go rather to the lost sheep of the house of Israel." This is a command to do Home Mission work. The disciples were faithful servants and did their Master's will. If we can say concerning any task or work, "God wills it," then there is but one thing for us Christians to do, namely to obey and carry out His will. The Lord will have no excuses. If we neglect to do a work which He has commanded, He will say to us some day, "Thou slothful and unprofitable servant." This is no less true in regard to Home Missions.

About thirty parishes in our District have received more or less support from the Home Mission treasury this year. Some are becoming self-supporting. We always urge the congregations receiving aid to become self-sustaining and to do their very best for the support of the work in their own field. The Home Mission pastors are working hard. Often the fields are difficult. The spirit of the world rules supreme, and all Church interest seems to have died out. Their salary is small, and many are working under difficult circumstances. Friends, let us remember the Home Mission in our prayers and in our giving. If we had some of thec onsuming passion for the salvation of the lost found in Jesus, we would do much more for this branch of our work. This activity is of vital importance to our District and to our Church. We are grateful to the Church Extension for assistance rendered in several places. Let us not forget to refund these loans as soon as possible, and let us all do our best that this fund may increase from year to year.

The Home Mission committee has met several times during the year and has done its work very conscientiously. Our annual Home Mission Conference of the District was held at the First Lutheran Church of Colton, S. Dak., Rev. K. B. Vaaler's charge. The Conference was well attended, and we had a very blessed meeting in every respect. It is our plan to have a similar one also this year.

The Augsburg Confession

This year marks the Four Hundredth Anniversary of this wonderful document. It has been the distinguishing mark of the Lutheran Church down through the centuries. It states clearly the reasons for its separation from the Catholic Church and for its refusal to unite with the Reformed Church and sounds the true and full note of the Gospel as it is found in the Word of God. It is a very precious heritage that has come down to us. We ought to make use of this splendid opportunity to call attention to it. Why not commemorate this signal event in every congregation? It would be an effort worth while in this age of doctrinal indifference.

Conditions in General

I have traveled through the District quite extensively, and my observation is thatc onditions are good. Church attendance is increasing in many places, and the number of those communing becomes larger and larger. This is encouraging. But it is also true that much indifference is manifested both as to Church going and attendance at the Lord's table. The Lord has entrusted the Means of Grace to His Church—first the Bible, the inspired Word, the Law and the Gospel, and then the precious sacraments,—and both are essential to the life of the individual Christian, as well as to the congregation. How important it is to administer these means diligently in devotion and in prayer to God; and we must never grow tired of inviting and urging upon our people to make use of these means. It must constantly be emphasized. The pastors are working ably and faithfully in most cases. It is an inspiration to see the unselfish devotion to the Cause of Christ manifested by many of them and their faithful helpmeets. The ministry demands complete devotion and wholehearted consecration. The restless and materialistic age in which we live makes it often discouraging and difficult for the pastors; yet the many earnest and interested Christian people in the congregations are of much help and bring joy to them in their responsible service.

The Family Altar is sadly neglected, and that does not bode well for the future. Would that the Family Altar might be found in every home. What a blessing it would be to ourselves and to our children, if we could meet daily in the quiet of our own homes before the throne of grace in prayer and meditation upon God's Word. If we fail to build Christian homes, then there will be no hope for our Church and there will be little hope for our country. The Church papers do not find their way to as many of our homes as they should. Next to the preaching of the Gospel and the administration of the Sacraments the pastor will find that these Church papers are very capable assistant missionaries

in doing Church work. They create interest in the Church and enrich our Christian knowledge. Let us make an earnest effort to get at least one of them into every home.

I realize tnat it is difficult for pastors serving several congregations to attend the mid-week meetings. You may call them Bible hours or prayer meetings. They are of great value to the spiritual life of the congregation and should be encouraged.

The Circuit

The South Dakota District is divided into thirteen circuits. They have all had their regular meetings during the year and as a rule have been well attended. The circuit meeting is of vital importance, and should be a source of blessing to many an individual and to our congregations. It should be the aim of all to make these meetings instructive, edifying and inspiring. Pastors and congregations should be concerned about the Circuit and its meetings. It would be very much worth while.

The Budget

Our District did well for the 1929 budget. Some of the congregations seemed to be somewhat indifferent and unconcerned. However, the great majority of them have manifested much interest, and many have contributed more than the amount asked. We wish to express our sincere thanks to pastors and congregations for the good work done, not least to Rev. T. H. Rossing, who has worked ably and faithfully for this cause. His position as Financial Secretary of the District is non-salaried; yet he has spent much of his time in this service. As you know, it has been decided both by the general Church and by the District to send in our contributions quarterly. These resolutions have been passed unanimously. We should stand by our decisions and live up to our resolutions. It makes it much more difficult if this work is postponed until late in the year. We should also bear in mind that no margin is added this year to take up possible shrinkage. Therefore, we hope that the congregations will find it possible to send in ten or fifteen per cent more than the amount submitted in order to make certain that our District will reach its apportionment this year also.

The Luther League

The work among the young people is of tremendous importance. It is fundamental. The best is not too good for them. They constitute the material for the building of God's Kingdom in the future. The Luther League is a splendid training camp for recruits in the army of the Lord. Regular meetings have been held in the local congregations and larger circuit meetings have taken place in every circuit. June 27-29 is the time set for the Annual District Convention of the Y. P. Luther League at Watertown, S. Dak. A fine program has been prepared, and we hope for a very large attendance. We are grateful to all who have contributed to the success of this work.

The Women's Missionary Federation

Also this year the Women's Missionary Federation has worked with a zeal and an enthusiasm characteristic of this organization. Much literature containing information about the Church has been distributed and a considerable amount of money has been raised for the four activities of our Church. Mrs. A. E. Johnson, the President, has spent much time for the extension of this organization. She has visited many of the circuits within the District and has been able to create and foster much interest for the cause she represents. She met with a serious accident last fall, but we are glad to note that she has recovered sufficiently again to perform her duties. The rest of the District officers, the officers of the Circuits and of the Ladies' Aids, as well as all the members, have worked nobly for the Kingdom of God. They have merited the gratitude of the Church.

The Evangelistic Work

It is generally acknowledged that the Church has been blessed through the work of the regularly appointed evangelists. Last year and this year some of the congregations have availed themselves of this service and enjoyed much blessing from it. Friends, let us appreciate the various spiritual gifts that the Lord has distributed among the members of His Church, and let us make diligent use of the means He has given us and continue to pray for the outpouring of the Holy Spirit.

Work Among Students at State Schools

I wish again to call attention to the work at the State Schools. We have many such institutions within the boundaries of our District, and hundreds of our young people attend them. When they spend nine months of every year for several years in the Spring time of life at these institutions, we can readily understand what a factor these institutions are in shaping the future of our young people. They are laying the foundation upon which the later structure of character is erected. Many of these young people will become leaders both in state and in Church. Our pastors who serve congregations where these institutions are located have a great responsibility. They realize this and work hard. Let us show our appreciation and give them all the assistance possible.

The Pastoral Conference

The Pastoral Conference of the District was held at Madison S. Dak., Feb. 24-27, Rev. S. C. Eastvold's charge. It was well attended, and a good program was provided. Pastor and people entertained us royally. These conferences are of great value to the pastors. All should make an attempt to attend if in any way possible.

Bible Institutes

Two Bible Institutes are to be held in our District this year as far as we know. One will be held in the Black Hills July 14-20. Very good instructors have been secured. You will find it very profitable to spend your vacation out there and to attend the Institute. Let us make it a record attendance this year. The other meets at Canton June 15-19. A very good program has been prepared. Let us make use of the opportunity. Let us speak a good word for both these Institutes and urge upon our people to attend. Bible Institutes for the purpose ow enriching our Christian life and faith ought to be very helpful, and let us try to take genuine interest in them.

Institutions in Our District

Augustana College and Augustana Academy have already been mentioned. Besides these, I should like to call your attention to the Bethesda Homes at Beresford, S. D. The Superintendent, Mr. J. O. Johnson, reports briefly as follows:

Bethesda Home for the Aged

"During the year 1929 nineteen men and twenty-two women, a total of forty-one aged, were cared for. Of these forty-one, three men and two women died, and one man was removed from the Home due to mental derangement, leaving fifteen men and twenty women at the Home Dec. 31, 1929. The work at the Home has gone on in its usual course without any interruption by sickness or other matters. The inmates received tender and loving care in a well heated building and comfortable surroundings, at peace among themselves, enjoying this haven of rest.

This year has been no exception in regard to the urgency for more room at the Home. Many worthy and needy men and women, who have pleaded to be admitted to our Home, could not be admitted due to lack of room. For some time we entertained the hope of building a new addition to the Home this summer, 1930, but as things look at this time, we shall not be in position to do it, as we cannot raise sufficient funds. The work with the aged, as well as with the children, affords a wonderful opportunity of pointing disconsolate and

wearied souls to the Lamb of God. This service has many direct promises from the Lord. Therefore, we consider it a blessed privilege to have a part in this service.

Bethesda Children's Home

A total of sixty-seven children enjoyed the comfort, tender care, religious instruction, as well as the regular school work, under Christian teachers and helpers. Ninth grade was added to our school work last fall, and we think it will be of much benefit to those children contemplating High School work.

The health condition among the children has been very good throughout the year. At present we have sixty-two children, our limit as it seems. Can say that the need of this work seems to be on the increase in our state, as new cases are called to our attention from every part of the state. With the help of the Field Worker and Investigator, Mrs. Harriet Mickelson, we have been able to look into and adjust many cases outside the Home, which means a saving in dollars and cents, as well as reaching out to help others to help themselves. With the helpfulness of the Ladies' Aids and many other organizations and individuals through donations "in natura" and cash, we managed to close our books at the end of the year with a small balance in the treasury. Indications are, though, that the year 1930 may be more of a problem in a financial way."

So far Mr. Johnson.

We would also call attention to the Beloit Home, Beloit, Iowa. Although it is located in Iowa, yet it is so near the line and many of our people are so interested in it, that we really feel that it is a part of our District. Let us remember these institutions in our prayers and with our gifts.

The House of Mercy, Sioux Falls, S. Dak., has rendered a noble service to the unfortunate this last year, too. Jesus said, "The Son of man has come to seek and to save that which was lost." That is the purpose of this institution in a special sense. The indebtedness has been reduced some during the year. We are grateful to all, especially to the Ladies' Aids of the District, for the financial aid they are giving. If each society will contribute a small amount yearly, we will not need a paid solicitor in the field, and the institution can continue its blessed work unhampered.

Prof. B. J. Rothnem has sent the following report of his work with the Deaf Mutes at the state institution in Sioux Falls:

"According to the arrangement made with the Home Mission Committee, I have visited the school regularly every other week since the opening of school in September. The enrollment in my classes this year is sixteen, ten of which are in the Bible class. The six are being prepared for confirmation. None of these will be confirmed this year, as it will be better for them to have a clearer understanding of the Christian teachings before confirmation. The Bible class has been studying the Gospel of Matthew. The attendance has been good and the children seem to be interested in the instruction given. May the Lord add His blessing to the work done this year also."

What a joy it should be to render such service to these children and young people.

Work at State Institutions and Hospitals

A number of pastors have done very commendable work among these of our people who have become patients at hospitals and inmates at our state institutions. This is a very important work and should be encouraged and supported. Rev. O. G. Malmin, Rapid City, S. D., has made frequent visits to the State Sanitarium near Custer, S. D., for those afflicted with tuberculosis. Rev. O. M. Orland, Yankton, South Dakota, has done a blessed work in ministering unto those of our Lutheran people who have become patients at the State Hospital, and whose conditions warrant and permit such ministration. C. S. Peterson has done faithful work for the feeble-minded at Redfield and Prof. B. J. Rothnem has made frequent and regular visits to the school of the deaf at Sioux Falls. Much emphasis should be made on the noble and blessed work performed by some of our pastors of the Denver Circuit for the sick and the helpless. We

want to mention especially L. A. Lavik, Colorado Springs, Colo.; J. Hjortaas and A. J. Tolo, Denver. Other pastors could be mentioned also. Our district expresses its thanks and appreciation to the pastors who are mindful of those among the Lutheran people who for some reason beyond their own control or who have for some other reason been confined in some of our state institutions other officiant is not mentioned it has been my privilege to perform this service.)

The National Lutheran Council

We wish again to call attention to our suffering brethren in Europe. We have passed resolutions expressing our sincere sympathy with these people and promising assistance to them in their dire need. The sufferings and trials of these fellow Lutherans, especially in Russia, are indiscribable. What a blessing ot would be to them and to us, if every congregation would remember this cause with a gift in form of a collection. "It is more blessed to give than to receive."

Necrology

Rev. T. A. Gunnarson, Veblen, S. D., died May 5 of this year. He has been a pastor in our Church ever since 1889, and has served mostly in Roberts and neighboring counties. He was really a pioneer pastor in that part of our district, and he worked hard and faithfully under difficult conditions. In Rev. Gunnarson our Church has lost a loyal and devoted friend. He retired in 1922, and has ever since lived on his farm near Veblen. We express our sincere sympathy with the bereaved widow and the children.

Rev. C. J. Eastvold, D. D., Vice-President of our District, passed away July 23. In him we have lost a friend whom we esteemed most highly and loved with sincere brotherly affection. Rev. Eastvold was an earnest and forceful preacher a thorough student of the Bible, a man of large vision and great enthusiasm, and a sincere and devoted follower of the Lord Jesus Christ. He had completed thirty-eight years in the work of the ministry, and we believe that it was granted unto him to perform service for the Kingdom of God that shall be of lasting and far reaching consequence. The Church has lost a faithful and efficient worker. This meeting will adopt suitable resolutions in his merory.

We shall elect one member of the Home Mission Committee; O. J. Sletten's term expires. Vice-President of the District for a period of one year to complete Rev. C. J. Eastvold's term. Financial Secretary; Rev. T. H. Rossing's term expires. A member on committee No. 6. Hon. H. C. Halvorson is the present member. One member to be elected on committee for Elementary Christian Education. Prof. B. J. Rothem's term expires. There may also be other elections.

In conclusion I wish to express my sincere thanks to pastors and congregations for kindness, support and co-operation. I have enjoyed hospitality and encouragement by all in the midst of shortcomings and mistakes. May the grace of the Lord Jesus Christ cover my failings. May God bless richly our dear Church in country, town and city. Let us pledge anew by the power of God to go forward in His name.

Yours in the Master's service.

A. J. BERGSAKER.

MINUTES OF THE SOUTH DAKOTA DISTRICT

The president opened the meeting with prayer and announced that the meeting was called to complete business left unfinished at the last session. The first matter to be considered was the election of District Vice-President since at the last election none of the candidates had a majority vote. The president read the names of Rev. Eastvold, Rev. R. R. Ulvilden, and Rev. H. A. Okdale, as candidates chosen at the last session to be voted on now. It was decided upon motion that the candidate having the fewest votes be eliminated from the ballotting and the second vote be cast for the two highest.

6. NORTH DAKOTA DISTRICT

a. President's Report

Grace and Peace in Christ Jesus:

Once more we are gathered in district convention. This annual event affords an opportunity for reflection, for retrospection, and for prayerful deliberation. We do well to pause for a moment and think of the unspeakable blessings we have enjoyed also this past year. We have also this past year been enabled through the Grace of God to have a systematic administration of the Means of Grace, and souls, dead in trespasses and sin, have thereby been made alive in Christ Jesus; we have also this past year been enabled to bring our children to Christ in the Sacrament of Baptism; we have had an opportunity to teach them the tenents of the Christian religion; we have enjoyed the Christian fellowship in the congregation of believers; we have been permitted to worship in the Sanctuary of the Lord unmolested, and there received strength for the trials and temptations of life; and, not in the least, we have had the privilege of being co-laborers with the Lord Jesus in the building of His Kingdom and the saving of souls. As we think of these things, and our faith is thereby strengthened and our hearts are filled with love and gratitude, let us examine ourselves and note in what measure we have given expression to this faith, love and gratitude in our lives and our service. May this reflection and retrospection fill us with increased zeal and a more earnest desire and determination to plan well for the His Kingdom, and to give ourselves fully in His service.

Elementary Christian Education

My report must of necessity be somewhat brief at this time, but I feel it my duty also this year, although I fear that it may seem a monotonous repetition, to emphasize the importance of a thorough instruction of the children in the Christian Doctrine. While it is true that our Parochial Statistics show a material increase both in the number of Sunday Schools as well as the number of pupils, and in general an increased interest and activity in the religious training of the children in our district, there is nevertheless much more to be desired on our part in this matter. Pastors and congregations should, therefore, give earnest and prayerful attention to this important and fundamental work of the church. May our children through such instruction be led to a personal feeling that it is good to belong to the Lord. Such experience would be of enormous help in the serious and decisive years of youth.

Concordia College

Concordia College is completing another successful school year. The total enrollment of regular course students is 479, which is a substantial increase of that of last year. Considering the difficult financial situation of the Northwest, we have reason to feel that this increase is most encouraging. The President of the college reports, that the students in general have manifested interest in their studies and that their conduct has been commendable. The various student organizations have carried on their work in a satisfactory manner, and health conditions have been good. The faculty has shown a deep and abiding desire to serve Christ in accordance with His Word and the confessional principles of our Lutheran church.

A step of considerable importance has been taken by the Board of Trustees of the college in the purchase of the Dakota Conservatory of Music located at Fargo. Let it be noted in this connection that the citizens of Fargo have pledged themselves to raise five thousand dollars to cover the initial cost of this institution. This venture should be of special interest to us for it brings a department of the college within the borders of our own district. This department is known as the Concordia Conservatory of Music, and offers an accredited course of music, thus making it possible for the young people of our district to receive just as fine a musical training here at our institution as they can obtain in the large cities of the

East. At present there is a faculty of twenty-one instructors and an enrollment of over four hundred pupils. We urge the pastors and delegates to make this known in their respective congregations, so that those who wish to specialize in music may do so at the Concordia Conservatory. Being located in our own district, let it be a matter of district loyalty, and may we add, district pride, to give the conservatory our support, that this department also may render the church a signal service.

In this connection it is proper to add that Mr. and Mrs. Norman B. Black of Fargo donated a splendid two manual pipe organ to the conservatory, but due to inadequate space in the conservatory, it was not possible to install it here, and for that reason it was finally placed in the college chapel in Moorhead. But being that Mr. and Mrs. Black originally intended this gift for the conservatory, that it might serve Fargo and the state in the training of organists, we feel that there rests a certain obligation upon us to place a practice pipe organ in the conservatory in the near future. Some efforts have been made in this direction, and Mr. Knute Norswing of Fullerton, California, has already promised five hundred dollars towards the purchase of such a practice pipe organ. The Board of Trustees has duly acknowledged these splendid gifts, but it may also be in order for this meeting in some manner to take cognizance of this generosity. Pipe organs are becoming more and more common in the churches also of our district, and the training of organists, therefore, also more and more important. A fine service can for that reason be rendered our church through a practice pipe organ at the conservatory, and we urge people of means to give this matter kindly consideration.

The District Young People's Convention

The District Young People's League will hold its bi-annual convention in Fargo, the 20th-22d of June. A fine convention program has been prepared, and we urge pastors and congregations to encourage the attendance of their young people. It is a matter of much gratification to us to note the active young people's work in our district. Much credit for this is due the splendid leadership. God grant that our young people may be kept within the fold of the church, and that they may take our places when we shall rest under the sod.

The Women's Missionary Federation

The Women's Missionary Federation has also this year been a helpful and stimulating influence to the local ladies' aids of the district. The Federation deserves much credit for the valuable information that it is spreading thorugh its literature. Again we urge that in circuits where as yet there is no circuit organization of the Federation, the District Federation President be invited to present the cause.

The Pastoral Conference

The Pastoral Conference of our District met in Fargo the 28-30 of January. The program was instructive and edifying. In our opinion the annual pastoral conference is of great importance, and means much in furthering efficiency in the ministry. It strengthens the feeling of fellowship, and gives larger visions and firmer faith. We urge the pastors to make every effort to attend the Annual Pastoral Conference.

Rev. Thomas Johnson Skjei, born March 18, 1854, ordained to the ministry in 1884, died at Northwood, March 22, and was buried at the same place March 28. All the years of his ministry were spent in this state. He was a faithful and consecrated worker in the Lord's vineyard.

It is proper that this meeting adopt suitable resolutions of condolence to the bereaved families.

Candidates for Ordination

The following candidates of theology, graduates of Luther Theological Seminary in the class of 1930, are recommended for ordination: Oscar E. Engebritson called to Rolette and associate congregations; Porter A. Gisvold called to Beach and associate congregations; Oscar Jordahl called to Granville and associate congregations; Kenneth L. Norlie called to Falsher and associate congregations; S. O. Sorlien called to Max and associate congregations.

The Budget

We have this year raised a little more than 85% of our share of the Synodical budget. If this amount had been remitted proportionately for the four departments, there should have been no deficit in our share of the budget for 1929. We are, however, in arrears on our contribution to Christian education. This may be due in a measure to a lack of appreciation of the importance of our Christian schools, and in a measure to a failure on the part of some in making the proper allotment. We, therefore, urge that you do not neglect the Department of Education, and that you do not fail to make your contributions proportionate for all four departments. We also urge that the raising of a 100% of the 1930 budget be our goal this year, and that the contributions be made early, and at the latest before the close of 1930.

Our Suffering Lutheran Brethren

One of the things that should engage our attention these days is the suffering of our Lutheran Brethren, especially in Russia. They are today passing through a martyrdom like unto that of the early Christians. Distance has been annihilated, so to speak, in our day and age, and these brethren are laying, as it were, at our door. We must not fail them. Remember them in your prayers constantly, and remember them with financial support. The National Lutheran Council has pledged itself for the raising of $60,000 to be used for Russian relief, and relief of our church in countries where it is in the minority. The sum requested of our Synodical body for this relief work is $12,000. Our district should not forget to raise its share. We lay it upon the pastors and congregations to take collections and offerings for this cause in the near future.

Home Missions

The District Home Mission Committee has held regular quarterly meetings and given faithful and serious attention to the Mission work of our district. We are glad to report that a number of Mission parishes have become self-supporting since the last district meeting. In several cases this is due largely to the effort of our traveling missionary, Rev. E. C. Tollefson. We wish to express our appreciation to all the pastors and congregations in these parishes for assuming their own financial responsibility at this time, and thus making it possible to extend our Home Mision Work in other directions. Our district offers many opportunities

for the extension of our church, and we should make haste to establish new work in places where it seems our particular duty to serve the Lord.

Elections

It will be necessary at this meeting to elect two members on the District Home Mission Committee, a secretary for the district, and a member on Committee No. 6. It is also the duty of this meetings to nominate thirty members for the board of Directors of the Lutheran House of Mercy at Fargo from which number the corporation will elect ten.

Conclusion

In conclusion I wish to express my gratitude to the pastors and congregations of the district for kind and courteous co-operation. I realize that there are many imperfections in my service as district president, and I ask of you that you will in prayer bespeak for me grace and wisdom, that I may in a measure be worthy of the trust which you have placed in me. May God's Kingdom become more firmly established in our district and many immortal souls be saved!

Your servant in Christ,

DAVID STOEVE.

Committee No. 1 on the President's Message read its report. The following are the paragraphs as adopted:

1. The North Dakota District, in convention assembled, gives thanks to God for the opportunities afforded in the building up of God's Kingdom in the past year, and heartily endorses the sentiments of our president in the introductory remarks of his report.

2. The District warns against the practice prevalent in some cases of confirming the youth without adequate instruction and at too early an age.

The District would recommend that the pastors give a two-year course prior to confirmation.

While we recognize the importance of Sunday School and urge its improvement and increased use, we believe that it cannot take the place of the parochial school. The parochial school is of greater importance than we probably realize.

The District recommends that the age of 14 years be minimum for confirmation.

3. The District appreciates the generous gift on the part of Mr. and Mrs. N. B. Black, Fargo, of a splendid two manual pipe organ to Concordia College, and expresses its thanks for the gift.

4. The District expresses its appreciation of the work being done by the Luther League and the Women's Missionary Federation.

5. The District concurs in the recommendation of the president that a larger percentage of pastors attend the District Pastoral Conference.

6. The District calls attention to the president's message n regard to the budget and our suffering Lutheran brethren, and recommends its consideration.

Mr. Lokken spoke about electing Committee No. 1 before the meetings of the District at the biennial meetings. No action was taken.

Rev. P. J. Johnson reported as a Committee on Resolutions:

Since God in His infinite wisdom has seen fit to call Rev. T. J. Skjei and Mrs. Thora E. Dahle to their reward, be it

Resolved,, The North Dakota District in annual convention assembled gives thanks to Almighty God for the labors He enabled our departed brother and sister to perform so faithfully and long in the North Dakota District. That we herewith extend our sincere sympathy to Mrs. T. J. Skjei and family, and to Rev. J. O. Dahle and family, and pray that our Heavenly Father by His grace will sustain and comfort them in their loss and sorrow. Paragraph adopted.

Be it further Resolved: That North Dakota District in annual convention assembled hereby expresses its sincere appreciation to Mr. and Mrs. Norman B. Black of Fargo, N. D., and to Mr. and Mrs. Knute Norswing of Los Angeles, Cal., for their highly valuable contributions to Concordia College Conservatory of Music. We highly appreciate the keen interest hereby shown in the cutural life of the Northwest. Paragraph adopted.

The minutes of this meeting were read and approved. Motion was made to adjourn. Adopted. The meeting closed with hymn singing and the Lord's Prayer.

JOSEPH JOHNSON, Secretary pro tempore.

7. ROCKY MOUNTAIN DISTRICT

a. President's Report

To the fourteenth annual convention of the Rocky Mountain district of the Norwegian Lutheran Church of America:

Grace and Peace through our Lord and Savior Jesus Christ.

The Lord has been very gracious unto us. He has spared our lives and permitted us to continue in the work of the Kingdom.

"We give thanks unto Thee, O God; we give thanks, for Thy name is near; men tell of Thy wondrous works." Psalms 75: 1.

The observations that I have made and the reports that I have received from the different pastors are very encouraging in many respects. Church attendance, a marked increase in attendance at the Lord's table, a more liberal support of the work by the members, a much greater interest in the Religion School for children. There is also an apparent awakening of interest for the Young People's work. These are some of the more encouraging things observed.

The one especially sad thing that we observe is the lack of family devotion in the homes of our church members. Unless the family altar is restored and true Christian piety permeates our homes and a Christian example set for the young people, the future progress of the church and its influence for good will not be commensurate with the high ideal set before it by the Lord and Master himself.

The means of Grace and Salvation as revealed in Christ Jesus are effective wherever applied, and accepted through a living faith. This we have found to be the only sure cure for the ills of the world. Jesus Christ and Him crucified should at all times be the living message to the dying world.

It is apparent and very encouraging that most of the pastors are taking a much keener interest in the Sunday School than before, and are doing what they can to obtain more qualified and efficient Sunday School teachers and encouraging the adults to attend the Sunday School Bible classes. This is as it should be.

I am very happy to report that the Mission work in our district is going forward. That we are progressing even beyond expectations. This is in a great measure due to the splendid efforts and work of the many faithful pastors. I am therefore very optimistic and hopeful of better days to come for the Church in our district.

The following charges have during 1929 become self-supporting:

1. The Westby Charge, Westby, Montana. (Vacant).
2. The Farmington and Dutton Charge, Montana, served by Rev. E. F. Carlson.
3. The Joplin Charge, Montana, served by Rev. Olaf Engh.
4. The Hogeland and Turner Charge, Montana, served by Rev. O. J. C. Norem.
5. The Shelby Charge, Shelby, Montana, went self-supporting from the start. Served by Rev. Earl Soiland.

This is something almost unique in the history of our Missions in Montana.

6. The Missoula Charge, Missoula, Montana, served by Rev. O. M. Grimsby, took perhaps the biggest load of all when they went self-supporting.

In the last few years something like fifteen Mission charges have become self-supporting. A fact over which we have reason to be happy.

If crops had been more favorable in Montana last year the Opheim and Malta and Absarokee charges would also have gone self-supporting. We hope that this year will be a good year for them to become independent, and if

nothing special prevents it, it is likely that many more will become independent this year. It is at least expected that a number of others will make substantial reductions towards becoming self-supporting.

The Froid charge, Froid, Montana, will remain independent of the Mission. The new Bainville charge, formerly a part of the Froid charge, will together with the Culbertson and Brockton, served by Rev. O. J. Hagen, form a new charge. This will be almost self-supporting from the start, only a small amount will be needed from the Mission for the first year.

Mr. Charles E. Johnson, Candidate of Theology, has accepted the call to Bainville, Montana.

Consolidation of Congregations:

St. Luke's Lutheran congregation, Spokane, Washington, served by Rev. Theo. P. Neste and the Manito Lutheran congregation, Spokane, Washington, served by Rev. G. Peterson, have consolidated and have formed the Central Lutheran Church, Spokane, Washington.

Rev. M. B. Tollefsrud, Landa, North Dakota, has accepted the call as the future pastor of the new congregation.

Application of New Congregations

1. The St. Luke's American Lutheran Church of Shelby, Montana, Rev. Earl Soiland's charge, applies for membership in the Rocky Mountain District. The congregation has accepted the model constitution for congregations of our church body.

2. The American Lutheran Church of Dillon, Montana, applies for membership in the Rocky Mountain District. The congregation has accepted the model constitution for congregations of our church body. (Vacant.)

Dissolved:

The Denton Lutheran congregation, Denton, Montana, has dissolved for lack of interest and membership.

Marmarth Lutheran Church, Marmarth, North Dakota, has withdrawn from the Baker charge, served by Rev. E. Tollefsen, and will be served by the North Dakota District.

3. The American Lutheran Church, Winnefred, Montana, Rev. O. Rude's charge, applies for membership in the Rocky Mountain District. The congregation has accepted the model constitution for congregations of our church body.

Installation of Pastors:

Rev. Eugene W. Lee was installed in the St. Paul's Lutheran Church, St. Maries, Idaho, January 6th, 1929.

Rev. O. M. Simundson was installed in Our Savior's Lutheran Church, Laurel, Montana, August 4th, 1929, and in the Joliet Lutheran Church the same day.

Rev. A. O. Johnson was installed in the Hope Lutheran Church, Bozeman, Montana, September 15, 1929.

Rev. Amund Tveit was installed in Our Savior's Lutheran Church, Clarkston, Washington, September 22, 1929.

Rev. Earl Soiland was installed in the St. Luke's American Church, Shelby, Montana, October 13, 1929.

Church Dedications

The following churches have been dedicated during the year:

The St. Paul's English Lutheran Church, Missoula, Montana, Rev. O. M. Grimsby's charge. May 26, 1929.

The Selbu Lutheran Church, La Crosse, Washington, Rev. J. O. Trontvedt's charge, June 23, 1929.

The Silver Bow Lutheran Church, Hogeland, Montana, Rev. O. J. C. Norem's charge. July 28, 1929.

Laying of Cornerstones.

The St. John's Lutheran Church, Billings, Montana, Rev. G. E. Nerison's charge. June 30, 1929.

The First Lutheran Church, Turner, Montana, Rev. O. J. C. Norem's charge. July 28, 1929.

The following nine Theological candidates from our Seminary have accepted calls in our district and are recommended for ordination by the District:

1. Selmer L. Almlie to Westby, Montana.
2. Axel Anderson to Richey, Montana.
3. Harold M. Engh to Conrad, Montana.
4. Helmer B. Hanson to Dillon, Montana.
5. Lant M. Hanson to Rapelje and Belmont, Montana.
6. Charles E. Johnson to Bainville, Montana.
7. M. O. Kraabel to Circle, Montana.
8. John M. Rasmussen to Lewistown, Montana.
9. Carmen P. Thronson to Saco, Montana.

Most of these will be ordained at our annual meeting and ready to start work in their respective charges in the near future. May the Lord's blessing continue to rest upon each of these Brethren in their respective field of labor. We extend to all of them a hearty welcome of Christian fellowship and cooperation in the work for the Kingdom of our Lord.

Pastors Moved Out of the District

Rev. J. N. Dordal, moved to North Dakota District.
Rev. I. M. Stubchair, moved to the Eastern District.
Rev. E. Lee, moved to the North Dakota District.
Rev. D. J. Hatlem, moved to the North Dakota District.
Rev. G. Peterson, moved to the Eastern District.
Rev. Carl Otte has left as missionary to South Africa.

Pastors Moved Into the District

Rev. Harold Siqueland to Glasgow, Montana.
Rev. Amund Tveit to Clarkston, Washington.
Rev. J. E. Nelson to Newport, Washington.

Pastors Moved Within the District

Rev. A. O. Johnson moved from Wolf Point, Montana, to Bozeman, Mont.

Rev. S. Veldey moved from Newport, Wash., to Coeur d'Alene, and belongs to the English District.

The Belmont Lutheran Church, Belmont, Montana, Rev. B. M. Alstad's charge, lost their church by fire on Christmas day. There was a small insurance on the church. In trying to decide where to rebuild the church, the congregation split, and part of the congregation left and formed a new congregation at Lavina, Montana, where Rev. Alstad resides. As far as I can see, there seems to be room for a congregation at Lavina, and we hope and pray that even this split will turn out for the best for all concerned.

Evangelistic Work

Evangelist O. K. Lokken has done considerable work in our district during the year. He spent most of the time in the Inland Empire. His work is very much appreciated. We are truly thankful to God and our Church for the very helpful assistance of our Evangelists.

Circuit Meetings

Meetings have been held in all the Circuits during the year. These meetings have been very good, both inspirational and instructive. The programs have been worked out in a practical and splendid manner. Besides the Circuit Meetings, the District Mission meeting was held at Big Timber, Montana, Rev. A. Holbeck's charge, March 13 to 17, 1929.

A pastoral conference was held at Malta, Montana, April 16-17, Rev. A. B. Cornelson's charge. A Lutheran Bible Institute was conducted at Loon Lake, Washington, in July. A number of similar mission meetings have been held in different places in the District.

Women's Missionary Federation

The Women's Missionary Federation is a very important factor in our church work. It is doing a work that perhaps no one else could do. We are indeed grateful for the work that this organization is doing in our own district. The President, Mrs. O. M. Grimsby, Missoula, Montana, deserves our thanks for her untiring efforts.

Election

This year we have to elect one member on the Home Mission Committee as the term of Rev. T. P. Neste expires. Also a district financial secretary. Rev. O. K. Davidson is the present financial secretary. The term is one year.

Budget

I again want to plead with our pastors and congregations to do all in their power to send in their fair share of the budget as early as possible, either weekly, monthly or quarterly. This is our Christian privilege and duty as much as it is to worship God, and praise His holy name for His manifold blessings to us. Let us all try to go over the top this year, and do it early.

Book Mission

The Book Mission is doing good work. I have seen visible results of this work in many places. Hope all of the pastors will make use of the Book Mission literature in their work, and also give it financial support.

Elementary Christan Education

I feel that an intelligent interest is growing in the consciousness of our people for the religious instruction of the children. We cannot pray too much or sacrifice too much for this kind of work. It is fundamental to Christian life and happiness for time and eternity. It is our greatest and most important work. I plead with you pastors to impress this truth upon your hearers. The secretary for the District Board will report at this meeting.

A very successful students' convention was held at Spokane College in January.

Pastors who have resigned

Rev. Carl Opsal; Rev. O. O. Andvik.

Spokane College

Spokane College has not been running for this last year. The reason for this is lack of funds. It will no doubt be decided at our annual meeting this year what is to be done by this institution in the future. Spokane College belongs to the Church body. It is owned and operated by the General Church Body. It would be proper, however, for the district convention to make some suggestion to the General convention as to what should be done with Spokane College for the future.

Coeur d'Alene Old People's Home

The Coeur d'Alene Old People's Home according to reports received is doing a good work and deserves the prayers and support of the Christian people.

I have during the year attended a number of Mission Board meetings, all of the circuit meetings but one, Church Council meetings and meetings of the Finance Committee.

I have visited 55 congregations. I took sick the last days of October, and was unable to work the rest of the year.

In closing permit me to express my sincere gratitude and appreciation to all the pastors and members of our congregations for their loyal support and co-operation in the work for the kingdom of our Lord Jesus Christ.

Als wish to thank all who remembered me in their prayers during my illness, and in so many ways expressed their Christian sympathy and good will. May God bless you and reward you.

How blessed it is to serve the Lord and wear ourselves out, as it were, in His service. It is after all the greatest work that any one of us can be found occupied in. The work of saving precious souls for God's Kingdom. What can be greater?

May the Lord find us all, more and more faithful, more fervent in prayer, more willing to serve and sacrifice, more filled with the love and spirit of Christ, with a greater passion for souls.

Yours in Christ,

A. M. SKINDLOV.

We have met in convention to review some of our work as a Christian Church through the past year and to deliberate prayerfully upon our problems of Church activities as conducted by our Church at large. May the Spirit of God lead us into a feeling of humility over our own shortcomings and a sense of appreciation for what the Lord so graciously has done and the program of work He has entrusted us to conduct.

We are truly thankful to the W. M. F. for the splendid work they have conducted in our district, arousing more interest and consecration for the work among our people in behalf of our Missions. May their work be blessed by the Lord.

Y. P. L. L.

The 60th anniversary will be celebrated D. v., Nov. 16-23, 1930.

In conclusion I wish to thank the pastors and congregations for their co-operation and prayers. I realize my many shortcomings and pray for your kind co-operation and prayers in our work which is so difficult in many ways, and filled with so many responsibilities. May the Lord bless you and your work to the glory of God and our Savior Jesus Christ.

Yours in the name of Jesus.
J. A. EMANUEL NAESS.

9. NORWEGIAN LUTHERAN CHURCH OF CANADA

a. Formandens indberetning

Kjære medarbeidere i Herren!

Vi er samlet her til distriktsmøte for at fatte de nødvendige bestemmelser angaaende det arbeide vi som distrikt har at gjøre indtil næste distriktsmøte. I den anledning skal jeg gi en kort oversigt over arbeidet i det forløpne aar og peke paa de vigtigste ting vi som distrikt bør fatte bestemmelser om. Maa Herren være med i dette arbeide!

Vort missionsarbeide

1. *Hedningemissionen.* Det er med glæde og tak til Gud at vi minder om at vi paa hedningemissionsmarken har 6 arbeidere fra Canada distrikt, idet pastor Palmer Anderson og hustru, samt Miss Ida Groseth, atter er reist ut til Kina. Maa vore arbeidere baade i Kina og paa Madagaskar bli mange hedninger til velsignelse! Det er os likeledes en glæde at kunne berette at Canada distrikts andel til hedningemissionen sidste aar blev indsamlet med overmaal. Maa denne nidkjærhet for hedningenes frelse anspore vort folk til nidkjærhet ogsaa for vort eget folks frelse, saa de yder i overmaal ogsaa til indremissionen!

2. *Indremisionen.* Der var i det forløpne aar 30 arbeidere i vort indremissionsarbeide som fik mere eller mindre støtte av missionen, og paa grund av det reducerte budget saa det umulig ut at faa det av kirken garanterte beløp at strække til. Sekretæren fik paabud om, allerede fra aarets begyndelse, at holde sig indenfor grændsene av det garanterte beløp, i sine anvisninger. Sekretæren saa sig da nødt til at reducere hver enkelt anvisning med 15%. Det viste sig at flere av missionsprestene ikke kunde klare sig med den reducerte løn. En henvendelse til missionsmenighetene om at øke sine bidrag til presteløn blev mødt med velvilje, og missionskomiteen besluttet at hver arbeider skulde faa sin lovede løn, og ved eksekutivsekretærens, Mr. Hoels, hjælp blev der fundet en utvei til at komme igjennem ogsaa dette aar, og vi kan til Guds ære og pris si: Hitintil har Herren hjulpet. Men stillingen blir vanskeligere fra aar til aar. Flere arbeidere trænges, der er nu mindst fem steder, eller rettere strøk, hvor vi burde ansætte nye arbeider for at samle vort folk og faa menigheter organiserte, og to reisende misionsprester burde ansættes, en for Saskatchewan og en for Alberta og British Columbia. Disse kunde opsøke og betjene de spredte grupper av vore landsmænd av og til mens koloniseringen paagaar, og det viser sig om der blir mange nok til at organisere menighet og ordne med fast betjening. Men at faa disse nye arbeidere vilde forøke vort indremissionsbudget med $12,000, og hvor skal vi faa dem fra? Den sum som samfundet garanterer os for vort indremissionsarbeide i Canada dette aar er det samme som for ifjor, nemlig $17,595.64, og det strækker neppe til for de arbeidere vi allerede har. Her er kun en mulighet for at kunne kalde flere nye arbeidre, og det er at de kald som nu har faat støtte av missionen i saa mange aar nu sier tak for hjælpen de har faat, og blir selvstændige kald som selv lønner sin prest, eller at de ialfald tar et kraftig tak i retning av at bli selvstændige. Skulde ikke vore brødres nød ute i pionærstrøkene bevæge dem dertil?

3. *"Hyrden."* En god støtte og hjælp i indremissionsarbeidet har vi i vort distriktsblad "Hyrden". Det var distriktet som bestemte at dette blad skulde ut-

gives, og det er derfor distriktets pligt at gi det den støtte som trænges for at det kan bedbli at utføre sin gjerning. Dersom fornyelser blev indsendt i rette tid og med et par hundrede nye abonnenter paa listen, vilde bladet godt kunne klare sig.

4. *Emigrant- og kolonisationsvirksomheten.* Denne virksomhet har til hensigt at støtte vort indremissionsarbeide, derved at det veileder nyankomne til saadanne steder hvor vort folk allerede er bosat og har organiseret menigheter, eller hvor der er anledning til at danne norske kolonier i nye strøk. Virksomheten har ogsaa været til stor hjælp, særlig for emigranter fra Norge. Vor emigrantprest, pastor T. J. Langley, er nu saa vel kjendt med det som kræves i denne tjeneste at han kan gi oplysning, raad og veiledning som er de nyankomne til uvurderlig hjælp. Det er vort haap at kirken fremdeles maa faa drive denne virksomhet uforstyrret.

5. *Evangelistvirksomhet.* I nær forbindelse med vort indremissionsarbeide staar evangelistvirksomheten. Distriktet bestemte ifjor at kalde egen evangelist, og valgte en komite paa tre til at ordne med evangelistvirksomheten i distriktet. Det blev ogsaa besluttet at offer optages hvor evangelisten virker. Denne beslutning var mangelfuld, idet den ikke sikret virksomheten de midler som trængtes for at drive den. Komiteen fandt derfor at den fra nyaar av ikke kunde være ansvarlig for evangelistens løn og underrettet ham derom, samt anmodet ham om at fortsætte arbeidet uten fast løn, støttet av de frivillige offer som indkom der hvor han virket Dette blev indvilget, og slik er nu stillingen hvad denne virksomhet angaar. Samfundets evangelister, pastor H. N. Rønning og pastor T. Tjørnhom, har ogsaa virket en del i distriktet; den førstnævnte sammen med pastor O. Asper var os særlig til hjælp i at oparbeide interessen i Sylvan Lake kaldet, saa det atter blev mulig at ansætte prest der, og den sidstnævnte virket en ukes tid i Port Arthur, Ont., pastor N. R. T. Braas kald.

Skolene

1. *Outlook College,* som er distriktets skole, har hat et i alle hensender velsignet skoleaar; fuldt hus (125 elever), gode lærekræfter, godt samarbeide, sundhet og en god kristelig vandel blandt skolens elever. Der er sterk krav paa mere rum, flere ansøkere kunde ikke optages paa grund av mangel paa rum, særlig er trangen til flere klasseværelser meget følbar. Planen at utligne den gamle gjæld paa menighetene i Saskatchewan saaledes, at hver av dem overtok en viss del av den, har været mødt med velvilje av de menigheter som har svaret, og flere av disse har indsendt det fulde beløp. De menigheter som endnu ikke har besluttet at overta sin andel bør gjøre saa med det allerførste. Da vi faar en indberetning fra skolens bestyrer, og fra skolekorporationens kasser, skal jeg la det bero med dette.

2. *Camrose College,* har ogsaa hat et godt skoleaar med prof. C. A. Ronning som bestyrer. Ogsaa denne skole har hat fuldt hus og har hat den glæde at se sine elever vandre i sandheten.

Hospitals- og barmhjertighetsarbeide

1. *Hospitalsarbeidet.* Det hører med til en prests gjerning at besøke de syke, enten de er hjemme eller paa hospitalene, men for de presters vedkommende som bor i de større byer blir der krav paa at besøke dem som kommer ind fra længere bortliggende steder og dem som ligger paa sanatoriene, og det er det arbeidet her nævnes. Blandt dem som har utført saadant arbeide kan nævnes prestene Haaland, Urness, Tandberg, Hofrenning, Solheim, Wessel og Brandser. Distriktet paaskjønner den opofrelse disse prester har utvist i dette arbeide, særlig pastor Wessel i Edmonton, og pastor Tandberg som ved siden av hospitalene og sanatoriet i Prince Albert, Sask., ogsaa, under vakansen i Saskatoon, har besøkt hospitalene og sanatoriet der.

2. *Alderdomshjemmet.* Bethania alderdomshjem har i aarets løp sørget for 25 gamle. For at kunne skaffe rum for flere ansøkere er et hus leiet med rum for 6 nye ansøkere. Bestyreren, pastor J. O. Gjøvik, vil gi nærmere oplysninger om hjemmet i sin indberetning. Jeg vil kun faa minde om det stigende krav paa et godt tidsmæssig hjem for de gamle. Der maa dette aar tages alvorlig fat paa at samle de $50,000 som kræves for at kunne bygge det nye hjem i Camrose, Alberta.

Budgettet

Vor finanssekretær, pastor J. T. Borgen, vil i sin raport gi nøiagtige oplysning om utfaldet av indsamlingen til budgettet for 1929. Fra aarets begyndelse saa det noksaa lyst ut og vi hadde godt haap om at kunne samle vor andel; men det viste sig at de villige arbeidere var tidlig ute og indsendte sin fulde andel allerede ved aarets begyndelse, de mindre villige kom med sin bidrag senere og de uvillige kom slet ikke. Det var de personlige bidrag, som beløp sig til $2,000 og litt mere, som hjalp os at komme maalet saa nær som vi gjorde. Jeg vil faa minde de menigheter som ikke var med i arbeidet og tok sin andel om det Herrens ord: Bærer hverandres byrder og opfylder saaledes Kristi lov.

Kirkelige handlinger og andre møter

1. *Ordinationer.* Tre prester er blit ordineret av distriktsformanden det forløpne aar: Kandidat Palmer Anderson, kaldt til missionær i Kina, blev ordineret under distriktsmøte i Camrose, Alberta, den 16de juni 1929; kandidat Rasmus Dahle-Melsæther, paa kald fra Viceroy, Sask., kaldet, blev ordineret i sit kald den 25de juni 1929 og hr. John Hilland, paa kald fra Macoun, Sask., kaldet blev ordineret under kredsmøte i Bromhead, Sask., den 3dje november 1929.

2. *Indsættelser.* Fem prester er blit indsatte i sine kald: O. Asper i Wetaskiwin kaldet den 4de august; R. Dahle-Melsæther i Viceroy kaldet den 22de september; Axel A. Anderson, i Enchant kaldet, den 3dje og 6te oktober; P. E. Nelson i Naicam kaldet den 10de november og John Hilland i Macoun kaldet den 1ste til 4de december 1929.

3. *Grundstenslægninger.* Grundsten er blit lagt for følgende kirker: St. Olaf i Macrorie den 28de juli; Central Lutheran i Moose Jaw den 1ste september; Bethania, ved Cabri den 20de oktober; Weldom i Weldom den 31te oktober og Bethesda ved Wilcox den 2den december 1929.

4. *Kirkeindvielser.* Central Lutheran i Moose Jaw den 17de november 1929.

5. *Andre møter..* Har i aarets løp overværet 28 forskjellige møter som kredsmøter, komitemøter, menighetsmøter, visitasmøter osv., og har desforuten holdt 55 prækener, og i et tilfælde arbeidet en hel uke i et vakant kald for at faa det ordnet saa det kunde kalde prest. De sidste to maaneder av 1929 brugte jeg det meste av tiden til indsamlingen av budgettet.

Presteflyttelser

Følgende prester har fraflyttet distriktet: P. P. Houglum, Amund Tveit, T. M. Bakke, L. O. Helleklev, R. Hermansen, A. H. Melom og O. R. A. Tollefson. Følgende har tilflyttet distriktet: P. E. Nelson til Naicam, Sask.; Axel A. Anderson til Enchant, Alta.; R. Dahle-Melsæther til Viceroy, Sask.; John Hilland til Macoum, Sask.; John Alver til Watrous, Sask.; E. E. Hoff til Moose Jaw, Sask.; og Ingvald Hustvedt til Saskatoon, Sask.

Følgende har flyttet inden distriktet: A. K. Odland fra Preeceville, Sask., til Torquay, Sask.

Sygdom og dødsfald

Pastor L. O. Helleklevs hustru har efter et længere sykeleie faat hjemlov. Vi erindrer med tak til Gud det arbeide hun utførte ved sin mands side i missionsarbeidet i British Columbia. I dette arbeide ofret hun alt. Canada distrikt uttaler sin dype medfølelse med pastor Helleklev i det store tap han har lidt, paa samme tid som det vil uttale sin tak til ham for det offer som han, sammen med sin avdøde hustru, har bragt for Herrens sak til sjæles frelse, og det vil faa ønske over ham Guds rike velsignelse i hans nye kald.

Emissær Ole Mosby, som i mange aar har tjent vor kirke i Canada, har faat hjemlov. Vi takker Gud for hvad han gav os i emissær Mosby og ber ham som er høstens herre at han vil utdrive flere slike arbeidere i sin høst.

I anledning Mrs. A. H. Meloms sygdom vil Canada distrikt faa uttale sin medfølelse med hende, som med den hele familie, og ønske for hende en hurtig bedring.

I anledning av at pastor og Mrs. H. L. Urness, inden et kort tidsrum har hat

tre av sine barn paa hospitalet, vil distriktet ogsaa faa uttale sin medfølelse med dem og vil faa minde baade dem og de andre lidende om det Herrens ord som sier at alle ting tjener dem tilgode som elsker Gud.

Distriktet vil ogsaa faa uttale sin sympati med pastor J. A. Berge og hustru hvis datter, deres eneste barn, efter en længere tids sygdom avgik ved døden. Maa opstandelsens herre være deres trøst!

Valg

Da distriktet ifjor fattet denne beslutning: "Foreslaat at alle de valg som er gjort for et aar, at terminen blir paa to aar, saa at disse valg blir gjort naar aarsmøtene holdes i Canada. Antat." Se aarsberetningen for 1929, side 298, saa har vi kun følgende valg at gjøre som ikke dækkes av denne beslutning: To medlemmer paa Board of Trustees for 3 aar, terminen utløper for J. E. Marken og Ludvig Hovland. Et medlem paa Indremissionskomiteen for 3 aar, terminen utløper for pastor A. K. Oakland. Et medlem paa distriktets Board of Charities, terminen utløper for L. E. Løveseth. Da der ifjor ingen blev valgt til at fylde vakansen paa Board of Management for Outlook College efter pastor O. Ellingsons resignation, saa har Boardet fyldt denne vakanse ved at vælge pastor H. L. Urness, og det anbefales at dette valg godkjendes. Medlem paa samfundets indremissionsbestyrelse for tre aar: Terminen utløper for pastor J. P. Tanberg.

Maa Herren lede os i vore forhandlinger! Eders ringe medarbeider,

J. J. AKRE.

B. Reports

The reports to this department are given under "Reports from National Officers," pages 7-100.

B. Report from the Committee

N. B.—Resolutions are given as adopted. The "consideration of the report" given below, tells what changes have been made. A resolution with a bar on the side is not adopted in the form given in this report.

Committee No. 1, consisting of Rev. M. H. Hegge, Rev. L. F. Scheie, Rev. E. E. Hoff, Rev. J. Muller Eggen, Rev. O. R. Sletten, delegate Judge A. Grindeland, Rev. O. L. Jensen, delegate E. A. Dalager, delegate A. L. Lekness, Rev. M. E. Hauge, organized itself by electing Rev. M. H. Hegge as Chairman and Rev. M. E. Hauge as Secretary.

The Committee begs leave to submit the following report:

Sec. 1.—Thanksgiving

1. The convention expresses thanks to Almighty God for the manifold and unmerited blessings which He continually bestows upon our Church; that our pastors and congregations are more and more entering into the spirit and work of our Church; that there is increasing willingness and eagerness to co-operate in the work of building the Kingdom of God, that our pastors are faithfully working with the instruction of the children, with the preaching of the gospel, caring for the sick and sorrowful; that there is in our congregations a growth in the appreciation and understanding of the program and work of the Church and a growing increase in legacies and voluntary donations to our Church and that the Lord of the Harvest is sending forth many new laborers into his harvest.

We pray for God's continued guidance and blessing as we go "Forward with Christ" in the great work of saving souls.

2. We express our appreciation and thanks to our president, Dr. J. R. Aasgaard, and to the other officers of our Church for their faithful and efficient services in their respective offices.

Sec. 2.—Christian Education

1. In view of the fact that there was a deficit of almost $21,000 in the branch of education while the guaranteed budget allowance to the other three branches of our Church work was considerably oversubscribed and that previous reports have showed a similar tendency, the committee urges all pastors to so emphasize the importance of Christian education to their parishioners that this department may be held on the par with the three other departments of our work in the minds of the people.

2. In view of the fact that our Church now has no school west of Sioux Falls, South Dakota, the committee urges this convention to give due consideration to the needs of Pacific Lutheran College.

3. The committee fully appreciates the need of a new building at Luther Seminary and recommends that the convention give due consideration to such need.

4. The Board on Elementary Christian Education is to be commended on its splendid work, and our pastors and lay people should show increasing interest in its activities.

5. The American Bible Society deserves our thanks and hearty support in its work.

Sec. 3. Foreign Missions

1. While the many activities of our Church here in our homeland must be carried on with increased vigor, the cry of the heathen world must not fall upon deaf ears. Thanks be to God for the work done on our mission fields in China,

Madagascar, and South Africa, and for the consecrated men and women, who are devoting their lives to bring the gospel light to those who sit in darkness. A hearty welcome to the superintendents of these mission fields and other missionaries who are coming home for a well-earned vacation.

Sec. 4. Charities

We heartily express our gratitude to all the faithful servants in the department of Charities. Surely the Lord has commanded us to bear one another's burdens and not the least of these, the burdens of these least among us. May God continue to bless every such effort that these unfortunate too may find the true rest and peace. We especially recognize with gratitude the long and faithful services of Mother Superior Ingeborg Sponland.

Sec. 5. Home Missions

1. We heartily recommend what our president calls our attention to, relative to Home Missions student pastors and Church Extension. The importance of zealously engaging in Home Missionary work insofar as the welfare of our Church body is concerned cannot be overestimated.

2. Our Lutheran students attending tax supported institutions must be protected from the curse of modernism and be influenced to remain loyal to the principles of the Lutheran Church.

3. We urge the pastors and congregations to give due consideration to Church Extension and plead that every congregation make an effort to lift an annual offering for this branch of our work.

Sec. 6. Catechism and Book Mission

We wish to express our appreciation to the Book Mission for its valuable service in spreading the Word of God, especially for the publication of the Catechism for free distribution. It is hoped that this edition may be continued. We urge our people to remember the Book Mission in their prayers and contributions.

Sec. 7. Auxiliary Organizations

We concur in the words of our president relating to the Women's Missionary Federation, the Young People's Luther League, the Daughters of the Reformation, and the Norwegian Young People's Society. These various auxiliary organizations have been of great aid and inspiration to the Church through their respective agencies. We pledge them our faithful and loyal support. We especially wish to congratulate the Young People's Luther League upon the publication of its monthly magazine which is recognized as one of the outstanding publications in its field.

Sec. 8—Pensions.—Deleted

Sec. 9. National Lutheran Council

In response to the call that still comes to us to help our suffering and struggling brethren in many places in Europe our people are reminded by prayer and by gifts to continue to aid on the work of spiritual and financial relief so efficiently carried on by the National Lutheran Council.

Sec. 10. Lutheran World Convention

We rejoice to notice that the following resolution, submitted by President Aasgaard, Bishop S. Stadener of Sweden, and Bishop J. Gummerus of Finland, was unanimously adopted at the Second Lutheran World convention:

"The Lutheran World convention acknowledges the Holy Scriptures of the Old and New Testaments as the only source and infallible norm of all church doctrine and practice, and sees in the confessions of the Lutheran Church, especially in the unaltered Augsburg Confession and Luther's Small Catechism, a pure exposition of the Word of God."

Sec. 11. Synodical Co-operation

1. Realizing that there is a growing demand for the closer approach between Lutheran bodies having common practice and common interpretations of doctrinal standards; that there is a feeling that our Lutheran bodies should present a greater united front to the world at large; that there is need for common help and support in common problems; that we can meet to correct, to admonish and to encourage each other; that problems and possibilities on the home mission fields can be allocated so that there will not be the straining and injurious competition that has existed in many places up to this time; that the week day school problems will have greater opportunities to be taken care of than by scattered attempts of individual church bodies, the Norwegian Lutheran Church of America approves of the proposed conference of independent Lutheran Synods and the proposed constitution governing said conference.

2. The convention elects a representative to bring the fraternal greetings of our church body to the "American Lutheran Church" which will be formed in August of this year by the merger of the Joint Synod of Ohio, the Iowa Synod of the Buffalo Synod.

Sec. 12. Conference on Spiritual Life

We heartily recommend the plan and work for a conference on spiritual life in our Church. In connection with this we commend the splendid work done by the Lutheran Bible School Institutes.

Sec. 13. 400th Anniversary Augsburg Confession

This year marking the 400th Anniversary of the Augsburg Confession, be it Resolved, that we, the Norwegian Lutheran Church of America, by God's grace continuing in the teachings and the practices of the unaltered Augsburg Confession, do heartily endorse and accept the suggestion of our president to especially emphasize this year through sermons and programs, the truly wonderful blessings of the great heritage we have received in this confession.

Sec. 14. St. Olaf Anniversary

1. Be it also resolved that we, in spirit as well as in fitting outward expression, rejoice in this St. Olaf Anniversary, being gratefully mindful of the true significance of our indebtedness to God for that which has come to us through the services of King Olaf, nine centuries ago. Our praise is to God alone, and we enter upon the festivities of this anniversary in that spirit of praise, that He has used our people in the preservation and continuation of His saving truths. Therefore we endorse such festivities as are being planned for observance of this anniversary in thanks to God.

2. Be it resolved that our president, Dr. J. A. Aasgaard, be elected to officially represent the Norwegian Lutheran Church of America at the festivities in Norway as well as at Augsburg, Germany, this year. We recommend that the Norwegian Lutheran Church of America appropriate $1,000 to defray expenses for this representation.

3. We acknowledge with thanks the greetings sent by the Bishops of Norway to the Norwegian Lutheran Church of America.

Sec. 15. Zion Society for Israel

Our people are also urged to remember the Zion Society for Israel in their prayers and with their gifts. The children of Israel need to know the Christ they have rejected.

Sec. 16. Lutheran Brotherhood.—Deleted

Sec. 17. In Memorial.—Deleted

Sec. 19. Ordination

ADDENDA

1. Calling Pastors

During the discussion concerning the Seminary building the question was raised as to whether there were not too many men entering the Seminary because it seemed as though there were pastors who could not secure a call in our Church body. In answer to this question the president made the following remarks:

Adopted Wednesday morning.

"The question of securing calls and work for older and yet able men does not primarily rest upon the number of men that are graduated from the Seminary. There is another and a deeper cause, which, no matter how many or how few are sent out from the Seminary, would not at present assist these men. Often statements are made in the papers and in public that the officials of the Church are to blame because men are out of work and can not find a postorate. May I be permitted at this time to state certain solemn and very serious truths in regard to this matter?

One of the reasons in not being able to place and secure calls for men who should have it is the fact that a great many of our pastors take into their own hands the securing of a call. There are men who deliberately write to secretaries of congregations or friends in a congregation when there is a vacancy, offering themselves for such a place. Often relatives and friends in such situations become very active to secure for a pastor who is a friend of theirs such an opportunity. There are even those who take upon themselves to visit

vacant calls in order to urge and to present their own case. Sometimes, of course, very indirectly, but it is evident what they are in that particular place for, especially if it turns out that they receive a call after they have been there.

Let the Church once for all declare that pastors who resort to such means shall be marked men among us. We must maintain, both as regards to the ethics of the ministerial profession, as well as the practice and principles of our Church, that such procedure should be severely criticized and condemned. Men who secure calls in such a way should be on the defensive and it should be made clear to congregations that there is a great question whether men who practically seek their own can be of a blessing to the congregation. Truly such a man can not say when he virtually brings to bear his own appointment that the "Lord has sent him." I do not understand what comfort and what strength such a pastor can receive from a Divine call.

Then there is another side. There are congregations, who, although they are united in a sisterhood of congregations in one Church body, give very little heed to the organized and orderly procedure when they need a pastor. Instead of at least seeking the advice and carefully considering such advice from the officials and other properly constituted authorities in our Church body, advice is sought from nearly everyone else and often long lists of men are obtained, about whom the average member in a congregation knows very little. Let me say here and now that there is no work that brings me such dread and fills me with such a sense of responsibility as when a congregation asks me to recommend a pastor. It is not a case of simply helping some friend or someone who may need it, but it is a sense of confidence imposed upon me that I dare not betray in any sense as far as my judgment and knowledge goes. It is often after long consideration that I take courage to mention candidates for vacant calls.

What I have said about myself I believe will hold good in the case of district presidents and others who are charged with a similar responsibility.

There are congregations and parishes where many men who are now without work could work with a blessing and for the building up of the Kingdom of God if they were but given an opportunity to come in contact with such congregations, but with a sense of independence and neglect of the best practices and traditions in our Church we will have this condition that there will be pastors, otherwise worthy and able, who will not secure calls.

The reason for many men being out of work is the conditions cited above. Of course, let it also be said on the other hand that there are some men who, because of personal characteristics or lack of essential qualifications, should possibly never have entered the ministry and for such it is better that they seek some other field than just simply earning a living in the Christian ministry. After all, the congregation and Church of God is greater than the personal comfort and securing of a position by an individual.

These are some of the most weighty and serious reasons why there are a number of men who otherwise could be used, but have not calls."

On motion the Assembly concurred in the statement of the president with a unanimous vote and asked that same be placed in the minutes of the convention.

2. Resolution on Prohibition

WHEREAS, Our American policy of dealing with the intolerable evils of intoxicating liquor by the method of prohibition as expressed in the Eighteenth Amendment of the Constitution of the United States and the national and state laws for its enforcement has been productive of very great and incalculable blessings, economic and moral, to the people of this nation; and

WHEREAS, The patrons and defenders of the traffic in strong drink have developed an organized opposition and are clamoring for the repeal or nullification of the Eighteenth Amendment; now, therefore,

BE IT RESOLVED, That we, the Norwegian Lutheran Church of America in convention assembled, pledge our moral support to the prohibition law.

3. Lord's Day Alliance

"The Norwegian Lutheran Church of America in convention assembled May 21-27, 1930, endorses the organization and work of the Minnesota Lord's Day Alliance in its purpose to rescue, protect and preserve the Lord's Day, our Sunday, vital alike to home, state and church as a civil institution."

Adopted Monday afternoon.

4. Dr. F. M. Christensen's Points

"There are at the present time certain urgent needs for the improvement of our church music, to which I wish to call to your attention. I therefore set forth the following points for your consideration and action:

1st: When a congregation is to build a church or buy an organ, there should be a designated place to which to write for information and help; a place where impartial and reliable knowledge may be obtained.

2nd: Raise the salary of your organist and choir leader. We cannot expect any improvement in the musical part of our services unless we make it worth while for our organists to spend money for a thorough training in that work.

3d: The Choral Union, which is an agency of our Church, has as its aim and object to preserve our choral heritage, to support congregational singing and to advance the interest in sacred music of a standard worthy the Lutheran services, needs the endorsement and backing of the Church, not so much in money as in the good will and understanding of the importance of its mission. We have employed an organizer to prepare for the convention in Chicago for next year. It is hoped that he will receive the good will of our people in this important work.

4th: A chair in music should be created at our Seminary. This should be a full professorship because there is enough work to require all of a man's time, and because such a man should not be compelled to seek work in secular music to make a living.

As these matters are of importance to the life of the Church, I would ask that they be referred to the proper committee for consideration and recommendations to this meeting of the Church."

Wednesday afternoon these suggestions were referred to the Church Council.

CLOSING ADDRESS AT CONVENTION

President Emeritus Rev. H. G. Stub, D. D.

Dear Brethren, Members of the Norwegian Lutheran Church:

My successor in the office of the presidency has asked me to speak at the closing of this large and splendid meeting. It is the first time for a long period that I have addressed a large gathering, and according to the advice of the physician I must be very cautious.

I desire very much to give expression to some of that which moves my soul at the hour of parting.

The substance of what I desire to say is contained in the words of the Psalmist in the 106th Psalm. "Praise ye Jehovah. Oh give thanks unto Jehovah for He is good; For His loving kindness endureth for ever."

Praise should be the fundamental note in the hearts of the old believing Israelites. The song of "Hallelujah" should resound in their souls. Why? Because the Lord is good. He is goodness personified and all that is good comes from His goodness.

Today as always our hearts should be filled with praise and thanks to God. The song of "Hallelujah" should resound from our hearts. Why? Because the Lord has been and is good. There is something in general which we must never forget when we speak of the goodness and love of the Lord which greets us in all his benefits, as stated in the first article of our creed; but especially in accordance with His blessings which are expressed in the 2d and 3d article. Let us at the moment of the parting praise the Lord for the first blessing which He gave to the world in His only begotten Son, who through His work

of redemption, His suffering, death and resurrection has earned for us sinners the gracious forgiveness of all our sins, a happy life and eternal bliss. Let us not forget to thank Him for the kingdom of heaven on earth, the communion of saints that is found in our congregations which have the means of grace and operates through those who, by the virtue of the means of grace, have laid hold on the Lord Jesus as their Savior and live their life in Him. These are before God the kernel of our Church Body.

However, that which the speaker at the close of this convention desires especially to ask is that thanks be given to God for His goodness toward us as a Church Body. It is the Lord, who has brought us together who, for years, have been separated and lived in serious conflict with each other, each one working for themselves. We should be thankful for the union which took place 13 years ago when these bodies became one church body under the name of the Norwegian Lutheran Church. This union effected upon the basis of truth will therefore be an incalculable blessing. We have in a very high degree experienced this unity during the meeting. One from another church body remarked that this convention has been a testimony to the unity of the three former bodies. The hearts have more and more become united so that the members of the former bodies no longer desire to maintain the old synodical lines but desire to assert unity with one great purpose, namely: that of fellowship in the building and extension of God's Kingdom on earth.

As a fruit of our union has developed a desire for a closer though inorganic union with church bodies with which we share fellowship in faith and doctrine as stated in the words of Christ's high-priestly prayer: "Neither for these only do I pray, but for them also that believe on me through their word; that they may all be one, that the world may believe that thou didst send me."

We are thankful to God for His goodness revealed in this fraternal relation with several church organizations with which we through negotiations have learned to know and love as brethren.

Through the union our conscience has also been touched so that we are partakers in the work of mercy which embraces our suffering and persecuted brethren in the faith in Europe. The goodness of God and His love towards us has been the motive power.

We also desire to thank God for special things at this convention. We desire to thank for the honor bestowed on our dear and faithful friend, Dr. Bockman, for his 37 years work as president of the Seminary. This is a well earned recognition. Furthermore, we are thankful that God in His goodness, on the retirement of Dr. Bockman, has given our Theological Seminary as president, Dr. Gullickson, one of my dear disciples, who by the grace of God will be a blessing for our Seminary and our Church. Indeed we thank God with our whole heart for a good and pleasant meeting.

If we ask in regard to the future of our Church Body the Psalmist answers: "His mercy endureth forever." Through this is expressed the idea that all which gives us hope and comfort for the coming days is given by God, Himself. Under all changes and the shifting conditions there is something that does not change but remains the same: "The mercy of God the grace through Christ Jesus, our Savior." Just as sure as the testimony of the Lord's mercy, the gospel of Jesus Christ in its fullness and strength shall remain that which distinguishes and caries our Church in the coming days, and just as sure as we show this power in our life and our work—in that measure is the future of our Church secured as true Christian Lutheran, and all those who have lived by and with the grace of God shall by His mercy be brought home to the eternal habitation where songs of praise shall resound throughout eternity. May God's blessings abide over our dear Church, its president and all its officers, as well as over each individual member who holds citizenship in heaven.

B. Reports

1. BOARD OF EDUCATION

To the Norwegian Lutheran Church of America:

Some years ago a professor in one of our universities had been asked to prepare an article on the topic, "The American Idea in Education." In complying with this request he began his discussion somewhat in this manner: The American idea! Who can define this idea in the present state of education in our country? When we look over the field with a view to grasping this idea we find ourselves looking into a great well-night impenetrable fog. There does not seem to be any tangible point to which the mind can attach itself. And yet, if we look intently enough we do get our eyes fixed on a spot where a small nucleus seems to be forming. From a close observation of this point we may be able to form some sort of a guess as to what the possible American idea in education may be.

If today we look about to learn what may be the idea in Christian education we experience much of the same difficulty that perplexed the professor.

In the midst of all this fog, however, our Church has not lost its bearings. As a body that is anchored to the definition of Christianity which its own consciousness and historical development has established on the basis of the Divine Word, it derives its conception of man's origin, nature, problems and destiny from the fundamental doctrines of the Christian faith. This conception determines its educational philosophy.

Also during the school-year now closing our Church has by the grace of God been permitted to carry into practice its ideals on education. Through its academies, its junior colleges, its colleges and its theological seminary it has been engaged in leading thousands of young people into the various provinces of human knowledge. While so doing it has endeavored to impress upon these developing minds the idea that the center of human well-being lies in the individual's life-communion with God through the atoning merits of Christ.

In Memoriam

At its session December 12-13, 1929, the Board adopted the following in memoriam resolution:

> "At this, its first meeting since the tragic death of Rev. O. J. Kvale, the Board desires to place on record an expression of its sense of loss in the untimely departure of this valued member. He was a man of high Christian ideals, for the realization of which he was at all times ready to labor with all his energy. In his office as a member of this Board he always manifested a comprehensive and penetrating conception of true Christian education as an indispensable factor in the process of promoting the cause of Christianity.
>
> The Board hereby records its appreciation of the valued service of Rev. O. J. Kvale as a member and fellow-counselor in its labors."

Luther Seminary

The need of additional building equipment at Luther Theological Seminary has been brought to the attention of the Church at various times in the past. The Board of Education herewith makes reference to this matter as submitted to this convention in the report from the President of the Seminary and adds to it all the emphasis of which the Board is capable. It is earnestly to be hoped that the convention will find it possible in this connection to take some definite and constructive action.

The Colleges

For information in regard to our four colleges the convention is referred to the reports from these institutions as appended to this report.

We call special attention, however, to the revised copy of the articles of incorporation submitted to the convention by Luther College. This revision has been carefully examined by the Board of Education and is recommended for approval by the Church and the Luther College Corporation.

It is sometimes argued that we have too many colleges. There may be reasons for such assertions. At the same time it may be of interest to note that if judged by the number of communicant members per college our Church stands at about the average of Church denominations in this respect.

This can be seen from the following table which was prepared by the agency that conducted the educational survey of the United Lutheran Church in 1928-29:

Average Number of Denominational Communicants Per Senior College

Baptist, South	108,587
Disciples of Christ	100,792
Methodist Episcopal, North	89.719

Red Wing Seminary

At the meeting of the Board of Education on June 4, 1929, President Herman E. Jorgensen presented his resignation as president of Red Wing Seminary. He left the institution on good academic foundation. It enjoyed with our state university full accreditation as a junior college. For some years, however, the accruing expenses and the diminishing attendance had created deficits. In regard to this the retiring president writes in his resignation as follows:

> "Financially the case is, however, far from encouraging, as you know from our financial statement. I shall not enter into a discussion of the causes that have brought about the present deficit—a deficit that has accumulated from year to year since 1925, the year when a twenty-five per cent cut of the appropriations was made. Unfortunately that was the time when the falling off in attendance began to be most marked, while a number of very big repairs simply had to be made. Since the introduction of junior college work every effort had to be bent toward obtaining complete accreditation, without which the school would be absolutely doomed."

In order to tide over the unsettled financial status the Board of Education passed the following resolution:

> "Inasmuch as there is a great number of outstanding items of indebtedness against the Seminary, it was voted to recommend that all those items together with the indebtedness at banks, the total amounting to approximately $40,000, be funded by providing a loan in such amount as the Board of Trustees may find necessary to cover the situation."

The Board of Trustees later took action in compliance with this recommendation. Concerning this that Board will no doubt give a report to this convention.

Spokane College

The inadequacy of funds is causing difficulty in a number of our educational institutions. As an illustration of this fact we present here a brief history of the situation at Spokane College.

The following record from the meeting of the executive committee of the Board of Educatin on May 14, 1929, depicts the condition confronting the Board at that time in connection with this institution:

"President Foss gave a survey of the situation at the College. This survey showed that the student enrollment during this year has been 62; that with this small attendance income from student sources is small; that under these circumstances the College has been compelled, with special permission from the Boord of Trustees, to draw on its appropriation in advance; that the school will need a minimum of $15,000 in addition to what may be available in the form of appropriations in order to operate next year. The problem for the Board of Education to meet is the matter of providing this amount for the school year 1929-30.

The Executive Committee then appeared before the Board of Trustees, which was in session at this time and submitted the situation and added the question: Can the Board of Trustees see any way by which within the rules of the Church it can guarantee a loan of $15,000 to Spokane College for the coming year? After a thorough consideration of the matter the Board of Trustees passed the following resolution:

"BE IT THEREFORE RESOLVED: That the Secretary inform the Board of Education that the Board of Trustees cannot accept the responsibility of advancing $15,000, making, in addition to the earlier loan of $7,500, a total loan of $22,500, without specific authority given by the Church direct."

The Executive Committee then delegated Vigness to go to the approaching Convention of the Rocky Mountain District and submit the matter for its consideration."

In compliance with the instruction of the executive committee, the Secretary of the Board appeared, on May 23, before the convention of th Rocky Mountain District, placed before the assembly the whole situation and submitted the question as to whether the district could see its way to raise $15,000 for the college by July 20. After a thorough discussion a committee was elected to prepare a resolution in the premises. The resolution thus prepared, later submitted and approved provided for the election of a committee to raise the stipulated $15,000.

The Secretary of the Board reported this action to the Board at its meeting in Northfield, Minn., on June 4, 1929. The Board decided

"(1) That the Board defer final action until it shall have received report from the committee of the Rocky Mountain District; provided that this shall not be later than July 20.

(2) That in case the stipulated sum of $15,000 is not available in cash or bankable notes by the 20th of July, the Board hereby decides to suspend operations at Spokane College for the year 1929-30, until the General Convention in June, 1930, can take final action in regard to the future of Spocane College.

(3) That in case the sum of $15,000 in cash or in bankable notes shall be available on or before July 20, then and in that case Spokane College shall be in operation for the school year 1929-30. It shall then be the duty of the Joint Committee to take such action in the way of electing teachers and providing for such other necessities as may be demanded and practicable.

(4) That in case it becomes possible under these provisions to carry on the school next year, the soliciting committee of the Rocky Mountain District be and hereby is invited to send one or more delegates to the meeting of the Joint Committee."

On July 20 the Rocky Mountain District Committee reported that the effort to raise $15,000 had failed.

Thus Spokane College was closed for the year 1929-30.

In view of this situation the Board of Education recommends that the convention adopt the following resolution:

Inasmuch as Spokane College, due to insufficiency of financial resources, has not been in operation during the academic year 1929-30; and

Inasmuch as the present situation in regard to the question of necessary accreditation, of satisfactory student attendance, and of adequate financial support, renders doubtful the future prospects of the institution; therefore

Be it resolved, that Spokane College be, and it hereby is, discontinued; and

Be it resolved that this General Convention authorize, and it hereby does authorize, the Board of Trustees at its discretion after consultation with the Board of Education to sell the following described property at such time,; for such price and on such terms as said Boards may deem advisable, to-wit:

All of Blocks Three (3) and Four (4) of First Addition to Acre Park to the City of Spokane, Washington, together with all that part of 30th Avenue located lying between said Blocks Three (3) and Four (4); and

Be it further resolved that the Board of Trustees of the Norwegian Lutheran Church be, and it hereby is, authorized through its chairman and secretary to sign and execute the necessary deeds of conveyance to complete the sale thereof; and

Be it further resolved that the Board of Trustees be authorized and directed to exercise the necessary care of the property until the aforementioned sale can be effected; and that for this purpose it may use such amounts of money as it finds necessary with the understanding that these expenses shall ultimately be charged against the property.

Madison Normal School

The Normal School at Madison, Minn., has had a good year. It enjoys the good will and interest of its constituency. A fine spirit has prevailed among faculty and students.

For some time there has been pressure from the community upon the institution and upon the Board looking toward the introduction of junior college work. Heretofore the Board has not seen its way clear to recommend this expansion.

At the session of the Board April 8-10, 1930, the following resolution was submitted:

"Resolution passed by the Joint Meeting of the Normal School Committee and the officers of the Lutheran Normal School Association on February 20, 1930.

a) Resolved that we as a joint committee appeal to the Board of Education of the Norwegian Lutheran Church of America to approve the establishing of a Junior College at the Lutheran Normal School to begin work in the fall of 1931.

(Signed) REV. G. S. FROILAND, Pres."

MISS IDA JALLO, Sec."

Since the matter is yet in an immature state the Board adopted the following resolution:

"In regard to the question of Junior College it was voted that, inasmuch as the matter is still in an indefinite condition, all that can be done at present is to recommend to the Convention of the Church that it grant to the Board of Education authority to take such action in the premises at the proper time as in its discretion it may deem best for the general interest of the Church."

This recommendation is thus submitted for the anticipated favorable action of the Church.

Pacific Lutheran College

All must agree that the Lutheran Church ought to have at least one good school on the West Coast. Pacific Lutheran College is making its way forward. Although for the time being it is confronted with hardships it can now show features that give fine promise for the future. The endowment pledges, which totaled about $290,000, are being gradually paid in. The attendance of 212 makes a good student body. The full accreditation which the school enjoys with the state university of Washington is a decided source of strength. All these things give excellent promise for the future. But the school needs a brotherly lift at the present time. It is to be hoped that many will extend to it a helping hand.

Our Subsidized Schools

The following subsidized secondary schools have been in operation during the year 1929-30: Augustana Academy, Camrose College, Central Wisconsin College, Clifton College, Gale College, Outlook College, Pacific Lutheran College, Park Region Luther College, Pleasant View Luther College, Waldorf College.

These schools, despite many difficulties, render an exceedingly valuable service to the Church. Our young people come to them at an age and in a stage of development when they are highly responsive to the best Christian teachings and influences. If the local constituents would realize the oportunities offered at these schools by sending their children to them in large numbers these institutions would become still more instrumental in leading our boys and girls into the paths of the Chirstian faith, in promoting the interests of the Church and in furthering the cause of Christianity at home and in heathen lands.

Funds Inadequate

The appropriation made for education by the Convention in 1928 was $287,-236.59. Of this amount the Board was limited to 85 per cent, or $244,151. The receipts were $244,010.74, which, it is seen, is nearly the amount guaranteed. It might thus have appeared that also this department could during the past fiscal year have come out without a deficit. In the meantime we have to recall the statement made in connection with the educational budget-making in 1928 in these words: "It is difficult at this time to see how the work can be properly conducted with the reductions that seem to be in sight." (Ann. Rep., 1928, p. 335). And it has been found impracticable. Our present educational program cannot be carried on with the amount provided in the current budget.

It became apparent that for the year 1930 there would be nothing to allocate to the secondary subsidized schools. The Board considered this a real emergency and therefore at its session April 8-10 passed the following resolution:

"Whereas, the Board of Education finds that due to the inadequacy of the educational budget voted by the Convention of 1928 for the biennium 1929 and 1930 a definite and decided emergency exists in the situation of the secondary and subsidized schools for 1930, Be it RESOLVED, that the Board of Education recommends to the Board of Trustees to authorize the Board of Education to use for these schools in 1930 up to $25,000 in addition to the present guaranteed budget for education."

After discussion of this matter in joint session of the Board of Education and Board of Trustees the latter Board unanimously made this special appropriation.

BOARD OF EDUCATION—SUPPLEMENTARY REPORT

Supplementary Report No. 1

It will be admitted by all who are familiar with the situation that the salaries hitherto paid to our theological professors are inadequate. The increased requirements that this age impose upon men in that important and strategetical position in the Church are such that provision should be made for increased ability on their part to meet them. The Board of Education and the Board of Trustees have therefore adopted the appended resolution and hereby submit it to this convention:

"On recommendation by a previously appointed committee of the Board of Education and Board of Trustees it was voted that there be established for the theological professors a salary schedule with a minimum of $2400 and a maximum of $3000 and that within this range the Board of Education fix the salary in each individual case. To these salaries is always added free house."

L. A. VIGNESS, Secretary.

Referred to Committee No. 2 Saturday morning. Approved Wednesday forenoon.

Supplementary Report No. 2

Inasmuch as the terms of our school and college presidents expire this year the Board of Education hereby submits the following nominations for the next term of these offices:

Dr. L. W. Boe as president of St. Olaf College.

Dr. Oscar L. Olson as president of Luther College.

Dr. Arthur Rholl as president of Red Wing Seminary.

The Board also recommended Prof. Carl W. Strom for a permanent position at Luther College.

L. A. VIGNESS.

BOARD OF EDUCATION AND BOARD OF TRUSTEES

Supplementary Report No. 3

The Board of Education and the Board of Trustees jointly submit the following resolution for the consideration and action of the convention:

Whereas, pursuant to an enactment of the Eastern District in 1919, the Board of Trustees of the Church holds in trust for Pleasant View Luther College an endowment amounting to $26,242.21; for Gale College $6,208.75, and for Central Wisconsin College $3,651.76; and

Whereas, these institutions have requested the Board of Trustees to transfer these funds to the respective institutions; and

Whereas, a large number of the donors have requested this transfer; and

Whereas, the Eastern District has adopted a resolution making a similar request; therefore, be it

Resolved, that the convention authorize and it hereby does authorize the Board of Trustees to transfer these funds to the respective institutions in such form and at such time as the Board of Trustees finds advisable and practicable and consistent with the best interests of the funds.

Secretary Board of Education.
H. O. SHURSON,
Secretary Board of Trustees.

AUGUSTANA COLLEGE AND ACADEMY

Original referred to Committee No. 6 Monday afternoon. Reported back on Tuesday morning.

WHEREAS, the Augustana College Corporation and the South Dakota District have submitted to the Church the following resolutions:

WHEREAS, the accrediting agencies look with disfavor upon the financial aspect of the present relation between Augustana College and Augustana Academy, and

WHEREAS, the Augustana Academy is an institution with an enrollment of 138, rendering a service similar to any other secondary school of our Church, and therefore worthy of recognition similar to that given the other secondary schools of our Church, therefore be it

RESOLVED, that appropriations be made separately to Augustana College and to Augustana Academy.

That to Augustana College be and is hereby appropriated $25,000.00 annually.

WHEREAS, the present system of sending out two apportionments for Christian Education in the Augustana College territory, one from the district and one from the Synod, is cumbersome; therefore be it

RESOLVED, that the Finance Committee and the treasurer of the Church be and are hereby authorized and instructed to add the so-called "Augustana Special" appropriation (made by the congregations in the school territory of the Augustana College) as a special item to the regular Synodical budget for Christian education as apportioned to the said congregations and to pay to the Augustana College Corporation on a monthly pro rata basis the contributions so received for Christian education from said congregations.

And WHEREAS, it appears from these resolutions that it would facilitate accreditation as far as Augustana College is concerned if a definite sum be appropriated said College by the Church, be it therefore

RESOLVED, that $22,000.00 of the $25,000.00 appropriated Augustana College and Academy be allocated to Augustana College, and $3,000.00 of the said $25,000.00 be allocated to the Augustana Academy.

Committee No. 6 added the first and last paragraphs. The thus amended resolution adopted Tuesday morning.

INSTITUTIONS

(1) Luther Seminary

Til den Norsk Lutherske Kirke i Amerika:

Ærværdige brødre i Herren!

Luther Teologiske Seminar begyndte sin virksomhet den 9de september sidstleden. Studenterantallet var i det forløpne skoleaar 160. Derav var 50 i 1ste aarsklasse, 47 i 2den, og 53 i 3dje aarsklasse. 10 var "graduate students in absentia".

Tre-aars kursusets studenter kom fra følgende læreanstalter:

St. Olaf College	54
Luther College	49
Concordia College	11
Red Wing Seminar	11
Augustana College	6
Augsburg College	4
Gustavus Adolphus College	4
University of Minnesota	4
Norway	2
Pleasant View Luther College	1
Jewell Lutheran College	1
National Bible Institute	1
University of Iowa	1
University of Wisconsin	1

127 av dem var collegegraduenter. De 10 "graduate students" var teologiske kandidater fra vort samfunds seminar med to av dem fra den tidligere Synodes og Den Forenede Kirkes presteskoler.

Av 1ste aarsklasse studenter tok 46 "the bi-lingual course" og 4 det engelske kursus; av 2den aarsklasse 43 "the bi-lingual course" og 4 det engelske kursus. Av 3dje aarsklassse tok 44 "the bi-lingual course," 9 det engelske kursus, og 39 av dem fik sin utdannelse indenfor "The Degree Course"; 14 indenfor "The Diploma Course."

Hvad lærerpersonalet angaar hadde Dr. Carl M. Weswig sit sabbatsaar. Hans kirkehistoriske undervisning besørgedes av professor ved Concordia College, Hr. Magnus Nødtvedt, ansat dertil av skoledirektionen. Hans arbeide som registrator utførtes av Dr. Brandt. Dr. Samuel Miller, Decanus ved The Lutheran Bible Institute i Minneapolis, har undervist 1 time uken i andet semester i engelsk bibel. Undervisningen i græsk for begyndere har været git av student O. Bjarne Nilsen.

Som vanlig har studentene ved sine foreninger og sit kirkelige arbeide i Tvillingbyene søkt at styrke liv i Gud og fremme sin baade teoretiske og praktiske utdannelse.

Med samme maal for øie og i overensstemmelse med den naade der er dem vederfaret som lutherske studenter, samt som offentlig taksigelse til Herren for den rike velsignelse han utøste over sin kirke for 400 aar siden ved Luther, holdt seminariet en Reformationsfest den 31te oktober. Talere ved festen var Dr. M. Reu, Wartburg Teologiske Seminar, Dubuque, Iowa; samfundets formand Dr. J. A. Aasgaard, og pastorene J. C. K. Preus og J. N. Andersen. De indholdsrike og skjønne vidnesbyrd der avlagdes ved festen vakte ikke blot øieblikkets feststemning, men vil ved Guds naade bære frugt til befæstelse i vor Gudgivne lutherske tro.

Studentenes Glee Club foretok under ledelse av student Lawrence Halvorson som dirigent og av professorene Bruce, Tanner og Wee skiftevis, sin aarlige turne i Minnesota og Syd Dakota. Det bud den bar til menighetene styrket baandet mellem dem og presteskolen, og den glæde den møttes med var en forfriskende opmuntring for dens medlemmer i deres virke for vor kirke.

Hvad seminariets arbeidskaar angaar, har helbredstilstanden i det hele været over forventning god, trods det noksaa knappe beboelsesrum for det store antal studenter. Vore bekymringer i den henseende gjorde Gud i sin naade tilskamme. Vistnok blev vi nødt til at leie en del værelser utenfor semniariebygningen for at skaffe manglende boplads. Men om dette saaledes blev nogenlunde avhjulpet, saa har naturligvis avvigte skoleaars arbeide, som tidligere aars, lidt paa grund av det utilbørlig indskrænkede rum. Vi har derfor ment at der om mulig maatte søkes at faa en ende paa tilstanden. I den anledning har da fakultetet henvendt sig baade til skoledirektionen og Board of Trustees. Resultatet av denne henvendelse skal jeg, efter anmodning fra de nævnte Boards og seminariets fakultet, herved forelægge vort kirkesamfunds aarsmøte, og haaper vi det vil ta vort fremlæg under velvillig overveielse og fatte beslutninger til snarlig praktisk avhjælp av seminariets trang.

Jeg skal da først gi et kort resume av denne saks historie, og saa forelægge eder de forslag hvis antagelse efter vor mening vilde avhjælpe seminariets bygningsnød.

I min indberetning til vor kirkes aarsmøte i 1925, gjorde jeg opmerksom paa seminariets bygningsnød og fremkom med forslag desangaaende fra en komite bestaaende av repræsentanter fra Board of Trustees, skoledirektionen og fakultetet til avhjælp av nøden. Aarsmøtet saa sig imidlertid ikke istand til paa grund av samfundets daværende financielle stilling at ta praktiske skridt til forbedring av forholdet, og utsatte saken. Se aarsberetningen 1925, side 250 og 263.

Ved samfundets møte i 1926 blev den atter forelagt vor kirke. Denne fattede da følgende beslutninger:

(a) That the Church endorse the proposal to erect a separate building suitable for administrative and library purposes as soon as the necessary funds are available.

(b) That the Board of Trustees and Theological Faculty be authorized and directed to engage an architect, prepare plans, and do such work preparatory as may be required, and that these plans be submitted for approval to the Church Council and Board of Education.

(c) That the Board of Trustees be authorized to let the contract for erection of the building as soon as the funds are available. (Annual Report, 1925, p. 250.)

Under the heavy demands upon its financial resources at the time, the convention took no action in regard to this matter. The Board of Education hereby resubmits the recommendation with the further addition that the Church appropriate one thousand ($1,000) dollars or as much thereof as may be required to cover the cost of the proposed preliminary plans." (Annual Report 1926, pp. 242, 247, 260.)

I overensstemmelse med disse beslutninger valgte Board of Trustees og fakultetet sine repræsentanter i fælleskomiteen, og forhandlingesmøter blev holdt fra tid til anden.

Av disse bør nævnes møte av 1ste mai 1928, hvor følgende beslutninger fattedes som forslag til kirkens aarsmøte 1928:

"The Church authorizes the Board of Trustees, the Board of Education, and the Theological Faculty to adopt a definite building program, to take care of the needs of Luther Theological Seminary on the following conditions:

1. The Board of Trustees, Board of Education, and Faculty to approve plans and specifications for additional buildings, improvements, and equipment, as they may be needed, at a cost not to exceed $350,000.00.

2. The Board of Trustees is empowered to sign the necessary contract for such buldings or improvements as may be approved jointly by it, the Board of Education, and the Faculty.

3. No contract shall be made by the Board of Trustees until at least one-half of the cost has been paid in cash, the balance of the cost to be in the form of good subscriptions.

4. The Board of Trustees is authorized to raise the necessary funds during the year 1930."

Disse beslutninger forelagdes aarsmøtet 1928 ved bygningskomiteen og seminariets bestyrer. Se aarsberet. 1928, s. 199 og 301. De blev dog kun kortelig behandlet av møtet, og hele saken utsattes til 1930 ved følgende beslutning:

"Resolved, that consideration of the request of the joint Seminary Building Committee to authorize the Board of Trustees and the Board of Education to approve plans for additional building and improvements at the Seminary, and to empower the Board of Trustees to sign the necessary contract for such building or improvements, and to raise the necessary fund during 1930, be postponed and referred to the next general or specific convention of the Church." Se Sec. 10, s. 332.

Den 24de februar 1930 holdt fælleskomiteen igjen møte. Referat fra dette følger:

"*Building Project.* The following was adopted in joint session of the Board of Education, Board of Trustees, Executive Committee of the Church Council being present and advisory, and the delegation from the Seminary:

Be it resolved by the Joint Seminary Building Committee: 1. That the Faculty be instructed and authorized by the Board of Education and the Board of Trustees to start an educational campaign to prepare the Church to take proper action regarding the Seminary building project at the coming general convention.

2. That the attention of the Church be called by suitable resolutions to the action it has taken already either directly or through its authorized agencies in this matter.

3. That the resolutions proposed by this Committee and presented to the Church at its general convention in 1928 be recommended for adoption at its general meeting next May, amended as follows:

(a) The Church hereby authorizes and instructs the Board of Trustees, the Board of Education, and the Faculty to adopt a definite building program to provide for the needs of Luther Theological Seminary in accordance with the following provisions:

(a) The Board of Trustees, the Board of Education, and the Faculty to approve plans and specifications for additional buildings and equipment as they may deem necessary and advisable, at a cost not to exceed $350,000, including the coverage of the present indebtedness for extensions and repairs and the erection of two additional professors' residences.

(b) The Board of Trustees to be empowered to sign the necessary contract for the erection of such buildings and the making of such improvements as it may approve jointly with the Board of Education and the Faculty. No contract shall be let, however, until sixty per cent of the total estimated cost is available in cash and the balance is covered by good subscriptions approved by the Board of Trustees. Section (c) of the resolutions passed by the Church in 1926 to be construed in agreement herewith.

(c) The active campaign for the raising of the necessary funds in the amount stated in section (a) above to be conducted by the Faculty by and with the advice and co-operation of the Board of Trustees at such time and in such manner beginning not later than February 1, 1931, as may be determined jointly by these two bodies.

4. That the resolutions of section three, together with the historical summary mentioned in section one, be submitted to the Church through the regular report of the President of the Seminary, and that the President of the Church, the Board of Education, and the Board of Trustees make suitable reference to these resolutions in their respective reports.

On motion by Mr. Erling, seconded by Mr. Hjermstad, it was decided that the vote on the above resolution be taken by roll-call. This resulted in the following:

Board of Education, all aye: Aasgaard, Anderson, Solum, Nestos, Preus, Mortvedt, Vigness.

Board of Trustees, all aye: Erling, Orwoll, Roe, Hjermstad, Locken, Knudson, Grindeland, Dosland, Ylvisaker, Hong, Shurson, Rue.

Church Council, all aye: Aastad, Holm, Bergsaker.

Faculty, all aye: Bøckman, Bruce, Tanner."

Det er vort haap at aarsmøtet vil behandle denne for seminariet saa alvorlige sak og fatte de nødvendige beslutninger til dens fremme.

Som bekjendt kaldte samfundet vor kirkes viceformand pastor T. F. Gullixson til professor i nytestamentlig eksegese ved seminariet. Da han avslog kaldelsen, har kirkeraadet og skoledirektionen sammen med fakultetet i overensstemmelse med seminariets konstitution, holdt møte for at anbefale en anden kandidat for vedkommende embede. Valget faldt paa pastor Carl B. Ylvisaker, professor i religion ved Concordia College.

Seminariets professor i kirkemusik og hymnologi, Hr. John Dahle, har indsendt sin avskedsansøkning. I anledning av denne indstiller skoledirektionen og fakultetet til Aarsmøtet følgende:

I betragtning av den trofaste og dygtige tjeneste Prof. Dahle i saa mange aar har ydet vort seminar til presters utdannelse, og i betragtning av at han paa grund av svak helbred i sin fremskredne alder ikke magter helt at utføre det arbeide hans embede kræver, anbefales at hans resignation mottas saaledes, at han anmodes under bestyrerens direktion at gi fra en til to timers undervisning til studenter som maatte ønske speciel undervisning i hymnologi og liturgi, samt at han gis frit værelse i seminariet og $600 om aaret fra kommende høst at regne. Hans regulære embedsarbeide overgis til en anden dertil valgt lærer.

Bestyrerens og vicebestyrerens embedsterminer utløper med dette skoleaar.

Seminariet ender sit arbeide for 1ste og 2den aarsklasses vedkommende med opflytningseksamen fra 12te til 16de mai, og for 3dje klasses vedkommende med embedseksamen der avsluttes med commencement den 19de mai.

Følgende agter, om Gud vil, at fremstille sig til avgangseksamen:

Idet jeg avslutter mit mangeaarige arbeide som bestyrer av seminariet, er det mig en hjertelig trang at takke kirken, mine kollegaer og mine mange studenter for den kjærlighet, overbærenhet og loyale støtte de alle har vist mig i min vanskelige og ansvarsfulde gjerning.

Men allermest føler jeg trang til offentligen, for alt folket, at takke min Herre og Gud som i sin usigelige naade har set til sin ringe tjener i alle de aar jeg har staat ved styret, med det svære ansvar over mig for de mange Kristi discipler i skibet. Var leden farlig og sat det ind med skodde og nat der fristet til modløshet, Herren var lods ombord. Han kjendte leden, og hans øie saa gjennem taake og mørke og førte skibet uskadt i havn. Derfor kan jeg, idet jeg forlater min post, med inderlig tak og frimodighet, trods al min skrøpelighet i styret, gi skibet tilbake i eders hænder.

Herren give i sin naade den der kommer til at indta min plads, at han ikke maa sætte ut uten lods, og det aldrig uten nam der i alle disse mine aar var min lods. Da skal Guds velsignelse bestandig hvile over Luther Teologsike Seminar.

Med hensyn til mit embede som teologisk professor ved skolen, anser jeg det paa grund av min fremskredne alder, viselig og broderlig likeoverfor eder at stille mit embede til eders disposition.

Den Herre Jesu Kristi naade og Guds kjærlighet og den Helligaands samfund være med eder alle!

I broderlig ærbødighet,

Luther Teologiske Seminar i april 1930. MARCUS O. BØCKMAN, bestyrer.

(2) Luther College

To the Board of Education of the Norwegian Lutheran Church of America:

I submit herewith a brief statement of matters pertaining to Luther College that are of interest and importance at this time.

ATTENDANCE

The attendance at the College in the last ten years has been as follows: 1920-21, 162; 1921-22, 185; 1922-23, 223; 1923-24, 282; 1924-25, 313; 1925-26, 307; 1926-27, 346; 1927-28, 360; 1928-29, 353;1929-30, 343. During this same period the number in the graduating class each year has been as follows: 1920-21, 21; 1921-22, 34; 1922-23, 26; 1923-24, 49; 1924-25, 31; 1925-26, 57; 1926-27, 66; 1927-28, 63; 1928-29, 63; 1929-30, 72 (estimated). The attendance is not so large as we would like to have it. Our aim has been to reach an attendance, if possible, of about 500. It is, however, relatively larger than it seems to be. Luther College is a college for men only. While most of the colleges in Iowa, Minnesota, and Wisconsin have a larger attendance than Luther College, there are very few of them with an attendance of 800 or less that have more boys than has Luther College.

THE HEALTH OF THE STUDENTS

The current year has been an exceptionally good year in nearly all respects. The health of the students has been very good; in fact, it has been uniformly good ever since the new gymnasium was built, and, while there may be no relation of cause and effect between the new gymnasium and the health of students, it is a situation that has given rise to comments among those who are aware of it.

THE STUDENT BODY

We have a splendid student body. They have done good work and the professors have been uniformly well pleased with what has been accomplished. The students have also, with few exceptions, conducted themselves in a Christian, gentlemanly manner.

MUSIC

Music has been cultivated assiduously at the College for fifty years or more, and an outstanding achievement in this field of activity has been the Luther College Concert Band, which, under the directorship of Prof. Carlo A. Sperati, has reached a degree of excellence that has probably been unsurpassed by any other college band in the country. This year, a new organization, the Luther College Chorus, made its initial appearance outside of Decorah in a series of concerts in Wisconsin, Minnesota, and Iowa. The press reports of the concerts were laudatory beyond all expectations. The director of the Chorus is Prof. Theodore Nickel, whose ability, training, and experience make him a very valuable addition to the College faculty,

GIFTS

No year passes by in which the College does not receive some gifts. A number of gifts have been received this year also, one of the most notable of which was the valuable collection of books that had been gathered by Prof. Haldor Hanson, former director of the Luther College Concert Band and Curator of the College museum and member of the College faculty 1888-90 and 1894-1902. This collection is especially rich in Norwegian-Americana, and, added to what our library already has of similar material, enhances the value and prestige of the library in this important field. The collection contains from 3000 to 5000 volumes, the exact number not being known, since the librarian has not yet had time to accession them.

By the side of the old gymnasium, the students had prepared an athletic field to which they had devoted some money and a great deal of time. The location of the new gymnasium rendered impossible the further use of this field. To put a football field and running track into proper condition requires funds, and the College has had no funds for this purpose. Neither could the students furnish ready funds with which to undertake the work, although they were very willing to make pledges payable some time in the future. However, we felt that the cash must be on hand before we entered upon such an undertaking. Mr. Nardal Nustad, of La Crosse, Wisconsin, having become aware of the situation, offered to give $3000 for a new athletic field, and this solved a problem that was becoming quite acute. Work is now proceeding on the field, the site for which had been chosen by the Board of Trustees of the College.

Other gifts should also be recorded here. One is a gift of 160 acres of land in Montana, valued at about $10,000, presented by Dr. Peter A. Reque, Brooklyn, N. Y.; another is a legacy of $5847.83, received from the estate of the late Miss Oline Ramstad, Minot, N. Dak.; another is a legacy of $749.29 received from the estate of the late Miss Elizabeth Tønnesen, La Crosse, Wis. Mr. Olavus Donhowe, Chicago, and a business man of Decorah have each given $25 to the library. Other, minor, gifts have also been made to the College. We are thankful for all the gifts that have been received and the good will towards the College that these gfts imply.

THE BOARDING DEPARTMENT

In 1896, the boarding department of the College was transferred to the direct control of the students, who formed a co-operative boarding club. Last year, the Luther Corporation, a corporation organized to assist the College, purchased the farm of 360 acres adjoining the College campus on the north. This farm was purchased to enlarge the College Campus, to prevent undesirable enterprises from springing up adjacent to the College, and, eventually, to add to the income of the College. It was apparent that the farm could be conducted to the best advantage if the farm and the College boarding deparment were under the same management. As a result, the students were requested by the Board of Trustees to turn the boarding department back to the direct control of the College. After some discussion and deliberation, the students agreed to do this. In the course of time, this arrangement will no doubt prove to be very valuable for the College, although, before there can be any income from the farm to help pay current expenses of the College, the farm itself must be paid for, because it had to be purchased without funds.

EQUIPMENT

Considering the attendance at the College and the kind of work that the College is attempting to do, it must be said that in most respects the College is quite well equipped. The library, for instance, both as regards the building and the number and the kind of books that it contains, is far beyond the average library of institutions of its size. We are well pleased with our library equipment, whose estimated value, including building, books, card indexes, etc., is about $280,000. C. K. Preus Gymnasium serves the triple purpose of a physical training building, an auditorium, and a social recreation center. The Main Building, Laur. Larsen Hall, Loyalty Hall, and the Hospital are all good buildings, quite well adapted to their respective purpose. We have a splendid chemistry laboratory, though it would be well if it were larger, and our physics and biology laboratories are being improved from year to year. We should have some additional laboratory equipment, and we are in need of more laboratory room. A growing need of the College is a dormitory that will furnish sufficient additional room to house those of our students who now are compelled to room in private homes off the campus. There is no plan on foot at present to build a dormitory, but the need of such a building should be borne in mind. A museum building that will furnish sufficient space for our large and valuable collections of material pertaining to Norwegian-American pioneer life has become a pressing need. We are trusting that people of Norwegian birth and extraction in this country will take a sufficient interest in the matter to erect an adequate museum building and endow it. The maintenance of the museum ought not to be a direct charge on the College funds, although it must be admitted that the museum is of great educational value in the field of Norwegian, and Norwegian-American, history and culture.

PRE-THEOLOGICAL STUDIES

A feature of Luther College that has been discussed through a long period of years is the group of language studies that are required for graduation. Languages, both ancient and modern, are not popular in colleges in our day, and still less in high schools, from which we receive the greater number of students who enter our freshman class. But Luther College has fixed requirments in Greek, Latin, German, and Norwegian that must be met by every student before he can be graduated and granted a degree, and this gives rise to problems not present at institutions that have no such requirements. Luther College was founded principally to prepare young men adequately for service in the Christian ministry in the Lutheran Church, and this accounts for the stress that is laid on the study of such languages as are included in the group of required subjects. That the College has been fairly successful in serving the chief purpose for which it was founded is shown by the fact that 616 of its students have, in the course of time, become ordained ministers in the Church. This year there have been 52 Luther men at Luther Theological Seminary, St. Paul, distributed as follows: seniors, 16; middlers, 14; juniors, 22, the 22 juniors constituting the greatest number of Luther graduates to take up the study of theology in any one year in the history of the College. Attention might also be called to the fact that last school year the faculty of the theological seminary, the four senior college presidents of our Church, and members of the Board of Education, spent a day at the Seminary working out a course to be recommended to college students preparing for the study of theology. The recommended course that was finally adopted by the meeting is almost identical with the course that every student at Luther College must have pursued by the time he is graduated and receives his Bachelor of Arts degree. This is a very important matter, that should be remembered whenever the problems of the College are discussed. *Does our Church desire to have, and is it willing to maintain, a college, such as Luther College, where every graduate that takes up the study of theology must have pursued a course of study that is practically identical with what the Seminary faculty has recommended college students to pursue in preparation for entrance to Luther Theological Seminary?* To be sure, such a course is not popular with all students. There can be no doubt, however, that the fact that it has been required at Luther College has served a very useful purpose; and the question whether or not such a course shall continue to be required is one of the vital problems at present confronting the College.

STUDIES REQUIRED FOR STATE TEACHERS' CERTIFICATES

Another matter that must be duly taken into account in our course of study is the requirements that should be met by students who wish to secure a state teacher's certificate. We have found it necessary for many years to offer the subjects required for this purpose. One of them is practice teaching. When we had a preparatory department at the College, we could use the classes in that department for practice teaching. Since the discontinuance of the preparatory department, we have been so fortunate as to make arrangements with the Decorah High School that have enabled us to meet in a splendid manner the requirements for this feature of teacher training.

PRE-MEDICAL STUDIES

Another set of specific requirements that it is necessary for us to meet is the requirements for entrance to the best medical schools, particularly the requirements in physics, chemistry, biology, and German or French. Judging by the success that our graduates have had who have taken up the study of medicine, we have been able to meet these requirements in a very satisfactory manner.

VARIOUS COLLEGE STUDIES

The requirements for the study of theology, teaching, and medicine do not, however, cover all the subjects that must be taught in a recognized college in our day. There are standard subjects, regardless of pre-professional requirements, that must be offered in any liberal arts college, and all of these subjects require that there be men on the faculty who are able to teach them.

THE FACULTY

The importance of a good faculty is obvious and proverbial. Fortunately, we may say without reservation, that we have a very good faculty at Luther College. They are eager to be

well up in their subjects and abreast of the time. Every summer a considerable number of the younger members of the faculty attend summer sessions at various universities, and every year there are members of the faculty on leave, pursuing advanced study in their respective subjects. At present, Prof. Carl W. Strom is studying mathematics for a Ph. D. degree at the University of Illinois and, at the end of this summer, he will have had two years of graduate work at the University of Iowa, three years at Oxford University, and one year and a half at the University of Illinois. Prof. Chellis N. Evanson is studying history at the State University of Iowa, but whether he will be able to complete his work for a doctor's degree by the end of the summer is uncertain. At the beginning of this semester, Prof. W. L. Strunk, who wished to complete his graduate study in biology, entered the University of Michigan, where he hopes to get a doctor's degree within a year. Next year, Prof. Qualley, who has received a fellowship from the University of Michigan, will be absent on leave, studying for a doctor's degree in Greek, and Prof. L. Ingeman Highby will be studying at the same institution with a view to securing a doctor's degree in Latin. Prof. Olaf M. Jordahl will continue his studies for a doctor's degree in physics. Other men are looking forward to the time when they also may do additional work to prepare themselves more fully for their positions at the College. All of this speaks well for the kind of instruction that the College gives. Profesors who are zealous to advance in their subjects and who come in contact with leading men in their respective fields make excellent teachers. Best of all, however, is the fact that the men on the faculty of Luther College are Christians, loyal to the doctrines and principles of our Church.

FUNDS

To conduct a standard, recognized college in our day requires funds, and how to secure the necessary funds to meet all our financial obligations is no small problem. Our old endowment has not been in good condition, and our new endowment has not all been collected and put to work. If both our old and new endowments were yielding fully at a fair rate of interest, our financial worries would be considerably diminished. Luther College, however, is conducted in the interest of the Church. The investment committee of the Church has been given charge of the funds that are to be invested for the benefit of the College. We trust, therefore, that the Church will find ways and means for the College to meet its financial obligations until our full endowment is in complete working order. The new endowment is in excellent condition, while those who are looking after our old endowment give us very encouraging reports in regard to it.

The total endowment of the College at present is $672,782.58. There are also about $225,800.00 Luther–St. Olaf endowment undivided and partly uncollected pledges due to Luther College. In addition, the College has received more than $50,000.00 in gifts and legacies, from time to time, for student aid and similar uses.

There is a theory abroad, sponsored by some educational leaders, that students should pay the full cost of their college education. We have not reached the time when we can demand of our students that they pay the full cost of their college education; but we can raise the cost to some extent, and this we have been doing in recent years at Luther College. The tuition now is $150 a year. Some fees have also been increased, and others have been added. I submit herewith a financial statement for the past year, prepared by the College treasurer, Prof. K. O. Eittreim.

In considering the problems of the College, we must never forget that the aim of Luther College is to serve the Church, and that no solution of any of these problems will be satisfactory that is not in harmony with this aim. Heretofore, God has given the College success in the service for which it was founded. May He continue to bless it and give it success to the glory of His name and the salvation of immortal souls.

5. St. Olaf College

To the Board of Education of the Norwegian Lutheran Church of America:

The school year 1929–30 has in many respects been one of the best in the history of the school. With very few exceptions the health of both teachers and students has been good. Considering the number and variety of students, discipline has not caused much trouble. In the eighteen departments of the school, good work has been done. The faculty has gladly borne the heavy and exacting work entailed by the largest attendance in the history of the school. The College will this year graduate its largest class, numbering 215.

The faculty includes about the same number as last year. Three teachers who had been away for study returned, and six new teachers joined the faculty to take the place of those who had resigned or planned to be away. Five are on leave of absence this year and seven plan to study next year. Seven have resigned and three are returning. Eight new teachers have been appointed and two teachers must yet be secured. In justice to those who are absent for further study it should be said, that with very few exceptions in the history of the school, no salary has been paid teachers on leave, and they have in addition had to pay the expense of graduate study. As the present teachers lay down their work, the College is seriously troubled in trying to find teachers, who by education and spirit fit into our work and who are willing to give up the larger salaries and less critical positions for what in other circles are considered high school salaries. The colleges of the Norwegian Lutheran Church pay lower salaries than do those of other denominations and even of other Lutheran synods. The salary schedule adopted two years ago by the general convention of the Church is a hope, not an actuality. The education and securing of properly qualified teachers is, perhaps, the most serious problem confronting our colleges today.

The attendance this year has been as follows:

	Men	Women	Total
Seniors	114	104	218
Juniors	112	104	216
Sophomores	115	128	243
Freshmen	188	168	356
Special	3	5	8
	532	509	1041
Non-matriculate, music	...	5	5
	532	514	1046

A year ago we had a slight slump in the attendance of men. Through the good work of our representatives in the field and the co-operation of pastors, graduates, former students, and friends, this was overcome. The increasingly difficult financial conditions, however, will cause an even greater decrease the coming year, unless we can secure this co-operation and help again. No other method can compare in effectiveness with the personal solicitation of those who hold the College dear.

The usual number of graduates stand ready to go to the Seminary to take up theological study. Since the union in 1917, 187 students at the Seminary have come from St. Olaf, and in all fields in which the Church is interested, the men and women from St. Olaf are found in large and increasing numbers. For those who do not go into specific church service, a Placement Bureau is maintained, which has been very successful in helping to find positions. The greatest number go into teaching, though every profession or vocation is represented. There are now 2633 graduates, of whom 2545 are living. 519 graduates and former students have gone into the ministry. 41 men and 34 women have gone out as missionaries, a total of nearly six hundred in specifically religious work, not counting those who are teaching or have taught in the academies and colleges of the Church.

FINANCES

Due to the slump in attendance last year there was a deficit of $4,358.85 on August 31, 1929, the close of our financial year. The report of the year before shows a deficit of $27,866.75. This, however, does not represent a deficit accumulated by exceeding our income. It represents a deficit actually carried by the College for many years, because the financial year up to two years ago ended on December 31st, when the semester's income had been paid in, with the expense for the month of January yet to pay, as the semester usually ends about February 1st. When two years ago it was found advisable to end the year on August 31st, when there can be an even cut-off, this deficit came to the surface. The financial statement will show one other debt, namely $8,000 on the Music Hall. Future earnings of the Choir will take care of this indebtedness. The total cost of the Music Hall is over $120,000, all of which has been paid from the proceeds of the choir trips under the able leadership of Dr. F. Melius Christiansen. Only half of the building is finished. Some day it is hoped to complete it.

The College as such has no other indebtedness.

THORSON FUND

The Thorson Fund has not as yet been liquidated, as the times are still such that it could only be done at a sacrifice of its real value. The book value of the Fund is $640,160.16, though a committee of the Trustees, which looked up every piece of property, placed the valuation at a higher figure. Under the able administration of the college treasurer, Mr. P. O. Holland, the properties have been brought into good shape, and the banks are reported to be in good condition. When times become better and the Fund can be liquidated, the proceeds will be of real help to the College and the Church in building sorely needed dormitories.

ST. OLAF CORPORATION

The St. Olaf Corporation, made up of the Trustees and the President and the Treasurer of the College, and to be distinguished from the regular College Corporation, has a net valuation of $334,417.90. It carries an indebtedness for two reasons, first, because it built the present heating and power plant at an expenditure of $192,000, nothing of which was contributed, and secondly, because it carries liquid investments to facilitate the administration of the banks connected with the Thorson Fund. Over $50,000 has been paid on the heating and power plant, and more can be paid whenever it it considered advisable to sell lands or securities. When the present indebtedness has been paid, it is the intention to construct a building in which the students can be cared for as far as board is concerned. Ultimately both the Thorson Fund and the St. Olaf Corporation should be of real help in carrying the load.

ATHLETIC FIELD

The alumni and students last year undertook, at an expense of about $30,000, to provide athletic grounds for the College. The work is not as yet completed, nor has the full amount been subscribed and paid in. When ready they will add materially to the beauty of the campus, and will make one of the finest athletic fields in the state.

INCOME AND EXPENSE

Had it not been for the new endowment, the College would these last years have been in real trouble. About $500,000 of St. Olaf's share in the Luther-St. Olaf endowment has been paid in. But it has taken time both to collect and to invest it and get income. With the new endowment not in full working shape before last year, with increased expenses and a reduction of $10,000 two years ago in the appropriation from the Church, the College has had a rather difficult time to make both ends meet. The most rigid economy has been practiced, sometimes at the expense of the efficiency expected of us. The College will need the same appropriation, if it is not to go into debt.

LIBRARY AND CHAPEL

Though the Church may not be in position to do anything at this time, certain definite needs should be called to its attention. The library building, given in 1902 by Consul Halle Steensland, is entirely inadequate, and can accommodate neither the present number of books nor students. The gymnasium has to be used for chapel exercises and for all other meetings. It is not conducive to the development of the religious life at the College. which is the central thought in the establishment of St. Olaf. We dream at St. Olaf of some day meeting in a chapel again. Additional endowment is needed so as to relieve the educational budget of the Church of its heavy load.

TORGER G. THOMPSON'S GIFT

During the past year a gift of $40,000 was received from the estate of Mr. and Mrs. Torger G. Thompson, of Deerfield, Wisconsin. Only the interest is to be used and that to help worthy students of limited means. Other smaller amounts have been given by interested people. In the final analysis it all helps to carry out the purposes of the Church in maintaining the College. We owe the donor thanks and appreciation.

ANNUITIES

Attention should be called to the annuity plan of giving to our colleges. It is a help both to the donor as well as the institution to whom the gift is made.

RADIO STATION

Since 1922 St. Olaf has operated the radio station WCAL. The station is home built and must be rebuilt if we are to continue holding for the Church our rights on the air. It will cost between eight to ten thousand dollars, more than the College can afford. Some action should be taken. In a period of transition the fact that Norwegian services can be provided for our old people, more than justifies the expense. In many a congregation where there are old people, Norwegian is heard no more. Add to this the great number of sick and ailing, who enjoy the vesper services in the afternoon. The Church can not afford to lose its only chance to have a station of its own.

CHOIR

In accordance with the resolution of the Church two years ago, the St. Olaf Choir will this summer go to Norway to participate in the celebration at Trondhjem, or Nidaros, as it now is called. Due to the press of work at home, it is not possible for the President to be away. Dr. J. A. Aasgaard, the President of the Church, has, therefore, been requested to go with the Choir to bring greetings to our brethren beyond the sea. It is also planned to have the Choir go to Augsburg in Germany to sing at the 400th anniversary celebration of the Augsburg Confession. Dr. F. Melius Christiansen is training the Choir not only to sing, but to preach in song the Gospel we all hold dear. May the Lord bless them on their way!

ARTICLES OF INCORPORATION AND BY-LAWS

The new Articles of Incorporation and By-Laws for St. Olaf will come up for final action at the meeting of the Church this year. They were submitted two years ago and are printed in the Annual Report of the Church for 1928. The Board of Trustees of the College submits as their best judgment, that they should provide for but one board of nine members, instead of two boards as proposed two years ago. There are, therefore, presented for consideration proposed Articles of Incorporation and By-Laws in amended form. This matter has been lying over since the union meeting of 1917 and should, therefore, be carried to a conclusion at the meeting this year.

AIM AND PURPOSE

The central and dominating thought of the colleges of our Church is to give a higher education under the influence of Christianity, as taught in the Evangelical Lutheran Church. Add to this the purpose of preserving and transmitting to coming generations something of the spirit and culture of our Norwegian ancestry, and we have the whole program. In spite of misunderstandings, weakness, and mistakes, St. Olaf is faithful to its trust. Its many workers in pulpit and in pew testify to this in terms of results. Without our colleges, the Church would be more than crippled in its work. In an exceedingly difficult time a heavy responsibility has been laid upon us. If we shall discharge our duty, we shall need in increasing measure the prayer and support of the Church. The fate of the conservative Christian college is being decided today, and its very life hangs in the balance. Atheism, modernism, and secularization are the enemies from without, lack of adequate support for the program demanded of us and misunderstandings from within, are the enemies which threaten its very life. Our Norwegian Lutheran Church people have loyally stood by their colleges since their establishment in pioneer days. But the difficulties and perplexities of the present day are going to test them as never before. Vision, hope, prayer, large-minded, and constructive planning are necessary, if we are not some day to find ourselves without the institutions which in many respects have been the very heart of the Church.

God grant that we may be faithful in the discharge of the responsibility put upon us!

L. W. BOE.

(4) Concordia College

To the Board of Education of the Norwegian Lutheran Church of America:

Concordia College opened its thirty-ninth year on September 16, 1929, and will close on June 10, 1930. The school year has been a normal one in every respect. "Doing the day's work" has characterized all activity on the campus. The faculty, administrative officers, students, and the various organizations have performed their duties in a commendable manner. A splendid spirit of co-operation has prevailed; the academic work has been well organized and the results gratifying; health conditions have been unusually good; few cases of discipline have come before the administration; the a capella choir of fifty voices has completed a successful tour and the concert band will begin a concert tour at the close of the school year.

The enrollment for the present year is as follows:

	Men	Women	Total
Seniors	37	53	90
Juniors	50	54	104
Sophomores	50	52	102
Freshmen	94	64	158
Specials	..	4	4
Totals	231	227	458
Degree Music Students	2	21	23
Totals	233	248	481
Counted twice	..	2	2
Total college enrollment	233	246	479

Ninety seniors will receive their B. A. degree at commencement on June 10, 1930. Of this number 37 are men and 53 are women.

On August 15, 1929, the Board of Directors of Concordia College purchased the Dakota Conservatory of Music, occupying the third floor of the Stone Piano building in Fargo, North Dakota. Mrs. David Stoeve was elected to be director of the conservatory. She has faithfully and efficiently reorganized the institution to conform with the needs and demands of an accredited conservatory. Twenty-one faculty members have given instruction to over 400 students. The enrollment has increased each month. It is expected that the attendance will reach 500 by the end of the first year. In addition to private and class lessons, courses are offered leading to a bachelor of music degree with majors in voice, composition, instrumental, and public school music.

The College has this year been the recipient of a two-manual Estey pige organ. This splendid gift was given to the College by Mr. and Mrs. Norman Black, of Fargo, North Dakota. Mr. Black is the editor of the Fargo Forum. The organ has been installed in the College chapel, and will be dedicated during the commencement festivities. We are deeply grateful to Mr. and Mrs. Black for this generous gift.

A committee of the citizens of Fargo, North Dakota, are at present raising a fund of $5000.00, to be contributed to the Concordia Conservatory of Music in appreciation to the College for conducting a department of the institution in their city.

Concordia College has enjoyed the services of three faithful friends over so long a period of time. We believe that their tenure of office is unique in the history of American colleges. Miss Helga Fjelstad has served as matron of the College for 33 years. She has thus witnessed the coming and going of practically every student who has frequented the College. She has unquestionably contributed more to the upbuilding of the institution than any individual.

Rev. J. M. O. Ness, of Perley, Minnesota, has served continually as president and president emeritus of the Board of Directors, and Lars Christianson of Fargo, North Dakota, as secretary of the Board of Directors of the College since it was founded thirty-nine years ago. The Board of Directors adopted appropriate resolutions at their last meeting commemorative of their long, faithful, and efficient service. As we express our heartfelt appreciation to them for their signal services to the College, we pray that God may richly reward them with His grace and blessing in the evening of their lives.

The graduation classes of 1929 and 1930 have substantially and unmistakably expressed their loyalty to the college by pledging $12,500 each to the physical education building fund. No gifts are more deeply appreciated by the College than those received from its own sons and daughters.

In recent years Concordia has made steady progress and enjoyed consistent growth; especially is this apparent since receiving the generous financial support of its friends in the endowment fund campaign of 1926. A comparison covering the last five years will be gratifying to all friends of the college. A five-year record:

1925	1930	Increase
	1. *Enrollment (College Students)*	
273	479	204
	2. *Endowment*	
$99,087.31	$589,806.09	$490,718.78

	5. *Net Worth*

	6. *Faculty*

* Recognized by North Central Association of Colleges and Secondary Schools, and neighboring universities.

Such progress could not have been realized were it not for a large and loyal constituency giving the College generous financial and moral support. Concordia is the only Lutheran senior College located in the territory North of the Twin Cities and as far west as the Pacific Coast. Four of our nine districts are located in this predominantly Lutheran territory. 100,000 Lutherans live within 100 miles of the College, according to government census. No Lutheran college in America occupies a more strategic position. The late President I. D. Ylvisaker said: "The future of our Lutheran Church in the Northwest is bound up with the future of Concordia College."

The rapid growth in attendance has created new problems. Our buildings are over-crowded. There is urgent need of a library, science building, physical education building, and a new ladies' hall. The endowment fund, which seemed somewhat adequate in 1926, should be substantially increased. The added income from the endowment now scarcely covers the increased operating expenses, due to the increased enrollment. We earnestly appeal to our Church people to remember this foundation work of Christian Education in their wills, by direct or annuity gifts or by life insurance policies. Gifts may be given in money, securities, or property. No gift is too small or too great. Where it is necessary the Board of Directors of the College are in a position to guarantee a fixed, annual income for life to donors who are willing to make contributions to the College. We cannot afford to permit the Christian colleges to fade out of the American education picture. They are a necessity, both to the Church and to the State. No more serious problem faces our Church today than the adequate support of our Christian colleges. May it receive our prayerful consideration as individual Christians and as a Church!

An orthodox Christian college of today travels on no bed of roses. We live in a time of compromise, skepticism, and doubt. Creeds are belittled, moral standards have been let down. Insidious propaganda against orthodox Christianity is often propagated through the press, radio, platform, and pulpit. Many colleges have chosen the path of least resistance by becoming nonsectarian institutions, or they have entirely deserted the ranks of Church colleges. The colleges of our Church have courageously and consistently defended the Truth "once delivered unto the Saints." They have been torch bearers of true evangelical, historical Lutheranism. Consecrated and gifted men and women are dedicating their lives, often at great personal sacrifice, to serve the Church and Her Master on the faculties of our institutions. No endowment is greater than "the endowment of consecrated lives." The products of our colleges are recruiting the ranks on our Home and Foreign Mission fields and in the work of charity. Almost without exception these workers are the product of our Christian schools. They are contributing Christian-minded men and women to every useful walk of life. Exceptions only prove the rule. Our colleges are more than educational institutions. They are colleges of the *Church*. They need, and have a right to ask, the unqualified and wholehearted support of the Church. "By their fruits ye shall know them."

A significant movement is now under way for placing the needs, services, and contributions of the small liberal arts colleges before the American public. This movement is sponsored by the American Association of Colleges and will be conducted during 1931. It possesses great possibilities. We should keep closely in touch with its progress and lend our assistance wherever possible.

It has been encouraging to note the awakened interest among our people in the cause of Christian Education. Dr. Vigness has informed me that the budget contributions to Christian Education have increased more proportionately than that of any other activity of the Church since the union of 1917. This is heartening and encouraging. The generous response to the endowment fund appeal of 1926, as well as larger and smaller individual gifts since that time, augur well for the future of our college. Our people are realizing that no gift brings greater returns than an investment in the Christian Education of gifted young men and women. No more arresting promise is found in the Word of God than this one: "Train up a child in the way he should go, and when he is old he will not depart from it."

May God grant us grace, wisdom, and willingness to enter the open doors which He has placed before us in this branch of the Vineyard. The training and development of Christian workers and Christian citizens is and will remain our greatest contribution to the nation and to the Kingdom.

Respectfully submitted,

J. N. BROWN.

(6) Augustana College

To the Board of Education of the Norwegian Lutheran Church:

With this school year Augustana College has entered upon its seventieth year of work since its beginning. We report the accomplishments of the year with hearts that are grateful to our heavenly Father for the innumerable temporal and spiritual blessings bestowed upon our institution. No serious illness has interrupted the work. Genuine Co-operation between students and faculty has characterized the work and helped to make this one of the best years in the history of Augustana.

Prof. Martin Cole, of the History department, has been on leave of absence this year. He has been doing work towards the doctor's degree at the University of Wisconsin. Dr. John A. Froemke, to head the Chemistry department, has been granted leave for the year in order to complete a special project at the University of North Dakota.

The student attendance for the year has shown the same regular increase as it has during all of the ten previous years. The following is a summary of enrollment:

The students have manifested a fine spirit in their regular school work and in every activity conducted on the campus. The regular meetings of the religious organizations have been well attended. A series of devotional meetings, under the direction of Rev. Martin Norstad, created a great deal of student interest. In May, Dean S. M. Miller of the Bible School will be brought to the campus by the religious organizations of the College. A larger number of young men than in any previous year are making plans to enroll at the Seminary this fall. As the graduating classes grow, Augustana will by the grace of God contribute an ever-increasing number of young men to the direct service of the Church.

In journalistic and forensic activities the student body has again had representation in state and national circles. The musical interest at the College has been very marked. Both the Symphony Orchestra and the Choir are doing splendid work and are gaining considerable recognition for their endeavor. Last summer the Choir took a month's tour of the East where the reception given them was most hearty. In general all activities at the College have been remarkably well balanced. No undue emphasis has been placed on any activity.

Graduates of the institutions are making a splendid mark in their respective fields. A number are entering upon work for advanced degrees at leading universities of the country. The Alumni Association, under the leadership of Alvin Rogness, its president, is taking many forward strides in behalf of the school, and is assuming new power in promoting its welfare and the cause of Christian Education.

In general the administrative effort has been centered around the project of preparing the College for recognition by all accredited agencies of this territory. With this end in view the Board of Directors and President in co-operation with the clergy and laity of the College Association have been carrying on an extensive program of effort to complete the payment on the Endowment in order that the resources of the College may be augmented by the interest received from this Fund.

In an effort to improve the Library to meet college standards, an appeal has been conducted among the Young People's organizations of the district for a sum of $8,000. A little over one-fourth of this amount has been received, for which we are very grateful. However, something must be done to meet this need at once if the institution is to take the place of leadership which it deserves in this territory. A good library at a college is not a luxury but a necessity, and it must be constantly growing.

Several changes are being made in the Faculty to meet the higher standards of accrediting bodies. More teachers with advanced degrees are being secured to head the departments of the College.

The serious need of the institution centers around those immediate specific needs necessary to complete accreditation. Augustana must have an income large enough to meet the demands of the accreditors. In its program of expansion the College must also have new buildings. There is a desperate need for a new gymnasium which may also serve the auditorium needs of the school. A foundation for the building was laid several years ago. This temporary basement is being used for athletic and chapel purposes, but is absolutely inadequate to meet the needs of either. A campaign will be inaugurated this summer to complete this building, which will provide for a good gymnasium and chapel. We hope that our people will take the great needs of the college on their hearts and help it attain the goals for which it is striving. Augustana must grow in respect to physical equipment if it is to take care of all the splendid young men who are coming to her doors for Christian training.

As president I wish to call the attention of the Church to the loyal and faithful services of our faculty. The teachers are giving their best efforts to bring the advantages of a Christian college training to the young people of this territory.

For the financial year 1929, the beginning of second semester January 22, 1929, to January 21, 1930, we incurred a net loss of $10,955.78. This added to our former deficit of $9,782.03, now makes a net deficit of $20,737.81. During the year we received $20,000.00 from the Church budget. Our teachers' salaries alone the last seven years have increased nearly $30,000.00, while the appropriation together with endowment interest has increased only about $7,000.00. This will show a loss in this department of approximately $23,000.00, other things being equal. Ordinarily the financial history of colleges show that they receive from outside sources, such as appropriations, gifts, interest form endowments, etc., a sum about equal to the total salaries for their maintenance from year to year. We have pinched and saved in other departments and in improvements and upkeep so as to cut down actual loss to about $10,000.00 for the year.

A special appropriation of $12,000.00 by the South Dakota District was made on account of an appeal to the District Convention two years ago, but the Academy has been so pressed for money that the Board has used a part of the income at Canton, and the remainder has been used to apply on the Academy note at First National Bank, Sioux Falls, South Dakota. In all about $7,000.00 has been received out of the $12,000.00 appropriated.

Estimating our expenses and incomes over a period of six to seven years since we began to do college work, we see not only teachers' salaries increasing from year to year, but nearly all the departments need to be improved commensurate with the growth of the institution. All require at least an initial investment even if hey are self-sustained afterwards. Growth demands increased facilities to do work. We should have $20–25,000.00 per year more to do the work that our program demands.

Assets: Real Estate, $20,150.00; Personal Property, $38,349.50; Current Assets, $6,180.14; Net Deficit, $20,737.81, leaving Net Assets, exclusive of endowments, $313,941.83. The total active endowments amount to $425,117.98, making a total of Net Assets and active endowments of $739,059.81. We have unpaid pledges of $157,862.77, and unpaid estate notes of $57,022.00, making the persent worth of Augustana College, exclusive of the Academy, $953,944.58.

We wish to extend our sincere appreciation to the pastors and daity for the genuine support which you have given us during the past year. The success of our school is due to a large extent to your interest, gifts, and prayers. We appreciate the opportunity which we have of being of service to you and your children. Augustana has an increasingly large program of work before it. If we are to do our best in extending the Kingdom of God by educating Christian leaders, we must continue to have the unswervingly loyal support of our people, and we must all be given the wisdom and strength by the grace of God to do our work well.

Respectfully yours,

O. J. H. PREUS, President.

EDUCATION SURVEY

(Reprinted from Eighth General Convention Report 1928)

Letter of Transmittal

To the Norwegian Lutheran Church of America in Biennial Convention Assembled:

We take pleasure in submitting herewith the report of the Educational Survey Committee appointed by the Board of Education pursuant to a resolution passed by the General Convention of the Church in 1926 authorizing the appointment of such a committee.

The Committee, after a careful consideration of its mission as expressed by the Church, came to the conclusion that there can be no satisfactory solution of the secondary school problem without relating it definitely to and making it a part of the general educational program of the Church. The junior college movement, which was especially mentioned in the resolution above referred to, has been given careful attention by the Committee in connection with the secondary school problem.

The Committee further recognized the fact that an educational program must rest upon a sound financial basis. We must square our educational ideals with our ability and willingness to pay. Time and conditions change in Church as well as in State. An educational program, therefore, while it must rest upon well established principles and ideals and have the correct historical background, must be forward-looking program for the Church. This program must of necessity be tional work of the Church in the local congregations as well as in the general body must receive increased attention, more adequate support, and a larger degree of careful direction.

Our changing civilization clearly makes new and far-reaching demands on education. However God's truth and eternal values never change. Hence the fundamental objectives of our educational work remain essentially the same. In the light of what we have accomplished in the past and in harmony with the ideals and principles of the Church, the Committee sets forth in the following report a forward-looking program fork the Church. This program must of necessity be flexible and appeal to our people both as adequate and possible of realization. This program will enlarge with our growing conviction that education is a major function and an increasing willingness on our part to contribute to its necessary financial report. This program will prosper as we gradually forget old Synodical alinements and as we, with one accord, hopefully, joyfully, and unselfishly unite in a common cause.

The success of our educational program will depend to a large degree upon our administrative skill. One important subject considered by the Committee was the ownership and administration of our schools. As already stated, no program of education is secure unless it rests upon a sound, practical, and feasible fiscal policy. The financial ability of our Church should be ascertained and the extent of our activities should be proportionate to the financial support we as a Church are able to afford them.

In the final analysis we shall be free as we come to know the truth. Line upon line, precept upon precept, we must lead our people forth to a clearer and more definite knowledge of our schools, their needs, and our educational program. A crystalized educational consciousness is our salvation in this field. One of the outstanding weaknesses in our present Church organization is the failure to provide adequately for leadership among our clergy and our laity, but this leadership must be both discovered and directed. Due to our failure to properly enlighten the people with respect to our educational policy and program, many pastors, either because they do not know the situation or are indifferent to it, are lukewarm, if not actively hostile, to some of our educational activities. The work of the Executive Secretary of the Board of Education is in the judgment of the Committee one of the most challenging tasks in our Church today. To find the right man for this position and give him the right organization and support is of vital importance to the success of our educational activities.

Finally the problems of the Church are the opportunities of our people. Our Church life is so even and so orderly, its vitality so marked and its accomplishments so obvious that there is no reason for doubt or discouragement, even tho some problem may loom so large for the time being as to seem almost insoluble.

The Committee has held three joint sessions with the Board of Education, at which the principal problems attacked have been thoroly discussed and considered. For obvious reasons which are set forth in the statement of the Board of Education which follows, the Board does not join the Survey Committee in making this report and the recommendations it contains.

The report is divided into two parts, the first dealing with preliminary matters and the second presenting the findings and recommendations of the Committee, all of which is respectfully submitted for your careful and serious consideration.

STATEMENT BY BOARD OF EDUCATION

Inasmuch as the Church at its last convention authoried the Board of Education to elect a committee to conduct a survey of its educational system and report to the next convention a revised program for its work in this field; and inasmuch as the provision was made that the report should be made jointly with the Board of Education; but inasmuch as on further consideration the Board of Education feels that the Survey Committee should have entirely free hands to report such recommendations as it deems best without influence from the Board of Education; therefore:

Be it resolved that the Board do not join in the report of the Survey Committee, but submits the report directly to the convention for serious consideration.

J. A. AASGAARD, Chairman.
L. A. VIGNESS, Secretary.

Orientation

AUTHORIZATION OF SURVEY

The General Convention of the Norwegian Lutheran Church of America held in June, 1926, authorized an educational survey by passing the following resolution:

> "While the Church recognizes that the successful endowment appeal for its senior colleges has helped to shape more definitely than heretofore its educational policy as far as such colleges are concerned, it is aware of the fact that its secondary school problems complicated by the junior college movement, remains largely unsolved.
>
> Be it therefore resolved, that an Educational Survey Committee consisting of nine members, be appointed by the Board of Education, for the purpose of: (1) making a general survey of our educational institutions; (b) investigating carefully our secondary school problem, especially as affected by the junior college movement; (c) formulating jointly with the Board of Education, so far as possible a definite educational policy of our Church, to be reported to the general convention of 1928." (Annual Report, 1926, page 260.)

COMPOSITION AND ORGANIZATION OF COMMITTEE

Pursuant to the above resolution the Board of Education appointed the following committee: Prof. C. C. Swain, president, State Teachers' College, Mayville, N. D.; Dr. L. W. Boe, president, St. Olaf College, Northfield, Minn.; Dr. Oscar L. Olson, president, Luther College, Decorah, Iowa; Dr. G. M. Bruce, professor, Luther Theological Seminary, St. Paul, Minn.; Prof. J. O. Tweten, president, Luther Academy, Albert Lea, Minn.; Rev. O. O. Sovde, Scandinavia, Wis.; Rev. A. M. Mannes, Volga, S. D.; Attorney C. G. Dosland, Moorhead, Minn.; and Editor B. K. Saevre, Glenwood, Minn. Rev. Mannes resigned as member of the Committee last January. The Committee organied by electing Prof. Swain chairman, Dr. Bruce vice-chairman, and Dr. Olson secretary. Dr. Bruce was also elected to prepare the report of the Committee for presentation to the General Convention. The Committee has held four general meetings together with a number of sub-committee meetings.

PLAN AND SCOPE OF SURVEY

The Church appropriated only $1,000 to defray the expenses of this survey. Hence it was impossible for the Committee to make any personal visitation and inspection of the various school plants owned or subsidized by the Church. This would, of course, have been highly desirable. The Committee has, however, gathered considerable data concerning our schools and given careful consideration to the present status of our educational system, the general and specific objectives of our institutions of learning, the needs of the Church, a constructive and adequate program to meet these needs, the ability of the Church to support an educational program, the question of ownership, administration, number, and location of our educational institutions, the number and potential wealth of our constituency, and the changing conditions with respect to language and Church federation and consolidation, which may affect our future educational policy and program.

PRELIMINARY STUDIES

In order to establish a working basis and assemble the necessary data on which to base its recommendations, the Committee selected certain fields for investigation and had papers prepared on various topics as follows:

"Our Educational Objectives," Editor B. K. Saevre.

"Cost of Operating a Junior College of 250 Students," Rev. O. O. Sovde.

"The History and Future Place of the Academy in the Development of the Norwegian Lutheran Church," Dr. O. M. Norlie.

"Relation of Higher Education to Elementary Christian Education," Rev. J. N. Andersen.

"Proposed Educational Program," Rev. O. O. Sovde.

"The Effect on Our Educational Policy of Changing Nationality and Future Synodical Alinements," Dr. G. M. Bruce.

"Crystalizing the Educational Consciousness," Editor B. K. Saevre.

"Statistical Tables Showing Present Status of Our Educational Institutions and Comparison of Our Educational Work with Other Lutheran Bodies," Drs. G. M. Bruce and L. A. Vigness.

These papers were mimeographed and mailed out to members of the Committee and Board of Education for study and comment. In addition to these assignments a number of matters were from time to time submitted to sub-committees for special study and report.

HISTORICAL BACKGROUND

The history of the educational work of the Norwegian Lutherans in America constitutes an interesting and important chapter in American educational history. It is impossible, however, in this report to do any more than merely indicate the general trend of development. No sooner had organized Church work begun among the Norwegian settlers before they began seriously to consider ways and means to provide their young people with facilities for obtaining a Christian education. Elementary Christian education was provided for in the home instruction, the parochial and vacation schools, and in the catechetical instruction preparatory to confirmation. But the need of institutions of higher learning was also soon keenly felt and steps were taken quite early to meet this urgent need. The first school of higher learning with which the Norwegians had any connection was the so-called Illinois State University, founded as an academy at Hillsboro, Ill., in 1839. It became a college in 1847 and was moved to Springfield in 1852. In 1855 the Lisbon Seminary, Lisbon, Ill., was opened, but closed its doors the following year. During the next two decades over 20 schools were founded, among them being Augsburg Seminary, Luther College, St. Olaf College, Luther Seminary, and Red Wing Seminary. Since 1890 about 30 more schools have been established. Practically all of these institutions were founded by the constituent bodies now composing the Norwegian Lutheran Church of America. Church consolidations and the rise of local high schools and consolidated schools, together with a number of other factors, have tended to reduce materially the number of academies during the past two or three decades. During all of these years of educational activity the Church has had two more or less clearly defined objectives in view, in establishing and maintaining schools of higher learning, a general objective and a specific one. The general purpose is to provide its young men and women with opportunities for the acquisition of a broad general culture on a thoroly Christian basis and permeated with a true Christian spirit, affording them an education and training which would enable them to live exemplary Christian lives and render the highest and best type of service to God and humanity in both State and Church. The specific purpose is primarily to provide for the training of well-qualified pastors, missionaries and teachers.

PROBLEMS CONSIDERED

The principal problems considered by the Committee were the following, the solution of which in the Committee's judgment is basic to a sound, adequate, and feasible educational policy for our Church. Specific recommendations are given under appropriate heads in Part II of this report.

a) Definite objectives. Success of our educational system demands clear and definite objectives. These should ever be kept before the consciousness of the officers and leaders in the Church and pressed home to our constituency. The committee has endeavored to formulate these in the light of our past history and the present and future requirements.

b) A unified and progressive program. In order to attain the stated objectives a unified and progressive educational program is necessary. Our educational program has to a considerable extent been only piecemeal, insufficient attention having been given to the different stages in the development of the child and youth as progres-

sive links in the unfoldment of the same individual life. There shauld be a unified and progressive intellectual and spiritual development in the life of every child and any adequate system of education will make ample provision for the different steps in this development as a unified whole.

c) Ownership and control of educational institutions. The policy of ownership and control of educational institutions finally adopted by the Church will materially affect the successful carrying out of any educational policy. The Committee has, therefore, given serious and careful attention to this vital problem, but unfortunately has no solution to offer at this time.

d) Number and location of institutions. The former bodies which now constitute our Church naturally planted institutions without reference to the location of similar institutions maintained by the other two bodies. Hence we find institutions formerly belonging to Hauge's Synod, the Norwegian Synod, and the United Lutheran Church located within competitive proximity of one another. In some cases relocation seems imperative. Furthermore, the question of the number of institutions which our Church is able to support is pressing for solution. The questions involved in determining the number and proper location of our educational institutions have been among the most difficult with which the Committee has had to deal.

e) Financial Support. The problem of financing our educational program is the most difficult one confronting the Church at the present time. How to square the needs of our present institutions with the apparent sustaining power of the Church has been the most challenging proposition confronting the Committee. The solution offered is the best that the Committee is at present able to propose.

RECOMMENDATIONS

In this part of its report the Committee respectfully submits its findings and recommendations. They are based upon such investigations as the time and means at the disposal of the Committee permitted, careful consideration of the data ascertained, and the needs and best interests of the Church. The Committee does not feel constrained to support its recommendations with any extended arguments, but deems it advisable to accompany the more important recommendations with a brief motivation in order to intimate in a general way the premises upon which they rest and to aid in bringing about an intelligent consideration of them. The specific recommendations are presented in such form that upon adoption by the Church they become resolutions or decrees of the Church itself. It is earnestly recommended that the report be considered in whole directly by the Convention, without being partitioned and distributed among a number of Convention reference committees, since such committees in the very nature of the case can give only superficial and hasty consideration to the various proposals made, while back of every recommendation made by an investigating commission there is necessarily careful and deliberate consideration of the facts involved in the cases dealt with and the bearing of these facts upon the solutions offered.

EDUCATIONAL OBJECTIVES

The Committee holds that the Divine Plan provides for the extension of the Kingdom of God and the sustaining and development of the members thereof thru the work of the ministry of teaching and preaching. The rank and file, the spiritual priesthood of believers, shall be trained for Christian living and general Christian service in the State and the Church, and those members who are called to serve as teachers, ministers, missionaries, and leaders in the work of the Kingdom are to be specially trained for these specialized forms of service. This is in agreement with the traditional position of our Church as shown in its confessions, the historical relating to the founding and maintenance of our educational institutions, and the unfolding of our educational consciousness. The Committee, therefore, recommends the adoption of the following declaration of general and specific educational objectives:

The Church recognizes as its general and specific educational objectives the following:

GENERAL OBJECTIVES

1. So to nurture, educate, and train the child that it may grow into manhood or womanhood without having known itself to have been anything but the child of God, unfolding and firming its spiritual life, helping it to live the highest type of Christian life and sharing to the fullest possible extent in the privileges and blessngs as well as the obligations of the Kingdom of God thruout the various stages of its development.

2. To train the child for the functions and obligations of occupational and institutional life, so as to enable it to live and serve as a Christian in the various stations of life, economic, home, church, and citizenship.

SPECIFIC OBJECTIVES

1. To train men for the Christian ministry and men and women as Christian missionaries and for Christian social service.

2. To train men and women for positions of leadership in the congregations and the General Church and teachers for the educational work of the Church, elementary, secondary, and higher.

EDUCATIONAL PROGRAM

The successful attainment of these objectives requires a carefully planned, thoroughly unified, and progressively built-up system of Christian education, providing for the Christian education and training of the child from infancy to maturity. This system must be properly administered, adequately supported, and efficiently manned. Such a system must take into consideration the educational situation such as it exists at the present time. We have no parochial schools, school that impart both secular and religious instruction, and are, therefore, dependent upon the public schools for the elementary secular training of our children. The large majority of our children of high school age attend the local high school and only a comparatively small percentage our Church academies. Furthermore, an increasingly large number of high school graduates among our young people attend state institutions. Yet it must be recognized that Christian religious education is a necessary complement of secular education, an integral part of a well-rounded and complete education. It follows, therefore, that the local congregation must supply the religious element in education through suitable agencies and appropriate means for all the children of the elementary grade and a very large percentage of the children of high school age, and that the General Church must provide in an adequate manner for the religious instruction and guidance of the large number of its young men and women attending tax-supported institutions of higher learning. In order to provide adequately for its own needs, the Church must also maintain secondary and higher schools to secure the necessary supply of properly trained teachers, pastors, missionaries, and leaders, and furnish ample opportunity for as many of its young people a desire or may be induced to seek their secondary and higher education in institutions maintained by the Church. In view of these facts the Committee recommends the following educational program:

In order to attain the aforementioned objectives the Church commits itself to the following comprehensive and constructive educational program:

1. A definite congregational program of religious education providing for proper administration, adequate equipment, trained teaching force, and necessary financial support. In this home or congregational program of religious education steps shall be taken to develop and utilize the various educational agencies, such as the Sunday school, the Week-day school, the Vacation school, the Saturday school, the confiration instruction, and public catechization at church services in the highest possible degree. The Church approves of the congregational and denominational types of Week-day school only, since the community type renders it impossible for Lutheran congregations to maintain their confessional position and to control the character of the teachers employed, the subject matter taught, and the principles and methods of teaching.

2. A definite program of fostering, directing, and financing elementary Christian education by the General Church, with an adequate number of properly trained and qualified general and district workers. The educational program outlined in this and the preceding section shall be under the direction of the Board of Elementary Christian Education.

3. Adequate provision for the religious instruction and pastoral care of our young people at tax-supported institutions of higher learning either in conjunction with other Lutheran bodies or alone, as the Board of Education may deem most expedient in each particular case. This work shall be established and carried out under the auspices of the Board of Education.

4. The Church shall maintain an adequate number of secondary schools of the academy-junior type properly located and efficiently manned and equipped.

5. The Church shall maintain in the highest degree of efficiency its four present colleges.

6. The Church shall maintain its present Theological Seminary in the highest degree of efficiency for the training of pastors and missionaries.

OWNERSHIP AND CONTROL

There is at present considerable confusion in the policy of the Church with respect to the ownership and control of the educational institutions maintained by it. Some institutions are owned and controlled by the General Church, two by the South Dakota district, one by a corporation whose constituency is limited to the North Dakota and Northern Minnesota districts, while others are maintained by local corporations which, nevertheless, look to the General Church for financial and moral support. The Committee is of the opinion that a uniform system of ownership and control without any delimination of territory in favor of any particular institution would serve the best interests of both the Church and the various educational institutions. It is the unanimous opinion of the Committee that the four senior colleges, at least, should sustain the same relation to the Church as to ownership, control, territory, and financial support. The Committee has not, however, been able to formulate any definite policy with respect to the ownership and control of the educational institutions supported by the Church. The question of ownership and control, a question of the utmost importance to the successful carrying out of any educational program is, therefore, still an open question.

NUMBER AND LOCATION OF EDUCATIONAL INSTITUTIONS

No problem has given the Committee more concern than the determination of the number and location of educational institutions, particularly those of the secondary type. It has been the most delicate and vexing problem with which the Committee has been called to deal. The number and location of theological seminaries and colleges, the Committee considered a settled question for the present though there has been some sentiment expressed for the location of a theological seminary, in the far west and another in Canada. With our secondary schools, however, the situation is entirely different. The Committee is cognizant of the fact that the academies have rendered the Church a service of inestimable value in the past, and there is no disposition on its part to deal arbitrarily with any institution nor propose any unnecessary reduction in numbers. On the contrary, the Committee would like to perpetuate as many of the academies, raised to the junior-college type, as possible in the highest state of efficiency. It has had the best interests of the Church and its program of secondary education in view as well as the financial carrying power of the Church. In the judgment of the Committee, it is better to have a limited numberber of properly equipped and adequately supported institutions than many struggling and sorely pressed institutions within competitive distance of one another as is the case at the present time. In making its recommendations as to the ultimate number, type, and location of secondary institutions to be maintained, the Committee has taken into consideration the desirability of granting all the institutons, at present operatng, ample time to adjust themselves to the proposed new order of things, wherefore appropriations are recomended for all of them for the next biennium.

Our Lutheran Church has a great and increasingly important educational work to perform. It therefore follows that the Church should at all times, in conformity to the need, make provision for a variety of types in the educational field.

The latest and most important movement educationally is that of the junior college. In view of the far reaching spread of this type of institution it is recommended that junior colleges be developed as circumstances warrant and as such colleges fill an educational need. Such junior colleges may vary in type according to location and according to the special service they may feel called on to make to the Church and to the community. It is the opinion of the Committee that the time of the academy, as such, is passed, due to the rise of the local high school and the educational facilities it affords, and that a junior college, embracing the first two years of college work, cannot be successfully maintained by itself in our Church. Hence it is recommended that the secondary schools to be maintained by our Church in the future shall be of the academy-junior college type, that is, institutions embracing the regular four-year academic course and carrying two years of college work, namely, the junior and sophomore years. The junior college should not be permitted to expand into senior colleges.

On the basis of the foregoing premises, the Committee recommends the adoption of the following resolutions:

Be it resolved by the Church with respect to secondary schools:

1. That the following institutions shall be maintained as secondary schools of the academy-junior college type:

Red Wing Seminary, Red Wing, Minn.
Pacific Lutheran College, Parkland, Wash.
Clifton Lutheran College, Clifton, Texas.
Spokane Lutheran College, Spokane, Wash.
Waldorf Lutheran College, Forest City, Iowa.
Park Region Luther College, Fergus Falls, Minn.

The Church recommends, however, that Park Region Luther College and Concordia College, Moorhead, Minn., seriously consider the advisability of their amalgamation as an ultimate policy.

One school in the Eastern district, the location and the problems involved in the school question of the Eastern district to be referred to that district's meeting for determination, subject to the approval of the General Church.

One school in Canada, the location and the problems involved in the school question of Canada to be referred to that district's meeting for determination, subject to the approval of the General Church.

2. That Luther Academy, Albert Lea, Minn., be combined with such institution as its corporate body may decide, and that Madison Normal School, Madison, Minn., be combined with Augustana College and Academy, Sioux Falls and Canton, South Dakota.

3. That appropriations be made for the support of all the present secondary schools of the Church for the next biennium in order that they may properly adjust themselves to the proposed new order. It shall be the duty of the Board of Education to carry out the policy of the Church with respect to the secondary schools in such a manner that the number of schools voted in Section I of these resolutions shall have been reached in 1930.

FINANCIAL SUPPORT OF EDUCATIONAL INSTITUTIONS

It is the opinion of the Committee that for the next few years until the Church may otherwise decide, the educational budget, exclusive of the appropriations made for elementary Christian education, should not exceed $300,000 per annum, but owing to the present financial situation it is deemed advisable that the budget, for the coming biennium, exclusive of appropriations for elementary Christian education, should not exceed the sum of $275,000. In view of the promises made to the secondary schools by the Church in 1925 (See Report pp. 200 and 266), it is the opinion of the Committee that a campaign for raising endowments for the secondary

schools should be put on in 1930. The Committee, therefore, recommends the adoption of the following resolutions:

Be it resolved by the Church with respect to the financial support of the educational institutions of the church,

1. That a normal budget of $300,000 per annum be established for general education, exclusive of elementary Christian education, until the Church may otherwise decide. This amount shall not be construed to include such appropriations as may be made for buildings and liquidation of debts.

2. That for the next biennium the budget shall not exceed the sum of $275,000, exclusive of appropriations made to elementary Christian education.

3. That this amount shall be apportioned among the different educational institutions as follows:

Seminary	$ 40,000
St. Olaf	60,000
Luther	30,000
Concordia	25,000
Augustana	25,000
Red Wing Seminary	12,500
Madison Normal	6,000
Spokane	7,500
Parkland	7,500
Canada	5,000
Gale College	3,000
Central Wisconsin College	4,000
Pleasant View College	3,000
Waldorf College	3,500
Clifton College	5,000
Luther Academy	2,500
Park Region College	3,500
Bjarnason Academy	2,000
Board Expenses	30,000
	$275,000

4. That an endowment campaign for secondary education shall be put on by the church in 1930.

MISCELLANEOUS RECOMMENDATIONS

1. *Board of Education and Executive Secretary*

(a) The Board of Education shall consist of the same number of members and they shall be elected in the same manner as at present. (b) The Board shall have an executive secretary who shall devote all his time to the duties of his office.

2. *Theological Seminary*

The theological seminary is the chief and highest educational institution of our church. It is the only professional institution maintained by the Church, and upon it she depends for her supply of ministers and missionaries and to a very large extent for her leadership. It follows, therefore, that it should be given first consideration in our program of higher education both in the matter of teaching staff and equipment. Hence, the Commitee makes the following recommendations with respect to the Theological Seminary:

a) That the building program as authorized by the Church at its general meeting in 1926 (Report, pp. 259, 260, and 262), be carried out at the earliest possible date in order that the important work of the Seminary be not unduly handicapped by lack of adequate buildings and equipment. (Since this matter will be presented in appropriate form by the proper body, the Committee presents it here simply as its own recommendation as an endorsement of the Seminary building project.)

b) The Church shall provide suitable candidates for future theological professorships by encouraging properly qualified graduates of the Seminary to pursue post-graduate studies, such men to receive appointments as assistants at the Seminary as needed, provided they have had at least three years of actual experience in the ministry. These appointments shall be made by the Board of Education on the recommendation of the Theological Faculty for a term of one year at the time, and shall entail no promises or obligations on the part of the Church or the Seminary as to subsequent election to full theological professorships.

(c) The Theological Faculty conjointly with the Church Council and the Board of Education shall arrange the courses of study at the Seminary in appropriate related groups or departments, assigning specific chairs to the individual members of the Faculty, in order to encourage specialization in major fields of theology and secure the highest possible efficiency in the teaching work of the staff. Any person elected to a professorship at the Seminary in the future shall be elected for a specific chair for which he possesses special fitness.

3. *The Colleges*

a) Until the Church otherwise decides, the attendance of St. Olaf College shall be limited to 1,000 students and the attendance at Luther College, Augustana College, and Concordia College to 500 students.

b) There shall be established at the colleges of the Church training courses for administrative officers, social workers, and directors of religious education.

c) The Board of Education shall encourage and assist, in such manner as it deems advisable, graduates of our colleges to do graduate work in this country and abroad, in order that promising and dependable young men and women may be trained for teaching positions in our educational institutions.

4. *The Seminary and the Colleges*

The question of establishing a senior college in connection with the Seminary in order to provide an adequate pre-theological preparation of candidates for the ministry was carefully considered by the Committee. But the Committee is of the opinion that the cause and interests of the Church are best served by keeping the Seminary and the colleges linked in close co-operative relationship to secure an adequate number of properly trained men for the ministry. During the past two years conferences have been held by the presidents of the colleges and the theological faculty regarding pre-theological training which have resulted in a closer co-operation between these institutions and a better understanding and appreciation of the problems involved in ministerial supply and training. In order to promote still further a closer relation and co-operation between the Seminary and the colleges, the Committee favors the establishment of exchange lectureships between the Seminary and the colleges. It, therefore, recommends the adoption of the following resolutions:

a) The Church recognizes the value of conferences between the Seminary faculty and the representatives of the colleges with respect to ministerial supply and training and hereby directs the Board of Education, through its chairman and secretary, to call such conferences annually at such time and place as may be most convenient to all parties concerned.

b) The Church approves the idea of establishing exchange lectureships by and between the Seminary and the colleges and urges the proper authorities of these schools to take the necessary steps to establish such lectureships.

5. *Retirement of Professors*

The Committee has also considered the question of automatic retirement of professors upon the attainment of a certain age and is of the opinion that the Church should take some action in this matter in justice to the professors, schools, and school management concerned. In order to relieve both professors and school authorities of embarrassment in these matters and to insure justice to those who have faithfully and self-sacrificingly served the Church and its schools throughout the

active and productive part of their lives, the Committee offers the following resolution for adoption:

The Board of Education is hereby authorized and directed to prepare and put into operation a plan for the automatic retirement of professors and instructors at our Church schools upon the attainment of the age of 70 years providing for an annual stipend of not to exceed 50% of the average annual salary received during the five year period next preceding the year of retirement, provided that the party concerned has been serving the Church at any of its schools for an aggregate period of at least 25 years. In case such party has served less than 25 years in such capacity, his stipend shall be proportionately less.

6. *Disposal of Luther Seminary Property at Hamline*

The Committee is of the opinion that the Seminary property at Hamline should be disposed of as soon as possible and that the proceeds be applied to the Seminary building fund. It therefore recommends the adoption of the following resolution:

Be it resolved by the Norwegian Lutheran Church of America that its Board of Trustees be and hereby is duly authorized and directed to sell and dispose of the Luther Seminary property, also known as Hamline Seminary and situated on the corner of Capitol and Sheldon avenues, St. Paul, Minn., at the highest and best price and on the best terms obtainable and to execute the proper legal documents of conveyance to the purchaser, the proceeds of said sale to be applied to the building fund of Luther Theological Seminary, St. Anthony Park, St. Paul

C. Report from the Committee

N. B.—Resolutions are given as adopted. The "consideration of the report" given below, tells what changes have been made. A resolution with a bar on the side is not adopted in the form given in this report.

Committee No. 2 composed of the following: Rev. H. S. Froiland, N. D. Dist.; Rev. C. S. Thompson, Eastern Dist.; Rev. J. R. Lavik, S. D. Dist.; Rev. A. B. Swan, Am. Luth. Conf.; Rev. A. H. Solheim, Canada; Rev. G. O. Lane, Pacific Dist.; Mr. J. F. Heiberg, N. Minn. Dist.; Rev. O. K. Davidson, Rocky Mountain Dist.; Rev. L. A. Mathre, Iowa Dist.; Mr. J. Norby, S. Minn. Dist., met in its committee room in the Old Central Church Friday morning, May 23, at 9:15 and organized by electing Rev. H. S. Froiland Chairman and Rev. L. A. Mathre Secretary.

The Committee submits the following:

1. Be it RESOLVED, that The Norwegian Lutheran Church expresses its sincere thanks to God who so graciously has prospered the work of our Christian schools and made it possible to provide Christian training for such a large number of the youth of our Church.

Be it further RESOLVED, that we thank God for giving us faithful and self-sacrificing administrative officers and teachers who conscientiously are carrying on the work in these our Christian schools.

In Memoriam

An active and efficient worker on behalf of Christian education was taken from us in the tragic death of the Hon. Rev. O. J. Kvale. The Church hereby expresses its appreciation of his valuable services on the Board of Education.

3. Luther Seminary

The Church has always recognized the important place of the Theological Seminary as the apex of its educational system. The time has come for serious consideration of a building program that will provide the needed library and classroom facilities.

(a) Be it therefore RESOLVED that the Church hereby authorizes and instructs the Board of Trustees, the Board of Education and the Faculty to adopt a definite building program to provide for the needs of Luther Theological Seminary in accordance with the following provisions:

(b) The Board of Trustees, the Board of Education, and the Faculty to approve plans and specifications for additional buildings and equipment as they may deem necessary and advisable, at a cost not to exceed $350,000, including the coverage of the present indebtedness for extensions and repairs and the erection of two additional professors' residences.

(c) The Board of Trustees is hereby authorized and directed to have one, and if necessary, both of these residences erected at once and the necessary funds advanced to be refunded out of the funds raised in the proposed campaign.

(d) The Board of Trustees to be empowered to sign the necessary contract for the erection of such buildings and the making of such improvements as it may approve jointly with the Board of Education and the Faculty. No contract shall be let, however, until sixty per cent of the total estimated cost is available in cash and the balance is covered by good subscriptions approved by the Board of Trustees. Section (c) of the resolutions passed by the Church in 1926 to be construed in agreement herewith.

(e) The active campaign for the raising of the necessary funds in the amount stated in section (a) above to be conducted by the Faculty by and with the advice and co-operation of the Board of Trustees at such time and in such manner beginning not later than February 1, 1931, as may be determined jointly by these two bodies.

4. Professors at Academy

(a) The Committee moves the adoption of the recommendation of the Board of Education and the Faculty of the Seminary in regard to Prof. Dahle:

In consideration of the faithful and efficient services, during a long period of years, which Prof. John Dahle has rendered our Seminary in the training of pastors, and in consideration of his advancing years and his physical weakness which makes it impossible for him any longer to do the work which his position requires, it is recommended that his resignation be accepted and he be asked, under the direction of the president, to give from one to two hours' instruction a day to students that may desire special instruction in hymnology and liturgics. Be it further recommended that he be given free room in the Seminary and $600.00 a year beginning with the opening of the fall term. The regular work which he has done to be given to another teacher to be elected.

(b) RESOLVED, That Dr. M. O. Bockman be designated President Emeritus and that he continue as professor at the Seminary to carry on, as far as his health and strength will permit, the valuable work which, by God's grace, he has been permitted to perform in this important field.

5. Luther College

The Church expresses its appreciation of the special gifts that have come to Luther College the past year, viz: a large collection of books from Prof. Haldor Hanson; $3,000 for a new athletic field from Mr. Nordal Hustad of La Crosse, Wis.; 160 acres of land in Montana valued at $10,000 from Dr. Peter A. Reque, Brooklyn, N. Y., a legacy of $5,847.83 from the estate of Miss Oline Ramstad, Minot, N. D., a legacy of $749.29 from the estate of Miss Elizabeth Tonnesen, La Crosse, Wis., as well as other gifts to the library and college.

6. Oline Ramstad

WHEREAS, the late Oline Ramstad of Minot, N. D., made a bequest to Luther College from which was realized the sum of $5,847.83 to be added to the endowment fund of the College, unless the Norwegian Lutheran Church of America should decide that the bequest should be otherwise used for the benefit of the College,

Be it RESOLVED, by the Norwegian Lutheran Church of America that the sum of $5,847.83 bequeathed by the late Oline Ramstad to Luther College, and now in the custody of the endowment committee of the College, be placed at the disposition of the Board of Trustees of the College to be used by the Board for the benefit of the College in any manner that the Board deems advantageous and proper.

7. Articles of Incorporation

RESOLVED, That the proposed and substituted Amendments to the Articles of Incorpooration and the By-Laws of the Norwegian Luther College of Decorah, Iowa, (page 321), be adopted as submitted with the exception that Art. IV on meetings read as follows:

> RESOLVED, That the matter of establishing a Junior College at Madison Normal School be deferred until the next biennial convention of the Church.

Substitute adopted Wednesday morning.

13. Spokane College

The Committee submits the following series of resolutions proposed by the Board of Education:

Inasmuch as Spokane College, due to insufficiency of financial resources, has not been in operation during the academic year 1929-30; and

Inasmuch as the present situation in regard to the question of necessary accreditation, of satisfactory student attendance, and of adequate financial support, renders doubtful the future prospects of the institution; therefore

Be it RESOLVED, that the work of Christian Education at Spokane College and Pacific Lutheran College be consolidated at Pacific Lutheran College.

Be it resolved that this General Convention authorize, and it hereby does authorize, the Board of Trustees at its discretion after consultation with the Board of Education to sell the following described property at such time; for such price and on such terms as said Boards may deem advisable to-wit:

All of Blocks Three (3) and Four (4) of First Addition to Acre Park to the City of Spokane, Washington, together with all that part of 30th Avenue located lying between said Blocks Three (3) and Four (4); and

Be it further resolved, that the Board of Trustees of the Norwegian Lutheran Church be, and it hereby is, authorized through its chairman and secretary to sign and execute the necessary deeds of conveyance to complete the sale thereof; and

Be it further resolved that the Board of Trustees be authorized and directed to exercise the necessary care of the property until the aforementioned sale can be effected; and that for this purpose it may use such amounts of mony as it finds necessary with the understanding that these expenses shall ultimately be charged against the property.

14. Pacific Lutheran College

WHEREAS, Pacific Lutheran College is now the only Lutheran school of its type in the western 40 per cent of the United States; and is serving the cause of Christ in a home mission territory in which an endowment fund of $290,000 has been pledged and will be in process of collection for another two years or more; and

WHEREAS, the prospective development of our last national frontier imposes upon our Church the responsibility of developing an educational institution that shall, by the grace of God, be "a tower of strength on the Walls of Zion" which the Lutheran Church is called upon to build in the west; and

WHEREAS, The Pacific District of the N. L. C. A. is the owner of Pacific Lutheran College and has by the adoption and prosecution of a development program for the school definitely faced and accepted this responsibility, and has, through the Pacific Lutheran College Development Association provided a satisfactory device for carrying this program through to success, God willing; and

WHEREAS, the prospective federation of Lutheran Synods makes the need as well as the possibility of maintaining Pacific Lutheran College greater and more apparent; and

WHEREAS, the appropriation already voted by the N. L. C. A. ($10.000 a year for 1931 and 1932), is inadequate and placed an annual operating deficit of $16,000 in prospect, while, on the other hand, the present accredited status of the institution cannot be maintained if further deficits are incurred;

BE IT RESOLVED, that the N. L. C. A. encourages its members everywhere to support Pacific Lutheran College by prayers, by gifts, and by joining the Development Association, whose membership is already 4294, and whose slogan is "At least a dollar at least once a year."

15. St. Olaf Radio Station

Recognizing the distinctive service that Radio Station WCAL, at St. Olaf College, is rendering to our people, and in view of the fact that the present equipment is antiquated and inadequate to render efficient service.

BE IT RESOLVED, that the President of St. Olaf College be authorized to solicit funds for the needed improvements.

16. Statement of Principle

16. Believing that a principal reason for the difficulties encountered in carrying forward successfully the work of Christian Education in our Church is to be found in a quite general lack of appreciation of how central and indispensable a function Christian Education services in the very life and usefulness of the Church, the following statement of principle is submitted in the hope that it may serve in some small measure to clarify the problem and contribute something toward its solution:

a. Though its work is organized for practical reasons into different departments and carried forward under different names, the Christian Church has only one fundamental purpose, that of "making disciples of all nations,"—also our own.

b. In the accomplishing of this purpose the work of Christian Education is basic, the very existence of the Church as a positive and aggressive force for the upbuildnig of the Kingdom being under God dependent upon the faithfulness with which the work of Christian Education is caried on. Only by wisely and effectively, advancing the cause of Christian education can we permanently advance the cause of Home and Foreign Missions, the work of Mercy and the other specialized tasks of the Church.

c. The Church would therefore urge upon all its pastors and congregations to keep clearly and constantly in mind the central and indispensable function of Christian Education. If the heart be impaired, the other members also will suffer.

d. The Church would also urge upon all its workers, regardless of in what department they may be enrolled, to keep constantly in mind the unity of purpose of the Church as a whole and the proper co-operative relationships of the different departments, so that in their praiseworthy zeal for their own specialized fields of endeavor, they do not lose sight of, but at all times give generous, loyal and intelligent support to that which in the life of the Church is most indispensable, Christian Education.

ROCKY MOUNTAIN DISTRICT

Communication from Rocky Mountain District received by convention.

We, the undersigned, elected by the Rocky Mountain District, wish to present the following resolution:

WHEREAS, Spokane College now closed has only a small debt, and WHEREAS, it has a great field of service and opportunity stretching several hundred miles in all directions; and WHEREAS, the disposal of this property at this time would entail a great economic loss and forever wipe out the possibility of a Lutheran school in this district.

BE IT RESOLVED, that the Church conserves the property of Spokane College through its Board of Trustees and defers final action on the disposal of this property until after the next biennial convention.

A. M. SKINDLOV.
O. M. GRIMSBY.
T. S. STOCKDAL.

Greeting to Joint Synod of Ohio.

That we express our hearty appreciation of the splendid co-operation on the part of the Joint Synod of Ohio, both financially and otherwise, in our educational work in the western part of the United States.

Dr. M. O. Bøckman

Rev. D. G. Ristad and Rev. J. R. Lavik offered the following resolution, anent Dr. M. O. Bockman's retiring from the presidency of the Seminary:

(Translation): "It is with a feeling of regret that the N. L. C. A. has received the notification that the president of the Theological Seminary, Dr. M. O. Bøckman, asks to be relieved from this position, which he has filled with such great honor to himself, and has rendered such a great service to the Church for these many years. Dr. Bockman has not only laid down a great work as Theological professor and stood in our midst as a typical Christian, but his clear insight into the great problems of the Church and his ability to solve these has been able to lead not only the young men, who under his direction have prepared themselves for positions of leadership in the congregations, but the Church at its meetings, and otherwise in speaking and writing, has given of himself to the development of the Church both internally and externally.

The N. L. C. A. wishes on this day to thank God for the gift that it received in this faithful and talented servant, and furthermore, bespeak its deepfelt thanks to Dr. Bockman for his long and important and blessed service in the Church.

The N. L. C. A. expresses its joy over the fact that it can yet have his services as Theological teacher, and prays God that he in the future to his final end may experience the fullness of God's grace and live rejoicing in the joy that exceeds all understanding.'"

After the adoption of this resolution Dr. M. O. Bøckman was elected as President Emeritus of Luther Seminary. Dr. Bøckman was escorted to the platform by the president, Dr. J. A. Aasgaard. The convention sang: "Magtigste Kristi Menighetens Herre." Dr. Bøckman addressed the convention at the hour of the evening devotion.

Dr. T. F. Gullixson's Speech of Acceptance

Mr. Chairman, members of the convention:

Professor Carl Ylvisaker was my candidate two years ago for the chair of New Testament Theology. Had he been elected now instead of myself, my heart would now be filled with joy.

In my final letter to President Aasgaard are these words, a presumption I will admit, "If my refusal makes room for Professor Ylvisaker, I count such refusal a service to the Church."

You have shown a confidence in me which simply overwhelms me.

Your previous call imposed upon me a task for which I honestly felt unequal.

Your call went with me close to the edge of the valley of the shadow of death and up again to health and strength before it was refused.

You have called me now to the chair of Practical Theology. It is a call, which before God, I dare not decline. I accept this call. This, my acceptance, is in no way connected with nor conditioned upon the proposal in connection with the presidency of the Seminary."

B. Reports

"Go, I pray thee, see whether it be well with thy brethren."—Gen. 37: 14.

Thus Jacob instructed his son Joseph. Joseph submitted willingly to the command of his father and departed in quest of his brethren, his father's children, fully aware of the dangers that he would be exposed to. And when he came to Shechem and found them not, but was informed that they had departed hence, he went to Dothan and found them there.

Likewise our Heavenly Father has commanded us as His children to go out to find our lost brethren and win them back to Him and His salvation. Are we ready and willing to obey His command?

The Lutheran Church has preeminently been a Home Mission Church. She has followed in the footsteps of her Master who first sought the lost sheep of Israel and who instructed His disciples to begin the great mission campaign from Jerusalem.

Because Home Missions have occupied a prominent place in our Church, God has abundantly blessed us so that we now have a large and vigorous Church numbering nearly 3000 congregations, with about half million members, with schools, charities, and work in pagan lands. Our good people have annually contributed over one million dollars to carry on this work. Truly, we have reasons to be thankful.

But it seems that God in His mercy has ever greater blessings in store for us. The doors of our beloved land are open as never before to the old true Gospel of Jesus Christ. New fields are developing in the cities as well as in the rural districts throughout the whole land and opportunities for Home Mission work are multiplying every year.

The work in our Home Mission field has progressed also during the year 1929. Many congregations which have received financial support from our Home Mission budget have become self-supporting and a number of new ones have been organized during the year.

The Board of Home Missions held two meetings during the year 1929, one the 30th of January and the other the 10th of September. The Executive Committee had three meetings, on the 10th of April, 16th of May and the 15th of October.

The term of office of members representing Northern Minnesota, Southern Minnesota and Iowa Districts has expired, and election must take place.

As our representative from the Rocky Mountain District, Rev. O. O. Andvik has accepted a call to North Dakota, a new member must also be elected for that district.

Seamen's Missions

Information about Seamen"s Missions in San Francisco, Seattle, Galveston, Boston, Ketchikan and Vancouver will be found in the reports submitted by the Superintendents of these Missions.

On June 1st we will move into our own building in Seattle, which the Church purchased a few years ago and which is now being remodelled and equipped to take care of our work. This is only a block away from the present quarters. Rev. E. B. Slettedahl is the Superintendent of this Mission.

Pertaining to our Seamen's Mission at San Francisco, we have not as yet been able to secure a suitable building for our work at this place. This mission is still taken care of by Rev. Gronsberg and his assistant at the old place.

The work at Boston, Galveston, Ketchikan and Vancouver has been carried on as in former years.

At Norfolk, Va., we have had a Seamen's Mission for many years, also a small congregation. Said work has been turned over to the Norwegian Sea-

men's Mission in Norway and the work is being taken care of by Rev. Ravnan. Our Church is appropriating a small amount to this work temporarily.

May the Lord continue to add His blessings to all our Seamen's Missions, our faithful workers and our sailor boys.

Immigrant Missions

Our Church conducts two Immigrant Missions, one in Brooklyn, New York and the other in Winnipeg, Man., Can.

The Norway House at Brooklyn, N. Y., which is our Immigrant Home, has been a haven for many of the immigrants coming from the old country, as well as a gathering place for the newcomers living and working in the great metropolis or surrounding country. It has also been a safe and convenient place to stop for many of our Church people going and coming from Norway.

Notwithstanding that Norway's quota is very small, only 6,400 are allowed to come to U. S. each year, a large percentage comes to our Immigrant Home and are helped both spiritually and physically until they find their destination. They are met at the docks when the steamer comes in, taken to Norway House and directed to the railroad stations on their westward journey. Thus the Church meets and bids them welcome to a new country. Devotions are conducted every evening and Thursday evening a special service is held. These metings are well attended.

The property at 92 Columbia Heights (Norway House) has been sold, because it was not suitably adapted for the work, and the Church will be asked to sanction a proposition from the Home Mission Board, together with the Board of Trustees, that new quarters be acquired, better adapted for our Immigrant work. This will not require more money from the Church than before. The temporary Superintendent at Norwav House is Rev. R. O. Aase.

The following resolution and recommendations to the Church were adopted by the Home Mission Board as well as the Board of Trustees:

"Whereas, pursuant to resolution adopted by the Church Body in 1925, (page 396), the Immigrant Mission (Norway House) in Brooklyn has been sold at a price of $50,000.00, payable as follows: $15,000.00 cash, by purchaser assuming a mortgage of $17,000.00 now standing as a lien against said premises, and the balance, $18,000.00, by a purchase money mortgage back on said premises with interest at 6 per cent per annum, payable semi-annually for a period of five years, and

Whereas, the Home Mission Board recommends that a local corporation be formed in New York to promote, establish and maintain an Immigrant Home at some suitable place in Brooklyn or New York to provide accommodations for Lutheran Immigrants and Missionary work at said place, and that said proceeds arising from the sale of said Norway House loaned to said corporation for the establishment of such Immigrant Home on such terms and conditions as may be determined upon, that the Home Mission Board will guarantee to pay to the Church Body interest on said proceeds from said sale of said Norway House at 5% per annum for a period of five years, that the liability of the Church Body in this project shall be limited to said proceeds of said sale, excepting the Home Mission Board provide a Mission Pastor at said place, and

Whereas. the said Home Mission Board requests that this Board (Board of Trustees) approve of said project and appoint a committee of three to work with said Home Mission Board or its committee to prepare and present resolution to the Church Convention to authorize the carrying out of said project.

BE IT THEREFORE RESOLVED, that the Board approves this recommendation of the Board of Home Missions, on condition that the proposed Immigrant Home be designed, located, financed and controlled in a manner acceptable to the Board of Trustees and Board of Home Missions, and that proper arrangements be made so that said Immigrant Home be controlled by members of the Norwegian Lutheran Church of America."

Rev. T. J. Langley has been our Immigrant Missionary at Winnipeg, Man., Canada, for three years.

The great influx of our people from Norway into Canada has necessitated this move. Rev. Langley is working faithully, spending the winter months visiting congregations and settlements to find work and places for the Immigrants. Work has been secured for most of the immigrants, thereby also increasing interest in our Church work in Canada and helping the newcomers to come in contact with our Church and congregations. These people must be taken care of or they will be lost for our dear Church.

May the Lord continue to bless the Immigrant Missions in Brooklyn and Winnipeg.

The Indian Mission

The report of Prof. Axel Jacobson, who has been a teacher and missionary among the Indians for a period of over 40 years, will undoubtedly be read with great interest. It is one of our oldest missions and should appeal to every true church member for generous support.

Rev. T. Rykken has been pastor at the Indian Mission, preaching and teaching at the Mission station as well as at the church in the country. When we think of the great number of children instructed in God's Word from year to year, as well as the Gospel message brought to the older Indians, the Church is truly doing a blessed work at Wittenberg, Wis.

The Eskimo Mission

Our Church is doing work among the Eskimos at the Mission stations at Teller and Igloo, Alaska. Rev. Dahle has been stationed at Igloo since he returned to Alaska to again take up the work among the natives, and he has done a very blessed work. Miss Helen Frost, who was a worker at the Teller station for three years, has this year been home on a year's furlough and has used her time in studying at the Lutheran Bible Institute. Miss Mabel Lien has managed the station at Teller, together with Miss Anna Mathison. On account of sickness, Miss Lien has resigned and Mr. Jesse Olson will take her place as manager of the Teller Mission.

The Daughters of the Reformation have labored faithfully to gather the necessary funds so that a new station could be opened at Shismaref. We have at that place between 300 and 400 Eskimos, of whom many have pleaded and prayed to get a missionary. About $7,000 has now been collected by the D. O. R., and a new station will be established. The building and equipment will not exceed said amount and the expenses in maintaining the work at Shismaref will be taken care of by the D. O. R. organization, which will make this its special project. The Y. P. L. L. has also promised to give some financial assistance.

Rev. Dahle will move with his family to Shismaref to manage this station. He will erect the building with native help, thereby saving the mission considerable money. Miss Helen Frost will take Rev. Dahle's place at Igloo.

The Cradle Roll Department of the W. M. F. has already over 2,000 names on its list and has been of wonderful help to our Alaska Mission.

These Christian, courageous workers who have gone forth close to the Arctic Circle to bring the Gospel of Jesus Christ to the Eskimos deserve our full support and our continued prayers.

Deaf and Blind Missions

Among the Deaf and the Blind at Faribault, Minn., Council Bluffs, Iowa, and Sioux Falls, S. D., our Church is doing a blessed work. Rev. H. O. Bjorlie is carrying on faithfully the work at Faribault and Council Bluffs, among these unfortunates. He has also made trips to Devils Lake and other places to visit the deaf and the blind, and will visit Devils Lake regularly in the interest of this work.

Rev. Bjorlie has a report which I know everyone will read with great interest.

At Sioux Falls, S. D., Pastor B. J. Rothnem has had charge of the work.

The Lord grant that we as a Church may continue to further this work and pray for it!

The Book Mission

Rev. Olaf Guldseth is working faithfully as the head of this endeavor. The work has progressed and borne fruit. The small booklets and tracts have been of great help to our pastors in their work, and have brought both spiritual help as well as information to our people. Further information regarding this work will be found in Rev. Guldseth's report.

The Evangelistic Work

Rev. H. N. Ronning, Rev. T. Tjornhom, Mr. E. L. Scotvold and Mr. K. O. Lokken are laboring faithfully to help the pastors bring more spiritual life into our congregations. They have visited about 175 congregations, held 432 meetings in the Norwegian language and 669 in the English language.

These meetings have been well attended and the work has been of great blessing to many souls. Letters have been received from pastors where these men have worked, giving thanks to God and the Church for the spiritual help they have brought them and their people. The evangelists have not only visited the larger congregations but have also spent part of their time out on the frontiers, on the Home Mission field.

May God continue to bless their work!

Student Pastors at State Schools

This important line of Home Mission activity brings us in touch with the young men and women who are distributed among the student bodies of our secular institutions. The statistical report for 1929 shows that we have at least 2,997 students in attendance at non-Lutheran schools. We have reason to expect that from these will come leaders in both Church and State.

The pastors who have entered this field of activity have formed an organization in order to be of mutual help and inspiration to each other in this particular work.

The Church Extension Fund

The Church Extension Fund plays a very important part in the Home Mission program. Many congregations, not only Home Mission congregations, but also others, on account of financial depression, have appealed to Church Extension for aid in their church building program.

The Church Extension Board has tried to do its very best, with the limited amount of money at its disposal. If this Fund had adequate resources it would be a source of greater aid than at present to many struggling congregations, but as the contributions to Church Extension are far below what they ought to be, and since comparatively few have been able to pay on the loans extended to them, we have not been able to assist as we would like.

Many congregations believe that when a loan is granted by the Home Mission Board, money is available immediately. The fact is that the Board approves applications for loans even though no money is available at present to show the willingness of the Church to help. It is understood, however, that each congregation must await its turn.

The cause of Church Extension would be greatly enlarged if the congregations who have had loans for five years or longer would earnestly strive to repay same.

Rev. H. M. Mason has been soliciting for this Fund during the greater part of 1929, and has been successful in such congregations where he has been permitted to work. We would plead with the pastors and congregations interested in the Home Mission work of our Church to open the doors for Rev. Mason, that he may be allowed to present and gather funds for this most worthy cause.

Believing that the interest in Church Extension would increase and giving become more general, the Board this year has placed the sum of $10,000 on the regular Home Mission budget for Church Extension. In view of the fact that about $5,000 has been received annually through free-will offerings, the proposed appropriation will mean a very slight increase in the budget. If this

is voted by the Convention, which we hope and pray it will be, it also follows that every gift to this cause will be credited upon the budget to the contributing congregations.

May the God of our fathers, who has so richly blessed our humble efforts in the interest of Home Missions in the years that are gone, continue to hold in His almighty and loving hand this most important work of our Church. May He give us greater vision, increased willingness to give and more prayerful zeal as we continue to serve!

C. S. B. HOEL, Executive Secretary.

INSTITUTIONS

East Boston, Mass.

During the year 1929, 9,457 seamen visited the reading room, and of these 5,428 attended the services or other meetings. One hundred fifty Norwegian vessels entered Boston Harbor and of these 146 were visited by the pastor of the Seamen's Mission. 145 sick sailors were visited by the pastor, of whom some were found in hospitals and others on board ship. Among these 145 sick visitations are also included those whom I visited in the city and in the congregation. The sailors showed me the utmost courtesy and I noticed that a number of the men after such visitation came to services the following Sunday. Three sailors were buried from the mission.

3,200 letters have been received for the seamen; 325 of these were forwarded; 275 sailors secured work through the mission and we provided lodging for many. W have, however, been very economical in this respect and try to prevail upon the boys to go out and find work and not to impose upon the hospitality of the mission. The best feature of all, however, is the many opportunities given us to lay the Word of God upon the hearts of these young seamen, and, according to the promises of the Lord, His Word shall not return unto Him void.

The seamen have deposited $2,000.00 here for safe-keeping. During the year I have sent home for them $5,078.64. All accounts are in good order. All letters containing money donations to the mission have been placed on file for inspection by the Board of Home Missions. During these days I have made use of the men who are idle to clean up the church and the reading room.

In conclusion, I thank God who by His grace has blessed the labors of our Seamen's Mission here, and I would also tender our thanks to Dr. Hoel who as Executive Secretary has encouraged me in my work and supported me in every way. God grant that this department of our Church work may some day prove not to have been in vain. AXEL BERGH.

Norw. Luth. Seamen's Mission, Galveston, Texas

God has truly blessed the past year for us, not only in regard to finances but also spiritually. The year brought blessings to the numerous seamen who during the course of the twelve months attended our meetings and services.

Every Sunday forenoon we have had Sunday School and now we have 26 children and four teachers. Every Sunday evening we have conducted Norwegian services and there has been an average attendance of 30. Every Tuesday evening we have conducted semi-religious meetings with programs and refreshments. The average number of visitors has been 45. We have also had special festivities and lectures, all of which have been very well attended. When the church was dedicated in March, 1928, we were constrained to borrow $400.00 from the bank, which sum was refunded December, 1929. The income during the year through collections has been $519.86, and the current expenses have been $510.88. The Ladies' Aid has now paid off the last note on the organ and in December the Aid sent $50.00 to the budget of our Church. All the furnishings in the church are paid, including pews, altar, pulpit, baptismal

font and organ, and no debt rests upon us. Nevertheless, it is our privilege this year to repay something on the indebtedness to the Church Extension Fund.

During the past year, from January 1 to December 1, 1929, the city has been visited by 112 Norwegian, ten Swedish and 18 Danish vessels, and on all ships of other nations, America included, there have always been many Norwegian sailors. In the course of the year we have had in our care on behalf of the seamen $1,383.00 and $1,700 sent to their respective homes; total $3,083.00. Besides the Sunday School, I have instructed a class for confirmation. The enrollment took place September 19, 1929, and the class will be confirmed on Easter day this year. There are three girls and two boys.

We had Christmas festivals for the seamen. Altogether 300 presents were distributed, which had been donated by friends all over the country.

It is with gratitude to God and the Church that we submit this annual report. The Lord alone is to be honored and magnified for the work that we have done.

E. BONNEVIE-KLUVER.

Scandinavian Seamen's Mission, San Francisco.

The Lord has blessed our Seamen's Mission during the year 1929 and we render thanks to Him for His blessings, in Jesus' name!

Four times a week we have conducted public services and every evening we have had prayers. The attendance at these meetings has been fairly good. The following statistics will show what has been done:

$55,512.62 has been in our safe-keeping, and the sum of $55,668.34 has been paid out. $28,576.05 was received in remittances—$30,897.52 was deposited in banks in behalf of the seamen.

On the 31st of December, 1929, the sum of $65,616.00 was shown in the bank books as being in the custody of the Mission. The sum of $55,018.17 was withdrawn in checks and money orders. 10,160 letters, 3,091 packages were received. In the baggage room 724 items for the seamen were deposited. There were 143,710 visitors to the mission; 200 visits were made to the ships and 150 hospital visitations. The Lord be praised for all His mercies!

O. GRONSBERG, Seamen's Pastor.

Scand. Luth. Seamen's Mission, Seattle, Wash.

Last year the reading room had some over 170,600 visitors. 214 services have been held, with about 8,000 in attendance. 23,085 letters have been received, not to mention thousands of packages. 6,385 letters were forwarded to various ports. Voluminous correspondence from the Mission itself is not included in these figures. 36 missing men have been located and put in communication with their relatives. A number of these have been missing many years. Imagine the significance of this if it were your husband or son who had been lost and found. 838 seamen have been assisted in securing good jobs without any compensation from the seamen or the ship-owners. It is understood that all such service is free.

Quite a lot of money has been received during the past year for safe-keeping and home-sending. All moneys belonging to sailors, the home and the mission are audited at the beginning of each month by a competent auditor and specified accounts of all moneys are sent to the officials of the Church body. A large sum of money has also been used to alleviate the hardships of the sick and the distressed. This work goes with a Christian seamen's mission, while at the same time it is necessary to see to it that these funds are not misused but rightly applied.

Aside from the duties mentioned above there is also a great deal of work of many varieties, both temporal and spiritual, as for instance visitations to hospitals and vessels, advice and counsel in various relations, visits to those who constantly are found in the immigrant station to be deported, direction to the A. B. and Lifeboat certificates, citizenship, etc. We are constantly engaged in a great and varied work and we need the prayers and support of God's people.

For more than five months we have had free instruction in the English language by two capable women teachers. With the assistance of our many friends, societies and individuals, we were enabled to make our mission a pleasant place for more than 500 persons, chiefly seamen, with various gifts, with Christmas goodies and Christmas dinners at two of the city's restaurants, thus entertaining more than four hundred seamen. To show that this hospitality was highly appreciated we may state among other things that the assembly rooms were packed with eager listeners during the preaching of the Word of God both on Christmas Day and the day after Christmas, and this without any refreshments whatever.

An account of all moneys and packages received for Christmas will be found duly acknowledged in the Pacific Lutheran Herald.

In conclusion, let me express cordial thanks to all the dear donors who with money and packages assisted us in making our mission a pleasant refuge for the many sailors who are far away from home and who miss the joys of Christmas with their loved ones at home. Our hope and prayer is that God to whom the labor belongs may richly reward and bless these friends for their kind helpfulness.

E. B. SLETTEDAHL.

Seamen' s Mission, Vancouver, B. C.

This report is not intended as a complete account of the work done throughout the year at this Mission; it is merely an outline or sketch of what we have been able to do.

The Norwegian Lutheran Mission of Vancouver, B. C., has been in a transition period during the last year. As is generally known, it was begun as a charity mission. We arranged sleeping quarters in the basement of the church building which were, however, entirely inadequate as to equipment; but still we were able to take care of about 50 men every night during the winter months, providing free meals twice a day. This friendly hospitality naturally attracted a number who by force of bad fortune were impoverished or such as, owing to improvidence, found refuge in our Mission.

Finally, matters came to such a pass, that the local Board of Trustees, as well as the former pastor in charge, recommended a change, and, as a consequence, the mission has been in a state of transition from that of a local charity to that of a seamen's mission.

The reading-room, providing reading matter and writing facilities, has been well attended, having had approximately 3200 visitors. There have been 43 religious meetings, with an attendance of about 1400 people. 4500 letters have been received and of these more than one-third has been forwarded to various places in lumber camps and fisheries. Due to the poor circumstances in which the men have been this year, very little money has been received for safe keeping; but the mission provides facilities for such custody. Classes in English have been conducted twice a week, with a fair attendance. Work for men has been so scarce this winter that very little has been done in this direction, but a good many girls have secured employment in good homes through the office of the mission. Hospitals have been visited regularly and sick people have been helped to get doctor and hospital care. Assistance to immigrants has been given in many cases, the mission pastor serving as interpreter at the U. S. Immigration Office.

As stated above, the work has been in the transition period, and therefore not as great as might have been expected. What people here have generally wanted from the mission is food, clothing and lodging; but a change has been going on gradually and we are trying to help men to help themselves. In due time we hope that this mission may rank among the larger institutions of the kind in our Church.

Cash donations amounted to about $180.00, which money has been used in providing food, mostly. Due to the terrible unemployment here last winter, we felt the need of doing this, and about two thousand free meals were served.

Christian service is stressed, as the above brief report will show. We are

hoping, by the grace of God, that this helping hand may reach out in such a way as to touch those who are receiving its ministrations by the spirit of Christ and be led to seek God who is the Giver of all good gifts.

We ask for the sympathy and prayers of our beloved Church in this work, and join with them in prayer for continued blessings upon all the activities of the mission. C. K. MALMIN.

Ketchikan Seamen's Home

The Seamen's Home at Ketchikan, Alaska, has had a blessed and prosperous year during 1929, for which our gratitude and thanks arises to Him from whom all blessings come. The Seamen's Home has indeed been a means to convey many blessings to the fishermen in this vicinity.

The co-operation of the committee which was appointed by the Church a few years ago deserves a good deal of credit for the success of the institution. The members of the committee have at all times exerted their influence in its favor.

We have conducted services every other Wednesday for the fishermen. A class in English and a class in Citizenship were conducted during the winter months. A series of Bible lectures were also given during these months. These classes and lectures were well attended by the boys, and were conducted by the pastor of the Seamen's Home. Besides these meetings regular family prayer meetings were held in my office by a few Christian boys who desired to come together for prayer.

The Reading Room has been well attended during the last year. The fishermen have often had a quiet hour with the Lord through the Christian literature which the Reading Room offers to its visitors.

While the Seamen's Home does not aim to be an employment bureau, it has by its influence been able to provide employment for a number of men. It has also kept for safe-keeping for the boys a sum of about $15,000.00. And it has sent home for the boys a sum of over $15,000.00. The income of the Seamen's Home during the year 1929 was $7,594.48.

May God continue to bless the work at the Seamen's and Fishermen's Home at this place. J. M. ADSKIM.

Bethany Indian Mission

Our school opened again October 1st, and within a few days we had full attendance, the number being 137.

Our older, confirmed children begged to be admitted again, but as there were so many small children in miserable circumstances, we advised these older ones to shift for themselves and give the chance to the wee and helpless tots.

Four of our older pupils attend the high school here. One of our Indian girls, who graduated from the high school last year, has taught a class of 25 of our little ones. She has done fairly well, but lately asked me is she could get a little support in a money way so as to attend one of our church schools a year. I am wondering if some private individual or society might be willing to help Ruth Mallory get this additional schooling.

Those employed here have done their work faithfully, as well as shown an interest in the bodily and spiritual welfare of the children.

We have had but little sickness to contend with this year, mostly the usual colds and two or three falls down some stairs, none of which resulted in mentionable injury to the ones concerned.

Pastor Rykken has conducted services regularly in the mission here on the grounds as well as at our little church a distance from town. He has also had regular classes at school. It may be added that the services in the rural church have been quite well attended also this year.

The records show 19 baptized during the year, 11 confirmed, 96 communed, 6 burials, 1 marriage.

I have often thought, during the passing years, what a blessing it would be to have a plain building here for the older Indians, where they might be housed for the winter. They eke out a miserable existence especially during the long winter months. If we could furnish them a room, bed and stove, and let them cook their own meals in their own way, I assure you it would make them glad. We could gather them for worship and win them for the Kingdom of God, or in instances further establish them in the essentials of the Christian religion. Mrs. Sundby, who is the President of our Women's Missionary Federation and is a capable woman with vision, has this matter under consideration. Our plan is to house them only during the winter. When spring comes they can leave this winter home and shift for themselves in the way hitherto usual among them, until the snow begins to fly again. It seems that they manage quite well during the warm season.

We commend our cause to your prayers and liberal support during the coming year. May God further extend His Kingdom among the Indians, who are redeemed with the same blood as we and have a common inheritance with us, as many as believe in the crucified and risen Lord Jesus Christ, in the Savior of all the human race. AXEL JACOBSON.

ADENDA

Deaf and Blind Mission, Faribault, Minn.

The Mission among the Deaf and Blind at Effata Church, Faribault, Minn., has enjoyed a fruitful year. Services were held uninterruptedly every Sunday at church for the blind at 9:45 and for the deaf at 10:45. Young People's Luther League meetings have been held once a month for each group, separately. The Saturday classes have enjoyed special instruction. Instead of using older confirmed pupils as teachers in the lower classes at the Church for the Deaf, Mr. Wesley Lauritsen, one of the able teachers at the School, has been engaged throughout the year. His work has made a vast difference in the results. He has also preached in the absence of the pastor at the Iowa or North Dakota Schools. A class of 26 deaf and blind were confirmed on Palm Sunday. Eight were also baptized. Two were confirmed on their death-beds, one blind boy and one girl at the hospital for Feeble-Minded, making a total of 28.

The largest class nas been enrolled at the Iowa School, and about 15 may be confirmed there May 18th. Work has been extended to the North Dakota School at Devils Lake, and a most wonderful entrance has been made. The majority of all the Protestants enrolled are Lutherans, and all the Protestants join with them in special preaching services. The pastor has to spend two Sundays a month away from Faribault, but the work at Effata Church is ably handled by the associate, Mr. Lauritsen. H. O. BJORLIE.

Report for Book Mission

During the year 1929 the work of the Book Mission proceeded as usual, with some signs, however, of a little growth and progress. More literature was printed and sent out and the contributions have been somewhat more generous than in any former year.

It may also be truthfully said that this missionary work has become better known through this year than ever before. The expression "Book Mission" was not used and an effort was made to get this quiet messenger of the gospel into the homes as widely as possible. It has thus been the hope to place the printed religious Word in the hands of our people also in our times, when there are so many things that occupy men's thoughts and hinder the use of catechism and the Bible, and all other religious literature.

The Book Mission is grateful for the encouragement received in this manner, because we believe that the distribution of such literature is of spiritual help to many and gives us courage to carry on this work.

We have good reason to believe that at least most of the literature distributed is read. This literature is sent only to such as will distribute it with discrimination, and, as a rule, such persons inform us that the tracts and booklets are received with gratitude.

As to the fruits which our literature may bear, we must leave that to the guidance of God's Holy Spirit. However, during this past year we have received numerous letters expressing gratitude for the help and guidance which our literature has provided them. The clearest evidence that the knowledge of the Book Mission and participation in it is developing consists in this fact that our Ladies' Aid Societies seem to be becoming more interested in the work. The increased interest among the Ladies' Aid Societies for our work is certainly a fruit of the fact that the Women's Missionary Federation has placed our Book Mission upon its program. We therefore hope for a constantly growing co-operation on the part of the Federation.

The following tracts and booklets have been published in 1929:

No. 13,	"Andagtsstunder for syke"	7th edition	5,000	copies
" 18,	"What Must I Do To Be Saved"	9th "	5,000	"
" 30,	"God's Children on Earth "	4th "	5,000	"
" 25,	"Christian Child-Training"	5th "	5,000	"
" 31,	"Andagtsbok for Gamle"	2nd "	5,000	"
" 26,	"Lys i Hjemmet"	3rd "	5,000	"
" 35,	"Hvad er Kristendom?"	1st "	10,000	"
" 4,	"The Chief Teachings of Christian Science Compared with the Teachings of the Bible"	5th "	5,000	"
" 9,	"Divine Consolation"	15th "	5,000	"
" 34,	"Faithful Under Fire"	2nd "	5,000	"
" 33,	"For Little Folks"	3rd "	5,000	"
" 22,	"Light in the Sick Room"	7th "	5,000	"
" 18,	"What Must I Do To Be Saved?"	10th "	5,000	"
" 36,	"Luther's Small Catechism"		40,000	"
	"Little Devotional Gems"		5,000	"
	Total		115,000	"

Nineteen different tracts have been published to the number of 76,000 copies. The only new publications are No. 35, "Hvad er Kristendom" and No. 36, "The Catechism." The question is often asked, if the Book Mission has no new tracts on hand. The ministers who have used our books found them useful and want more of them. When the Board of Publication of Augsburg Publishing House last year determined to get rid of quite a lot of old Norwegian literature, for which there probably would be no sale, it was permitted the Book Mission to pick out whatever they desired of this Norwegian surplus literature. I therefore selected several hundred copies under several titles, all of which were brought to my home. But these booklets can be used only occasionally. A number of English tracts were also turned over from Augsburg Publishing House. For all this I hereby tender our thanks.

The literature which was distributed in 1929 comprises about 119,300 small publications, of which 35,000 are the catechism and furthermore 62,200 tracts. Besides the catechism we had 26 publications for distribution, 13 in English and 13 in Norwegian. 54,440 English publications were sent out and 29,870 Norwegian tracts and booklets. As a rule a few trial copies are sent out to those who send us contributions, even though they do not ask for the tracts, and they who presumably are less conversant with our work but send us contributions, receive trial copies of all the literature which we possess. It is often very difficult to decide what should be sent out, since the orders we receive are in many cases very definite. This is very often the case, even when a large consignment is requested. We must therefore determine as best we can what tracts and how many of them we are to send out. Of course this fact increases the work.

OLAF GULDSETH.

C. Committee Report

N. B.—Resolutions are given as adopted. The "consideration of the report" given below, tells what changes have been made. A resolution with a bar on the side is not adopted in the form given in this report.

Committee No. 3, consisting of Pastors O. M. Grimsby, A. Green, H. D. Johnson, A. N. Brudvig and Rev. H. O. Fjelstad, and delegates Ludvig Ranum, E. E. Hanson, H. H. Tosdal, Stephen Larson, and L. O. Linde, was organized by electing Rev. O. M. Grimsby chairman and Rev. A. N. Brudvig Secretary.

The Committee begs to submit the following report:

1. The Norwegian Lutheran Church of America returns thanks to Almighty God for the many blessings bestowed upon the Home Mission work of our Church in the past, for the privilege of serving Him in this field, and invokes continued divine guidance and grace in the future.

The Church furthermore expresses its sincere thanks and appreciation to the men who are placed in the responsible position of guiding and directing this work, to the men who are laboring in the various mission institutions, the Home Mission pastors and other workers, for their faithful and loyal service in their respective field of labor, and to the members of our congregations who have sustained the work by their prayers and contributions.

2. The Church recognizes with gratitude the good work that is being done in the Seamen's Mission at East Boston, Mass., Galveston, Texas, San Francisco, Cal., Seattle, Wash., Vancouver, B. C., and Ketchikan, Alaska.

3. The Church commends the Bethany Indian Mission at Wittenberg, Wis., to the prayers and increased financial support o our people. The Indian Mission has a special claim upon us. We owe this people, whose land we have possessed, the best we have, the gospel of Jesus Christ. The suggestion made by Prof. Axel Jacobson in his report concerning a building for the use of the older Indians during the winter months, should receive serious attention as soon as circumstances will permit.

4. The Church is mindful of the blessed work that is being done among the deaf and blind at Faribault, Minn., Council Bluffs, Iowa, and Sioux Falls, S. D. Pastors Bjorlie and Rothnem are rendering valuable service to our Church in ministering to the spiritual needs of these unfortunates who have been denied the blessed gifts of hearing and speech.

5. The Church appreciates with thanks to God the self-sacrificing and noble work that is being done by the loyal men and women who are serving in our Eskimo mission. The financial support given to this mission by the Daughters of the Reformation and the Young People's Luther League is heartily commended.

6. Recognizing the importance of the work done by the Luther Book Mission, the Church again calls the attention of its pastors and people to this excellent service, and urges that its work be given the publicity and financial support that it deserves.

7. The Church appreciates the work done by the evangelists in our Church. It is gratifying to note that the service of these men have been in constant demand, even beyond what they have been able to render. May the Lord continue to bless their labors.

8. The Church Extension Fund has always been recognized as a vital factor in Home Mission work, but the financial support given it has never been adequate to its needs. The Church will therefore again urge upon its pastors and congregations:

a. That the 9th Sunday after Trinity or some other Sunday, be set apart

for special consideration of this cause, and an offering be received for the Church Extension Fund.

b. That the Church Extension Fund be remembered by special gifts and legacies.

c. That congregations having received loans from this fund endeavor to repay the same as soon as possible, and especially provide for paying their loans within five years.

9. The attention of our Church has been focused on a new field of activity which has been sadly neglected. We are aware of the need of more concentrated work among the Lutheran students at non-Lutheran institutions of learning. The time has come when our Church must recognize that the students, who by virtue of their education will become the leaders in their respective home communities, must be preserved for our Church. We hope that the Church will soon be able to appoint a full time worker who will have charge of this activity among our students.

The Immigrant Mission

10. The property belonging to our Immigrant Mission at Brooklyn, N. Y., (Norway House) being sold, a proposition for the continuance of the Home in another location and under the management of a local corporation is submitted by the Home Mission Board and the Board of Trustees, in the following resolution:

"Whereas, pursuant to resolution adopted by the Church Body in 1925, (page 396), the Immigrant Mission (Norway House) in Brooklyn has been sold at a price of $50,000.00, payable as follows: $15,000.00 cash, by purchaser assuming a mortgage of $17,000.00 now standing as a lien against said premises, and the balance $18,000.00 by a purchase money mortgage back on said premises with interest at 6 per cent per annum, payable semi-annually for a period of five years, and

"Whereas, the Home Mission Board recommends that a local corporation be formed in New York to promote, establish and maintain an Immigrant Home at some suitable place in Brooklyn or New York to provide accommodations for Lutheran Immigrants and missionary work at said place, and that said proceeds arising from the sale of said Norway House loaned to said corporation for the establishment of said Immigrant Home on such terms and conditions as may be determined upon, that the Home Mission Board will guarantee to pay to the Church Body interest on said proceeds from said sale of said Norway House at 5 per cent per annum for a period of five years, that the liability of the Church Body in this project shall be limited to said proceeds of said sale, excepting the Home Mission Board provide a Mission Pastor at said place, and

"Whereas, the said Home Mission Board requests that this Board (Board of Trustees) approve of said project and appoint a committee of three to work with said Home Mission Board of its committee to prepare and present resolution to the Church Convention to authorize the carrying out of said project.

BE IT THEREFORE RESOLVED, that the Board approves this recommendation of the Board of Home Missions, on condition that the proposed Immigrant Home be designed, located, financed and controlled in a manner acceptable to the Board of Trustees and Board of Home Missions, and that proper arrangements be made so that said Immigrant Home be controlled by members of the Norwegian Lutheran Church of America."

On the basis of the fact available to the Committee that 20,000 people travel through the port of New York annually, the Norway House is the only place where our people can find a station for information as to lodging, traveling, etc., for these and many other reasons, the Norway House can be of real service and assistance to our people in America as well as to those who come from Scandinavian countries.

Your committee recommends that Norway House as an institution shall be continued on the basis laid down in the foregoing resolution: That the local Corporation shall be vested with authority to manage and direct the said Norway House and assume full financial responsibility for the same.

Respectfully submitted.

O. M. GRIMSBY, President.

A. N. BRUDVIG, Secretary.

B. Reports

A—THE WORK ABROAD

By **Helge Hoverstad**

"Lo, I am with you always, even unto the end of the world."

Thus spoke the Lord and Founder of Missions when He issued His great commission. He has kept His word. This has been and will always be the experience and consolation of the mission people, their joy and strength. He is present in person.

With regard to our three mission fields it may be truly said: The Lord has been with us, and has not left us without testimonies. This refers to the laborers as well as their labors. He was with them and protected their lives on their way to and from the homeland and while they were traveling in their field of labor. From calamities and dangers He protected them. The swift river did not engulf them and from the fury of savage robbers He brought them back in safety. In all fields there was more or less sickness but it was not permitted to have its way. He spared the lives of our laborers.

Rev. Knut Monson and his wife had to put their little daughter Elizabeth to rest in the soil of Madagascar. She was five years old and died in August, 1929. Now she is at home with God, but her mother and father remain in the Lord's service out there. May God give them comfort and strength. On account of impaired hearing, Mrs. Monson went to Ft. Dauphin and the Inland for medical aid, but, sad to say, withouu satisfactory results. Rev. Geo. Holm had to go to Peiping for an operation this spring. It is to be hoped that it was successful. Thanks and praise be unto God. He watched over the lives of our laborers. In all fields God has been with them and blessed their work. The conditions have varied and the progress of the work accordingly but there is much to thank God for.

This report is written before the reports of the different superintendents are at hand, and further details may be found in their reports as they are printed in our church papers.

China

There is little use in writing about the **political situation.** China is still the land of problems and unexpected overturnings. Before this is printed and reaches the annual meeting the conditions may be completely changed. The Nationalists with Chiang Kai-shek are still at the head of the government. Hitherto they have subdued the rebels. If the Nationalists now fail to consolidate China and put her on her legs, the Chinese people are headed for serious times. It is bad enough now. The people are suffering. Civil war has been going on for years, the country and its people are suffering under the outrages of robbers and hosts of vagrant ex-soldiers who know no mercy. A terrible famine has visited large parts of China, and millions have died of hunger. The people of China suffer more than we of the West can realize. But God almighty is still at the helm, and may His time soon come with better times and the balm of life for China's missions. This is the prayer of those who are familiar with the conditions in that country.

The Work. There have been **difficulties.** Robbery is an old profession in China. This traffic has increased terribly during the past few years. Discharged, starving soldiers become robbers in order to live. Natives and foreigners are captured and kept for ransom. Last fall, as you know, one of our own workers, Mrs. Rev. Oscar Hellestad, was carried away by such robbers. A day later the Lord rescued her from their hands. With regard to her experiences and wonderful rescue, we refer to her exceedingly interesting and thrilling letter in Lutheraneren of April 2.

Another difficulty in our work is due to the regular soldiers. The government has prohibited them from entering the houses of the mission, but they don't care a rap for that. They are apt to tear down the poster containing the government order to keep away, and then they take possession of the property if no missionary is present to stop them. Often it was quite difficult to keep them away even if the missionary was present. On account of these things the work has been greatly hampered during the past year. The mental as well as physical strength of our missionaries has been subjected to a very severe strain. There were so few missionaries that it was difficult to keep the robbers out of all of our stations.

The national awakening, and especially the liberal communistic movement which in 1927 swept our field and other parts of China, also caused difficulties. It played havoc with our work and our churches. At some places more so than others. Though the worst is supposed to be past and the minds of the people have become more calm, the whole work has suffered, especially in the eastern field around Kwangchow. Indeed, there have been difficulties in the work, and anxiety in the minds of our missionaries. This is certain. But the Lord has not failed them. Our missionaries have kept up the work without dismay.

Encouragement. Now we have mentioned the difficulties. But in spite of them the missionaries have been able to carry on their work. The people are willing to hear and learn. With joy and thanks to God the Christians have received the missionary and gathered around the Lord's table. It makes them happy to have the missionary in their midst once more. Now they have learned that they need him. Aside from the difficulties already mentioned, the heathen do not interfere seriously with the work. People have also been baptized in the course of the year, but no statistics are received when this is written.

Unless there is a radical change for the worse, the report from China still holds good: Now is the opportunity. Now the aim must be to let China have Christ in place of the idols thrown out of the temples upon order from the government, to let China have the Christianity of the West instead of its godless civilization. Therefore our force of laborers out there must be increased, especially now when so many are coming home on furlough.

The Schools. The crisis of 1927 stopped our successful school apparatus entirely, except the Union Theological Seminary at Shekow. This has con-

tinued its regular work during the whole crisis. Since the missionaries returned they have kept some Bible schools for women and have also attempted to have some middle school classes in Fencheng. Otherwise, all our schools have been out of commission since 1927. The Christian Chinese realize the necessity of Christian schools and co-operate with us for the purpose of opening some schools again. Dr. C. C. Skinsnes who acts as superintendent during the absence of Landahl, writes: "Now it looks as if it is going to be possible to do some school work. The present government is friendly disposed towards the mission." Even this year the intention is to start some lower and higher primary schools, later also Hauge Academy and Grammar School. Christian schools are of course necessary if the Church is to live and the mission work make progress.

The New Policy. The national awakening of China brought new thoughts and new demands with regard to the presence and work of foreigners in the country. The missions were no exception. In 1928 our missionaries drew up a new plan for our work. It was adopted by the Board and is presented to the annual meeting of our Church for approval. The new plan follows the golden midway between the radical and conservative extremes. Its main aim is to give the Christian congregation greater influence upon the work and the management of the Church, to place greater responsibility upon it, and to demand more self-help of it. The new plan is already in operation and is followed as far as possible under the present conditions. The intention is to reduce the gifts of the mission to the congregations from year to year in proportion to the increase of the amounts raised by the native congregations themselves. On account of war and rapine the people are so empoverished that just now they are not able to make as large contributions as they ought to make and would have made under ordinary conditions.

Religious Literature. In the history of China missions the need of religious literature has never been so great as now. This is admitted by all who are familiar with the situation. All missions laboring in China are making extra efforts to satisfy this ever increasing demand. Some years ago the Lutheran missions of China organized the Lutheran Board of Publication. Through difficulties they have labored faithfully for years. They were short of help to do the work, and they were short of means, and yet they managed to accomplish a great deal. It is clear that this work must be strengthened. Lutheran literature for devotion as well as for theological study they must have if the Lutheran Church is to live. Therefore, steps have been taken to supply this need. The working capital is to be increased by contributions from the different Lutheran missions, and able men have been secured for this work.

It is true that of China's population only a small percentage can read, but as a rule the Christians can read. Besides, the Chinese people themselves are making serious efforts to teach reading. This means that we shall need literature not only for the Christians but also in order to bring the Gospel to the masses of the people who are still heathen.

Indemnity. The annual meeting of 1928 resolved to compensate the missionaries for the personal losses they had sustained during the crisis and the war in China. Many of them lost everything except the clothes they were wearing. A committee in China is engaged in clearing up this matter. Its work is not finished yet, hence no one can tell what is needed. The budget for each of the next two years calls for nfteen thousand dollars for this purpose.

Staff of Laborers. Since the last annual meeting the following laborers have been sent to China: The Revs. H. W. Bly, Thomas Lee, Ingvald Daehlin, Palmer Anderson, Rolf Syrdal, and Edward Søvik and their families. Also the Misses Ida Groseth, Nora Rosvold, Aagoth Fosmark, the deaconesses Bergitha Nilson and Clara Kravig, two nurses, Clara Peterson and Arna Quello, and the Misses Ruth Gilbertson and Marie Nelson. The last two are to be teachers at the school for the children of missionaries where Rev. Palmer Anderson is the principal. The number of laborers, 37. Home on furlough are: Prof. Erik Søvik and Rev. L. Hompland with their families. They are going to return this summer. The following begin their vacation this year: Superin-

tendent Rev. C. W. Landahl and Rev. Geo. Holm with their families. Also the deaconesses Christine Johnson and Marie Fredricksen and the Misses Marie Anderson and Martha Kulberg. Some of these women may return by way of Norway. This year a new laborer was called to China, Harold Martinson, cand. theol., a son of the late China missionary, A. Martinson. He is going to the field this summer. The whole number of China missionaries will be 38.

Madagascar

The political conditions are orderly and settled. It is a French colony. Roads are built, industries started, and the country is prosperous and progressive. European culture and civilization are being introduced. The people have been awakened and are aiming upward and forward. All things considered, this is a good thing for the mission, but it also carries disadvantages of its own. Not only that the bad features of civilization are there, but everything becomes more expensive. Wages and the cost of living rise, and so do the demands of the people. The pay of native laborers had to be raised. Still it is way below what the industries pay their laborers. For this reason the mission has lost laborers. "It speaks well for the Christian Malagasy that we have not lost many more."

The French authorities out there realize what social and civilizing benefits the mission brings to the colony, and therefore they are friendly disposed towards the mission and our laborers. This is fine, but the best thing is:

The attitude of the natives toward the mission. In large crowds do the heathen come—a distance of as much as twelve miles—to the station in order to hear and to prepare for baptism. At some places they build houses and ask for teachers. They assist in building school houses and churches. Never have the doors been so wide open. Never has there been such a chance for carrying on an intense missionary work. Never has a year's work shown such great results—progress along all lines. Especially in Androy do the masses of the people seem to be embracing Christianity. But quite recently great revivals have struck several mission fields in Madagascar.

The Schools. A larger and more comprehensive educational work is carried out in Madagascar than most of our people are aware of. We mention the following: In twelve kindergarten schools there are 473 children; six elementary schools have 653 pupils; at the Boys' Home there are 181, and at the girls' home 305, who receive instruction. Eight twelve-men schools have 178 scholars, two academies 135 with 29 graduates; and in four summer schools for native laborers there are 240 scholars. The total attendance at these schools is 2,165. To these must be added 117 Sunday Schools having an attendance of 4,962 children. Of native teachers there are over 250. At the joint Lutheran Theological Seminary we have a teacher of theology, who at present is having his furlough at home. Of native laborers in the mission there are seventeen ministers and 182 other laborers, besides the teachers.

Self-Help. During the past year the native congregations contributed 80,796.90 francs ($3,232.00) towards their own support. Gradually they are moving forward, though not so rapidly as we might wish. Among the Tandroys, where the heathen are turning to the mission most extensively and vigorously, it seems to be easier to obtain support for the work. But it will take a good while yet before the congregations can become self-supporting.

The Working Staff. Since the last annual report to the Church the following laborers have been sent out of here: Rev. Fr. S. Hallanger and his family after staying for some time in France, and Rev. Olaf Carlson with his family has returned. Two French lady teachers were sent out in 1929. In December Miss Bertha Rørstad, M. A., and Miss Dora Gulbrandson were sent out there as teachers at the American School—the school for the children of the missionaries. The following have returned at the close of their furlough: Rev. B. M. Schrøder in December. His family remains here. In March Rev. Chr. Pederson left with part of his family. The Revs. T. F. Braaten, E. Rateaver and their families and Prof. S. Nesdal will leave this summer; also the deaconesses Laura Peterson and Anna Gjernes, the Misses Clara Dysland and

Marie Torgerson, and Rev. Wm. Trygstad and his family a little later. The following report that they are coming home for a vacation: Rev. S. Tverberg and Prof. P. B. Stolee with their families. Our staff of workers for this field at present numbers 38 persons. A new laborer, Miss Lyla S. Sivesind, Canton, S. D., has just been called.

South Africa

Here, too, the political conditions are orderly and settled. Indeed the race feeling runs high and is a very burning question all over South Africa, but we cannot say that it interferes seriously with the work in our field. The government is friendly and offers some aid to missions.

The new missionaries that were sent out learned the language with astounding rapidity, took charge of stations, and in a short while were doing full service. They thrive out there, are hale and strong, and, as the rest, they have been busy throughout the year. The work has been carried on undisturbed, and there is uniform progress along the whole line.

Among the natives, however, there has been much sickness, especially a malignant malaria fever. The lives and labors of several native workers have been hushed in death.

Last year a new head station was established in the Bombo district and several sub-stations. Churches, chapels, school houses, and residences have been put up, making the year a busy season in the building trade.

The Schools. In the mission field, as well as at home, Christian schools are the future hope of the Church. In this field also good work is done on the basis of a solid and well organized school system as a foundation. The policy of the government out there is to aid the mission schools instead of establishing government common schools. The arrangement is of course based on certain conditions, but these are of such nature that the mission can accept them. (See Annual Report of 1928, pp. 252-53).

In this field there are now 11 primary and 2 intermediate schools that receive aid from the government treasury. These schools have 912 pupils. In 24 church schools there are 80 children. There are also two evangelist schools, a joint Lutheran normal school, and a joint Lutheran Theological Seminary. There are 8 native pastors, 46 evangelists, 41 teachers, and a large number of voluntary laborers.

The Working Staff. Since our last annual meeting Rev. C. N. H. Otte has been sent out, and Rev. W. O. Rindahl, Eau Claire, Wis., has just accepted a call to this field. At present we have 11 laborers.

Results. We regret to say that so far we have received no statistics from China. But a number of adults as well as children have been baptized in the course of the year. In Madagascar 864 were baptized in 1929. The congregation has added 1,053 new members, making the total membership 6,863. The average church attendance was 7,152, and 7,109 persons communed. There are 570 persons who are preparing for baptism.

In South Africa, 708 persons were baptized during the same period. The average church attendance was 3,110; 4,661 communed; the congregation has 7,863 members; and 339 are preparing for baptism. This is only a small part of what may be put down in figures. The inner spiritual result behind all teaching, preaching, communing, and the faithful toil of our laborers — all of this is known only to God. Our missionaries see fruits, and rejoice. We hear of the fruits, and take part in their rejoicing. For further information we refer to the printed statistics for Madagascar and South Africa.

Co-operation. It is a pleasure to report that in all our mission fields there is more or less co-operation with the other Lutheran missions. They find each other and pull together in solving problems and running institutions which would be rather too much for each one individually. Of such co-operation we have in China: The Theological Seminary in Shekow, the Lutheran Home and Agency in Hankow and the Lutheran Board of Publication at the same place. In Madagascar, the Theological Seminary in Finanarantsoa. And in South Africa, the Normal School at Umpumulu, the Theological Seminary at Oscars-

berg, and the joint literary work carried on at that place for the benefit of the Lutheran missions.

New Missionaries. The annual meeting of 1928 voted the budget for 1929 and 1930. At that time most of our China missionaries were at home and had taken up work here. Since the fall of 1928 we have sent 22 laborers back to China. Most of these were not on the list of salaried missionaries before they left. During the same period we have sent eight to Madagascar and five to South Africa. Here we have a large number who have been entered on the budget after this was fixed. An increase of the number of laborers also entails expenses in addition to the salaries.

When the Board of Foreign Missions had distributed the budget of 1930 among the different fields and functions, there was nothing left for sending out new missionaries. Depending on God and our Church people, the Board has called one to China, one to South Africa, and one woman to Madagascar—that is, one missionary to each field.

Repairs of damaged mission property in China have necessitated extra expenses, and there will also be some in the future. It is our prayer to the annual meeting to vote a budget that will prevent our labors and laborers from suffering.

Finally, we thank God who gives us a chance to bring His Word of salvation to heathen lands and who is Himself with us and blesses our work. We thank the missionaries who struggle bravely in the front ranks on the fields of battle, and who often suffer hardships. We thank our Church people here at home who are with us in their prayers and by their gifts and who keep the work going. We send thanks and greetings to all. "Let us not be weary in well-doing; for in due season we shall reap if we faint not." The Lord Himself is with us!

MISSION POLICY

I. Church Organization

With a view to the more speedy carrying out of the Mission's policy of establishing a self-propagating, self-governing, and self-supporting Church, we urge that the following steps be taken immediately, which we hope will hasten the realization of this aim.

Where a congregation has been organized, its affairs shall be handed over to it, including the calling and appointing of its pastors, other officers and workers, the responsibility for public worship, reception, discipline, spiritual oversight of its members, and the administration of all funds used in connection with its work.

Note—In places where there are Christians, but where no congregation has as yet been organized, while not denying the right of "two or three" to form a church, we still urge, for practical reasons, that ordinarily there ought to be not less than fifteen communicants and a willingness on their part to assume an initial financial responsibility of not less than $50.00 per year towards the support of a congregation before such organization takes place.

II. The Ministry

a. The congregation shall assume such responsibility for the oversight and discipline of workers called and appointed by it as the constitutions of the Lutheran Church of China accord it, even though it may still be receiving aid for its support from the Mission.

Note of Explanation: The phrase "constitutions of the L. C. C." refers to the constitution of the local congregation, the district and the synod respectively, as well as to the constitution of the L. C. C.

b. Other Chinese evangelistic workers connected with the Mission, for whose support the congregation is unwilling to assume any responsibility shall be retired, their financial requirements receiving sympathetic consideration from the Mission in the light of the circumstances of each case; or, if suitable, they may be appointed to assist in the evangelization of unreached areas out-

side their original districts. Such appointment shall be made by the missionary bearing responsibility for the evangelization of the area into which the worker is called. But before oppointing such workers, the missionary is to consult the Church Council, which with the Mission, where possible, shall share in the oversight of Chinese evangelists who will be co-operating in forward evangelistic efforts.

III. Schools and Institutional Work

a. The Mission continues to encourage and assist the Church in establishing and developing Lower and Higher Primary Schools in which Christianity is taught. Thec ontrol of such schools shall be vested in school boards, where the Christian life and other resources of the Church justify such action.

b. Further, with a view to securing needed Christian workers who will be in hearty sympathy with the Church's doctrinal position and policy, the development of Bible schols, schools of Normal Training and of Middle School grade should be encouraged.

c. In connection with our institutional work, we recommend that boards composed of Chinese and foreign workers be elected by the Synod, to advise the persons in charge of such schools and hospitals regarding the appointment, discipline of the Chinese staff and other important matters connected with the work, but these boards shall not have any voice in the internal arrangements of the institutions, unless by invitation. The persons in charge of such institutions shall be ex-officio members of such boards.

d. In order that believers may be well instructed in the Scriptures, attention should be given to the development of Sunday School work in all our stations; missionaries and Chinese with the requisite gifts should be set apart for the conducting of Bible classes in stations, lasting from a few days to a month or more at each center; also the use of evangelistic bands under competent leadership, which shall go through the Church districts and unevangelized areas, holding tent meetings for the strengthening of the Christians and evangelization of the heathen.

IV. The Use of Foreign Funds

a. The funds of any organized Church receiving financial assistance from foreign sources shall be administered by the Church, but the Mission shall be entitled to representation on any Church Committee or Council having power to administer such funds. The responsibility of the Mission representative does not entail upon him interference in the current business of the Committee, even though decisions made may not always commend themselves to his judgment. Should there be maladministration of funds, whether due to incompetency or moral causes, if his remonstrances are unheeded, it would be his duty to bring the matter to the notice of the Superintendent.

b. That such financial assistance be rendered in the form of a Mission grant, on the understanding that the proportion provided by such grant for the support of Chinese workers be periodically reduced with a view to early elimination. The contributions towards the support of Church workers transferred to their control should not be less than 20 per cent of the whole to begin with. Yearly statements of the accounts, showing the proportion provided from Chinese and foreign sources, should be regarded as a condition of the continuance of such grants.

c. That contributions from all foreign sources, including Mission, Private Gifts, or that sent direct "for the work," which are to be used for the support of the Church, shall be paid to the Church Committee or Council, and be considered as part or whole of the Mission grant. In this way the agreement between the Church and the Mission for the proportional reduction of foreign funds will hot be interfered with.

d. In addition to the purposes mentioned above, foreign funds may also be used for: (a) Intensive and extensive evangelism, (b) Bible Training Institutes and Schools, (c) Support of hospitals, dispensaries, etc., provided such funds do not hinder the development of self-support and self-government. To this end there should be consultation with the Mission authorities, and the

rendering of accounts of all monies, including Mission, Private Gifts, or that sent direct "for the work."

e. Believing that the present situation affords an opportunity for the propagation and distribution of literature on a scale hitherto unprovided for, we urge that the Lutheran Board of Publication take steps immediately for the speeding up of the preparation and distribution of Christian literature through pictures, posters, pamphlets and books.

V. The Missionary's Future Ministry

a. The transfer of the administrative oversight of existing churches to Chinese pastors and evangelists will set free a number of missionaries to cooperate in intensive evangelistic efforts to reach the unevangelized areas for which our Mission is considered responsible. This service "in prayer and the ministry of the Word" is our most fruitful field of labor, and into this we should strive to enter more fully. Such ministry will be in connection with the churches already established, in the evangelization of the many towns and villages of our field, and in such institutional work as can be carried on. Care should be taken that those with the requisite gifts be chosen for the various activities such as advisors to our workers, evangelistic work, Bible teaching and preaching.

b. Whilst we do not feel that in the matter of the stationing and assigning of work of missionaries, formal consultation with the representatives of the Chinese Church should be required as a fixed rule, we are of the opinion that means should be used carefully to ascertain the feelings of those affected by a particular decision. In connection with this subject it must be understood that missionaries are not necessarily to expect that, as a matter of course, they will be sent to their former stations.

c. For the immediate future, the missionaries in China should consider themselves missionaries at large rather than as stationed, and that they do, where possible, such work as they in consultation with the conference and the superintendent find most urgent.

VI. Mission Property

a. We recognize that any well grounded and thoroughly established Church should own and control its properties. We are also of the opinion that our Home Churches, through the Board of Foreign Missions, has given the so-called Mission Properties with the exceptation that ultimately they would be under Chinese management and control.

Such properties in China fall naturally under three classifications:

1. The local churches, parsonages for Chinese pastors, where there are such, and primary schools, sometimes built on the same lot.
2. Educational institutions and hospitals.
3. The compounds and residences for missionaries.

Concerning these we recommend:

(a) That such properties as are named under No. 1, which may be needed by the congregations, shall be leased to them on condition that they be kept in repair, and that proper legal steps be taken by those having power to transfer the local church properties to Chinese control, when a satisfactory plan shall have been agreed upon which will insure that the properties will continue to be used according to the purpose for which such properties were given, and on such basis as will insure that they can be held safely and permanently by the Church in China.

(b) Educational institutions and hospitals shall, for the time being, remain the property of the Mission, but such properties also shall be open to transfer to the Chinese Church when the Home Church shall be satisfied that such transfer would best serve the coming of the Kingdom of God in China.

(c) Missionary residences and compounds are definitely a part of the provision and equipment for missionaries and, therefore, should remain the property of the Board of Foreign Missions.

VII. Unequal Treaties and Extraterritorial Rights:

With regard to the so-called unequal treaties and extraterritorial rights, our Mission has always considered them as matters to be settled between the Chinese government and the countries with which they were made. During these times of war and brigandage, our missionaries have been taken captive by bandits and killed together with the Chinese pople, but they have suffered these things patiently. We are willing to live in China under any agreements that our governments may conclude with the Chinese government. We have the confidence in our governments, that whatever stipulations the present treaties may contain, which discriminate against China, will be removed at an early date. Our Mission has never interfered in politics and does not intend to do so in the future as our policy is "not to know anything among you, save Jesus Christ and Him crucified."

VIII. Indemnity

We recommend that neither the Mission nor individual missionaries at this time express publicly or otherwise opinions concernng indemnity for properties destroyed, looted or occpuied by troops, unions or other organizations.

C. THE HOME BASE

By J. R. Birkelund.

It is a great privilege God has given our Church in permitting it to make the name of Jesus known among the Chinese, the Zulus and the Malagasy. Thousands of these who in their blindness and in hunger for the unknown true God bowed down to wood and stone and with fear and trembling made sacrifices God bowed down to wood and stone with fear and trembling made sacrifices to appease evil spirits, are now thanking God for His unspeakable gift.

The seed which has often been sown in tears and even planted in blood, is bearing manifold fruit. Yellow, black, and brown men and women are now with us proclaiming the same name of Jesus to their own people, and hundreds are every year on confession baptized in the name of the Triune God. The words of the psalmist, "They that sow in tears shall reap in joy," are being fulfilled.

Oh, come, let us sing unto the Lord! Let us come before His presence with thanksgiving (Psalm 95). Then we shall in ever increasing measure continue to "declare His glory among the heathen, His wonders among all people" (Psalm 96: 3.)

The Board extends also its hearty thanks to the Women's Missionary Federation, the Young People's Luther League, and to all congregations, societies and individuals who faithfully have remembered both the work and the workers in prayer and with gifts.

At the last general convention Rev. J. Linnevold, Glenwood, Minn., was elected member of the Board, and Rev. S. O. Sigmond, Brooklyn, N. Y., was re-elected, both for a term of six years. According to the rules, two members are to be elected this year, also for six years. The members whose terms of office expires are the Reverends Dr. T. F. Gullixson and A. M. Mannes.

The Board has held twelve meetings during the biennium. It has been no easy matter to allocate the reduced budget to the three fields. Several men and women were ready to answer the call for more workers from the fields, but the hands of the Board were tied. Many native workers were needed and ready, but they received the same answer, and in some instances it was found necessary to discontinue work already started.

It is true that other reasons than financial reduced the number of workers in China, but for nearly two years the call for more help has been persistent and pathetic. It can truly be said that both whites and natives joined hearts and voices in the Macedonian cry: Come over and help us! This brings us to a consideration of

The Commission to China

The situation in China and the adjustment of the mission work under the new mission policy in the fall of 1928 made it not only advisable but imperative that a commission be sent out to obtain first-hand information, to strengthen the tired but still uplifted hands of the few missionaries who had gone through untold hardships and difficulties which we here at home cannot visualize to the full extent, to deliberate and discuss with them and native leaders, ways and means of conducting the work in the future in the most efficient manner, and last, but not by any means least, to encourage the native Christians by showing them that the Mother Church had not forgotten them and deserted them, but would by the grace and power from God stand by them in prayer and work in these dark days of sore trials and fierce persecution, to remind them to "stand fast in one spirit with one mind, striving together for the faith of the Gospel."

The commissioners, Revs. J. D. Runsvold and J. J. Lee, left San Francisco in October, 1928. It was not a favorable season for traveling in the interior of China. Winter was approaching, and hordes of bandits were overrunning our field, but the synod meeting of our mission was to open at Juning November 21st. At this meeting the future policy of our Chinese Church would be decided, and it was of importance that our representatives should be present. Some of the missionaries here at home and many other members of the Church were skeptical. Could anything be accomplished? The commission would not be able to reach very many of the stations on account of bad roads and bandits. They would have to depend on the missionaries for information which could just as well be obtained through correspondence. The expenses would run up to thousands of dollars, as much as $20,000 being mentioned by several, etc.

Many mission friends carried the commissioners on the hands of prayer. What was the result? They were not in any way troubled by bandits. The weather and roads, though at times cold and disagreeable, did not delay them very many hours. They visited all our main stations and a large number of outstations. The total traveling expenses amounted to $2,027.56, and the cost of supplying pastoral help for their congregatios during their absence, an additional sum of $398.20.

The results of the tour of inspection are already known by all members of our Church who read either the "Lutheran Church Herald" or "Lutheraneren." A reprint of the report will be distributed at this convention.

Both the missionaries, and perhaps even more so the native leaders and Christian congregations, were greatly encouraged, and letters of gratitude and appreciation from both missionaries and native Chrstians have been received.

For all that has been accomplished, God alone shall have the praise and glory.

Rules for Foreign Missions

The changed conditions on the mission fields, especially in China, demand a revision of the Rules for Foreign Missions. The Board expects to present such a revision for the consideration of the next general convention. In the meantime the Board recommends that Section 21 which stipulates that

> "the sum of from one to five per cent of all mission contributions shall be set aside annually" for a Foreign Mission Pension Fund to provide for missionaries who cannot become members of the regular Pension Fund of the Church, be amended to read:
>
> "The Board is authorized to set aside annually such a sum as it deems necessary to meet the requirements, not to exceed one per cent of all mission contributions received."

The Foreign Mission Pension Fund has increased from $11,236.68 in 1918 to $51,743.58 at the close of 1929. During the same period the sum of $11,716.63 has been paid out in pensions. The interest on the principal will be nearly sufficient to take care of the present pensioners.

Requests from Madagascar and China

The Board has received from the Mission Conference in Madagascar the following cablegram:

> "The Conference heartily supports taking Foreign Missions out of budget if the time is considered opportune."

and from the Executive Committee of the China Conference the following:

> "We have watched with much concern the thermometers as printed weekly in the church papers and it has always occurred to us that mission offerings, at least, should be free offerings, neither tied nor encouraged by fixed budgets. Let God be trusted to encourage His people, through His Spirit, to provide what He needs for the extension of His Kingdom; neither let us tie His hands nor let us try, except through prayer and obedience to His forward command, to open them.
>
> "Voted: that we most seriously request that the annual meeting of the Norwegian Lutheran Church of America be most earnestly approached by our Board to consider an early release of missions from the budget system and place it, where in our opinion and according to our understanding of the Word of God, it belongs, free for free offerings."

The Board herewith transmits these requests to the Church with the added earnest request that a thorough study of the question as to whether the drastic method suggested by the missionaries on the field is the satisfactory solution; that at all events a thorough analysis be made and revised methods be adopted whereby moneys solicited for and given to Foreign Missions be transmitted to that activity and whereby only such items of general operating expenses as have immediate bearing on missionary endeavor be chargeable to mission expense.

Such analysis and report to be made by the Finance Committee and the Board of Foreign Missions jointly, and report submitted to the general convention of 1932.

The Budget

It is extremely difficult to prepare a budget more than two years in advance for fields separated from the home land by distances up to half way around the world.

After careful consideration, based on requests from the fields, the Board presents a budget of $360,893.00 for 1931 and $369,313.00 for 1932.

While we had seventy-six missionaries in China in 1925 (38 men and 38 women) not counting wives, the number has been reduced to a total of thirty-seven at the present time (15 men and 22 women), including those now at home and those coming home this year on regular furlough. Only one new missionary will be sent out this year. It is easy to understand that this number is absolutely inadequate to cover our field even if the number of stations named by foreign missionaries be reduced.

As the proposed budget shows, the increase would make the total number of missionaries forty-five (21 men and 24 women), at the end of 1932—still a very small number compared with the year 1925. Some years ago we pleaded with God for missionaries for all our fields. At that time the means were sufficient to send more. Now the workers are available with the possible exception of medical missionaries, but the funds are lacking.

In South Africa the present number of missionaries is three less than it was in 1917, the year of the union.

In Madagascar there has been an increase of only four since 1925.

The missionaries and the native Christians join us in pleading with you brethren, and the Master's compassionate voice still calls as it did nineteen hundred years ago. "The harvest truly is plenteous, but the laborers are few. Pray ye therefore the Lord of the harvest that He will send forth laborers into His harvest." (Matt. 9: 37-38).

C. Report from Committee

DEPARTMENT IV—FOREIGN MISSIONS

N. B.—Resolutions are given as adopted. The "consideration of the report" given below, tells what changes have been made. A resolution with a bar on the side is not adopted in the form given in this report.

The Foreign Missions Committee of the N. L. C. A. convened at Wesley Methodist Church on May 23, 1930. The members of the Board are:

Mr. K. Ulrikson, Canton, S. D. S. Dakota Dist.
Rev. J. A. Quello, Fergus Falls, Minn. No. Minn. Dist.
Rev. Conrad Bodin, Troy, Idaho. R. Mt. Dist.
Rev. O. Shefveland, West Union, Iowa. Iowa Dist.
Mr. Julius Hanson, Camrose, Alta. Canada Dist.
Rev H. A. Preus, Minneapolis, Minn. Am. Luth. Conf.
Mr. Carsten Solberg, Portland, N. D. N. Dakota Dist.
J. S. Sneve, Chinook, Wash. Pacific Dist.

Rev. Shefveland called the meeting to order and officers were elected. Rev Shefveland was electod chairman and Rev. H. A. Preus secretary.

The Committee respectfully submits to the Convention the following resolutions:

1. The convention extends its heartfelt sympathy to Rev. and Mrs. Knut Monson of Madagascar in their loss by death of a little daughter, Elizabeth;

To Rev. John F. Ylvisaker and family of Zululand upon the decease of Mrs. Ylvisaker, and daughter Rebecca.

And to all our missionaries and workers in the foreign field, who have suffered loss of property, impairment of health, and anxiety of soul through the untoward circumstances into which their work has thrown them.

China

2. The convention praises God for His all but miraculous preservation of all our workers and their families in the face of revolution and banditry in China.

3. The convention sees the hand of God pouring oil on the troubled waters of China and opening the doors again for the return of our missionaries. It therefore urges a prayerful and united effort.

a. To seize the opportunity now offered in China.
b. To send laborers sufficient to meet the situation,
c. To provide a greater supply of Christian literature for China,
d. And especially to concentrate its attention on the matter of Christian elementary schools and Bible schools.

Madagascar

4. The convention thanks God that in Madagascar

a. The doors have been opened wider to the missionaries than ever before,
b. That a spiritual revival has grippad several of the mission fields there,
c. And that the congregations have begun to contribute substantial amounts to their own support.

South Africa

5. The convention views with thanks to God the establishment of a new head station in the Bombo District in S. A., together with several sub-stations; also the sending out of Rev. C. N. H. Otte and Rev. W. O. Rindahl to take up their work in S. A.

6. The convention rejoices to note that since the fall of 1928, 22 laborers have been sent back to China, 8 have been sent to Madagascar, and 5 to South Africa, and that the generous gifts of our congregations have made this increased activity possible.

7. The convention approves the statement of our New Mission Policy as outlined on pp. 380-383 of the Annual Report of 1930, and incorporated in these resolutions appended hereto, and urges an early adjustment of all our mission activities in harmony therewith.

8. The convention commends the Foreign Mission Board for untiring effort shown in the number of meetings held during the biennium. Twelve meetings represents a substantial sacrifice of time and energy. The convention is especially grateful to the parishes of pastors Runsvold and Lee for their contributions to the cause of Foreign Missions in releasing these pastors for their extensive journey to our foreign fields.

9. Pending the draft of New Rules for foreign missions to be submitted by the Board to the convention in 1932, the convention adopts the following tentative provision:

The Board is hereby authorized to set aside annually such a sum as it deems necessary to meet the needs of a Foreign Mission Pension Fund, the sum not to exceed one per cent of all mission contributions received.

10. Whareas Foreign Missions holds a place in the hearts of our Church constituency that may be termed all its own.

And Whereas, there has been an insistent demand from many missionaries and Board members that this branch of our work be removed from the General Budget.

BE IT RESOLVED, That such a proposition be carefully considered by the Foreign Mission Board and definite action be taken to adopt or silence such a plan at the General Convention in 1932.

Respectfully submitted. REV. O. SHEFVELAND, Chairman.
(Signed) REV. HERMAN A PREUS, Secretary.

Consideration of Report Wednesday Afternoon. Par. 1, 2, 3, 4, 5, 6, 7, 8, 9, 10 adopted.

D. Report from Commission

DEAR BRETHREN:

Having now completed our work as your commission to China, we desire first of all to express our thanks to God, who for Christ's sake has heard our prayers and so graciously delivered us from all danger and sustained us from day to day.

In the next place we wish to express our sincere appreciation to the Board, which gave us this rare opportunity and entrusted us with such a responsible mission. God knows that we have at all times been deeply conscious of our lack of wisdom and ability for the great task. But we have, on the other hand, been greatly encouraged by the assurance that you and thousands of other earnest Christians were daily interceding for us at the throne of grace. For this reason we ventured to accept the responsibility, and it is our hope that our work as your representatives shall not have been in vain; but that the building of our Lord's Kingdom in China shall in some measure have been advanced by our visit.

We also wish to express our heartfelt thanks to the superintendent of our mission, Rev. C. W. Landahl, who so wisely planned our itinerary and accompanied us on all our journeys, and we thank him and all the other missionaries on the field for all the kindness and brotherly assistance extended to us during our stay in China.

Having made a survey of all the main stations, and even many of the out-stations on the field, it is our opinion that there never was a time in the history of our mission when conditions demanded the actual presence of representatives of the Board — if indeed not the whole Board — such as now. Anyone who has seen the wrecked mission buildings everywhere, and who knows of the unsettled conditions in the land; but, who, on the other hand, also has observed the joy of the Christians at every station in learning by our presence that the Mother Church has not forsaken them in their afflictions, and having heard their earnest pleading that the missionaries be returned at once, we say that anyone who has seen and heard all these things cannot help but feel that right now was the time when members of the Board, and as many missionaries as were available, should get together on the field and prayerfully seek to find the best possible solution of the many exceedingly difficult problems confronting us.

As to the real results of the preaching of the Gospel, at home or abroad, that is something which only to a limited degree comes within the scope of human observation. We can visualize some outward signs of Christian life. God alone judges the hearts. However, even under the present abnormal and difficult conditions, we have seen Christian congregations assemble for public worship, at every one of the thirteen main stations on our field, and at many of the out-stations. We have heard the testimonies of many men and women, young and old, who had suffered much for Chirst's sake during the past two years, when in the absence of the missionaries they faithfully stood by the Church of Christ, and did not forsake the assembling of themselves together in His name wherever they could. One of the evangelists, in addressing your commission, quoted the words of Christ in Matthew 25, applying them to the Mother Church and to the young Chinese churches: "I was a hungered, and ye gave me meat. I was thirsty, and ye gave me drink. I was a stranger, and ye took me in. Naked, and ye clothed me. I was in prison, and ye came unto me."

The synod meeting at Juning, where delegates and leaders met for four days in earnest deliberation about the things that pertain to the Kingdom of God among their own people, and then adopted the new mission policy (to be published later—Ed.) which requires self-sacrifice in a much greater measure than they had hitherto been used to, gave us an idea of how far they were advanced in spiritual knowledge and understanding, as well as in church consciousness. We saw with what eagerness those native pastors, evangelists and delegates listened to the Word of God as it was preached, so that the large audience often was moved to tears. Most of the lectures were, according to the missionaries, logacil, to the point, and well prepared.

We shall never forget a private interview which we had with Rev. Chu Hao-ran, the outstanding preacher and spiritual leader in our mission. He spoke of his spiritual experiences, his trials and temptations, which all had led him into a closer fellowship with God. Having witnessed his wonderful power and influence as a teacher, we warned him of the snares and pitfalls of the devil, and also reminded him of his great responsibility. Having mentioned some of our own experiences as Christian pastors, he once exclaimed: "You speak as if it came from my own heart." We learned to know and love him as a real man of God.

It has been our endeavor to use the time as economically and profitably as possible. Upon our arrival at Shanghai on November 12, 1928, 5 P. M., we received letters from Superintendent Landahl, stating that the dates for the synod meeting of our mission had been fixed and that it was to open at Juning November 21. This meant that we would have at least two days at Shanghai, if we should reach Hankow in time to go with Rev. Landahl and the others to Juning.

While at Shanghai we called on the Holman family and were very cordially received. In the missionary home at Shanghai, where we stayed, we met and conferred with several old and experienced missionaries.

We also visited The Missions Building, in which are housed the offices of nearly all the Reformed missions in China. Here we conferred with such men as Rev. C. Y. Cheng, D. D., a Chinese, who is at present full time secretary of The National Christian Council. (Herein afterwards referred to as the N. C. C.) He received us very kindly, and gave us many valuable suggestions and a good deal of useful information. And so did Rev. K. T. Chung, also a Chinese, who as we understood, is a traveling secretary of the N. C. C. Both spoke the English language fluently. Another very interesting hour was spent in conversation with Rev. Handel Li, secretary of "The Chinese Home Mission Society."

Later we were honored by an invitation to dine with Rev. E. C. Loberstine, probably the most influential non-Chinese leader in the N. C. C. He spoke at length about the present situation in China, and gave us advice as to how we might make our trip most profitable for our mission. During the course of our conversation we drifted in on the relation of the Lutheran Missions to the N. C. C. We stated that our mission, on account of our conservative doctrinal position, had felt constrained to take the attitude as unofficial observers. To this he replied, that with the proposed reorganization of the N. C. C. that difficulty would be solved. For under the new rules the Chinese synods would elect the delegates to the general conference of the N. C. C. We have since been thinking about that statement, and have called the attention of our missionaries to the delicate and difficult situation confronting them under the proposed reorganization, which we understand will almost certainly be effected. As will be seen from the minutes of the last General Assembly of the Lutheran Church of China, it decided to affiliate with the N. C. C. and approved with certain reservations the proposed reorganization. Mr. Lobenstine gave us many books and pamphlets dealing with the various movements within the Chinese churches, which we have found both interesting and profitable reading.

We arrived at Hankow late Sunday afternoon, November 18. The following missionaries were on the pier to receive us: Rev. and Mrs. Landahl, Prof. Søvik, Rev. Hellestad, and Rev. Daniel Nelson, the manager of the Home and Agency. Their warm welcome and handshake made us feel almost like coming home, and this feeling reached its climax, when we entered the Home and Agency building, where we were welcomed by the whole household. It certainly means everything to our missionaries to have such a nice, restful, Christian home to come to.

The next afternoon we left by train to attend the synod meeting at Juning. From that time, and for 5 weeks, we traveled continually, visiting all the main stations on the Eastern field, with the exception of two, Suiping and Kioshan, which were visited later, and all the main stations on the western field. At every one of these places we inspected the mission buildings, and met with the congregations and their leaders, often several times. Rev. and Mrs. Landahl accompanied us on the whole trip, and some of the other missionaries part ways. We also stopped at many of the out-stations, called on the evangelists in charge and made inspection of the property.

For this purpose we traveled about fifteen hundred miles in the interior of China by means of mule-carts, rickshas, auto-trucks, and, for shorter distances, on trains. In all we must have walked one hundred and fifty miles on foot. Owing to the fact that most of the houses at mission stations were either occupied by soldiers or in such a demolished condition that they could not be used, we carried along bedding and army cots, and often slept in Chinese mud-houses. We also brought some provisions along, and the missionaries all seemed to be experts at making meals on short notice. We surely realized that traveling at this time was quite different from what it would have been if all the missionaries and their families had been occupying the stations, as they were two years ago. But to the general rule there were three splendid exceptions, namely, at Juning, where Miss Agnes Thonstad and Sister Marie Fredrickson were hostesses; at Kwangchow, where Drs. Chi and Chang entertained us in the hospital building, and at Sinyang, where we were the

guests of Dr. Skinsnes and family in their fine home, whicih had not been touched by the vandals; also later on, at Suiping, where Sister Thone Sandland and Rev. Nesse received us in the renovated missionary residence. Otherwise, in spite of the fact that the missionaries who traveled with us did all for our comfort that was possible under the circumstances, we felt that if we could finish the trip alive, it would be all that we could reasonably ask of God and man. Sometimes we even traveled right on the heels of the bandits.

It was a source of great comfort and satisfaction to us that the Christians at every station received us with expressions of the utmost cordiality and appreciation. The audiences always responded to our greetings, not only in the most touching words through their spokesman, who was usually the local evangelist; but also by a rising vote of thanks. In many cases they even handed us addresses and resolutions in writing.

A Formal Statement

Since the synod meeting at Juning was attended by representatives and leaders from our entire mission field, and it was the first opportunity given the commission to appear before them, it was thought that a somewhat formal greeting and statement should be made to the assembly. Pastor Runsvold, therefore, spoke in part as follows, Pastor G. Holm acting as the interpreter:

Delegates, missionaries, pastors, and evangelists, men and brethren in the Lord. Grace be unto you and peace from God the Father and our Lord Jesus Christ.

Rev. Lee and I have come to extend to you all fraternal greetings from the Board of Foreign Missions and the Mother Church of America. As representatives of the Board of Foreign Missions, we wish to say, that we are not here to criticise or find fault with the great work that has been done here by the missionaries and the Chinese Church.

Rather have we come to tell you that the Mother Church across the sea has heard with joy and thankfulness to God that so many of your people have heard and accepted the Gospel which is the power of God unto salvation; that so many of you are fellow-believers with us in the triune God. We rejoice to see so many representatives of our Chinece Lutheran Church present. We have also heard of your trials and afflictions, especially the last two years, whereby the sincerity of your faith has been tested, and we want you to know that the old Mother Church in America is with you in prayer and in sympathy.

You may have been wondering why the budget has been reduced the past two years. On that point we want it understood that it is not the fault of the missionaries nor the Home Board. It is because our church people in America have not been willing to contribute more money. There are some members of our Church at home who are not so very warm towards the salvation of your people here in China; for this reason they give little. And those who have much of the love of Jesus Christ in their hearts and give the most are, as a rule, not the rich, but those of limited means. Members of our ladies' aids leave their household duties in their homes and work hard to raise money for missions. Many a poor widow washes clothes for other people in order that she may have something to give.

May we therefore urge you people also to make all possible sacrifices in order that you may make greater progress towards self-support. More voluntary workers without salary are needed, and this is, for many reasons, the most effective work anywhere.

The churches and other institutions that have been built here with money from the Mother Church in America, have not been built for us who live across the great ocean to hold indefinitely, but for your Church here. And when the time shall come that the Chinese Church is able to take over and maintain them for the purpose for which they were built, then we shall be willing to turn them over to the said Church. But we shall, of course, want the assurance that the native Church will remain faithful to the Word of God

and the teachings of the Lutheran Church. No Modernism is tolerated in the Mother Church, and it will not be tolerated here.

At the next session Rev. Chu-Hao-ran, the vice-president of the synod, responded to the address, in substance, as follows:

He took as his text 2 Tim. 1, 1-8, and stated that the Chinese churches are building upon the very same foundation as the Mother Church, and that, in China as in America, we are all co-workers for the upbuilding of the Kingdom of God and His Son, Jesus Christ. He thanked the commission for having come the long way across the ocean to visit the young churches in China. He said that the visit and the message from America had greatly encouraged and inspired them all to witness for the Lord during these trying and difficult times, and urged the commission to bring back to the home church the sincere greetings and appreciation of the synod. He further assured us that the native Christians and leaders would work with even greater zeal than before. Then he requested us to impress upon the Mother Church the fact that the young, struggling churches in China would still need her support both in money and missionaries. Pastor Lee then spoke a few words in appreciation of this address.

At the synod meeting there were 84 delegates present, and many other workers and leaders. The following missionaries were in attendance:

Rev. and Mrs. Landahl; Revs. Holm, Tvedt, Hellestad, Hompland, and Nesse; also Prof. Søvik. Lady missionaries: Agnes Thonstad and Martha Kulberg; and the deaconesses Marie Fredrickson, Christine Johnson and Thone Sandland. Rev. D. Nelson of the Lutheran Missions Home and Agency was also present.

We cannot refrain from again mentioning the wonderful inspiration we received at this synod meeting, especially on Sunday, when the large church was filled to capacity at all three sessions. The Spirit of God was very noticeably present. Even though we could not understand the language, we recognized the order of service, and the melodies we were used to at home. At the afternoon service, when Holy Communion was celebrated, two Chinese pastors officiated, 243 Christians, including the missionaries, and the two representatives from the Mother Church in America, knelt together at the Lord's table. We felt then, as we have felt at various other occasions out here, that God surely has His children among all races and peoples. In some way the phrase in our creed, "The Communion of Saints," became more real to us than ever before.

When we now stop to consider the fact, that it is less than 30 years since our first pioneer missionaries entered this territory with the Gospel message, and that we now have seen with our own eyes so many Christian congregations worship God even as we do in the home land (there are in all about 60 organized congregations on our field), then it really is a wonder of God's grace. Surely our labors and sacrifices for foreign missions have not been in vain!

On account of the disturbed conditions, and the fact that it was impossible for the few missionaries, who were in China the past two years to keep in close touch with all the scattered congregations, no up-to-date statistics as to the actual number of Christians can be obtained at this time. But it is no doubt true as one evangelist said in addressing us on behalf of one main station district: "We have lost some members during the storm. The dead branches fell to the ground, but the rest were purged and strengthened."

We are fully convinced that if peace continues, there will be a time of sowing and reaping for the Kingdom of God in China now, such as we have never seen before. For there is much more in the statement of a non-Christian business man than he was aware of when he said in our presence:

"We shall all have to become Christians now; for there is not a god left in our houses!"

He was referring to the sad fact that the soldiers have razed all temples and demolished every idol in many provinces. What an opportunity to give this terror-stricken and "godless" people a knowledge of the only true God and His son, Jesus Christ!

The pastors who were on the field divided the field among themselves so that they had charge of the following main station districts each:

On the Western field Rev. Hompland was responsible for Taipingtien and Fancheng until he went home on furlough, when Rev. Landahl took his place; and Rev. Hellestad had charge of Sinyeh and Tengchow.

On the Eastern field Rev. Holm was responsible for Juning, Loshan, and Chengyang; Rev. Tvedt for Sihsien, Kwangshan, and Kwangchow; Rev. Nesse for Sinyang, Suiping, and Kioshan.

These brethren have been trying earnestly and hard to do the impossible, and the strain has been almost too much for them. No one, unless he has actually had the same experience, can know what it means to be away from one's family and travel from place to place seeing everywhere how property has been destroyed, churches desecrated, and in many cases all personal property sown to the wind. When one has to contend almost daily with impudent heathen soldiers, who have taken possession of mission buildings, listen till way out into the night to all the tales of suffering and losses that the poor Christians tell; try to be optimistic and induce these people to forget the past, and go to work with renewed energy and faith for the upbuilding of the Kingdom of God . . . then the nerves are apt to wear out in the long run.

Of all these things Rev. Landahl has, of course, had his share in full measure. For as superintendent he has had to make many, often very dangerous trips into the interior. And the same is true of the lady missionaries who have been inland since early last fall, although they have not had to travel so extensively, as the men. They were the deaconesses, Christine Johnson and Marie Fredrickson, also the Misses Agnes Thonstad, Martha Kulberg, Therese Peterson, Olive Hodenfield, and Marie Anderson.

God be praised, who has sustained and helped them hitherto.

Other Mission Fields Visited

For the purpose of studying conditions and making comparisons, your commission also visitd main stations on fields belonging to other missions, namely: The China Inland Mission, The Swedish Covenant, The Norwegian Covenant Mission (Kinamissionsforbundet), the Augustana Mission and the Norwegian Missionary Society's Mission. We sincerely regret that we did not have the opportunity of visiting the fields of the Lutheran Free Church, and the Lutheran Brethren. And we would also have liked to have seen some of the older fields of other Protestant Missions, but mainly on account of the fact that there was an unusually heavy snowfall the latter part of January, which practically blocked all traffic on country roads, this was not possible.

Findings and Recommendations

(Also read at Missionaries' Conference)

Having now visited our whole mission field, and having conferred with all our missionaries who are in China at this time, and as many of the Chinese leaders as we were able to communicate with, we feel that we can safely state that there now is absolutely no evidence of "modernism" being taught, or preached anywhere by any worker employed either by the congregations or directly by the mission.

The Board rejoices in the fact that conditions on the mission field are such as expressed by the commission in its report.

Self-Support

Your commission fully endorses "The New Mission Policy" as adopted at the Juning synod meeting November 22-25, 1928, and recommends that it be ratified by the Board. It strikes a happy medium between the more radical and the too conservative ideas now being advocated in China.

We can easily see, however, that it will be very difficult to put the whole plan, or "policy" into effect this first year. There are too few missionaries in the field to give the Chinese congregations the counsel and help that is so

necessary in the beginning. It will be some time before the machinery can be expected to run smoothly.

Board resolution: The New Mission policy shall be adopted subject to the approval of the Church.

More Chinese Pastors

It is our opinion that there should be at least one Chinese pastor in each main station district, and would strongly urge that the missionaries impress upon the congregation, that under the new mission policy such arangement must be made as soon as possible. We are convinced that if this plan is carried out, very effective mission work can be done with fewer missionaries than we had two years ago. In a few cases one missionary could be supervisor of two main station districts. A couple of pastors and several evangelists could be amployed by the saving of the salary and traveling expenses of one missionary family. It would also eliminate the cost of building and maintaining so many comparatively expensive residences for missionaries.

Theological Candidates

Since there are a great number of men who are graduates from our theological seminary at Shekow, and who have been working faithfully for several years as evangelists, it has seemed to us as an injustice to these men that they have not been called and ordained to the office of pastor for which they have been trained. Nor does it seem to us that the Kingdom of God is well served in that way. We realize that a Chinese pastor will make many mistakes, especially in the beginning. But if he is faithful and willing to do his best, he should be given a chance to profit by his mistakes. They are at present on our field 23 graduates from the seminary. Of these 5 have been ordained, one of whom is now without a charge, and 17 are in the work as evangelists. Many years ago two evangelists who were not seminary graduates were ordained. Of these, one is still in active work; but the other has retired on account of old age.

"The Board of Foreign Missions acknowledges with humble thankfulness the protecting and guiding hand of God over the Lutheran United Mission during these days of crisis, and rejoices in the thought that the old promise is being fulfilled again: 'All things work together for good to them that love God,' and therefore looks to a new day in our China Mission by the unfolding of the New Mission Policy.

"The Board rejoices at the beginnings which have been made, in accordance with the New Mission Policy, paragraphs 1 and 2, in the way of self-government and the calling and ordination of more native pastors.. The evangelistic and pastoral power evidenced by certain graduates of our Seminary is a promise for the future in this field.

"A survey of the situation reveals: (1) Thirteen centers for intensive mission activity (main stations); (2) Due to budget difficulties at home an ordained evangelistic personnel (foreign workers) of not more than 8 or 9 for the immediate future; (3) seventeen theological candidates trained and found fitted for the Christian ministry by our own Seminary. Therefore, we cannot escape the conclusion that more of these men should now be ordained, and we look to the time in the near future when every main station shall have its native pastor.

"The New Mission Policy safeguards the status and enlarges the ministry of the missionary (see paragraph 5), giving opportunity for wider supervision and for co-operation in more intensive evangelistic efforts.

"If the eight or nine foreign workers are to be 'missionaries at large' for thirteen main stations, consolidation of stations so far as supervision is concerned will be necessary." Adopted.

More Aggressive Evangelistic Work

Since there are yet large areas on our field, especially among the farmers, where the people know absolutely nothing about the Gospel, we recommend that Gospel bands be organized in every main station district, which, under the leadership and supervision of the missionary in charge of the district, or districts, shall preach the Gospel in market places and villages, distribute literature and talk privately about Him who is the way, the truth, and the life. For this purpose evangelists and Bible women, otherwise employed at out-stations, should be used. For in their travels they would naturally also visit the places where out-stations are located, and probably spend the longest time there. This, we are convinced, would greatly inspire these workers, and prevent them from falling into ruts of mere routine work. The missionaries will find time for such intensive and extensive evangelistic work, as soon as native pastors are called to serve the local congregations. And is not this the principal calling of the missionary? Conf. St. Paul's method.

Where groups of people, as a result of such a campaign, become interested to the extent of expressing a willingness to enroll in classes for inquirers, or catachumens, teachers should immediately be appointed to give them instruction preparatory to baptism. Of course, very much of this work has been done before; but we are advising that it be done on a larger scale. The time is short. And thousands of people are dying without God and without hope.

We have been told that business men and other educated classes can most successfully be won for Christianity by the method known as "personal evangelism." Therefore, let people who have the necessary knowledge and experience be engaged to go, two and two, even as Christ sent His first disciples forth, and interview such people. Then let them report to the missionary. Such special workers could be engaged either on a voluntary or salaried basis. They should always carry with them appropriate literature for sale. The importance of winning more of the educated classes for Christ is obvious.

Board resolution: Approved.

The Increasing Need of Christian Literature

The time has now come when the Lutheran Missions in China must put forth greater effort for the publication and distribution of Christian literature in harmony with the distinctive doctrines and polity of the Lutheran Church. From numerous conferences with leading men, Chinese as well as foreigners, who are awake to the situation, we are quite convinced that the very existence of the Lutheran Church of China depends, not only on faithful preaching and teaching, but in addition thereto on a sufficient supply of the right kind of literature being distributed among its constituency. Pastors and evangelists must be given access to many more books in their own language suitable to their needs, and the ordinary church members must be provided with books for enlightenment and edification. Otherwise they are likely either to lapse from the faith altogether or fill their minds with the liberalistic and propaganda literature of the sects and the reformed denominations.

For these reasons we strongly recommend that the budget for the Lutheran Board of Publication be matarially increased by our mission at once. There is, however, no possibility of prorating the expenses of this activity on an equal basis at present. Our Board and the Augustana Board will have to contribute the largest amounts just now. But we have reasons to believe that the Norwegian Missionary Society will be able to contribute some more in the near future.

There is also anothar important thing in this connection, which we desire to call attention to: A beginning has been made in translating confessional and scientific theological works into the Chinese language, and more of it will be done in the future. But at present there is no one who is both qualified and has the time to act as literary censor of such translations. This is a want which is keenly felt by the best men in several of the co-operating missions. Some of these men have approached us asking whether we thought that our mission

would be willing to release Prof. Erik Søvik for such work. They seem to be all agreed that he is eminently qualfied for that position. It is to be regretted that up to the time of this writing, the Board of Publication has not been able to hold its annual meeting, owing to the illness of its secretary, Rev. Nøkling. But it is now hoped that a meeting can be held before Pastor Ronsvold leaves China. In that event, we shall have more definite information.

Board resolution: We express our sympathy and full understanding with the decision of the Board of Publication to push energetically the publication of both devotional and theological literature. As evidence of our endorsement of this program, we have set aside Rev. Daehlin for this translation work and we approve that Prof. Søvik at present give such time as he can spare from his work at the seminary. We cannot, however, approve of his full transfer to this work before such time as a well-qualified and properly suited teacher from our Synod can take his place. Prof. Søvik has given such signal service both scholastic as well as spiritual that the Board must know that his place is suitably filled before such transfer is made.

The Educational Institutions

There are many conflicting opinions as to whether or not the mission schools should try to comply with the new law promulgated by the present government relating to registration. But it is a fact that up to date we know of no Chrisian middle school that has completed registration under this law. The Yale Middle School of Changsha, Hunan, is one of the schools that did apply. In so doing, it was required to state the aim and purpose of the school. This was given to be: Inculcating the principles of Jesus Christ, or something to that effect. The reply from the minister of education was, that they would have to change the wording as to aim, and he suggested that they might say instead: Inculcating the principles of love and righteousness, thus leaving out any direct reference to Christ or Christianity.

There is, however, much pressure brought to bear upon the government from different sources to modify this law. One important move in this direction was made by the last General Assembly of the Lutheran Church of China, when it gave the following instruction to its Board of Education:

"That the Board of Education be requested to exert its influence with the Government in order to bring about the freedom of religious instruction, and thereby also facilitate registration of the schools."

This Board has written the superintendents of the other Chinese synods, asking whether their organization would be willing to join in a mass-petition to be sent to the Government. While the Board has received many answers in the affirmative, it has also had negative answers, and some officials have not answered. At this writing no joint petition has gone forth. At a conference with Dr. Cressey, educational secretary of Reformed denominations in Central China, we learned recently that the Government is considering changing the application blanks so that applicants will not need to state the aim of their schools.

Under the present conditions all Lutheran missions and many others have adopted a policy of watchful waiting. We, therefore, recommend that no middle school buildings on our field be repaired at the prescent time, except to the extent it be necessary to protect the property from further destruction.

Board resolution: Recommendation adopted.

At Fancheng there is a middle school being run on a small scale by Chinese Christians of our congregation and the Covenant mission. They are receiving only $450.00 Mex. in aid from our mission. We suggest that our missionaries try to induce the Chinese Christians in other places to take the initiative and do likewise. But we would hardly consider it safe nor advisable to open any more such schools before the fall of 1930.

The congregations should, of course, be encouraged to reopen primary schools for children as soon as possible.

The Lutheran College at Taohwalun

Dr. Westman, president of the college, came to Hankow one of the first

days of January to confer with us and some of the missionaries relative to the school. Quite a few missionaries of the Norwegian Missionary Society, the Augustana Synod and our mission were present. The main question he placed before us was: Where shall we get students for the college when all the middle schools are closed?

Dr. Westman placed three possible alternatives before the meeting:

1. To consolidate it with some other college or university.
2. The closing of the college a few years.
3. To keep the college going with the few students on hand (5 or 6), and in addition admit a class of senior middle school students.

The last alternative was recommended by the group present. The matter was then to be referred to the mission conferences of the Augustana and the L. U. M. for service.

As will be seen from the minutes, our Mission Conference also endorsed the third alternative for one year; but would not commit itself for the future.

The question of electing one teacher for the college to represent our mission must be considered.

Board resolution: Action deferred until reports have been received as to whether or not the college course can be continued.

American School for the Children of Missionaries

We tried our best to ascertain the total cost of the following buildings on Kikungshan which are owned jointly by the co-operating missions, the main building, the dormitory and the principal's residence, with equipment; but simply could not find out. There was a certain record, but everybody seemed to think it was incorrect. They promised, however, to have the property appraised next summer and report.

But according to a statement submitted to the U. S. Consulate in Hankow, our mission has equity in the property valued at $22,000 gold. The running expenses of the school are prorated according to the number of families in each participating mission, regardless of whether or not all families have children in the school.

This winter, 1928-29, the school has been operated at Shakow. Prof. Søvik's residence has been used for this purpose. Miss Bergliot Evenson and Mrs. Oscar Hellestad were the teachers before Christmas. After Christmas Sr. Hilda Petterson also joined the staff. All of these belong to our mission. Next fall the Lutheran Free Church will furnish one teacher and the Augustana Synod at least one. But the question of finding a man qualified for and willing to assume the position as principal, is of paramount importance just now. Our Conference elected Rev. Oscar Hellestad to the position of house father and pastor for the school and his wife as teacher. So far they have not signified their willingness to accept these positions. It is hoped that conditions in the country will by next fall be so peaceful that the school can be moved back to Kikungshan, and the Conference made plans accordingly. (Rev. Hellestad has declined this call, and the Conference has elected Rev. Palmer Anderson who has accepted—Ed.)

There is on Kikungshan a duplex missionary residence, built by the former Norwegian Synod, which is now the property of our mission. This building has usually been rented to missionaries who have no residence of their own on the mountain, and the rent turned into the missionary treasury. In the future the average income from this source is estimated to be about $120.00 Mex. for the season. The property should be sold if buyers can be found. No property on Kikungshan has been damaged.

Board resolution: Sale of cottage authorized.

The Theological Seminary

The buildings and grounds were for a short time occupied by a division of the Northern army; but very little damage was done.

In view of the fact that our mission since the opening of the seminary has furnished two professors, and also because it might be very difficult for our

Board to find a man in the near future who would be qualified to take the place of the late Dr. Wold, and furthermore, because of the probability that other missions may affiliate with the seminary soon, we have requested that the Seminary Board plan on only one representative from our mission on the teaching staff of the school. There should, however, be five foreign professors in all; for one of them will as a rule be absent on furlough.

We also advised that a more simple system of accounting than the present one be instituted for the running expenses of the seminary. One of the things that makes it so complicated is the fact that our mission has always held a larger share in the property than any other mission. This should be adjusted in an equitable way, for there is no longer any need of it. A committee was therefore elected to study this matter and report. An impartial appraisal of the property was also ordered.

Of Prof. Søvik's coming home on furlough you have been advised, also that arrangement has been made with the Augustana Mission so that Prof. Carlberg takes his place.

Approved.

The Lutheran Mission's Home and Agency

Having now had the opportunity of being present at the annual meeting of the governing Board of the Home, and heard all the reports explained; having also stayed long enough in the institution to get a somewhat thorough understanding of the inner workings, we can easily see that no one can reasonably look for any net profits in the future, from which the indebtedness can be reduced. But the indebtedness must be reduced, or the institution simply cannot carry on in the long run. The only possible way that this can be done, as we see it, is the one pointed out by its governing Board, namely, that the participating missions give a sum annually for the purpose of reducing the indebtedness, on condition that they thereby proportionately increase their share in the property.

Why is the Home Unable to Make a Net Profit?

The main reason for this is the fact that in order to be ready at all times to accommodate missionaries the 5th floor must be set aside for them, and at certain times of the year even part of the 6th, or attic, floor. At times all of these rooms are occupied by missionaries, at other times only one-half, or one-third of them. Consequently, there is no revenue from the empty rooms, and there is a loss instead of profit. Another thing to be considered is, that missonaries belonging to participating missions stay at the Home for cost or perhaps less, paying only Mex. $2.50 per day, while the few other missionaries who come pay Max. $3.50 per day. But for business people who are paying according to commercial rates, the price is Mex. $5.00 per day, and $70.00 per month.

It certainly is a wonderful blessing to the missionaries to have such a splendid Christian and modern Home to come to. At no other place in China, and in no other way, could they find so much comfort and accommodation for so little money.

Personally we wish to express our thanks and appreciation to the management for all kindness and courtesy shown us.

Resolved: Referred to the Joint Committee together with the Commissioners.

(Each of the mission boards of the Augustana Synod, the Lutheran Free Church, and our Church has elected three men on a Joint Committee which meets twice a year to discuss work in common on the mission field in China and to present recommendations to their respective boards.—Ed.)

The Hospitals

We recommended to the conference that the hospital at Kioshan should not open for some time, chiefly on account of the cost of repairing residences, and the shortage of doctors on the field. But the conference did not agree with us, as will be seen from the minutes.

Conclusion

In concluding this rather lengthy report we wish to call attention to the following paragraph in a recent report of The Committee of Reference and Counsel, which quite fully expresses our own sentiment:

"We are also profoundly of the conviction that the efficacy of our missionary efforts in China depends upon the vitality of the religious life of our North American churches (The Norwegian Lutheran Church of America), and we would call upon our constituencies for prayer that in Christian life and faith we may measure up to the graat demands that the situation in China makes upon us and upon what God has a right to expect of us. Never have our churches been faced with a greater challenge, one which for magnitude and for its effect on further generations is more momentous."

J. D. RUNSVOLD.
J. J. LEE.

The Board of Foreign Missions, having welcomed home its commissioners to the China field, Rev. J. J. Lee and Rev. J. D. Runsvold, and having received their raport, bows its head in gratitude to the Lord of all the Church who has safeguarded their going and coming throughout this long journey and tour of inspection. We thank the many who with us have built bulwarks of prayer around them and round about the missionaries on the field.

We are grateful for the kindness evidenced, for the courtesies shown by the Conference of the Lutheran United Mission, by the Chinese churches, by the personnel and officers of other Missions which lightened their task and brightened their way.

We wish to express our collective appreciation to these two men who left their own specific tasks and their home associations to undertake this difficult commission. The helpful counsel already placed at the disposal of the Board, the several expressions of thankfulness come to hand from missionaries and native churches have amply proven the undertaking, and we conclude the matter with our collective thanks for a task well done.

T. F. GULLIXSON, Chairman.

B. Part I. Report for 1929

To the General Convention of the Norwegian Lutheran Church of America:

Grace and Peace:

In reviewing the past year, we are reminded of the words of Moses in the 90th Psalm: "We spend our years as a tale that is told." The year 1929 is now a tale, and we are glad to tell it to the Church. We rejoice in the fact that it is a pleasant tale, because it is a tale of what the Lord has done through us, and the Lord's work is always pleasant and it is pleasant to be His ministers. It is also a tale of victory. Each day of the year was a day of problems,—some more serious than others, yet as a rule the evening recorded the problems more or less successfully solved. The year has unfolded treasures of unmeasured wealth in the form of the many brothers and sisters all over the Church who by their kindly understanding, sympathy and co-operation have made it possible to close the year as a glorious victory for the kingdom of our Lord and of His Christ.

For this, our hearts are filled with gratitude to God and to His people, who under Him have made the year such a pleasant tale. We also wish to express our gratitude to the local boards of directors of each institution for their co-operation in making it a pleasant year. These groups of friends have set their own work aside to meet at the homes many times each year to give their best counsel for the efficiency of the work, which the superintendents and matrons with their assistants, execute day after day. We wish to thank them all, and hope that they can review the year with a great deal of pleasure and gratitude. It is only through faithful and joyous co-operation by all concerned that the great work of the Church can be done in such a way that it can be pleasing to the Father.

With this in mind, we enter the new year joyfully. Indeed we take up the work of the new year with all its responsibilities as a compliment and token of appreciation from our Father.

The Board of Charities has held one meeting, April 23 and 24th, 1929.

The Executive Board has held three meetings.

The Probate Committee has held six meetings.

Our Finances

We are very glad to report that there is no deficit in connection with our budget receipts for last year. We kept within the 85 per cent of the budget guaranteed by the Church, which of course worked some hardships on all the institutions and activities of the Department, but we are sure that all concerned rejoice that we can report no deficit, for which we are very grateful to our Father and His co-operating people.

We are especially grateful to that constantly growing group of our people who did not only contribute liberally to the budget, but also made substantial donations aside from the budget to the different institutions and activities.

We notice that a greater number of individuals, societies, groups and even congregations are visiting our institutions, spending the day there, familiarizing themselves with the work of the institutions and telling their impressions to their friends and thus increasing their knowledge, interest and co-operation for the cause. We appreciate very highly such visits, and wish to invite our people to visit our institutions; whenever you drive anywhere near any of our institutions, kindly drive in and make yourself at home in your own institutions.

Our Bequests

A year ago, we reported the receipt of 20 bequests amounting to $17,660.21. This year, we can report 38 bequests amounting to $53,621.47, which is 18 bequests and $35,961.26 more than we received in 1928.

This is indeed encouraging not only from the monetary point of view, but also from the point of view of confidence. It indicates that confidence in the Church and her management is growing among the people. When a person leaves his or her estate to the Church, it means that the testator not only appreciates the work the Church is doing, but also realizes that she is capable and efficient in the management of the funds entrusted to her. The constant increase of bequests is an unmistakable evidence of such confidence, for which we are vey gratefull. It has been the policy of the Board of Charities and the Board of Trustees to place bequests in the Endowment Fund of the institution benefited unless the testators stipulate otherwise. This makes it possible for the testators to continue contributing to the church work after they themselves are here no more.

The Congregations

We are delighted to learn that the number of congregations contributing to the Department of Charities is increasing year by year. In 1928, 42 congregations were added to the list, and in 1929, 34 were added, leaving 275 congregations that did not contribute anything to Charities. This is a very encouraging answer to the prayers of those who earnestly pray, "Thy Kingdom Come. Thy Will be done on earth as it is in Heaven." We hope and pray that the day may soon come when we can report that all congregations of our dear Church contribute to its work of Mercy.

OUR SUNSET HOMES

The Homme Sunset Home, Wittenberg, Wis., rounds out 50 years of service this year. It will celebrate the event next summer.

The Bethesda Sunset Home, Beresford, S. D., is making heroic efforts to provide the building fund for its proposed extension. We would encourage friends to build memorial rooms in the proposed addition.

The Bethany Sunset Home, Bawlf, Alta., Can., has been seriously checked in its efforts to gather the building fund for its new Home at Camrose by a very lignt crop in 1929.

The Coeur d'Alene Home, Coeur d'Alene, Idaho, is looking forward to an extension and is planning to raise the fund with which to realize it.

The Story City Sunset Home, Story City, Iowa, is busy writing subscriptions for the building fund for its proposed extension. At this writing, $9,785.00 in cash has been raised towards the $15,000.00, which the proposed addition will cost.

The Josephine Sunset Home, Stanwood, Wash., has its plans ready for a new superintendent's residence, which will relieve a long felt want and increase the capacity of the Home some. The funds for the building are also at hand.

OUR CHILDREN'S HOMES

It is with gratitude to God and a great deal of pleasure that we can report that there was no death at any of our Children's Homes among their 849 children during 1929.

Beloit Children's Home, Beloit, Iowa, is gradually donning its holiday attire for the celebration of its 40th anniversary. It will seem like a new Beloit Children's Home to its many friends who will come and take part in the celebration.

Mr. T. T. Thompson, Superintendent of the Beloit Children's Home from 1915 to 1926, died very unexpectedly Sunday, Jan. 26, 1930. We appreciate the work done by Mr. and Mrs. Thompson at the Home. Our sympathy goes out to Mrs. Thompson and the children. May they realize in a full measure that the Lord doeth all things well.

The Homme Children's Home, Wittenberg, Wis., rounds out a fifty year service this year, but being its birthday comes so near the end of the year, the event will be celebrated next summer. So many repairs and improvements

are being done and contemplated that its friends will hardly recognize it. One great improvement is a very fine iceless refrigerating plant, which eliminates the old ice box with all the work and mess in connection with it.

A new printing press and folder has been installed at considerable expense to take the place of the old press, which was completely worn out in printing "For Gammel og Ung" during all the years since the paper was begun. The old press has rendered a splendid service in the cause of disseminating good reading matter to old and young.

Parkland Children's Home, Everett, Wash., completes its thirty year history this year. It is doing all it can in the form of improvements to put its best foot forward for the event.

Martin Luther Children's Home, Stoughton, Wis., had a very splendid celebration of its 40th anniversary last year, one feature of which was the presence of Prof. and Mrs. O. A. Solheim, who were the first Superintendent and Matron of the Home, and a large group of men and women who were children there at that time. Such evidence of fruits from their labor must have been very sweet to them.

Mr. A. S. Bragstad Superintendent, has inaugurated Presidents' Day at the Homes. This means that the Presidents of all Ladies' Aids, national, district and circuit Presidents of the W. M. F., and all pastors' wives in Mt. Horeb, Madison, and Milwaukee circuits of the Church are invited to spend a day as the guests of the Homes. As such, they are treated to a program by the children, a good lunch, and an opportunity to familiarize themselves with the institutions and their work. The day is divided between the Martin Luther Children's Home and the Skaalen Sunset Home. It is a splendid way to add friends to the Homes. Last year, over 100 women were present.

Lake Park Children's Home, Lake Park, Minn. Mr. and Mrs. L. J. A. Jahren have resigned as Superintendent and Matron of the Home to take effect June 1st, 1930. Rev. and Mrs. J. N. Jahren, Mr. Jahren's parents, held these positions from 1906 to 1921, when Rev. Jahren died. From that time, Mr. Jahren has served as superintendent, and since his marriage, Mrs. Jahren has served as matron. Thus the Home has been managed by the Jahren family for 24 years, for which we wish to express our gratitude and wish them God's richest blessings in the future.

Mr. Ingvald Larson, Perley, Minn., has been called to succeed Mr. Jahren as Superintendent of the Home. He graduated from Concordia College in 1919; had charge of the Manual Training Department there from 1919 to 1923; held the same position from 1923 to 1926 at the Mayville, N. D., State Teachers' College, and later he has farmed near Perley, Minn. Mr. Larson has accepted the call, and will take up his duties April 1st, 1930.

The latest thing that the Jahren family has done for the Lake Park Home is in the form of laying new linoleum on the floor of the Main Hall on the first floor, which adds materially to the attractiveness and cleanliness of the hall. We wish to thank them for this donation.

The Bethesda Children's Home and Sunset Home, Beresford, S. D., has constructed a very attractive entrance of brick from the highway to the drive up to the Homes. This is a real addition to its many attractive features.

Wild Rice Children's Home, Twin Valley, Minn., has organized and trained a large girls' chorus, which has given several concerts at nearby towns. Their concert at Concordia College was broadcasted. Mr. Orvedahl, as superintendent of the Home, is the director and soloist.

A manual training department has been installed, which keeps the boys healthfully occupied.

Investigations of Children

Since the beginning of the year, the Central Office has done most of the investigations relative to the intake and supervision and follow-up work relative to the outgo of the Home, Martin Luther, Lake Park, Wild Rice, Be-

thesda and Beloit Children's Homes, with trained workers. This means that all, who apply to get children admitted to the Homes, are visited and a thorough investigation made as to the following matters:

(a) Is the child physically and mentally fit to be entered in the Home?

(b) Is it absolutely necessary to admit the child into the Home, or can it be cared for in some other way?

(c) If it must be admitted into the Home, can it be paid for by relatives, friends or the county? If so, we try to secure such payments. Of course, children are admitted to the Homes free if no funds can be secured.

As to the outgo, we try to get children placed in good Christian homes where they may have an opportunity to attend High School.

During the year, four Workers made 762 visits, 25 children were placed in private homes from the Children's Homes, 28 children were removed from the Children's Homes and replaced with their guardians, 24 were removed from Children's Homes and referred to other agencies, and 2 were removed from Children's Homes and given High School education. Total children removed from the Children's Homes 79.

96 children were not admitted by the Children's Homes after investigations were made.

41 children were admitted to the Children's Homes after investigations were made.

3 children were replaced in Children's Homes after having been previously placed out in private homes.

There was a total of 214 children handled, of which 137 were applicants and 77 were placed.

It is our experience that people will take advantage of the Church if they can, and in order to protect itself, the Church must investigate each case as thoroughly as possible. One of our Children's Home superintendents says:

"I am convinced that this is a very important and vital matter. No Children's Home should be without such service. If the Church is to render the kind of service towards children that will be for the largest benefit, both temporarily and spiritually, it is absolutely necessary that we have all the information possible about that child when it is received into the Home. Furthermore, it is not right for the church to care for children and relieve parents or relatives of their financial burden. This means, in many cases, constant follow-up work.

With all the many other duties and responsibilities of the Superintendent of a child-caring institution, it is impossible for him to spend the time which is necessary in most cases to get the complete information, and then to get it written up and filed for permanent record."

Another says:

"I cannot say too much about the very efficient work of the investigators in getting delinquent judges, county and town boards, and negligent parents to come up to their obligations. They will in time bring the Church thousands."

RESCUE HOMES

Rescue of girls is the purpose and program of these Homes, after the example and means of grace given us by Jesus Christ. Paternity is established, and financial support secured for the raising of the child. When the girls are discharged, they are returned to their own homes, if that is possible. When this is not possible, other homes and occupations are provided for them under the supervision of the Home. Their lives are supervised in order that they may be kept in correct lives. They are always welcome at the Home when they are in need of friendly counsel.

We quote the following from the annual report of the North Dakota House of Mercy:

"Take my life and let it be
Consecrated, Lord, to Thee,
Take my moments and my days,
Let them flow in ceaseless praise."

"Thus prayed a young girl who had some months previous experienced motherhood out of wedlock, and had by relatives and friends been looked upon as an outcast. She came to our Rescue Home as a marred vessel. She was looked upon as a broken, disabled, useless human being. True, she was no longer reflecting the Maker's image. His name had become illegible, but the Great Potter took this vessel and remade it "as it seemed good to the Potter to make it," cleansing it with His own previous blood and once more stamping it with His own name. He again filled this vessel and uses it for His honor and glory, giving her complete joy in testifying to the saving, cleansing power of His blood and praying her life might be consecrated to His service. We have witnessed the girl's experience, and it is because we hear the voice of our Heavenly Father saying, "Where is thy sister?" and that we wish to be of service to her and follow the example of Him who "went about doing good" that we have our Rescue Home, known as the North Dakota House of Mercy. It requires only a brief examination of the four Gospels to show Christ's way of helping these marred and broken vessels. He allowed a fallen one, and yet one whose soul was precious in His sight, to wash His feet with her tears and wipe them with her hair, saying: "Thy sins are forgiven thee." At another time, He said, "Let Him that is without sin cast the first stone." Christ's way of helping was not simply to provide a home, food and clothing (these are all necessary), but He was willing to acknowledge her as a friend in a public assembly. He was willing to be held in disrepute by being called the friend of a fallen and outcast woman. Christ looks for us to follow His example in a very personal and individual way in our work with the fallen girl regardless of who she is and what her past might be."

CITY AND INSTITUTIONAL MISSIONS

Merger of work with the Lutheran Welfare Society of the Twin Cities. According to a resolution adopted by the Church in 1928, page 288, 6, A, 3, we have made satisfactory working arrangements with the Lutheran Welfare Society on the basis of the resolutions adopted by the Church. We are in receipt of monthly and annual reports from the Society covering its work and finances. It was expected that it would take the Society some time to adjust itself to carrying the additional load, which it took over from us. We wish to say, however, that the Society has handled the work in as satisfactory manner as could reasonably be expected and that we have every reason to believe that it will fully measure up to the expectations in the future. The immediate future will perhaps be a trying time for the Society until the people of other Lutheran church bodies begin to realize that the service, which the Society renders, is really a supplementary service which each congregation and synod is rendering through the Society. Therefore, we earnestly recommend that our Church people strengthen the Society to the best of their ability with their earnest prayers and liberal contributions in connection with Lutheran Welfare work.

The State Board of Control is very much interested in this work, and expresses its appreciation in a letter of February 13th, 1930, from Judge C. F. Hall, Director of the Children's Bureau, as follows:

"The Norwegian Lutheran Church of America has in this work co-operated heartily with the State Board of Control. In its program for the development of better work, it has taken two forward steps of importance. In the first step, you centralized all the child placing efforts of the Norwegian Lutheran Church of America under the Board of Charities. In the second step, taken in 1929, you combined with the Lutheran Welfare Society in child placement work. The Lutheran Welfare Society is now the agent of the Board of Charities for placement of children in the Twin Cities and throughout the State of Minnesota. The centralization of this service enables you to maintain a more able and efficient staff of director and agents for child placement; it tends to eliminate duplication and friction between a number of agencies not controlled by a central office and promotes a better understanding in

behalf of the under-privileged child who is in need of guardianship and assistance by his church and state. Therefore, may I congratulate the Norwegian Lutheran Church of America upon the progress it has made during the past few years and express the hope that in the future the Lutheran churches of Minnesota will be enabled to still further develop the service they are giving in behalf of the children of their churches who will be the future citizens of our great state."

A summary of the Society's report for 1929 indicates that it ministered to 6096 patients in 26 institutions, conducted 16 street services, assisted 1029 families, had 114 children under care in its kindergarten and day nursery, 109 children at its Summer Camp, 368 children in its children's clubs, 109 in its Sunday School, handled 196 in its Home Finding Department, 61 mothers in its Mothers' Club, served 51 unmarried mothers and 54 babies, found employment for 730 unemployed, sheltered 428 guests in its residence department, and housed 481 guests in Trabert Hall.

Brooklyn City Mission. Rev. J. C. Herre has resigned as superintendent of our city mission work in Brooklyn after having served as such since 1911.

According to instructions by the Church in 1928 (page 289, Sec. 6, 1928 report), we have made tentative arrangements with the Norwegian Lutheran Deaconess Home Association of Brooklyn to take over some of our city mission work there, namely:

The family welfare work.
The Day Nursery.
The Summer Camp at Spring Valley, N. Y.

The conditions are that the Day Nursery property consisting of 3 lots with a frame house at 547 45th Ave. S., considered worth $20,000.00, and the Summer Camp property at Spring Valley, N. Y., consisting of a 40 acre farm, valued at $15,000.00, be transferred to the Norwegian Lutheran Deaconess Home Society and that the Church annually contribute $3,500.00 towards the support of this work.

This work has cost us at least $6,540.00 per year. The Day Nursery is entirely too small. A new and larger day nursery is imperative, and the Summer Camp is greatly in need of extensive repairs and improvements, all of which the Norwegian Lutheran Deaconess Home Association has agreed to do. Much of this work was done by the Society last summer, and more is planned for this summer. The Society has been in charge of this work since June 1st, 1929.

The Board of Charities recommends that the Church approve of this arrangement and authorize the transfer of the properties.

Rev. L. O. Anderson has resigned as Superintendent of the Bethesda Mission, to take effect June 1st, 1930. His successor has not as yet been selected.

Rev. H. M. Gunderson is still continuing his institutional mission work.

The Lutheran Inner Mission Society of North Dakota. The Lutheran Inner Mission Society of North Dakota, (an inter-synodical organization), proposes to place missionaries at all of the state institutions of North Dakota and has conferred with us about taking over the work, which our Church is doing at the following institutions, as soon as possible:

The State Hospital for the Insane at Jamestown.
The State Prison at Grafton.
The State Hospital for Tuberculosis at Dunseith.
The State Reform School at Mandan.

We have Rev. J. B. A. Dale stationed as part time worker at the Tuberculosis Hospital at Dunseith. The other institutions are served by our local pastors.

We have made the following tentative arrangements with the Society:

The Society shall:

(a) Take over the work at all state institutions as soon as possible.

(b) Submit monthly and annually reports of its work and finances to the Board of Charities.

The Church shall:

(a) Be represented on the Board of Trustees of the Society with at least two members.

(b) Relinquish its work at the state institutions as soon as the Society can take it over.

(c) Communicate this agreement to the pastors of our Church in North Dakota and encourage them to support the Society.

The Board of Charities together with Pres. Støve of North Dakota District recommends that the Church approve of this arrangement.

Saskatoon City Mission. Because of the vacancy obtaining in the pastorate at Saskatoon the last year, Rev. J. P. Tandberg of Weldon, Sask., has paid regular visits to the institutions at Saskatoon.

Petersburg Hospital, Petersburg, Alaska. Petersburg, Alaska, is a fishing, lumbering and mining town of about 1000 inhabitants, of which 90 per cent are Lutherans. Some years ago, the community established a hospital, which later was turned over to two doctors who ran it for a while. Since that time, it has been closed. Last year, the town proposed to turn it over to us if we would supply the hospital with two Christian nurses. We took the matter up with the Home Mission Department, which consented to pay the salary for one of the nurses. Miss Vivian Swenson and Miss Emma Helleckson from the Lutheran Deaconess Hospital were engaged, and took up the work at Petersburg, August 1st.

State Tuberculosis Hospital, Custer, S. Dak. Upon urgent appeal by President A. J. Bergsaker, we have arranged with Rev. O. G. Malmin of Rapid City, S. D., to minister to the patients at the State Tuberculosis Hospital at Custer, about 60 miles from Rapid City. He has to make this trip by auto over very rough roads.

St. Cloud Normal School for Boys. (Reform School). The religious work for the Protestant boys at the School has been done by the Protestant pastors of the city taking turns conducting services there on Sundays. This arrangement was not found satisfactory, however, so our Rev. Roy E. Olson has been appointed permanent Protestant chaplain by the State Board of Control.

B. Reports

1. Board of Trustees

"If any man thirst, let him come unto me and drink." Christ only can satisfy.

Our Church must be a church of vision that sees the deep need of the world and the glorious opportunities of Her field of service. She must be ever ready to do Her share to supply that need and take full advantage of Her many opportunities—opportunities that lay claim to Her best efforts. It is with gratitude to God for His divine guidance and support in these efforts and for His manifold blessings bestowed upon our Church also through the past year that the Board of Trustees submit the following report:

IN GENERAL

The Treasurer's reports will show that the assets of our Church have increased materially from year to year and it is with deep concern the Board endeavors to maintain these intact and keep them working to the best advantage of the various activities for which they have been designated.

The Board on the one hand recognizes its responsibilities as to the needs and opportunities and in extreme cases has resorted to making use of the privilege given it by the Church of granting emergency appropriations, but on the other hand its policy is strictly conservative as to what actual income permits.

It must, however, be kept in mind that while this policy is a source of satisfaction, it cannot be carried out without restricting the normal expansion of the work our Church has been called to do.

It is, therefore, urgent that our Church puts forth its best efforts in the ingathering of funds in such amounts that they may be somewhat in keeping with the normal growth of the work.

STATUS OF THE 1929 BUDGET

While it is gratifying to know that three of the Boards did not incur any deficit, it is to be regretted that a deficit in the amount of $20,890.51 was incurred for Christian Education.

This deficit together with former deficits, as per resolution by the Church, is included in the budget to be voted at this convention.

Inasmuch as the real needs of the different activities were represented by the figures voted by the Church to be allocated to the congregations, only severe restrictions in allowances could accomplish bringing the expenditures within the income. The attention of the Church is hereby called to the importance of raising what is actually needed in order to carry on the work our Church from time to time may decide to do.

An inadequate amount having been appropriated for interest on deficits and unforeseen difficulties that had arisen made an emergency appropriation imperative in order to meet the exigencies existing at some of our schools.

Receipts to Dec. 31, 1929					557,506.40
Deficit Dec. 31, 1926					279,961.98

The above tabulation shows the status of the budget deficits up to and including December 31, 1926. The greater number of congregations have raised the apportionments submitted for this deficit. An effort is being made at the present time to raise the balance. We sincerely trust that all congregations that have not as yet completed this work will make an earnest effort to do so very soon and that the greater part of this balance will be raised by the time of the general convention.

ANALYSIS OF BUDGET DEFICIT
CURRENT FUND
As at Dec. 31, 1929

	Education	Home Missions	Foreign Missions	Charities	Total
Deficit Dec. 31, 1927	57,495.72	23,888.91		9,077.11	90,461.74
Deficit Dec. 31, 1928	53,801.56	31,522.27		11,358.01	96,681.84
Deficit Dec. 31, 1929	35,761.94				35,761.94
	147,059.22	55,411.18		20,435.12	222,905.52

The above figures show the status of the budget deficits from Dec. 31, 1927 up to and including December 31, 1929. According to a resolution by the Church one-fourth of the deficit for 1927 and the deficits for 1928 and 1929 are included by the boards concerned in each budget now being voted for 1931 and 1932. According to this ruling by the Church, future deficits will be prevented. This should be an encouragement to our congregations, but the Board of Trustees wishes to emphasize the fact that there is danger of hampering the work of our Church if the amounts appropriated are not raised from year to year. We therefore urge that the Church encourage all congregations to raise the largest possible amounts for the maintenance of Her work. Especially does the Board urge the Every Member Canvass. More people contributing will guard off retrenchment in our work and assure a natural growth.

LOANS AND INVESTMENTS

This department is under the jurisdiction of the Loan & Investment Committee of the Board of Trustees of which C. S. Orwoll is Chairman, and T. G. Overson, Manager.

The policy adopted by the Loan & Investment Committee has been very conservative, and no loan has been approved until a personal inspection of the security offered has been made by the Committee, or a thorough investigation has been made of other securities offered, and the Board of Trustees is pleased with the way these loans have been taken care of by this Committee.

The condition of the farm loans in which the interest or principal has been past due, this being due to the depression we have had in the farm situation, is gradually improving, and if given time will eventually be taken care of, but this of course will take time, however the Loan and Investment Committee has this matter well in hand.

The Budget Bureau consisting of C. S. Orwoll, Rev. G. O. Paulsrud, Rev. H. O. Shurson, Rev. S. J. N. Ylvisaker, Jos. G. Norby, Chairman, and Rev. 2. Finance Committee

"I, if I be lifted up will draw all men unto me."

Absorbed with the vision of the unevangelized world, our Church has adopted a program by which it desires to take its part in the great work which has this one purpose: That all men may be drawn unto Christ.

A true vision of the needs—whole peoples perishing without the knowledge of the living Christ; a world full of sin, suffering and sorrow. This vision and the vision of the Cross of Christ, a scene of suffering love, is the motive power actuating the five hundred thousand people of our Church in their activities and in their united efforts always stressing the essential—the co-operation of the Divine spirit in our enterprise. By His co-operation, by the power of prayer and by the exercise of faith, our Church has also through the past year tried to heed the summons to "go work today."

It is very evident that our people are not getting wearied in well doing. Besides what has been sent direct to different institutions, contributions in the following amounts have been received by the Treasurer's Office:

To the General Budget	1,041,126.99
To Activities Outside of the General Budget	114,885.43
Direct Gifts and Bequests	82,455.90
	1,238,468.32

The Church has reason to express deep gratitude to God for these liberal gifts. The many cheerful givers of these splendid amounts also deserve the most sincere gratitude of the Church.

Much credit must be given the leadership of our many faithful pastors in the ingathering of these funds.

By resolution of the Church the District Presidents have also been requested to consider the raising of the budget in their respective districts one of their many duties. They have spent much time together with the Field Superintendents in the interest of this work and the Finance Committee is very grateful to them for their whole hearted support in this work.

In order to make it possible for the Field Superintendents to devote their time in such congregations that have found it difficult to raise their apportionments, much work has been assigned to the District and Circuit Financial Secretaries. Many of them have spent much time in attending meetings, organizing the work and even assisting in the Every Member Canvass. The Finance Committee wishes to express sincere appreciation of their splendid co-operation.

THE ALLOCATION OF THE BUDGET

In compliance with resolutions of the Church the voted Budget is to be apportioned to the congregations of our Church.

In view of the fact that no one knows the obtaining conditions of the congregations in the different Districts better than the District Presidents and the District Financial Secretaries, these men together with the General President of the Church have been invited to sit in with the Finance Committee when the Budget has been allocated to the Districts.

The question of whether or not the apportionment plan should be continued in our Church was brought to the attention of the Church by the Finance Committee at the last general Convention. See Ann. Report 1928, p. 332—Sec. 8. The Church decided to continue the present system.

The matter was again brought up for consideration at the last meeting of the Finance Committee, Presidents and Financial Secretaries with the result that a committee consisting of three was elected to take this matter under advisement and report to a later meeting of the Finance Committee.

The Finance Committee jointly with the special committee submits this report to the Convention for its careful consideration.

"We find that there is considerable sentiment in our Church as well as in other church bodies, using a budget system similar to ours, for a more free expression on the part of the congregations relative to their contribution to the synodical budget. Experiments and changes in present budget plans to meet this demand are now being made in various synods. While these experiments as yet have not been in operation long enough definitely to prove their worth, we suggest that something along this same line be tried out also in our synod as we are convinced that our church will profit in good-will and hearty co-operation by such a plan.

We realize that it would be unwise to discontinue our present budget system without some assurance that a better one is in store. But we believe that this more voluntary system can be given a fair trial, where desired, while our present system is in use. The committee therefore respectfully submits the following plan:

Be It Resolved—1. That congregations desiring to continue on the present allocation basis will be allocated their amounts based on the average of their allotment for the preceding biennium.

2. That congregations which by vote choose to do so, will use the following plan in their relation to the synodical budget—in anticipation of the budget to be voted at the 1932 Biennial Convention for the 1933-34 budget, all congregations that have voted to follow this plan and notified the Treasurer of the church to that effect not later than October 1st of the year preceding the Biennial Convention, shall make a thorough canvass of its members in order to ascertain what each is willing and able to contribute to the synodical budget for

the coming biennium. When such a canvass has been made, the Finance Committee of the congregation, together with the pastor and one member of the Circuit Finance Committee, or some other representative of the synod, go over these pledges carefully and on the basis of said pledges and other available assets recommend to the congregation the amount it ought to pledge as a guaranteed contribution to the synodical budget for the biennium next to be voted. This sum shall then be reported to the synodical Treasurer not later than February 1st, preceding the next Biennial Convention.

The Treasurer of the synod will then cause these reported amounts to be tabulated and made the basis for the proposed budget for the next biennium as far as these congregations are concerned.

The totals from the congregations that continue to use the present budget system shall be added to the totals pledged by those choosing the new system and this grand total shall form the basis for computing the synodical budget to be voted by the regular Biennial Convention.

In case the budgeting convention deems it necessary to vote a larger budget for the biennium in question than that which is already in sight, the excess amount voted is to be distributed equitably to all districts of the synod, but not to the individual congregations thereof."

REV. S. J. FRETHEIM, Chairman
DR. N. KLEVEN
REV. CHR. S. THOMPSON, Secretary.

THE WOMEN'S MISSIONARY FEDERATION

The work of the Women's Missionary Federation is so well known in our Church that but little need be said.

By the splendid leadership of its officers and the fine co-operation of the District and Circuit organizations, the Federation has rendered a service that cannot be overestimated.

It is an educational force in our Church. Through tracts, our Church papers and Circuit and District Meetings the world's needs and what our Church is endeavoring to do to alleviate this need has been brought to the women of our Church in such a way that they have been moved to care—to feel that we are our brother's keeper.

The work of Christian Education, Home and Foreign Missions and our many branches of the work of Charity have truly had a helping hand in what the women of our Church are doing.

Referring to the report of the Financial Secretary, Mrs. C. K. Solberg, the splendid amount of $264,947.00 for the different branches of the regular budget of our Church and $32,691.52 for sundry items have been raised.

It is in recognition of this work the Finance Committee calls the attention of our Church to the accomplishments of this organization.

THE YOUNG PEOPLE'S LUTHER LEAGUE

The close observer of the work of this organization will agree that it is a powerful factor in our Church to promote what will help the young people of our Church in their endeavor to serve their Master and stimulate interest in the work of our Church.

While this organization is working independently of the National Budget of our Church, the Finance Committee wishes to call the attention of the Church to the fact that through the work of the Young People's Luther League the following amounts have been gathered:

Project	$19,745.34
Education	1,637.85

The above tabulation includes $5,000.00 in education for the Augustana College indebtedness.

The year's work is over. What are we to say? What impression do the above figures leave on the serious Christian mind? It is true the sum total gathered for the Lord's work is not small. Almost a million and a quarter is a large sum. This amount is made up of contributions from many who have felt it when the offering was made. Payments on their own personal obligations had to be deferred in order to participate in the Lord's work. Many have given large sums. Many letters manifesting the finest Christian spirit on the part of the giver come to the Treasurer's desk. In humility must we bow our heads in gratitude to God for what His spirit moves many of our people to do in the way of giving. On the one hand our hearts are filled with gratitude to God and man.

If we consider the many who give large gifts and then looking at the average of gifts as shown by the above figures, we find that there is a tremendous undeveloped, uncultivated field before us. More individual work must be done. The enlistment of every member must be promoted and a feeling of corporate responsibility developed. The number of non-contributing congregations is diminishing every year. Our efforts must be to reduce the number of non-contributing members to a minimum.

It is obvious that with the limited number of field workers only a small portion of the field can be covered. In order to supply this need circuit finance committees are elected and a certain number of congregations assigned to each member as his special field. The next and very important step is that each congregation elect a finance committee, the members of which will make it their duty to see to it that every home is visited and every member approached in the interest of the maintenance of the National Budget and help them to see that their responsibility reaches beyond the confines of their own congregation and to have them experience the real joy of giving. This blessing should come to all of our people. The finance committee desires that its service may be placed at the disposal of the congregations, not to do the work, but to assist the parish in doing its own work in such a way that streams of blessing may flow to the parts of the earth where Christ is yet unknown.

Our aim should be a well trained laity in the local congregations to promote an annual Every Member Canvass, where the tithing system is not in vogue, who can bring the individual face to face with the problems encountered by our Church in her conquest for souls, and to gain sympathetic adherence to the program of our Church.

Much is being accomplished through the work of the Publicity Committee, which work by the way should be encouraged by our Church to a much greater degree than it is; but it has, however, been found that personal contact—the spoken word—is after all what will bring the best results. To bring the world's need and the relation of our Church to this need close to the hearts of our people—to reach the last man to find a system of method that may bring more people to express their Christian conviction in service is a problem that demands the serious attention of our Church.

Our willing contributors may tire if recruiting forces are not mustered in comparative measure as the work of our Church expands. To educate our people concerning the work and organize working forces is an essential part of the work of the Finance Committee and it expresses its gratitude for the fine co-operation in this work on the part of our pastors and congregations.

In the same measure as our Church accepts the privilege of providing the needs of carrying out the program of our Church, in the same proportion will God's blessing and power rest upon our people and congregations. Loyalty to the divine commission will meet a recompense according to God's own measure.

Respectfully submitted,
Finance Committee.

C. Report from Committee

N. B.—Resolutions are given as adopted. The "consideration of the report" given below, tells what changes have been made. A resolution with a bar on the side is not adopted in the form given in this report.

A. INTRODUCTION

Committee No. 6 consisting of the following members: Rev. L. E. Kleppe, Iowa District; Rev. P. C. Halvorsen, S. Dak. Dist.; Rev. L. J Floren, Pacific District; Mr. A. C. Anderson, N. Minn. District; Mr. C. O. Teisberg, American Luth. Conference; Rev. J. O. Tweten, Eastern District; Mr. Paul C. Henricks, Canada District; Rev. Otto Mostrom, S. Minn. District; Rev. T. S. Stockdal, Rocky Mt. District, and Rev. R. R. Syrdal, N. D. District, convened at the Augsburg Publishing House May 14, 1930, and organized by electing Rev. Stockdal, chairman, Rev. Tweten, vice-chairman, Rev. Syrdal, secretary, and Rev. Mostrom, assistant secretary.

Your committee, having carefully examined the reports presented by the various boards, and bearing in mind the general financial situation as well as the actual requirements of the activities of our Church, begs leave to report as follows:

Sec. 1. The Norwegian Lutheran Church of America in convention assembled renders humble thanks to the Lord of the Church for the means which He through her constituent membership, has given the Church with which to carry on the work, the amount for the last fiscal year being as follows:

1. Legacies and Bequests	$ 82,455.00
2. General Work of Church	1,041,126.09
3. Activities of our Church outside of the regular budget	107,627.81
4. Other activities	7,257.62
Making a grand total of	$1,238,467.42

Sec. 2. The Church also takes this opportunity to express her sincere thanks to all the different congregations, agencies and individuals who have been instrumental in furnishing these funds.

Sec. 3. The Church notes also gratefully and with much satisfaction that she is being remembered by individuals by special bequests and legacies, the last fiscal year in the amount of $82,455.00.

As these funds are intrusted to her for the advancement of the Kingdom of God on earth through His Church, she pledges herself to faithful guardianship of such funds to the end that the hopes and wishes of the donors may be attained, and that the interest of His Kingdom may be extended.

Sec. 4. The Church notes with regret that there was a deficit in the Educational Budget of $20,890.51 in spite of the fact that there was contributed to Education $244,010.74, which is only $140.35 less than the guaranteed budget voted. The Church therefore wishes to warn the respective Boards to keep strictly within the limits of the guaranteed budget until money over and above that sum is raised and made available.

Sec. 5. It is encouraging to note that the number of congregations which do not in any way contribute to the general work of the Church is steadily decreasing. The Church earnestly urges that every congregation partake in the common work according to ability, so that the burdens may be shared by all, and the blessing resulting from this work in the Lord's vineyard may not be withheld from anyone.

B. THE BUDGET

Sec. 1. Whereas, the Board of Trustees, the Budget Bureau, and the Financial Committee, together with the Boards of Home and Foreign Missions, Education and Charities recommend for adoption to the Church the maximum

budget of $1,285,156.27, these figures representing the actual need of the different departments, and a guaranteed budget of $1,114,059.65. This budget to be divided among the different activities as follows:

Budget to be allocated the Congregations		Amount guaranteed until more has been raised	
Education	$375,000.00	Education	$349,059.65
Home Mission	350,000.00	Home Mission	285,000.00
Foreign Missions	350,000.00	Foreign Missions	300,000.00
Charities	210,156.27	Charities	180,000.00

Sec. 2. And, whereas, the Church realizes that any great reduction cannot be made in any of the respective departments, without seriously crippling the work as planned and heretofore carried on.

And whereas, the Church raised for the budget only $1,041,000.00 in 1929, the Church feels that it must be governed to a large extent in its appropriation for future work by the willingness of the people to give as shown by the said amount. Therefore be it resolved, that the sum of $1,240,000.00 per annum be appropriated for the biennium 1931-32, of which sum the Church will guarantee $1,095,000.00.

Sec. 3. Be it further resolved, that this budget be allocated as follows: Christian Education $370,000.00, of which the Church guarantees $345,000.00. We call attention to the fact that of this sum $51,719.97 is deficit).

Be it further resolved, That the education budget be allocated as follows:

1.	Luther Theological Seminary	$ 36,145.00
2.	Luther College	30,000.00
3.	St. Olaf College	60,000.00
4.	Red Wing Seminary	10,000.00
5.	Madison Normal School	5.000.00
6.	Concordia College	25,000.00
7.	Augustana College and Academy	25.000.00
8.	Secondary Subsidized Schools	$ 25,000.00
9.	Miscellaneous	63,719.97
10.	General Board Expenditures	7,380.00
11.	Prorated amounts	57,755.03
		$345,000.00

Sec. 4. Home Mission, $325,000.00, of which sum $280,000 is guaranteed. (Deficit $21,733.38 included).

Sec. 5. Foreign Mission $340,000.00, of which sum $295,000.00 is guaranteed.

Sec. 6. Charity $205,000.00, of which sum $175,000.00 is guaranteed.

Sec. 7. In the event that more than the guaranteed sum for Education should be raised, then the Board of Trustees and the Board of Education shall be authorized to distribute said sum.

Deficit—Education

Sec. 8. As the deficit for Education in the amount of $51,719.97 is included in this budget it will be understood

That, the appropriation for Education which can actually be used for Current Expenses is only $318,280.00, and of the guaranteed budget $293,280.00.

Deficit—Home Mission

Sec. 9. The deficit in the Home Mission Department added to the budget $21,733.38 will leave the Home Mission Department with working budget in the amount of $303,266.62, of which the Church guarantees only $263,266.62.

Where there is a difference of $19,059.00 in the guaranteed budget as pro-

posed by Com. No.. 6 and the budget proposed by the budget committee, be it Resolved, that the following items in the budget as proposed by the Budget Committee be reduced or changed as follows:

1.	Elementary Christian Education to	$ 7,500.00
2.	Church Extension to	5,000.00
3.	Proposed Increase Dist. Pres. salary	5,400.00
4.	Miscellaneous Items Prorated amounts	1,159.00
	Total reduction	$19,059.00

C. SPECIAL RESOLUTIONS

I—Whereas, Experience has shown that special appropriations are apt to be made from the floor of the convention or during its session.

Be it hereby RESOLVED that such special appropriations, if any, be allocated to and deducted from the appropriation already voted the department to which it pertains, or if it does not pertain to any special department, then the said amount shall be deducted pro rata from the amounts already voted the different Boards.

II—District Secretaries—Deleted

III—District Presidents' Salaries—Deleted

General Fund *

IV Whereas, the Budget Committee recommends that a general fund be re-established for contributions so designated; and

Whereas, it would simplify the handling of contributions to the budget of the Church to have a special column in the receipt blanks for this fund.

Be it Resolved, that the Board of Trustees, together with the finance committee, be authorized to divide the moneys in the General Fund among the departments as the proportion requires.

Appropriations to Subsidized Institutions

V Whereas, The Norwegian Lutheran Church of America from time to time makes appropriations to aid schools and institutions not owned, operated or controlled by the Church, and

Whereas, the Church and the Boards and Committees in charge of the financial affairs should be fully advised as to the financial standing of such institutions before such appropriations are made.

Be it therefore RESOLVED, that no appropriation be made to any institution not owned, operated or controlled by the Church until a complete and detailed financial statement showing the assets and liabilities of such institution shall have first been submitted to the Board of Trustees of the Church and made available to the several committees concerned in determining the amount of appropriation that should be made.

Incurring Indebtedness

VI Whereas, it appears that many institutions belonging to the Church have large amounts of indebtedness, and

Whereas, it appears that some of this indebtedness has been incurred by some institutions without authority from the Church, which has resulted in considerable embarrassment.

Be it therefore RESOLVED, that institutions belonging to the Church and the persons in immediate charge of such institutions be and they are forbidden to incur any indebtedness except as in the manner and in the amount authorized by the Church or by the Board of Trustees of the Church.

Allocation of the Budget

VII Whereas, a special committee has submitted to the Finance Committee of the Church a plan for change in the method of determining the amount of the annual budget and the allocation thereof to the several congregations, which plan is printed in the report of the Board of Trustees under the title "The Allocation of the Budget;" and

Whereas, it is understood that the Finance Committee of the Church submits the plan merely for consideration by the Church without any recommendations; and

* See Runsvold's motion, page 464.

Whereas, the Church is operating efficiently and reasonably well under the present system, it would seem that it is not now the time to adopt a radical change in the matter of raising and allocating the budget; be it therefore

RESOLVED, that the method heretofore used and now in operation for the raising and allocating of the budget be continued.

Traveling Expenses

VIII Whereas, a considerable expense is incurred in traveling expenses by representatives of our Church visiting congregations, and

Whereas, a uniform system of accounting should be followed by all such representatives. Be it therefore

RESOLVED, That the congregations so visited be hereby urged to defray such traveling expenses, and that the money so paid be sent to the treasurer of our Church.

IX—Wild Rice and Lake Park Orphans' Homes—Deleted

X. Eligibility of Board Members *

Whereas, the activities and affairs of the several departments of the Church are directly supervised and controlled by a Board elected by the Church, and

Whereas, good business and sound policy demand that all the members of such Board be free to exercise their best judgment and soundest discretion for the welfare of the activities with which it is concerned.

Be it therefore RESOLVED, That it be established as a policy of the Church that no officer, servant or employee of the Church, or any of its institutions, shall be eligible to hold office as a member of the Board charged with the supervision and control of such institutions or activity.

Validation

XI Whereas, There may be conflicts with previous resolutions causing confusion as to the real intentions of the Church:

Be it RESOLVED, That any previous resolution of the Church which might be inconsistent and in conflict with the provisions of this report or any part thereof is hereby rescinded.

D. SUNDRAY RESOLUTIONS BY COMMITTEEE NO. 6

Monday Afternoon

Transfer of St. Peter's Church property submitted by the committee and endorsed by the Board of Trustees was adopted:

"Whereas, St. Peter's Evangelical Lutheran Church of Red Wing, Minnesota, is situated on Lot Four (4) of Block Four (4), Freeborne and Company's Addition to Red Wing, Minnesota, and holds the fee title of record to an undivided one-half interest in said premises, and

Whereas, Hauge Norwegian Evangelical Lutheran Synod holds the fee title to the other undivided one-half interest in and to said premises as security for the sum of two thousand, four hundred twenty-eight and 90-100 Dollars and

Whereas, the Ladies' Lutheran Seminary at Red Wing, Minnesota, has an interest in the property of Trinity Lutheran Chucrh of Red Wing, Minnesota, to the extent of five thousand, two hundred fifty dollars ,$5,250.00), and

Whereas, said Trinity Lutheran Church and said St. Peter's Church of Red Wing have now merged and formed the United Lutheran Church of Red Wing and expect to use the former Trinity Lutheran Church property as its place of worship and dispose of the said St. Peter's Church property. Be it therefore

RESOLVED, That the Norwegian Lutheran Church of America authorize the release, relinquishment and quit-claim of all interest in and to the said St. Peter's Church property and waive the payment of said sum of two thousand, four hundred twenty-eight and 90-100 dollars, ($2,428.90), provided said Ladies' Lutheran Seminary, at Red Wing, will waive all its right, claim and interest in and to the property of the Trinity Luth. Church and the said sum of $5,250.00.

* See Annual Report, 1921, page 109-9.

Secretary's Salary*

Be it further RESOLVED, that the proper officers be authorized to execute the necessary documents to fully and effectively carry out the objects and purposes of the foregoing resolution." Endorsed unanimously by Trustees.

"Whereas, the General Secretary, N. J. Løhre, receives a salary of $2400 per year, and

Whereas, his entire time is not required for the work as general secretary of the Church, and

Whereas, the finance committee can use the balance of his time to good advantage. Be it therefore

RESOLVED, that the finance committee of the Church may use the balance of the time of said N. J. Løhre for such purpose and such compensation as it deems proper."

Report from Committee No. 6 adopted.

Tuesday Morning

A. Augustana College

Committee No. 6 reported on the resolution from the corporation and the South Dakota District by submitting the following resolution, which was adopted:

Whereas, the Augustana College Corporation and the South Dakota District have submitted to the Church the following resolutions: (Found on page 40 of Daily Bulletin).

Whereas, it appears from these resolutions that it would facilitate accreditation as far as Augustana College is concerned if a definite sum be appropriated said college by the Church. Be it therefore

RESOLVED, That $22,000.00 of the $25,000.00 appropriated Augustana College and Academy be allocated to Augustana College, and $3,000.00 of the said $25,000.00 be allocated to the Augustana Academy.

B. Special Appropriations

Whereas, districts of the Church have made certain appropriations, and

Whereas, it has been requested to add such special appropriations to their share of the General budget, and

Whereas, this practice will infringe on other activities unless the entire district budget be raised. Be it therefore

RESOLVED, that such special appropriations by the districts be kept separate from the general budget; and be it further

RESOLVED, that the allocation of such special appropriations be made simultaneously with the allocation of the general budget.

B. Reports

Board of Publications

The following is the report of the activities of the Augsburg Publishing House for the fiscal year ending December 31, 1929.

REPORT BY FUNCTIONAL DEPARTMENTS

I. **MAINTENANCE DEPARTMENT**

A. The discontinuance on May 1st of the extra storeroom at 417 Fifth Ave., at a saving of $50.00 per month has saved us this year $400.00.

B. The removal of the Mailing Room and condensing it into the Bindery, and in turn moving our editorial offices to the third floor, has allowed us to save and rent a space which we used, at $50.00 a month. This has meant a saving of approximately $400.00 this year.

* Election of Editorial Staff in 1932.

C. The Automatic Sprinkler Corporation has installed an automatic sprinkler throughout both buildings, which will result in a saving of at least $953.72 per year from the time of the installation, which was on October 1st.

II. PURCHASING DEPARTMENT

By introducing a perpetual inventory control method, book division inventories were reduced $27,000 in 1928 and over $30,000 in 1929, or a total of $57,000 in the face of an increase in sales. This meant converting surplus stock into cash and hand-to-mouth buying, which can readily be appreciated by referring to the reduction in our Notes Payable account where the funds were used.

III. PRODUCTION DEPARTMENT

We list below the various divisions of production so that the form of the report may be complete even though there is not a statement necessary on each.

A. Composing Room.

B. Cylinder Press Room.

C. Bindery.
The elimination of the Mailing Room and condensation with the Bindery has effected a saving of a Mailing Room foreman, $2,340.00 a year.

D. General Statement of Production:
The primary objective of any production department is to constantly lower production costs and increase amount produced per unit hour.
To attempt to realize that objective we are:

1. Attempting to level our peaks of production.
2. Standardize on our weights, kinds, and sizes of paper and other material used.
3. Develop a second shift to secure 8 additional machine hours per day without an overhead charge.

2. **Sales**

   The total sales for the Book Division for the year 1929 amounted to $237,837.35, or an increase of $7,477.44 over the year 1928.

3. **Music**

   The Augsburg Collection of Church Music. We believe it well worth while to quote the following from the introduction and preface of our new music catalog:

"Augsburg Publishing House is indeed fortunate in having secured as its musical advisor Dr. F. Melius Christiansen, familiar to all music lovers as the genius under whose leadership the St. Olaf Choir has achieved its unique success. In making out the present catalog, Dr. Christiansen has gone through thousands of anthems published by all the leading firms in the country, selecting those only which, in his judgment measure up to very definite standards. He calls attention to the fact that at one time he and Prof. Overby went through two thousand anthems and found only about fifty that had any special character, and less than half a dozen that were real gems. Dr. Christiansen has carefully graded all these anthems as to difficulty.

Every choir director who has conscientiously tried to pick out the best music within reach of his particular choir will appreciate what a great service Dr. Christiansen has thus rendered. He knows what a long and tedious process it is to plough through a large stack of choir music picked up on the counter of the average music store, and then, perhaps, to find next to nothing that he can use. All this work Dr. Christiansen has now done for him, and surely there is no one whose judgment on such matters we would rather accept than Dr. Christiansen's.

Serious-minded directors, whether they have at their disposal a trained a capella organization or the smallest and most amateurish of volunteer choirs, nay thus find the best music already selected to meet their special needs. It need not be feared that the music selected will be too difficult. Dr. Christiansen has not spent all his life directing the St. Olaf Choir. He has directed many 'average choirs.' Even at the present time he keeps in close contact with the problems of choirs of every type, both through his own personal interest in such matters, as well as through his activities in the Choir Conductors' Guild, and as director of music festivals in which large masses of singers, most of them untrained, are assembled for choral singing.

Dr. Christiansen has been ably assisted in this work by Prof. Oscar Overby of St. Olaf College and Prof. Gunnar J. Malmin of Drake University. Mrs. Hinderlie, who is in charge of the music department at Augsburg, has likewise given her intelligent and enthusiastic coöperation. At her hands patrons of Augsburg may rest assured that they will at all times receive the most prompt, courteous, and efficient service.

The highest object in the minds of the compilers has been to encourage, through proper selection and eliminating, the new movement in America towards better taste and appreciation in church music.

Another object has been to assist choir directors in finding appropriate and effective songs for their particular needs, songs varying in technical difficulties and still imbued with that musical worth which distinguish the masterpiece from the mechanically constructed anthems.

In this compiling, artistic and spiritual, as well as practical qualities have been considered.

This collection contains only the better songs which have been gleaned from thousands of anthems. The work is not completed. The Collection will be supplemented from time to time as new worth while music is discovered.

The articles at the beginning of the catalog are included to help directors, and others who are interested in the great mission of song and ensemble singing, to get varied points-of-view."

4. **Bibles**

   At the present time we are having prepared an "Augsburg" Confirmation gift Bible, popularly priced, with a 32 page section of Bible Helps. We plan to have this ready by the spring of 1931.

5. **The Current Literature Reading Club**

   The purpose of this endeavor is to stimulate interest in the reading of wholesome and worthwhile current literature.

   Two books will be selected each month. One will be in the field of biography and wholesome fiction. The second one will be selected from recent publications on some aspect of the Christian life or religion.

   The fiction or biography book will be selected by Augsburg Publishing House. The religious book will be chosen by a committee of active church workers specially interested in literature.

   Members of this Club agree to purchase at least six books of the twenty-four recommended each year, at a 10% discount.

6. **Hymn Books**

   Special mention should here be made of our new "Hymns for Church Schools." We wish to make its Preface a part of this report.

"We are sending forth this little book of hymns in response to a call from the field. About two years ago a pastor wrote our Board of Publications urging them to provide a suitable book of hymns for our Sunday Schools. A questionnaire, sent to one hundred and fifty pastors in various parts of our Church inquiring as to the need for such a publication, brought answers within ten days from four-fifths of them, all with the exception of four, stressing the necessity of such a book.

Feeling that in an undertaking of such importance to the youth of the Church the Board of Elementary Christian Education should cooperate, the Board of Publications suggested that the work be done by a joint committee representing these two boards. The Board of Elementary Christian Education elected to serve on this committee the Rev. J. N. Andersen and the Rev. Ove J. H. Preus; Prof. T. A. Hoff and the Rev. H. J. Glenn have represented the Board of Publications.

After almost two years of work we are offering the children and youth of our Church this book of hymns. We hope that it may meet the actual needs of our church schools and help cultivate in the youth of the Church a genuine spirit of worship.

Practically every type of hymn-tune and every school of church music is represented in the present collection. The Lutheran Chorals, the early English and French Psalm tunes, as well as the more recent hymn-tunes of England and America are generously used. One of the hymns, 'The God of Abraham Praise' (No. 22), has an old Jewish melody. The second tune of 'O Come, O Come, Immanuel' (No. 44) is a typical old Gregorian tune which has come into great favor in English and American hymnals of recent years.

We have tried to select only the best tunes, at the same time avoiding those which would be too heavy to be interesting to children. We have for that reason omitted some of the heavier chorales; and yet the majority of the hymns are Lutheran in origin. But let us not underestimate the ability of the children of today, with the splendid training they get in the public schools, to appreciate and sing the better class of music. And often the hymns learned and sung in child-

nood go far toward determining the religious life and attitude of the individual throughout life.

Attention is called to the part designated 'Additional Hymns' at the end of the book. These are popular favorites, not perhaps measuring up to the severest classical standards, and yet hymns that many of our people have learned to love; for that reason they merit a place in a book which first and foremost we want people to **sing.**

May we here insert a timely word as to the proper use of children's voices. Let us caution against loud singing. Loud singing on the part of children necessitates forcing the so-called "chest-tone" far above its proper compass. With that sort of singing high notes are very hard to get. That is why pastors and Sunday School superintendents often complain that songs are pitched too high. This forcing of the chest-tone produces the harshness which one so often notices in the singing of little children. Here is where the Church School can well learn from the public school. Do not ask the children to sing louder. Ask them rather to listen to their own singing and make it as beautiful as possible. Surely that will not make it less hearty in the best sense of the word.

Metronome marks have been inserted in the case of a few of the new and generally unfamiliar tunes as a suggestion of the proper tempo.

We have conscientiously tried not to encroach upon any copyright. To each hymn for which we are indebted to other publishers there is attached a special note to that effect. And we hope that, in case we have overlooked any copyrights, we may be informed of the same, so that proper acknowledgments may be made in future editions of the book.

The committee is indeed glad to acknowledge its great indebtedness and sincere gratitude to Prof. Gunnar J. Malmin for expert assistance in the selection and arrangement of the music.

May this little book prove of abundant and blessed service to our Church."

—The Committee.

7. Religious Art Pictures

For some time we have sensed that our churches and Sunday Schools have desired that we carry in stock a line of distinctive religious art pictures. We have found that high grade art reproductions, if we are not to enter a price field that is prohibitive, are difficult to get outside of Germany. We have, therefore, purchased a number of imported religious pictures which have been offered to our people during the past year. The response has been most enthusiastic and encouraging.

8. 1930 Augsburg Publications

Although this report relates only to the year 1929, it may not be amiss to call attention to the 1930 Spring publications. We believe these new books represent a service to our constituency that is timely and valuable.

1. Considering the fact that the Lutheran Church Herald and Lutheraneren have been gradually changed to a strict paid-in-advance basis, it is gratifying to note the retention of subscribers.

2. The Y. P. L. L. Magazine Issue of the Lutheran Church Herald.

The decided increase in the Lutheran Church Herald may be largely because of the whole-hearted acceptance of the Y. P. L. L. magazine issues.

The Y. P. L. L. is spending about $6,000.00 per year for illustrations, engravings, articles, and additional editorial salaries to make this magazine issue possible.

Believing this to be a most worthwhile endeavor the Board of Publications authorized the added expenditure of approximately $5,200.00, for additional mechanical expense of a 48 page issue compared with the regular 32 page issue.

It must be recognized that this is a direct investment in church publication work as the subscription price remains the same.

C. Manufacturing Division

1. Sales

The work completed by the Manufacturing Department in 1929 amounted to $256,615.71. This is approximately $4,000.00 less than in 1928. Considering, however, that we have reduced our hour cost rates for our own production the volume actually is somewhat greater.

2. The Parish Paper

Over forty of our congregations are issuing our synodical Parish Paper. Every congregation should seriously consider this medium of contact with its membership.

V. CREDITS AND COLLECTIONS

A three year comparison of outstanding receivables shows a trend toward reduction.

January 1, 1927	$153,925.94
January 1, 1928	141,738.53
January 1, 1929	126,434.92
January 1, 1930	126,663.63

The cooperation extended by most of those owing the larger and older amounts has been gratifying. In analyzing the accounts it is interesting to note that less than 10% of all customers cause the major credit difficulties.

VI. ACCOUNTING AND FINANCE

A. Accounting

The accounting department this year has completed the monumental task of combining a cost accounting structure with our general accounting structure.

1. The Balance Sheet

Values as of Dec. 31, 1928 differ substantially from those of Jan. 2, 1929, in some cases. This is to give effect to the appraisal of fixed assets prepared by the Appraisal Service Company, and to the revaluation of the Book Merchandise by Mr. Ulven through our perpetual inventory records.

Our books of accounts for the year ended Dec. 31st. 1929, have been audited and found correct by Preston, Anderson, Waldo & Co., Certified Public Accountants.

B. **Finance**

1. Notes Payable have been decreased from about $74,000 in November, 1927, to approximately $39,000 in December, 1928, to $9,854.00 in December, 1929. During the year 1928 this was partly due to liquidation of receivables and liquidation of inventories. The decrease in Notes Payable during 1929 was due almost entirely to controlled merchandise purchasing which lowered our purchases in the face of an increase in sales.

VII. ADMINISTRATION DEPARTMENT

A. Intersynodical relations.

1. Publications. During 1929 we were permitted the opportunity of producing two books of intersynodical Lutheran interest and significance.
   a) The Lutheran Churches of the World, for the Lutheran World Convention Committee, of which our Dr. L. W. Boe is an American member.
   b) The Jubilee Edition of Luther's Catechism, for the intersynodical Catechism Committee, of which our Rev. J. N. Andersen is Chairman.
2. Conventions. In September 1929 the Augsburg Publishing House was the host to the National Lutheran Editorial Association and the National Lutheran Publishing House Managers' Association. At this convention the Augsburg Publishing House initiated the publication of a Jubilee Edition of the Augsburg Confession to be published in 1930.

B. Synodical Resolutions.
(Resolutions adopted by the Church Convention in 1928)

1. Literary Counselor.
   a) Resolution. "The Biennial Convention highly appreciates the efforts of Augsburg Publishing House to disseminate good and wholesome reading matter. In order, however, to further assist the publishing house in its endeavors to spread worthy literature, the Convention desires to suggest to the Board of Publications the desirability of appointing a literary critic, whose duty it shall be to pass upon the fitness and availability of all literature offered for sale by Augsburg Publishing House and the Lutheran Publishing House, to serve as advisor and counselor in the selection of books and other literature to be offered for sale and distribution by Augsburg Publishing House, and to furnish careful and critical reviews of books and other reading matter for the columns of our Church Papers and the press in general."—1928 Annual Report, page 351.
   b) Action. Mr. A. M. Sundheim was elected literary counselor August 1928, effective Jan. 1, 1929.
2. Theological Forum.
   a) Resolution. "The quarterly publication 'Teologisk Tidsskrift' is hereby discontinued on the ground of its constantly and rapidly decreasing of subscribers, and the pecuniary loss attendant upon decrease in circulation. The Board of Publications is hereby directed to begin the issuance of an English Lutheran Theological Quarterly, provided, however, that occasional articles in languages other than English may be inserted in the columns of the quarterly."—1928 Annual Report, page 351.
   b) Action. The Theological Forum, Rev. R. Malmin, Editor, was first issued in January, 1929.
3. Revision of the Lutheran Hymnary.
   a) Resolution. "In regard to a petition of the General Board of the Choral Union and Young People's Luther League for a revision of the Lutheran Hymnary, the Convention Committee on publications reported as follows: Therefore be it resolved, that the Biennial Convention of the Norwegian Lutheran Church of America hereby requests the Church Council together with the Board of Publications to appoint a committee of 8 members, whose duty it shall be to revise the Lutheran Hymnary, words and music, and report progress in its preliminary work to the several district conventions to be held during the year nineteen hundred and twenty-nine (1929).—The resolution was adopted."—1928 Annual Report, page 352.

b) Action. The Board of Publications met with the Church Council in joint session March 1930. The report of this meeting will be included in the report from the Church Council.

C. Editorial Contemplations.

This paragraph is made a part of this report in order to record a specific outline on the basis of which future publications should be planned and the sense of our requirements can be determined.

Considering the publication field as a whole we have this classification to consider:

General
Philosophical
Philological
Artistic
Literary
Historical
Sociological
Scientific
Applied Scientific
Religious

Segregating the religious publication field we have this classification to consider:

General
Biblical
Doctrinal
Devotional
Homiletical
Ecclesiastical
Philosophical
Practical
Historical
Denominational

The administrative department senses as its specific responsibility to stress primarily at present publications first in the devotional classification, and secondly the practical classification and thirdly the denominational classification in the field of religious publications.

D. Financial Operations.

From a general observation of operations of the Ausgburg Publishing House during the year 1929 we find a gratifying improvement in the financial condition of the institution.

Notes Payable and inventories have been substantially reduced.

The operating profit, considering the new investment in the Y. P. L. L. magazine issues of the Herald, and the increased taxes, remains about the same.

The values stated on our balance sheet now represent a more accurate statement due to revaluations based on appraisals.

C. Report from Committee

N. B.—Resolutions are given as adopted. The "consideration of the report" given below, tells what changes have been made. A resolution with ■ bar on the side is not adopted in the form given in this report.

Committee No. 7 on publications consisting of the following members: Rev. G. T. Rygh, Minneapolis, Minn., American Lutheran Conference, Mr. N. N. Ronning, Minneapolis, Minn., S. Minn., Mr. Odin Dahle, Decorah, Iowa, Iowa, Rev. O. E. Hesla, Stevens Point, Wis., Eastern, Rev. J. O. Dreng, Elbow Lake, Minn., N. Minn., Rev. W. I. Aamodt, Froid, Mont., Rocky Mt., Rev. J. J. Akre, Winnipeg, Canada, Canada, Rev. J. T. Norby, Bellingham, Wash., Pacific, Mr. J. A. Johnson, Madison, S. D., So. Dak., and Rev. M. O. Sumstad, Roland, Iowa, Iowa, met May 23 and organized by electing Rev. G. T. Rygh, chairman, and Rev. O. E. Hesla, secretary.

Your committee, having carefully examined the publication Reports, begs leave to submit the following report:

Sec. 1. The Norwegian Lutheran Church of America expresses her appreciation to Dr. F. Melius Christiansen for his recent collection of choir music, the Augsburg Collection of Church Music, and recommends to choirs and directors extensive use of same.

Sec. 2. The Church also calls to the attention of her members the new music publication, Hymns for Church Schools. The volume is an improvement over the other available material, and for this, the Church voices her appreciation to the Committee in charge. It should be given an extensive and thorough trial.

Sec. 3. The Church heartily endorses the Luther League edition of the Lutheran Church Herald, recognizing it as serving very effectively the purpose of a Young People's magazine. Congregations and pastors are urged to use every available means to increase its circulation.

Sec. 4. The Church expresses her high appreciation for the publication of the Jubilee Edition of Luther's Catechism and the Jubilee Edition of the Augsburg Confession. It is highly fitting that this year 1930 should have seen the publication of such Jubilee volumes.

Sec. 5. The Church notes with approval the reduction in notes payable at Augsburg Publishing House from $74,000 to $9,000 in the last two years, and the reduction of notes receivable from about $154,000 to $127,000. These two items alone make a saving in interest of $5,520 each year. This has been accomplished in the face of increased sales.

The Church further notes and approves the introduction of a recognized Cost Accounting System and the revision in the General Accounting System of the Augsburg Publishing House. The Cost Accounting System enables the management to determine exact cost of production and eliminates all possibility of inflating asset values. The revision in the General Accounting System enables the management to know exactly each month just what each Department is accomplishing in the production of profitable results, and to keep accurate and up-to-date check on all its business.

Sec. 6. The Church notes with approval the program of publications as outlined by the administration department of the Augsburg Publishing House, and endorses its purpose to supply the Church first with those most necessary classification of publications, Devotional, Practical, and Denominational.

The Church further notes and commends the increasing efficiency and progressiveness of the administration and, as proved by definite results, and hereby expresses to Mr. R. E. Haugan, general manager, her sincere appreciation of his labors. May the Lord strengthen him in his important task.

Considered Wednesday afternoon.

ELECTION OF BOARD MEMBER

A successor to Mr. A. E. Anderson, whose term expires this year.

THE SITUATION IN THE PRESENT FUND

PENSIONERS

Of a total membership of 1091, 282 are pensioners and 809 dues-paying members. Of the 809 dues-paying members 130 are past age 65 and may soon become pensioners. Since last report (1928) 30 have retired on pension, 9 have died in active service leaving beneficiaries, a total of 39. Two pensioners have died leaving no beneficiary, a net total increase of 37 during the two years' period.

RESOURCES. REGULAR INCOME OF THE FUND

The income of the Fund from its own resources was $51,038 for 1928 and $56,132 for 1929. The income to be disbursed this year is $49,819.

RESOURCES. CONTRIBUTIONS BY CONGREGATIONS

The 1928 convention passed a resolution, instructing the secretary of the Fund "to communicate to each congregation the sum which would represent its approximate share of contributions to pay the pensioners 500 dollars each." (See Convention Report, page 361).

This has been done with the following result:

Of the 2700 congregations apportioned $77,500 in 1928, 969 contributed $28,168.
Of the 2700 congregations apportioned $81,000 in 1929, 895 contributed $26,611.

These contributions, added to the regular income of the Fund, did not make it possible to pay the pensioners more than the customary 320 dollars for 1928 and 1929.

THE PROPOSED AMENDED PLAN.

Pursuant to resolution passed by the 1928 Convention, your Board of Pensions and The Laymen's Committee have presented our pension affairs and The Proposed Plan to as many of our congregations as we have been able to reach. 210 have reported action on the Plan, 129 endorsing it and 81 not endorsing it. Many congregations have, however, stated that they do not wish to vote either way, but leave it to the Church to adopt whatever plan it considers best.

A meeting of The Laymen's Committee will be held on the day before the opening of the Convention, and its recommendations to the Convention will be reported later.

Respectfully submitted,
THE BOARD OF PENSIONS.

THE TEXT OF THE PLAN

1. *Pension Fund.* The Norwegian Lutheran Church of America (hereafter referred to as the Norwegian Lutheran Church), shall maintain and conduct a Pension Fund for the benefit of its ministers as hereafter outlined, and referred to as the Fund.

2. *Administration.* All Funds shall be administered by the Board of Trustees of the Norwegian Lutheran Church and invested in accordance with the laws of the State of Minnesota governing the investment of trust funds.

All other matters pertaining to the Fund shall be administered by a Board of Pensions (hereafter referred to as the Board), consisting of seven members, of which the treasurer of the Fund shall be ex-officio a member. The other six members shall be elected for a term of six years, excepting that at the synodical convention in 1928, one member shall be elected for a term of one (1) year and two for five (5) years, all of whom shall take office in June, 1929; that at the synodical convention in 1930 one shall be elected for six (6) years; in 1932 one shall be elected for four (4) years and two for six (6) years, and thereafter, two members shall be elected for six (6) years at every biennial convention.

In the case of vacancy, the Board shall temporarily fill the vacancy until the church fills the vacancy by election.

3. *Membership.* The members herein designated ministers shall include persons who are members of the Norwegian Lutheran Church and who are:

(a) Ministers in active service as regular pastors of congregations.

(b) Ministers serving at institutions that are owned or supported by the Norwegian Lutheran Church or who are in the service of the Norwegian Lutheran Church in some other capacity.

(c) Professors and teachers in schools owned or supported by the Norwegian Lutheran Church who have served consecutively for three years in its schools and are members of a congregation belonging to the Norwegian Lutheran Church.

(d) Foreign missionaries, men and women, who are serving as pastors, teachers and physicians.

(e) Permanently appointed managers of institutions owned and operated by the Norwegian Lutheran Church.

(f) Editors of the Norwegian Lutheran Church papers who devote all their time to this work.

(g) The officers designated as treasurer and auditor in the articles of Corporation of the Norwegian Lutheran Church.

(h) The secretaries of the general executive boards.

(i) Regularly elected or appointed evangelists and teachers giving full time service to the Church.

4. *Definition of Salary.* The word "salary" as herein used means fixed salary and an addition in the case of ministers who have free house equivalent to 15 per cent of the fixed salary.

5. *Contributions by the Minister.* The minister shall contribute an amount equivalent to 2½ per cent of his current salary.

6. *Application of the Minister's Contributions.* All contributions by each minister shall be credited to his individual account and increased by interest additions. The accumulations shall be applied towards providing an age annuity upon retirement; or in the event of prior death towards providing a widow's annuity or other specified benefits; or be paid upon demand as hereinafter provided.

In case the minister and his widow, if any, and his children under age sixteen, if any, shall die, and his surviving children, if any, shall attain age sixteen, before an amount equivalent to the accumulations from the contributions by the minister shall have been paid to any or all of them in annuities and benefits, any balance remaining shall be paid to such beneficiary as designated by the minister, or if no such designation be made, to his estate.

7. *Contributions by the Church.* The contributions by the congregations, or other salary-paying organizations (hereafter referred to as the Church), shall be amounts equivalent to 6 per cent of the minister's salary.

8. *Application of Church's Contributions.* The Church's contributions received during a year shall be allocated to those entitled to participate as of the beginning of the next year as follows:

a. *Age Annuities.* (1) The balance available after providing for the other items hereinafter specified shall be allocated equally to the ministers who have qualified to receive a share.

(2) Upon retirement from the active service of the ministry on or after attaining the minimum retirement age of sixty-five years, all accumulations to the credit of the minister, including his own contributions and the allocations, shall be applied as the actuarial equivalent to provide an annuity on the life of the member. If the minister shall have a wife living at the time of entering upon retirement annuity, then upon the death of either, two-thirds (⅔) of the annuity shall continue to the survivor. If the minister has no wife living, his annuity shall be two-thirds (⅔) of what it would have been if he had had a wife living.

(3) If the minister shall re-enter active service, the annuity payments shall be discontinued and contributions shall be resumed. Three or more consecutive months of salary relationship shall be deemed active service.

b. *Disability Annuities.* (1) To set aside on a reserve basis a sufficient amount to waive the payment of the contributions by the minister and the Church and to provide annuities payable during disability to such active ministers as are under the minimum retirement age (65) and as may become totally and permanently disabled within the year.

(2) Should disability annuitants attain the minimum retirement age (65), the total accumulations from all sources, including the waived contributions to the credit of the minister, shall be applied to provide an age annuity, but in no case shall the annuity payable thereafter be less than the disability annuity being paid.

(3) The amount of the disability annuity shall be fixed at $300 at the outset of the operation of the Fund, subject to future increases as the experience and the resources may justify.

(4) Disability must be certified to by a competent physician as well as by the minister and is subject to the approval of the Board, with the right to call for proof of continued disability from time to time, but at intervals of not less than one year.

(5) If a disabled minister becomes sufficiently able to resume ministerial work, his disability annuity may be reduced or terminated by the Board at its discretion. After the disability annuity has been terminated and he has entered into a salary relationship, he shall resume his contributions to the Fund.

c. *Death Benefits.* To set aside on a reserve basis a sufficient amount to provide for the payment of $500 to the widow (or children under age sixteen if there be no widow), upon the death of the minister during the current year, while in active service.

d. *Widow's Annuity.* (1) To set aside on a reserve basis a sufficient amount to build up, if needed, to a minimum of $300 the basic annuity to the widow, if any, in the event of the minister's death before drawing an age annuity.

The basic annuity shall be the actuarial equivalent of the accumulations of the minister's own contributions and the allocations.

(2) If the widow shall remarry, her annuity shall terminate when the sum of the annuity payment to her deceased husband and herself shall equal the accumulation from the minister's contributions and interest when the first annuity was entered upon.

(3) If at the time of marriage, the minister was more than 64 years of age, the amount of the widow's annuity shall be the actuarial equivalent of the accumulations of the minister's own contributions; or, if at the time of marriage, the minister is receiving a disability annuity, the amount of the widow's annuity shall be two-thirds (⅔) of the amount of the minister's annuity, but the widow's annuity shall cease if and when the sum of the annuity payments to her deceased husband and herself shall have equalled the accumulations from the minister's contributions.

e. *Minor Children's Annuities.* (1) To set aside on a reserve basis a sufficient amount to provide annuities of $100 to each child under sixteen years of age of each minister, dying within the year, whether such member were in active relationship or receiving an age or disability annuity.

(2) The total amount of the widow's annuity and the minor children's annuities shall not exceed the amount that the minister was receiving or would have been entitled to upon retirement.

f. *Administrative Expenses.* To pay administrative expenses not otherwise provided for by other sources of income.

g. *Maintain Reserves.* To bring up to, if necessary, and maintain the reserve accumulations at such amounts as may be required according to the tables of mortality and disability and rates of interest adopted from time to time by the Board of standards, together with such additional amounts as may be deemed wise to hold, as surplus for contingencies.

9. *Right of Minister to Participate in Allocations and Benefits.* a. The right of the minister to participate in the full yearly allocations and the full death and disability benefits, shall be contingent upon both the minister and his church having made their contributions in full during the year closing.

b. If the minister and his church shall fail to make their contributions in full during the year, the allocation under the section 8-a, b, c, d, shall be made pro-rata, and the benefits payable on account of such allocations upon death or disability during the ensuing year shall be reduced pro-rata.

c. In any case when the minister and his church shall have failed to make contributions in full, the minimum annuity to such minister and beneficiaries shall be reduced in the proportion that the amount of the deficiencies in such payments and interests bears to the present value of the minimum annuity when entered upon.

10. *Withdrawal Benefits.* A minister whose relationship to the Norwegian Lutheran Church is terminated, shall automatically cease to be a member of its Pension Fund with no further claim against the Fund except the right to withdraw the accumulations from his own payments with interest additions.

11. *Time of Payment of Contributions.* The contributions by the minister and by the Church shall be paid either monthly, quarterly, semi-annually or annually in advance. In case of any change in salary during a period for which remittance has been made, adjustment shall be made in the succeeding remittance.

12. *Annuity Payments.* All annuity payments shall be made in monthly installments in advance.

13. *Additional Optional Payments and Disposition of Entrance Fees.* In any case where the full contribution for the year is paid by the minister and the church, the minister may pay into the fund such additional amounts as he may elect, which payments shall be accumulated with interest, with the right on the part of the minister or beneficiary to withdraw the accumulation in whole or in part in cash or to apply the same to the payment of contributions, or to provide such additional benefit as the minister or beneficiary may elect. On the taking effect of these Amended Rules, all notes given for entrance fees to the old plan shall be cancelled and returned, and all payments made on account of such notes shall be credited to the individual account of the minister, to be applied toward providing additional annuity or other benefits, over and above those provided under the plan from the minister's contributions.

14. *Interest Credited at Net Rate Earned.* Interest shall be credited on amounts credited or accumulated at the net rate earned, as determined by the Board.

15. *Financing Annuity Credit on Account of Prior Service.* Provisions shall be made for the raising of an Accrued Liability Fund to (a) supplement present resources available for paying the pensions heretofore granted so that they would be not less than the amount now being paid and with a view to increasing such pension as far as the funds will permit; and (b) to supplement payments of annuities to equalize as far as possible for service prior to January 1, 1931, as if these rules had been in force during such service.

16. *Right to Alter and Amend the Pension Plan.* The right shall be reserved to the Board to alter and amend the Pension Plan as may be required and justified by experience and the resources of the Fund and as may be found to be to the general advantage of the Church, such alterations and amendments to become effective only after ratification by a General Church Convention.

Special Afternoon Meeting on Thursday

The convention business session closed, and the pastors assembled in the Old Central Church. Delegates and other laymen remained in the New Central. At both places the pension plan was explained and discussed.

Mr. A. E. Anderson presided over the meeting of the pastors and Mr. Herman L. Ekern over the meeting of the delegates. At the closing of these meetings the board and a committee of 100 met again and after a lengthy discussion on the accrued liability proposition, a unanimous agreement was finally reached and a resolution was presented to the convention committee on pensions and this committee accepted it and recommended it to the convention for adoption.

C. Report of Committee

N. B.—Resolutions are given as adopted. The "consideration of the report" given below, tells what changes have been made. A resolution with a bar on the side is not adopted in the form given in this report.

The committee met at Wesley Methodist Church Wednesday, May 22, and organized by electing J. A. Berg, chairman, and Theodore S. Slen, secretary.

The committee respectfully recommends the adoption of the following resolutions:

1. a. Be it RESOLVED, that the next two years be devoted to developing the details of the proposed pension plan and familiarizing the congregations therewith, and that the convention of the Norwegian Lutheran Church of America of 1932 act upon said plan or any plan that may be proposed and any amendments thereto.

b. Be it further recommended that the year 1933 be set aside by the Church for the raising of the sums necessary to meet the accrued liability included in the proposed plan or any plan that may be adopted and any amendments thereto; this for the purpose, first, of providing for the present pensioners, and second, for the purpose of taking care of the accrued liability of those now in the service, so that in any plan that shall be adopted the present pensioners and present ministers and their widows and minor children may be provided for to a reasonable guaranteed minimum. The year 1933 is purposely recommended with the thought that other Lutheran bodies may be invited to adopt the same year for the raising of their amounts for the same purpose.

2. Recognizing that it is necessary to supplement the income of the pension fund to provide a reasonable pension to present pensioners and that it will require an additional $55,000.00 to be raised by the congregations to maintain the pension payments of $320.00 a year for the year 1931, and if the pensions are to be raised to a maximum of $500.00 for the year 1931 it will require an additional $95,000.00, and that for the year 1932 the respective additional amounts so required will be $65,000 to provide a pension of $320.00 a year or $105,000.00 to provide a maximum pension of $500.00 a year.

RESOLVED, That the Board of Trustees is authorized and directed to apportion to the various congregations the respective sums necessary to provide $55,000.00 for the year 1931 and to provide $65,000.00 for the year 1932 to maintain the pensions paid to the pensioners under the present plan at $320.00 a year for said years, and in like manner to apportion the alternative sums necessary to provide $95,000.00 for the year 1931 and $105,000.00 for the year 1932 to bring the pensions to the pensioners under the present plan to a maximum of $500.00 for each of said years; and that the Board of Trustees ask the general congregations to elect which amounts they will undertake to raise and to include the same in the sums to be raised by the congregation and report the same separately in the remittances.

3. RESOLVED, That the convention hereby expresses its appreciation of the work of the Laymen's Committee of One Hundred and the time and expense given by its members and others in efforts to provide for disabled and aged ministers, their widows and minor children, and that the convention requests the Laymen's Committee of One Hundred to continue its efforts for this purpose, and pledges the co-operation of the Board of Pensions and the officers and trustees of the Church.

Respectfully submitted.

B. Report

The Parochial Report for 1928 (See Annual Report for 1929) furnishes the following statistics regarding the Christian instruction of our children:

The Sunday School was attended by	121,041 children
and there were	13,668 teachers
In the Vacation School were	33,207 children
and	1,784 teachers
furnishing	31,246 days of instruction
In the Week-day school were	10,994 children
and	493 teachers
furnishing	14,888 hours of instruc'n
In the Saturday and Parochial schools were	2,806 children
and	142 teachers
furnishing	2,350 days of instruction

When we compare these figures with the report for 1927, we find that the English Sunday school has 5,662 children more than in 1927, while the non-English classes have 1,214 children less than in 1927. The net gain is 4,448 children. There are also 846 more teachers than in 1927.

The Vacation school shows a deplorable decrease in 1928. There were 12,938 English reading children and 2,801 non-English reading less than in 1927, a total loss in the vacation school in one year of 15,739 children. At the same time, there were 681 teachers less and 8,909 fewer days of instruction than in 1927. These statistics reveal a serious situation. While the Sunday school has gained only 4,448 children, the vacation school has lost 15,639. As the report for 1927 did not furnish specific information about the number of children in the Week-day school, we are unable to make a comparison sufficiently accurate to draw reliable conclusions. We are no doubt justified in concluding that some of the children who dropped out of the Vacation school are found

among the 4,448 gained by the Sunday school, and some of them were in the Sunday school before. It may also be that the establishing of Week-day schools accounts for the discontinuing of the Vacation school in some places, and that some of the 15,730 children lost by the vacation school are found among the 10,994 children in the Week-day school. Nevertheless, it is dififcult to escape the conclusion that a number of children lost by the Vacation school are at present neither in the Sunday school, the Week-day school nor the Saturday school. It is a question if as many children received instruction in our elementary schools during 1928 as in 1927.

It is difficult to know how this situation can be overcome. While it may help in some cases to write in the Church papers and urge the people to continue the Vacation schools, still, experience shows that only very few pay any attention to a request of that nature. We are face to face with the same situation in the field of elementary Christian education as we are in the mission work, the Church finances and other parts of our work, that if we shall obtain results in the field, we can not depend upon the written word alone. Men must be sent out to get in touch with the pastors and congregations in order to bring the information and inspiration needed. This is one of the reasons why the Board of Elementary Christian Education this year asks for an appropriation large enough to put two additional men in the field. As a Church we can not afford to permit the children to grow up without at least a minimum Christian instruction. It is a poor spiritual policy, as well as a poor financial policy.

During the year 1929 the Aid Fund has assisted the different districts as follows: In the Eastern District we helped one congregation and one mission place with $85.00; in Northern Minnesota 10 congregations and some mission places with $385.00; in North Dakota 6 congregations and several mission places with $200.00; in South Dakota 3 congregations and several mission places with with $215.00; in Iowa one congregation and a mission place with $50.00; in Rocky Mountain District 30 congregations and some mission places with $802.25, and in Pacific District one congregation with $50.00.

During the year we helped 52 congregations to have 806 days of school for 1993 children at an expense of $1.23 per child.

Compared with 1928 the figures show that we helped 3 more congregations, furnished 54 more school days, and reached 164 more children. The total expense was $1,841.72.

The amount used by the Aid Fund this year has been larger than any previous year. In fact, the requests exceeded the amount set aside in our budget for this work. There are, however, always some congregations who for one reason or another change their plans about having summer school, even though they have been promised help, and so the total amount is still below the $2,000 mark.

More and more mission congregations begin to realize that it is possible for them to have some summer school when they can get a little help. The demand for help has increased steadily from year to year and is now up to the amount budgetted for this work. The demand will no doubt continue to increase for a while yet. The Board is of the opinion that at least $500.00 more should be set aside for the Aid Fund for 1931-32. It seems that this money is doing such fundamental work in the Church that in all truthfulness it must be said that it is money profitably spent.

The expenses for the past year were:

Board expenses	$ 7,500.00
Aid Fund	1,841.72
Field Work	5,478.81
Transportation Bureau	55.23
	$7,500.00

The Church publishes

The Little Folks in	24,114 copies
Barnevennen in	3,704 copies
The Children's Friend in	46,980 copies
The Lutheran Teacher in	5,602 copies
Our Young Folks in	29,714 copies

When comparing this list with the previous year we find that the subscribers

to The Little Folks have increased	1,674
to The Children's Friend have increased	1,710
to The Lutheran Teacher have increased	252
to The Young Folks have increased	2,814
while Barnevennen shows a loss of	276

The work of the Synodical Director meets with continued interest throughout the Church. He travels continually from congregation to congregation, speaking the cause of elementary Christian education, visiting the Sunday schools and meeting with the teachers, where questions regarding the work are discussed. His visits in the Sunday schools enable him in many places to suggest a more effective organization and better grading. His assistance is sought to such an extent that he must arrange his itinerary up to six months in advance.

During the year the Board caused to be published "Ten Studies on the Child" by Dr. Tanner. This book is one of the text books that are being prepared for the two-year teachers' training course, as explained in last year's report. During this year we expect to publish at least four, possibly five more of these books, namely: Ten Studies in Religious Pedagogy, Ten Studies in Church Doctrine, Ten Studies in Biblical History, Ten Studies in Sunday School Organization and Management, and Ten Studies in Church History.

The Sunday School Hymnary, in the preparation of which the Board assisted through a committee, has now been published, and seems to be well received in the Church.

During last year the uniform Catechism text became a reality. This new translation was published by the Augsburg Publishing House. We are especially indebted to the Book Mission for the popular edition of this new translation, which the Book Mission published. In this way the new translation has already been spread in about 34,000 copies within the Church.

During 1929 the Executive Secretary of the Board wrote a series of articles on elementary Christian education for the Young People's Magazine of the Lutheran Church Herald. The editorial staff of the Magazine could not find place for future articles on this subject, as there was a demand for more variation in the material offered. The articles were, therefore, discontinued.

The Inter-Synodical Conference of Elementary Christian Education has again met and discussed "Confessional Principles in Religious Education." The future of the Conference was also considered quite fully. It was unanimously decided that we should continue the work for greater unanimity in principles and practice in the field of elementary Christian education within the Lutheran churches.

During the year the endowment funds for elementary Christian education received $4,757.32 in additional gifts. The total of our endowment fund is now $32,225.30.

We feel confident that if we were able to make our people see more clearly the magnitude of the task before us in the field of elementary Christian education, there would be many who would remember this work with special gifts. If we could secure fairly large endowment funds for this work, it would help greatly in meeting the expenses of the increasing demand for workers in the field.

It seems evident that the need of the best possible instruction of the children in the Word of God, is not realized as it should be. Theoretically most people will agree, but here, as in so many other things, we find that there is quite a difference between what people will agree to as right, and what they do. In instruction of the children that falls below even the lowest minimum has a detrimental influence upon all our church work. There is not one activity that will escape the effects. The views and attitude toward Christ and His church developed in childhood, will determine the attitude and action in most cases later in life. Our Church needs to be awakened to realize more clearly the imperative need of a more intensive work for the Christian instruction of the children.

In connection with this need we will again call attention to the home program of the congregations in this work. As a Church we can not rest until all the congregations furnish as adequate a Christian instruction as possible to all the children, in the grades as well as in the high school. It is a large program demanding considerable financial sacrifices, but the future of our Church will depend to a very large extent upon how this program is carried out.

It is now ten years since the Board of Elementary Christian Education was created. It seems appropriate on this occasion briefly to summarize as far as possible what has been accomplished during these ten years.

1. A plan has been worked out for the organization of the Church in this field. The plan provides for Committees or Boards of Elementary Christian Education in every congregation, circuit, and district. Provisions are also made for the co-operation of these Boards with the synodical Board to further the instruction of the children in the Church. Lack of field workers has delayed the organization of the Church according to this plan, but even so quite a little has been accomplished.

2. Three text books for Bible classes have been published, namely Grimsby: The Life of Christ; Bruce: An Elementary Introduction to the Bible; Tanner: Manual of Bible Teaching.

3. Two other books have been published, namely, Dr. Martin Anderson's "Adult Class Manual" for the instruction of adult catechumens, and "Elementary Christian Psychology" by Dr. Norlie.

4. A training course for teachers in service has been prepared. It is a two-year course requiring eight textbooks: Two of the textbooks are already printed, namely: Ten Studies in the Catechism and Ten Studies on the Child, both by Dr. Tanner. Four or five more will be printed during the year.

5. Two papers, "Little Folks," and "The Lutheran Teacher" have been launched.

6. Three pamphlets have been published, one on teachers' training, one on the Week-day school, and one on the organization of the Church for this work. Report blanks for congregations, circuits, and districts, and also a Sunday school standard with data sheet and scoring card have been prepared.

7. The Board has also assisted in preparing the new Sunday school hymnal.

8. A large number of teachers' institutes and also several institute instructors' short courses have been conducted.

9. The Board was also instrumental in promoting the introduction of a special course in religious education at the Seminary.

10. With the sanction of the Church a Synodical Director of Elementary Christian Education has been engaged to give his whole time to this work throughout the Church.

11. The Board has also outlined a Home Program for elementary Christian education in the congregations. This program has been approved by the General Convention of the Church.

12. A considerable number of articles both in Lutheraneran and the Church Herald have been published by the Board or its individual members, discussing the need of this work and ways and means by which it can be properly promoted.

13. Through the help offered by the Aid Fund a growing interest in the instruction of our children has been developed in an increasing number of Mission congregations.

14. During these ten years the endowment funds for Elementary Christian Education have grown from $2,000.00 to $32,225.30.

15. A greater consciousness of the responsibility and opportunity with respect to the proper and adequate religious training of our children has been developed.

16. At the initiative of the Board, representatives of the different Lutheran bodies have had five meetings to discuss principles and practices in the field of elementary Christian education.

17. It has taken the initiative in securing a uniform English translation of Luther's Small Catechism, and had a large share in bringing this undertaking to a successful issue.

At the meeting February 27, 1930, the following resolution was adopted:

"The Board of Elementary Christian Education is of the firm conviction that an appropriation of $25,000.00 is needed in order to promote the work of elementary Christian education throughout the whole Church. At the same time the Board realizes that the financial stringency makes it very difficult for the Church to increase appropriations for any part of the work. However, the proper instruction of the children in Christianity is of such vital importance to the Church and so fundamental for all other activities, that the appropriation to this work will in a short while bring even financial returns to the other activities. The Board, therefore, respectfully requests an appropriation of $15,000.00 per year for 1931 and 1932."

The terms of the following members of the Board expire this year:

O. J. H. Preus.
G. M. Bruce.

Respectfully submitted.

J. A. AASGAARD, Member Ex-officio.
H. P. GRIMSBY, President.
J. N. ANDERSON, Vice-President.
S. C. SIMONSON, Recording Secretary.
J. TANNER, Executive Secretary.
G. M. BRUCE.
O. J. H. PREUS.

Luther Seminary, St. Paul, Minn., April 8, 1930.

C. Report of the Committee

N. B.—Resolutions are given as adopted. The "consideration of the report" given below, tells what changes have been made. A resolution with a bar on the side is not adopted in the form given in this report.

1. The Norwegian Lutheran Church of America acknowledges with sincere gratitude to God the blessed privilege conferred upon it in the mandate of our Lord "Feed my lambs;" for the tradition inherited from our fathers that the work must be done conscientiously and thoroughly, and for the incomparable

material He has given us in Luther's Small Catechism, the Epitomy and the Bible History.

2. With humility and concern we recognize the tremendous and basic importance of the task, and earnestly pray that the Holy Spirit may give us vision to see our responsibilities, and faithfulness and ability to meet them in a way that is pleasing in His sight.

3. Most gratefully do we acknowledge the splendid work already accomplished by the Board of Elementary Christian Education during the ten years of its existence now drawn to its close, and encourage them to carry on in the face of the many difficulties and disappointments. In particular do we urge:

(a) That the Board publish the proposed books:

Ten Studies in Religious Padagogy
Ten Studies in Church Doctrine
Ten Studies in Biblical History
Ten Studies in Sunday School Organization and Management
Ten Studies in Church History
as soon as possible.

(b) That greater publicity be given to the books published by the Board.

(c) That Teachers' Institutes, that have borne such blessed fruits, be arranged throughout the Church by the District and Circuit Boards in conjunction with the Synodical Director of Elementary Christian Education.

4. Deeply does the Church deplore the use of non-Lutheran material, books and papers, and hymn books in the work among the young. If we are to have adults faithful to the Lutheran Church, we must have Lutheran children. And we shall not have them if we rear them on non-Lutheran literature.

5. We urge our congregations and pastors to recognize this responsibility for the spiritual nourishment not only of the children of the congregation, but also of other children who come within the sphere of their influence, and to meet this responsibility with consecrated hearts. We suggest:

(a) That every congregation organize for the work by electing a Board of Elementary Christian Education within its midst as suggested by the General Board.

(b) That they avail themselves, wherever possible, of the privilege given in certain states of using the week day time or religious instruction.

(c) That a longer period of preparation for confirmation be required, say two years.

(d) That, where it can be done, summer vacation schools, so long in blessed use among us, and now increasingly emphasized by other churches, be maintained.

(e) That everything possible be done to further the work of the instruction of the young, by a liberal financial appropriation, by providing the best possible physical equipment, by greater care in the selection of teaching force, by regular teachers' training classes, by local and circuit Teachers' Institutes, and other devices which will provide inspiration and preparation for the work.

6. Finally, it is suggested that each Sunday School in the Norwegian Lutheran Church be asked for a contribution to this work, equal to the sum of 5c per annum for each child enrolled in the school.

The members of this committee are:

Rev. S. T. Sorenson, President.
Rev. M. B. Quill.
Rev. M. Lyle Halvorson.
Mr. A. N. Gran.
Rev. O. L. Falkeid.
Rev. O. A. Norem.
Rev. Jos. Berg.
Mr. Alph H. Overby.
Rev. T. C. Thorson.
Rev. Alfred O. Johnson, Secretary.

Considered Wednesday afternoon.

B. President's Report

The history of another biennium has been recorded. It earnestly speaks to the women of the church for serious thought and fervent prayer. It should inspire us with hope and encouragement in our effort. It should call forth thank-

fulness and praise to our Heavenly Father for the increasing knowledge, interest and growth in the great work He allows us to do for Him. This report is submitted with the feeling that the attainments of the biennium are due alone to divine guidance and to the prayerful co-operation of the women of the church in the activities they have tried to carry on.

Looking at the past, we pause, gather up its lessons deeply conscious of the fact that the organization owes much to its past presidents and their co-workers.

Reports dealing with the material aspect of the work of the federation show a marked development. The sum raised by the women of the church is conservatively estimated to be over $42,000 more than has been raised during any other biennium. The reports from district presidents and all departments show growth, which should indicate growth of interest and love for our Church. All, however, is not retrospect today. We cannot use these encouraging reports as a pillow upon which to rest as though we had reached the goal, the objective point of our endeavors.

We are living in the present and for the future. Needs were never greater, nor opportunities broader than today. The future calls us to greater achievements. We face opportunity everywhere. With every success comes a wider call, and it is to the future that we must devote ourselves.

Enlargement at Home

"Cry not so much for open doors in India, as for open hearts in America." Prayer is the greatest force we can wield. Our prayers that God would bless the work on the foreign field, have been answered. Let us also ask that we at home be touched to a greater devotion. Do we not need a greater sense of individual responsibility? Investigation shows that only 30 per cent of the homes in the church are visited weekly by our church papers.

A church paper in every home, a larger active membership in our societies, better church attendance, mission study, increasing our gift in proportion to our spending for pleasure and comfort, and the development of the spiritual life of each member of the organization, may these be the goal of endeavor this present biennium!

There are many women in our churches who are not interested in women's societies and their work. We have a duty towards them. What can we do that they too may have a share in this great and beautiful work? How shall we interest the uninterested? We hear much about leadership today, but we are all leaders, even though our leadership be confined to the women who lives next door, our friend across the street, the daughter in the home. Most of us have a following of someone.

Let us take a mental picture of our own local church. Will we not have to admit that there is a wealth of talent that has not been enlisted into service? We will find many women who have time, strength and means for many things, but who have not for some reason or other, perhaps through no fault of theirs, become interested in the local women's societies and the work they are trying to do. How may this be remedied? Has the uninterested woman been made to feel that she is wanted and needed? Do we remember to bring her to the meetings personally? If we find joy and blessing in the work, we have something which she has not, and it is our duty to share it.

Would it be wise to have a committee appointed in each society to make a study of this problem? Have we not here a real issue or project that bears prayerful consideration? Are our local meetings so interesting, pleasant and worth while as to draw her attention? If not, what can be done to make them so? As the matter now stands the society and uninterested individuals are both missing a great deal and the work of the church is proportionately hampered. Then there is the woman who is deeply interested, but who is so encumbered with home cares and responsibilities that it is exceedingly difficult for her to attend the meetings. Would not this woman greatly appreciate the rest and

inspiration that an afternoon at a woman's aid meeting could give her? Can we do anything to give such a woman the privilege of coming? Can we help to make it easier or possible for her to attend?

As we are gathered in convention, we are deeply moved, we are filled with a great desire to serve Him who has done all for us. The thought provoking messages heard and to be heard inspire us with a desire to be of real telling service to the Church to which we belong. What a tremendous influence for good we the members of the W. M. F. could be, if we resolved to do all in our power to increase church attendance. In one society year book, the topic for one afternoon was, "How can we women help to increase church attendance?" Just imagine the value of such a discussion in every society in our church! Again, are we not all leaders? If we are honest with ourselves we must admit that better planning and a prayerful determination to do all we can that the main purpose of Sunday be not lost, would help so much. The pastor's preaching and a good mother's practicing, will not make perfect children, but their lives will surely be spiritually enriched. Someone making a church survey asked a young man, "Are you affiliated with any church?" and the answer was, "Well, I usually stay away from the Presbyterian church." An earnest Christian woman asked, "What can I do to extend the kingdom of God? I have four little children, and a very moderate income, and find so little time for work outside." She however made splendid use of her opportunities for work inside, and a Christian life multiplied by four can not be called bad returns.

There are so many things in connection with woman's work in the church that are not confined to the columns of the cash book or ledger. Women's societies are the organized motherhood of the church. Great is the field for womanhood to exercise motherlove. May Christian Nurture continue to be stressed throughout the entire organization, and Christian education become and remain an all important parallel. May we more than ever before rally to the support of the Christian education of the youth of the church. Our Christian schools are of vital importance to the church. It is this that justifies their existence and gives force to our appeals for them. Compared with other departments of our Church, our Church Schools, the "Towers of Strength on the Walls of Zion," have received the least support. The messages of the presidents of our colleges will be a great inspiration to us. May they return to their respective work strengthened and encouraged by the firm conviction that they have the prayerful co-operation of the womanhood of the church.

Budget

We say we are thankful for our mercies. Let us prove it by our gifts. We have increased our personal expenditures in every direction. Our churches, homes, clothes, food are better than ever before. Have we increased our giving in proportion to our spending for pleasure and comfort? Even though we still be rooted in the past in this respect, our missions, schools, and charities have not stood still. Their expenses are greater, their work increased.

Our great responsibility is to meet the sums needed to carry on the work as reported from the various departments—work that has been carefully sifted and found absolutely necessary, and which cannot be balanced by special gifts outside the budget, no matter however pleasant. Every year much is given outside the budget, and the work accomplished is good, but in many cases the same amount put in the regular channels would be more effective. Too often we are scattering forces which should be concentrated. Special objects should not divert money which we as members of the W. M. F. should in loyalty send to the general support of the church. Many societies will soon hold their last meeting before the summer, and it may be well to remind ourselves that our work does not cease. Installments of contributions should come in as regularly in the summer as in the winter. Our obligations do not cease, our responsibilities are not lessened because we may be having a much needed rest. Our missionaries on the field, each worker in the institutions and homes continue their labors whether conditions are favorable or adverse.

Programs

Societies having constructive programs at their meetings, are growing in number. With our general knowledge on other subjects, it is well worth our time to spend an occasional hour in acquainting ourselves with the cogs and the wheels within our church. We will not find such a program dull. "Read and you will know, know and you will love, love and you will serve."

Children's Missionary Declamatory Programs

Such programs would perform a three-fold mission. Good declamations, truly missionary in spirit, well learned, would leave a lasting impression upon the minds of the children who have learned them. The audience would also enjoy and be impressed by these messages from the children. Collections taken up at these programs for the benefit of Missions, would complete the triangle of blessings. These programs present wonderful possibilities for missionary education. The Christian Nurture committee is preparing material suitable for such programs.

Deaconess Home and Training School for Christian Workers

We rejoice that the new building for this institution of mercy will soon be a reality, and that the Training School, another tower of strength on the walls of Zion, has been established. We appreciate the great efforts put forth by the newly appointed Deaconess secretary, Mrs. O. R. Sletten. May she find much joy in her work and be met with hearty co-operation on every hand.

The W. M. F. recognizes with gratitude to God, the long period of loving service that has been rendered our Church at this institution by Sister Superior Ingeborg Sponland. May God continue to bless her and her noble work.

Foreign Missions

We welcome today, many of our missionaries home for a much needed rest. We are thinking today of the faithful workers on the mission fields of Madagascar, Africa, Alaska and China. May our prayers and gifts give them strength to carry on the great work of winning souls for Christ. Especially do our workers in the disturbed and disturbing China need our prayers.

In Memoriam

Since we last convened, two of our women missionaries have entered into Life, have gained Heavenly Rest. The passing of Mrs. J. F. Ylvisaker who for several years labored faithfully in Madagascar and Africa, is a great loss to her parents, her husband four little ones, and a loss to Christian work in our Church at large. She will be missed and she will be remembered for what she hath done.

In the prime of life, in the midst of strenuous consecrated activity, Sister Anna Huseth was halted by the Angel of Death and called Home. While we bless her memory and deeply mourn her loss, the inspiration of such a life lived among us, and such heroic purposes should stimulate us to higher endeavor, more consecrated living and purposeful service.

Daughters of the Reformation

Under the efficient and untiring leadership of Mrs. Arthur S. Johnson this organization has witnessed growth and expansion in many directions, and has already in this short while accomplished great things. God has abundantly blessed their efforts and multiplied their gifts. Growth is greatly dependent upon leadership, and since our leadership for the work which is resting heavily upon us today must come from the ranks of the young women, one of the important things which should occupy us is the development of their unlimited possibilities. Let us encourage them to the utmost in this splendid effort to use their talents.

As far as possible your president has accepted every invitation extended her. The invitation to the Canada district was gladly accepted because this district had never before had an officer from the W. M. F. within her borders. While this visit was far too short to admit of seeing the field comprehensively,

the conviction of the great importance of Home Mission work was greatly deepened by what one heard and saw. It was an inspiration to see Mrs. Brun, the beloved president of the district, in action, undaunted by the handicaps and discouragements peculiar to a country in the pioneering period. It was a lesson to meet the cheerful hard working women of Canada deeply interested in the work of the Church. The warm welcome, the many kindnesses, the many contacts made will ever remain a cherished memory.

Speaking of the importance of home missions, an article is recalled which appeared in an old church paper not of our Lutheran faith. It spoke of the needs of the home mission fund, mentioning that much work could be done among the Scandinavians in the middle west, for they were "reachable and teachable." Draw your own conclusions.

Your president shall ever bear in grateful remembrance the helpfulness of the executive and general boards, and the office secretary, Miss Thorpe. To one comparatively new and unfamiliar with much pertaining to the office, many perplexities and great responsibilities were greatly lessened by helpful hearts and hands, by considerateness, forebearance and kindness of co-workers from the center to the circumference of the organization.

We look forward to the present biennium with renewed hopes that our aim and desire for greater and enlarged work may be the desire of all the women of the church, that our work may always be conducted in harmony with the principles and policy of the Church, and that we may ever remain true to the high purpose for which the federation exists. We have planned no new work for this biennium but hope to strengthen that which we now have, and hold ourselves in readiness to respond whenever called upon to be of service.

We have no new motives to present, but we have the same all powerful motive, "The love of Christ constraineth us."

Respectfully submitted by your co-worker,

LYDIA BREDESEN SUNDBY.

Y. P. L. L. Official Report

Recent statistical information released from the office of Rev. N. J. Lohre, secretary of the Church, reveals that during the past ten year period the number of local societies in the Young People's Luther League has been increased by eleven hundred, a present total of 1885 senior and junior leagues as against approximately 800 similar societies ten years ago.

This increase in numbers may be fairly taken as an indication of a corresponding increase in interest in the work of the organization by the young people themselves, as well as by the Church itself. We are hoping that this interest will continue and that the next ten year period will see every congregation in the Church introducing some form of organized young people's work.

However, the growth in the number of societies is only one evidence of the interest which is manifest. The same ten year period has seen the growth of the organization plans with the development of District and Circuit organizations. A student organization has emerged which is working quietly but persistently to definitely enlist our student members to a conscious missionary effort, affecting first of all each local campus, and then bringing more clearly before the individual members a vision of a world to be won for Christ. This work is now being enlarged through the Student Pastors' Association to include a great missionary venture among those of our student members who are attending non-Lutheran schools.

In order to bring the challenge of Christian discipleship more definitely home to the officers, national, district, circuit, and local, of our organization, the Young People's Luther League has the past year employed another full-time field worker, Rev. F. B. Anderson, who is giving practically all his time to developing the Institute idea. The results of the efforts put forth by him and other officers has resulted in a call being issued for our first National Institute which is to be held at St. Olaf College, June 9-15, where workers will have the chance to study under competent leadership problems, plans and methods of young people's work. This is to be followed by a number of District Institutes, which will be linked up with our 1930 District Conventions, and by a great number of Circuit Institutes in the ninety Circuits of our Church. Many summer Camps and Bible Chautauquas have also been arranged for. Together with the ten district conventions to be held mostly in July and August, and the large number of circuit conventions which are scheduled for spring, summer and early fall, 1930 should be a banner young people's year. It should be a good preparation for the sixth International Convention of the Young People's Luther League which is to be held in Chicago, June 17-21, 1931.

The Young People's Luther League Scholarship Fund for Theological students has helped to bring 8 honor students from our four major colleges to our Theological Seminary. The fund now totals about $15,500.00, and will as it grows each year, either produce larger individual scholarships, or more scholarships, or possibly a new type of graduate scholarships or fellowships. The Y. P. L. L. Church Extension Fund brings loan privileges to approximately ten churches each year. New missionary ventures are also being attempted. Together with the Lutheran Students Union, the Young People's Luther League gives support to seven of our foreign missionaries. Together with the Daughters of the Reformation it is this year offering the necessary support to inaugurate the new Eskimo Mission at Shismareff, Alaska.

The magazine issue of the Lutheran Church Herald which appears monthly and which is being edited and subsidized by the League, has now passed the experimental stage. It has not only been hailed as a new venture in journalism, but as on of the most attractive and successful religious journals in the country. Many evidences of its increasing usefulness have come to the editors month by month. To supplement this publication and to offer our

young people, and particularly the workers among our young people, the practical helps which originally we had expected to include in the magazine, the League has arranged to publish quarterly a workers' manual, which will carry the title: "Better Leagues." The first issue will appear June 1. The first year complimentary copies will go out to all the leagues in our Church.

The Church Council in unanimously voting their approval of our entire program of work and of our financial project, has appointed a committee from its own membership which is charged with the task of working with our Executive Board and of helping us solve our problems. Judge Lewis Larson of Sioux Falls, Dr. N. Kleven, president of the Southern Minnesota District, and Mr. Carsten E. Ronning, secretary of the Continental Illinois Bank and Trust Company of Chicago, constitute the membership of the committee. They are all experienced workers in the young people's field and will help enormously in promoting the program of this department.

Although much more might be added to show the rapid development of this department, we shall close our report with a brief summary of the League finances for 1929. A financial project (budget) of $18,400.00 for the year was voted by the International Board on the basis of convention recommendations as well as on the suggested expense statement of the executive secretary. Receipts totaled $19,743.34. Disbursements were $18.409.99, or $4.99 more than the estimated requirement. Besides these amounts, $10,746.85 was contributed to the budget of the Church. The total receipts were, accordingly $30,492.19. A summary of Treasurer R. E. Haugan's report on receipts and disbursements follows:

Statistical Summary

PLEASE NOTE

The 1930 convention adopted the following statistical program:

(1) That the resolution providing for publishing complete statistics every three years be rescinded.

(2) That complete statistics be published for every tenth year (i. e. for 1935 in 1936 and for 1945 in 1946), so as to coincide with the U. S. Census. This includes the material published in the 1929 Report.

(3) That **County Totals** and the **Statistical Summary** by **Districts** and **States** be published for every 10 years, as follows: for 1930 in 1931 and for 1940 in 1941, etc.

(4) That only the **Statistical Summary** be published the other eight years of the decennium.

Beginning with the 1930 Annual Report, which contains the statistics for 1929, the statistics published will be based on the Lents system of Parish Records officially adopted by the Norwegian Lutheran Church of America, on May 27th, 1930, with the following resolution: "The Lents Parish Records, which has been endorsed by the Church Council, is hereby recommended to the Congregations for use by our pastors."

As the rubrics in sections I to X are adopted by the Church no change will be made in them during the next ten years. Sections XI to XV are analysis of the rubrics contained in sections I to X. This analysis reveals tendencies—good and bad—in the various activities of our Church. A study of the analysis will indicate special problems for the various sections of our Church. To the respective Boards, responsible for these activities, the analysis will indicate opportunities for efficient service. Hence, the analysis makes our statistics of real value to the church at large, as well as for the units, be they Districts or States (and Counties, when these are published every fifth year). We hope that pastors, board members, and other persons interested in the welfare of our Church, will study these statistics carefully, and, from year to year, use them as a guide in their work. The more years of these statistics we shall have before us, the greater will be their value.

The Statistical Summary gives totals for STATES, PROVINCES and DISTRICTS. For study and guidance **State** and **District** totals are not as helpful as will be the **County** totals to be published for 1930 in the 1931 Annual Report. The **County** totals for 1929 were all completed by the statistician as basis for the **State** and **District** totals, which are published.

Corrections for the 1928 County totals will be found in the proper page as notes in the **Statistical Summary.**

The two rubrics in Section I: "Old Reports Used" and "Pastors not Reporting" show that 288 pastors have failed to report for 864 congregations. For these congregations the most recent reports received have been used. The statistician hopes that for our next **Statistical Summary** we may get complete reports from all pastors with new reports from every congregation.

N. J. LØHRE, Statistician.

Candidates' Vita

HAROLD M. ALLISON, son of Mr. and Mrs. Carl J. Allison of 4740 Elliot Ave., Minneapolis, Minn. Born June 30, 1906, at Minneapolis. Baptized by Rev. John Huchthausen. Confirmed by Rev. H. W. Prange, June, 1920.

Attended George Bancroft School in Minneapolis, 1912–19; South High School, 1919–20; Concordia College, St. Paul, 1920-26; Concordia Seminary, St. Louis, 1926–27, 1928–29; Luther Theol. Seminary, 1929–30.

From childhood Mr. Allison received a thorough Christian training. During his boyhood he became convinced that he would study for the ministry. This has always been his objective.

He wishes to express his gratitude to his parents, former pastors, and teachers who by encouragement and guidance have helped him to attain the high office of the ministry.

He has received and accepted a call to Crofton, Neb. He feels the great responsibility which God has placed upon him. He desires the prayers of the Christian Church that he may receive strength, power, and wisdom to declare the Law of God and the Gospel of Christ crucified to sinners. He realizes his insufficiency for this work and prays that God may grant that which is lacking. He sincerely purposes, by the help of God, to be a true and faithful servant to the Triune God and the Christian Church.

Ordained, Minneapolis, May 25, 1930.

SELMER L. ALMLIE, son of Mr. and Mrs. Lorentz J. Almlie, was born on a farm near Bricelyn, Minn., April 4, 1902. He was baptized in infancy, and was confirmed in Bethania Church, Frost, Minn., by Rev. Nicholas Okerlund in 1916. After having completed the regular course in the Bricelyn High School he entered St. Olaf College in 1922, and graduated with the degree of B. A. in 1926. In the fall of 1927, feeling the urge to enter the Lord's service and desiring to learn more concerning the faith which was in him, he entered Luther Theological Seminary. He graduated from the Seminary May 19, 1930, strengthened in the faith and more fully convinced that the Lord had called hm as minister of the Gospel. Having accepted call to Westby Lutheran Church and associated congregations, Westby, Mont., he today presents himself for ordination to the holy ministry.

On this his ordination day he remembers with sincere gratitude all those who have by prayer, encouragement, and kindly interest assisted him during his days of preparation. He is especially grateful to his parents who surrounded him with the influence of a Christian home. His Christian mother, whom God took unto Himself in 1920, and from whose lips he first heard the Gospel story, he will never forget. To his father, who made it possible for him to enjoy the many opportunities that have been given him, he expresses his heartfelt thanks. He wishes to express gratitude to his brothers and sisters for their encouragement and help. Further, he wishes to thank his home friends and pastors, his teachers and professors, his friends and associates, who have in any way helped him by Christian counsel or otherwise. Above all, he wishes to thank Almighty God for His grace and mercy, which also has made it possible for him to prepare for the Christian ministry.

Conscious of the responsibility of the ministry and his own shortcomings, he asks for the prayers of the Church, his congregations, his relatives and friends, that he may be given grace from on high to become a faithful servant of Jesus Christ.

Ordained: Minneapolis, May 25, 1930.

AXEL ANDERSON, son of Berger and Sarah Anderson, was born near Colfax, Wisconsin, Oct. 5, 1903. He was baptized Nov. 8 of the same year by Rev. Johannes Waage in the Holden Lutheran Church, and confirmed on Aug. 12, 1917, by Rev. T. Saetveit in the Colfax Lutheran Church.

After graduating from the Colfax High School in 1921, he attended St .Olaf College, receiving his B. A. degree from here in 1926. He taught in the high school at Chetek, Wisconsin, the following year. In September, 1927, he entered Luther Theological Seminary, St. Paul, Minn., and received his B. T. degree from this institution on May 19, 1930. On Dec. 3, 1929, he received a call from Richey, Mont., and he presents himself today for ordination.

He was married to Frances V. Carey on Aug. 10, 1929.

He is thankful to his heavenly Father who has abundantly blessed and guided him through all these formative years, and prays that He will continue to bless him as he enters upon his pastoral duties. He realizes fully that it is only by God's grace and power that he can abide faithful and accomplish anything.

On this his ordination day, he desires to take this opportunity to heartily thank his many friends, relatives, professors, and pastors, who in any way have contributed to his welfare and progress, both temporal and spiritual. Especially does he reverently and sincerely wish to express his thankfulness to his heavenly Father, who has given him such wonderful loving, self-denying, and sacrificing Christian parents, who have brought him up from infancy in true Christian nurture and admonition of the Lord, and by whom he was first taught to love the Lord Jesus Christ. By no words can he express the emotions his heart feels as he remembers all these things. To his sister Ruth he lovingly and heartfully expresses his utmost thanks. He knows he can never repay her for all she has done for him. Her sacrifices and help in all things have made it possible for him to be ordained this day. May God help him to be worthy of such a love and faith.

He wishes at this time also to pay tribute to his departed grandmother, Mrs. Serene Berntsen, who by her beautiful Christian life and precepts added to his Christian training and increased his love for his Savior. Blessed be her memory.

He asks that this congregation and all Christian friends will invoke God's blessing upon him and his ministry, that the Lord of the Church will be with him and guide him in all things.

Ordained: Colfax, Wis., June 1, 1930.

WILLIAM LEONARD ANDERSON, son of Anton and Christine Anderson, was born near Milan, Minn., March 4, 1904. He was baptized by Rev. G. S. Froiland and confirmed by Rev. Abel Anderson.

He received his elementary education in the rural school near his home. He attended Appleton high school and graduated from that institution in 1921. He worked for a year. He entered Luther College in 1922, continuing there for two years. After working for a year and a half he resumed his college course at Luther College in 1926, and received his Bachelor of Arts degree in 1927.

For a long time he had felt the call of God to enter the holy ministry. But he did not heed that call until in his senior year at college. He was admitted to Luther Theological Seminary in September, 1927. He graduated from the Seminary on May 19, 1930.

He is thankful to God that he had Christian parents who brought him up in the Christian faith. He is thankful to relatives and friends for counsel and encouragement in preparing for and entering the holy ministry.

He is conscious that he is unworthy to enter the holy office of the ministry, and he looks to God for grace and strength that he may serve Him faithfully.

He has received and accepted a call from Holway and Curtis congregations near Curtis, Wis. He now presents himself for ordination. On this day of his ordination he asks that this congregation and all Christians invoke on his ministry the blessing of God.

Ordained, Appleton, Minn., July 13, 1930.

ALLEN RAYMOND BLEGEN was born in Glenwood township, Winneshiek county, Iowa, July 12, 1905, of parents Helmer Blegen and Hannah Blegen (nee Onsager). He was baptized as a child and confirmed in the Christian faith by Rev. Wm. Rasmussen, Nov. 23, 1919. Having completed the elementary grades of the Allamakee county (Iowa) schools he entered the Waukon high school, Waukon, Iowa, in the fall of 1918 and was graduated from the College Entrance Department in the spring of 1922. In the fall of 1922 he entered Luther College and received his A. B. from that institution in the spring of 1926. During the school year 1926–27 he was engaged as teacher at the Northwestern Military and Naval Academy at Lake Geneva, Wis. On June 22, 1927, he was united in marriage with Miss Frances Parker of Elgin, Ill.

While at Luther College he felt himself more and more called of God to enter the ministry. In this he was encouraged by his advisors there. In the fall of 1927, feeling the call more forcibly than ever, he enrolled as a student at Luther Theological Seminary. The school year of 1928–29 was spent as a student at the Chicago Lutheran Theological Seminary at Maywood, Ill. The last year of seminary work has been done at Luther Theological Seminary.

Having received a call to become pastor of the Lisbon Bethlehem Lutheran Church of Lisbon, Ill., and the Hauge Lutheran Church north of Morris, Ill., he now presents himself for ordination.

He desires at this time publicly to thank his heavenly Father for the assurance of eternal life granted him through Jesus Christ his Lord and Savior. In the next place he wishes to thank his parents and friends, especially those in and about Glenwood congregation and Luther College, who have so faithfully helped him with their prayers and otherwise. He wishes to express his gratitude likewise to the faculties of Luther Theological Seminary and Chicago Lutheran Theological Seminary for their sound and kindly guidance. Finally, he can never fully express his gratefulness to his wife who has constantly stood at his side with prayers and a helping hand at every occasion.

He feels himself entirely unworthy of the high calling of offering the Gospel to his fellowmen but relies with a firm heart in the promises of help from God. With his many weaknesses in mind he begs of his congregations and all his friends that they will remain faithful in their prayers for him at all times that he may receive grace of God to glorify His name and be an instrument in His hand for spreading the Kingdom.

Ordained: Minneapolis, May 25, 1930.

EDWARD OLANDER BARSNESS, son of Mr. and Mrs. Albert O. Barsness, was born on a farm near Starbuck, Minn., on Oct. 21, 1902. He was baptized by Rev. Nils Forde and confirmed by Rev. G. O. Forde in Immanuel Congregation, Pope county, Minn.

After the completion of the grade school he enrolled at Park Region Luther College, Fergus Falls, Minn., from which he graduated in 1923. The fall of the same year he entered Luther College, Decorah, Iowa, from which he received his B. A. degree in 1927.

It was especially during the last year at college that he felt the Holy Spirit was urging him to serve his Lord in the ministry. He entered the Seminary in the fall of 1927 and graduated May 19, 1930.

Having received a call from Princeton, Minn., including Glendorado, Orrock, South Santiago and Fremont congregations, he now applies for ordination.

As he stands at this milestone in his life, which marks the culmination of one of his greatest hopes, and looks back upon the long years of preparation, he sees that helping hands have continually reached to encourage him on his way. He wishes therefore at this time first to thank his heavenly Father for the assurance of salvation through His Son Jesus Christ and the guidance of the Holy Spirit throughout. He feels keenly his unworthiness of this sacred work, but his prayer that God will help him to be steadfast to his calling and keep him mindful of the fact that of himself he can do nothing, but that he "can do all things in Him that strengtheneth (him)."

He wishes to thank his father for the power of his Christian example and for all assistance given by him at all times. He thanks his mother for the wonderful Christian influence she has had upon his life; for her guidance, for her sacrifices, but most of all for her prayers. He also wishes to thank his brothers and sister for all encouragement and help. He feels very thankful to all other relatives and friends for their assistance in every way. His thankfulness goes out to Immanuel congregation and its pastor for all spiritual guidance and strength received. He remembers with a grateful heart the encouragement and help that has come to him through his wife and during his acquaintance with her. She has always been to him a gift from God and one to whom he looks for much help in the future. He also wishes to express his thanks to the faculty of Luther Theological Seminary for all they have done for him.

Realizing the great responsibility of the work and his own shortcomings in carrying on the

work he asks the prayers of his friends and congregations, that he may always remain faithful to his Master and do everything to the glory of God and the salvation of souls.

Ordained, Immanuel Congregation, Zion, June 15, 1930

WALTER E. CARLSON, son of Mr. and Mrs. T. T. Carlson, was born March 5, 1899, at Leland, Iowa. He was baptized by Rev. Hans Fosness and confirmed by Rev. Johannes Granskou in Winnebago Lutheran Church, Winnebago county, Iowa. He received his elementary education at Leland public school; academic training and one year of college work at Waldorf College, Forest City, Iowa, finishing there in June, 1923. The same fall he matriculated at St. Olaf College, Northfield, Minn., and received his B. A. degree in June, 1926.

He accepted a high school teaching position at Central Point, Oregon, in September, 1926, and taught there for one semester.

He then spent about three months in clerical positions in and about Sacramento, Cal.

The call and urge to service in the holy ministry came to him early in his academic training. This was fostered by the childhood instruction of Christian parents, teachers, and through the Gospel guidance and preaching of ministers. However during the last year of college he decided that possibly his work should be in teaching or business, but after having spent a year at this, as before indicated, the urge to the ministry became so strong that he had no peace of heart until he resolved, by the grace of God, to enter upon a seminary training for the holy ministry. The following September, 1927, he was accepted as a student at Luther Theological Seminary, St. Paul, Minn., and was graduated in May, 1930.

Ordained: Minneapolis, May 25, 1930.

MAGNUS DAHLEN was born near Fergus Falls, Otter Tail county, Minn., August 13, 1902, of parents Amund and Sophia Dahlen. He was baptized by the Rev. Kristian Skyberg. He received his elementary Christian education in the parochial schools of the congregation and after having received religious instruction was confirmed on Oct. 21, 1917.

He entered Park Region Luther College at Fergus Falls, Minn. In the fall of 1918 and finished the business course in the spring of 1919. The following fall he re-entered the school for his high school training, but because of circumstances discontinued after his junior year and was employed as a bank clerk. After two years in business he resumed his studies and finished the Park Region Academy in 1923 and Junior College in 1925. In the fall of 1925 he entered Concordia College at Moorhead as a junior and received his B. A. degree from that institution in the spring of 1927.

Realizing that

"'Tis only one life—and 'twill soon be past,
Only that which is lived for Christ, will last,"

—he chose to follow the call of the Spirit felt from his very youth and entered upon his theological training at Luther Theological Seminary from which institution he received his B. A. degree in May, 1930.

Appreciating as he does that the Lutheran Church has the true message of salvation, and having received a call from Our Savior's Lutheran Church of Cloquet, Minn., and the Bethel Lutheran Church at Scanlon, Minn., he presents himself at this time for ordination into the ministry.

He this day remembers in thanksgiving to God all those who have followed him in prayer in these years of preparation — his parents, relatives, teachers, the pastors of his home and school congregations, and friends. Especially is he cognizant of the prayers of little children that he has met throughout the church, who in beautiful and simple faith have approached the throne of grace in his behalf. He covets today the continuance of such intercessions, that the Shepherd of Souls may continue to bless and keep him, that he may be an instrument in His hand to shepherd home the flock of Christ.

Ordained: Minneapolis, May 25, 1930.

ELMER ORIEN ELLEFSON was born May 27, 1900, of parents Albert and Laura Ellefson in Lone Rock township, Moody county, S. D. Was baptized in the Lone Rock Church by Rev. J. A. Blilie. By the grace of God the truths of the Christian religion became very dear to him at an early age, having been carefully guided and instructed in them during childhood by Christian parents, teachers and pastor. He was confirmed June 20, 1915.

Having completed the work of the public schools in Lone Rock he enrolled at the Lutheran Normal School, Sioux Falls, S. D., in the fall of 1917. But after completing two years' work there he was obliged to discontinue school for a while on account of sickness at home. In the fall of 1922 he entered Luther College, Decorah, Iowa. Spent one year in the Preparatory Department and entered the College Department the following year, graduating from there in 1927. The call to serve the Lord had always been uppermost in his mind and during his college career he was led to see that he could best do so in the ministry. He therefore entered Luther Theological Seminary in September, 1927, and was graduated May 19, 1930. Having been called to serve the First Lutheran Church of Philip, S. D., Bridges Creek Ev. Lutheran Church, South Creek Lutheran Church, and Cottonwood Preaching Place, he seeks ordination to the office of the holy ministry in the Norwegian Lutheran Church of America.

Mindful of the many blessings of the past, he wishes to express his deepest gratitude to the Lord for them all, but he would especially thank Him at this time for guiding him into this calling and preparing him for it through His Holy Word. He wishes also to thank God for the great gift of a Christian home, and for Christian teachers and friends who have helped to make these years of preparation profitable. On his ordination day he more than ever feels the need of power and light from on High in order that he might properly carry on the work which lies before Him and therefore asks the prayers of these congregations, the assembled pastors, relatives and friends that he might ever remain a faithful servant of Christ.

Ordained, Philip, S. D., June 15, 1900

OSCAR EDWIN ENGEBRETSON was born June 3, 1905, of the parents Halvor and Caroline (nee Hjelle) Engebretson. He was baptized in the Hauges Church at Peterson,

Minn. Dec. 3, 1919, he was confirmed by Rev. N. E. Magelssen.

His religious training was given from infancy by Christian parents. For a period of about ten years he attended the regular public catechization at worship, conducted by his pastor. He also attended eight or nine terms of summer religious school.

Having completed his elementary education he entered Luther Academy at Albert Lea, in the fall of 1920, and graduated from that institution in the spring of 1923.

In the fall of 1923 he entered Luther College, and graduated with the class of 1927. The same year he entered Luther Theological Seminary.

Having had a longing ever from childhood to enter the ministry of the Lord, the consciousness of a call from God to enter that service grew stronger until in the last year of his college training he made the decision, God willing, to enter the Seminary in the fall.

He realizes that above all he must thank God for mercy and guidance. He also at this time wishes to express his gratitude to his father and his departed mother for their loving sacrifice made that he might pursue his studies. He also wishes to remember the sacrifice of brothers and sisters, without whose loving sacrifice it would have been a much more severe trial to attain to this point in life. He also wishes to acknowledge the friendly counsel and care of his pastor and teachers both at the Academy and at College. Especially would he thank the professors at the Seminary, who have so faithfully labored to prepare him for his chosen task.

Having received a call from Rolette and Overly, N. D., he herewith presents himself for ordination.

Ordained, Peterson, Minn., June 15, 1930

HAROLD MARCUS ENGH was born December 21, 1901, of parents, Hagbarth and Mary Engh, at Thorsby, Ala. He was baptized by his father and also confirmed by him in 1917. He attended elementary schools at Black River Falls, Wis., and Ostrander, Minn., and high school at Spring Valley, Minn., where he graduated in 1919. He then attended St. Olaf College, graduating with the degree of Bachelor of Arts in 1923. From the time of graduation four years elapsed before he entered Luther Theological Seminary.

Although he had for years considered the office of the ministry, it was not until the year following his graduation that he felt the call of God to enter His service. A deep sense of unworthiness for the holy office delayed the heeding of the call, and he continued in high school teaching until the fall of 1927, when he entered Luther Theological Seminary.

The candidate is greatly indebted to his parents for guidance, especially in a spiritual way, also to his teachers who have taught him in the Word of God, and to the pastors of our church under whose influence he has been.

Having accepted a call to the parish at Conrad, Mont., he now presents himself for ordination. Conscious of his own unworthiness, he asks the prayers of the church that in his ministry he may be faithful to the commands of our Lord Jesus Christ and labor for the extension of His Kingdom.

Ordained: Minneapolis, May 25, 1930.

CARL JOHN FIELD, son of Nels E. and Mary, nee Suby, was born October 3, 1898, at Fertile, Iowa. He was baptized by Rev. Jens M. Dahl at Beaver Creek Church, Worth county, Iowa. At an early age he with his parents moved to a farm near Joice, Iowa, where his home has been ever since. His early instruction, both secular and religious, was received in the country school. He was confirmed May 24, 1914, by Rev. John Granskou at Beaver Creek Lutheran Church.

During the winter months of the year 1915 he attended Waldorf College, but not until 1919 did he pursue school work regularly. In 1922 he completed the academic course at Waldorf College, the Junior College course in 1924, and in the fall of 1924 he matriculated at St. Olaf College, receiving his B. A. degree in 1926. In the fall of 1926 he entered the Chicago Lutheran Bible School, and the following year he studied one year at the Theological Seminary of the Evangelical Lutheran Church, located in Maywood, Ill., (suburb of Chicago). In the fall of 1928 he enrolled at Luther Theological Seminary, St. Paul, Minn., and completed his course with the class of 1930.

The concerned was permitted to live in a community where home and religious influences meant much. His early religious training in his home and in parochial school did much to mold his character and implant in him the desire to serve the Lord. Although he can point to no definite period in life when he experienced himself lost from the Lord, he has experienced a gradual growing in that closer communion with his God. He is mindful, however, of the many times that sin and temptation has led him astray, of the battles that have come to him, but he stands today with that confidence and assurance that he is a child of the Lord. He acknowledges his own weakness and sinfulness, but rests in the forgiveness of His Savior.

He presents himself now to the Church and to his God to take up the active work in the ministry. It is with fear and trembling that he faces the realities in common with this work, but he is willing to go forth in the name of Jesus, trusting in His promise that whom He sends them will He also give strength and grace. That he might serve in all humbleness and weakness, to lead souls unto Him that they might experience joy and salvation, this is his desire and prayer.

To parents, teachers, pastors, and friends he is greatly indebted for their prayers and kindly admonitions. That he may reflect in his life and living the principles for which they stood and fostered; to exemplify in spirit and in truth the will of God, may God give him grace so to do.

"Not worthy Lord to be called as Thine,
But at Thy Word I cannot decline.
I come — do Thou my heart prepare,
That I, to others, may Thy Word declare."

Upon graduation from the Seminary he has accepted a call from the congregations at Beach and Sentinel Butte, N. D., Carlyle and Ollie, Mont.

On this his ordination day he remembers with thanks to God, his parents, who through a self-sacrificing spirit have contributed much to the realization of his desires; also pastors, teachers, and friends who have encouraged him in his work and study.

Conscious of his insufficiency and unworthiness for the high and holy office of the ministry, with thanksgiving to Gd who has led him this far, and with a prayer that He may ever abide with him, giving strength and wisdom he humbly asks for ordination and the prayers of the Church that he may become a true shepherd of souls.

HELMER B. HANSON.

Ordained, Minneapolis, May 25, 1930.

LANT MELANCHTON HANSON, son of Mr. and Mrs. Hans N. Hanson of Elliott, Ill., was born July 1st, 1885, near Paxton, Ill.

His parents were emigrants from Norway, and followed the industrious occupation of farming. He attended the common schools of his township, matriculating Pleasant View College, graduating from same in the year 1907.

On Sept. 9, 1909, he was married to Anna Cecelia Rorem, daughter of Mr. and Mrs. Andrew Rorem, of Ottawa, Ill.

For a time he followed the occuaption of farming, but the clarion call of the Master — through ministers and friends — became too strong for him, and, like Peter, forsaking his fishing nets, he, too, forsook the furrow and the plow, to enter the Master's service.

For six months he filled the vacancy of the pulpit in First Lutheran Church of New Era, Mich. From there he was called to the work of a pastor in Bethlehem Ev. Lutheran Church of Muskegon Heights, Mich. Here he labored for a year and a half and up to the time of entering Luther Theological Seminary at St. Paul, Sept. 13, 1927, graduating from this institution in May, 1930.

If any one should by chance read this vita in print, who has been instrumental in directing his footsteps toward the ministry, he hereby wishes to extend to such a one his sincere gratitude. He also wishes to express his heartfelt appreciation to all teachers, professors and friends who have aided him in his education.

Realizing his own insufficiency in this great calling, he earnestly requests the prayers of all true believers, that he may be kept humble, steadfast, unmovable, always abounding in the work of the Lord.

Financial reasons made it necessary for him to discontinue his studies at the Seminary for a period of two years, which he spent in parochial school work and in high school teaching at Arnegard, N. D.

In the fall of 1928 he again entered Luther Theological Seminary and completed his course there in May, 1930.

HAROLD H. MARTINSON was born to Rev. and Mrs. Andrew Martinson on May 27, 1905, at Kikungshan, Honan, China. When he was five years old the family came home on furlough, and he started school in this country. Then they returned to China by way of Norway and Siberia, and he continued his education in the American school for missionaries' children. In the fall of 1913 his father was taken home to the Lord, but his mother continued with the work among the Chinese until his two sisters were through high school, and he himself had two years left. It was in the spring of 1921 that they returned to this country and settled at Northfield, Minn., where he attended one year at the Northfield high school and four years at St. Olaf College, being graduated in the spring of 1926. After spending a year at the Lutheran Bible Institute at St. Paul, he entered the Luther Theological Seminary, finishing in 1930.

Ever since his father's death he had been dimly conscious of a call to take his father's place. When he was twelve years old he came into conscious fellowship with Jesus and promised that he would serve Him as a missionary. With this aim in view, he has been preparing himself for his life work. He has accepted a call to China, and hopes to sail for that country this coming fall. He will be married this summer to Miss Charlotte Rosendahl of Fresno, Cal.

He wishes to acknowledge with gratitude in his heart to God, all that his parents have meant to him, the unceasing inspiration he has received from the memory of his sainted father, and the untiring and heroic efforts put forth by his dear mother in holding the family together, in seeing her children through school, and in ever being solicitous for their temporal and spiritual welfare. He wishes to thank all his relatives and friends who have in any way by their prayers and by their encouragement helped him along. He also feels his indebtedness to all who have been his teachers and professors from his childhood and up, who have, by their patience and love, made it possible for him to now return to China in the service of the Lord. He covets the continued prayers of all, that God may bless his labors in the mission field, and grant that his life may be lived to the glory and praise of his Master.

P. LAURITZ MORK was born May 11, 1900, near Winger, Polk county, Minn., of parents Peter Anton and Randine Ibertine Mork. He was baptized and confirmed in Gosen Ev. Lutheran congregation. After completing the eight grades in a rural school he attended a business college and for three years worked as bookkeeper in Grand Forks, N. D. At the age of nineteen he returned to school, studying two years in the high school department of the Lutheran Bible School of Grand Forks; a year and a half at North Dakota University; two years at St. Olaf College. He received the degree of B. A. from the last named institution in 1925. He spent the next two years teaching and doing other work and entered Luther Theological Seminary in the fall of 1927.

He was so fortunate as to be born of pious parents who not only took pains to have their children taught well the fundamentals of Christian truth, but who urged, by word and example, the living of those truths. As a young boy he lived in conscious relationship with God but began to drift away when about thirteen. At confirmation he made a sincere promise but failed to realize the insufficiency of his own strength. Before long he lost out in his Christian life. But the Holy Spirit constantly called him and in his 20th year he broke with

the world and gave himself to Christ, whereupon assurance of salvation and peace were restored.

These and subsequent personal experiences created a desire in his heart to dedicate his life to the service of his Savior and, if possible, devote all his time to Christian work of some sort. Consequently he entered the seminary and finished a course there. Now, upon call from the Home Mission committee of Northern Minnesota District and Grand Marais, Hovland, and Tofte congregations, he presents himself for ordination to the ministry. He is grateful to all who by the grace of God have helped him in various ways and he covets the prayers of all Christians.

Ordained: Erskine, Minn., June 1, 1930.

ARNOLD R. NELSON was born of Godfearing parents, Albert and Amelia Nelson, in Berlin, N. H., on Jan. 3, 1898. He was baptized by Rev. Garmoe, confirmed by Rev. Haarvei. After completing the Academy and Pro-Seminary course at Red Wing Seminary (1922-1926), he attended the Lutheran Bible Institute for one year (1926-1927), and the first summer session at the University of Minnesota. In the fall of 1927 he entered Luther Theological Seminary, finishing in 1930. On August 12, 1928, he was happily married to Ruth Thompson of Amble, Mich. He wishes to express his thanks to God for His wonderful love, mercy, and long suffering. At the same time he praises God for such men as Rev. T. A. Lellehei, whose preaching along with the fervent special prayers (of my devout sister) and others led him to a conscious fellowship with Jesus Christ, the Son of God.

It was not until after about two years of much prayer and deliberation that he answered the inner call to prepare for the ministry which he has sufficient reason to believe that he had been dedicated to by his father, even before he was born.

Ordained: Minneapolis, May 25, 1930.

NORMAN OLAI NELSON was born near Rochelle, Ill., on July 2, 1895. His parents were Andrew Nelson and wife Melinda. He was baptized by former District President Norby. When he was five years old he moved with his parents to a farm near Emmetsburg, Iowa.

He was graduated from the commercial course of Jewell Lutheran College in 1914, and in 1916 he completed the academic course at the same school. During 1916-17 he studied at Iowa University.

In February, 1918, he joined the army, serving in the Medical Corps in Belgium and France. In April, 1919, he was honorably discharged.

On June 18, 1919, he was married to Ruth Helene Lande of Graettinger, Iowa. He settled in Des Moines, Iowa, where he served as an accountant. He then removed to one of his father's farms near Emmetsburg in 1920. He received his elementary Christian education in parochial school for Ole Falkeid, now Rev. Falkeid. While he attended Jewell College he went through a spiritual crisis and definitely gave his life to Christ. During 1925–27 he was called several times to perpare himself for the ministry but could not definitely decide and arrange to do so until in 1927 when he enrolled at Luther Theological Seminary, from which institution he graduates this spring. He has accepted a call to Pleasant Valley congregation, Vermillion, S. D.

On this his ordination day he is especially grateful to his parochial school teacher, now Rev. O. Falkeid, for earnest Christian instruction; to Rev. L. O. Wigdahl who confirmed him and gave him much spiritual help and who urged him to prepare for the ministry and to his devoted wife, Ruth, who has encouraged and helped him in his preparation for the ministry.

On this day he asks the blessing of God and the Church that he may continue as a humble and faithful servant of Jesus Christ and the Lutheran Church.

Ordained: Cylinder, Iowa, June 1, 1930.

CONSTANTINE E. NESTANDE, son of Rev. Peter John and Constance (Emerson) Nestande, was born July 14, 1904, at Dodgeville, Wis. In the summer of 1915 he and his parents moved to Lanesboro, Minn. He was baptized in infancy. He was confirmed in the Bethlehem Lutheran Church at Lanesboro.

His early education he received in the Dodgeville and Lanesboro public schools, graduating from the Lanesboro high school in the spring of 1923. The following fall he matriculated at St. Olaf College, Northfield, Minn. From St. Olaf College he received his B. A. degree in 1927. He entered the Seminary in the fall of that year and finished the course there in the spring of 1930, receiving his C. T. and B. Th. degrees.

The desire to enter the ministry was born out of the influences of Christian training and Christian life. A realization of sinfulness and the conviction of having found a Savior in Jesus Christ created in him a desire to work in the Master's service. This desire was fostered during his stay at St. Olaf College until it reached a focus point in his junior year when he made the definite decision to apply for admission into the Norwegian Lutheran Church Seminary at St. Paul, Minn. His application was favorably received and accordingly he entered the Seminary where he has spent three years in preparing to serve as a minister of the Gospel.

In accepting the call to serve as pastor of Nashwauk Lutheran congregation of Itasca Co., Minn., he has done so trusting alone in the mercy of God, that He might give him grace and strength to do the work effectively.

He holds dear and invaluable the prayers of all Christians who will plead on his behalf at the throne of mercy. He also wishes to express his sincere appreciation to his parents and all others who have aided him so much in his spiritual and physical welfare. He now presents himself for ordination into the holy ministry of the N. L. C. A.

Ordained: Minneapolis, May 25, 1930.

OLE BJARNE NILSEN was born Nov. 15, 1898, in Oslo, Norway, of parents Anton and Jacobine Nilsen. He was brought up in the Christian faith and was confirmed in Mandal, Norway, in 1912. From early youth he desired to serve the Lord in the holy ministry.

He came to America in 1913, making his home in Boston until 1920 when he entered Red Wing Seminary. In 1924 he completed the Academic, Pro-seminary, and Bible School courses there. His college education he received at Concordia College, graduating in 1927, and his theological training at Luther Seinary, St. Paul, graduating with the class of 1930.

On this day of ordination he deeply feels his own unworthiness and utter helplessness

for the sacred calling. He asks for the intercession of all Christians that strength and wisdom may be given him from above to lead the hungering souls into the Savior's fold.

He remembers with gratitude all those who have been instruments in guiding and leading him into a closer fellowship with the Savior. He is particularly thankful to the professors and pastors of the institutions he has attended for pointing the way to Him who is the "Way, the Truth, and the Life."

He is deeply indebted to his wife who has been a constant source of joy, comfort, and strength during the years of preparation for the sacred office of the ministry, and to his parents for their helpful support and encouragement.

He has received a call from the congregations at Pierpont and Lanford, N. D., and now, with prayers to God for His gracious guidance, he presents himself for ordination to the holy ministry.

Ordained: Minneapolis, May 25, 1930.

KENNETH LUTHER NORLIE was born of Olaf Morgan Norlie and Anna Louise (Bonhus) on June 18, 1906, at Holden, near Kenyon, Minn. Having been brought up in a Christian home, he was taught the word of God daily. Then when he finished grade school in 1920 he was sent to Luther College Preparatory, from which he graduated in June, 1923. That fall he entered Luther College and graduated with the B. A. degree in June, 1926.

From the time he can remember, it has been his desire to go as a missionary to China, and as further preparation for this cause he intended to go both through the Medical School and the Seminary and so in the fall of 1926 he entered the medical school, University of Minnesota. After spending two quarters there he felt that he was not in the right place and that he must enter the Seminary the next year. He went through many spiritual reactions this year. It was demanded of him that he make his stand. The next year, fall of 1927, he entered the Luther Theological Seminary and having now received a call from Flasher, Freda, Parkin, and Leith congregations, N. D., he presents himself for ordination. To his knowledge he does not know that he has employed any means to get this call. It is a great sorrow to him that he cannot go to the foreign mission fields but God's ways are not man's ways. Praised be the name of the Lord.

He feels that he is unable to do anything of his own strength but knows that God, who has called him, will be with him and furnish strength and guidance.

On August 4, 1928, he was married to Olivia S. Pryts and this union has been blessed with one son, Paul Luther.

He now asks the prayers of all Christians for the spiritual success of his ministry.

Ordained: Minneapolis, May 25, 1930.

CHRISTIAN NOTSUND, son of Østen and Eli Notsund, was born Feb. 25, 1890, in Søndfjord, Norway. He was baptized the same year and confirmed in 1905.

In the year of 1910 he emigrated to America. In 1917 he was graduated from the Model High School, Grand Forks, N. D., and in 1922 from the University of Minnesota, where he received the B. A. degree. He has also pursued graduate studies at the same university during several summer sessions. He taught at Augsburg Seminary a few years. His theological training he has received at the Chicago Lutheran Theological Seminary, Maywood, Ill., and the Luther Theological Seminary, St. Paul, Minn. From the latter institution he was graduated this year. In 1925 he married Margit Ronhovde.

He is thankful to God for the influence and example of Christian parents and teachers. Most of all, he is grateful to God who has called him to be a minister in His Church. He realizes his own unworthiness and insufficiency and relies upon God's grace in all things. He has accepted a call to Belfield, N. D., and presents himself for ordination.

Ordained: Minneapolis, May 25, 1930.

JOHN MARTIN RASMUSSEN was born at Bergen, Norway, Oct. 28, 1895, of Rasmus Elias Rasmussen and his wife Ingeborg Andrea, nee Anderson. He was baptized in Bergen's "Domkirke." In August, 1906, he sailed with his parents to America and settled in Newark, Ill., later moving to Ottawa, Ill., and Cox, S. D. July 10, 1912, he was confirmed by his father in Mamre congregation, Reeder, N. D. From childhood he was brought up under the guidance of devoted Christian parents, who taught him to know, and love, God as his heavenly Father and Christ Jesus as his personal Savior. This, however, not without spiritual struggles and a constant consciousness of sinfulness, and a deep longing for assurance of forgiveness of sins and peace with God.

October 29, 1912, his father died at Cox, S. D., leaving him with his mother and younger brother and sister. He cared for his mother from this time until God took her home to glory April 12, 1925, at Sioux City, Iowa.

He received his elementary training in the public schools of Bergen, Norway, Newark and Ottawa, Ill., and Cox, S. D. He attended Carl Schurz High School, Chicago, Ill., 1915, Red Wing Seminary, Red Wing, Minn., 1915–16, but due to sickness he was unable to finish. Feeling the need of further education he took up correspondence work with the International Correspondence Schools, Scranton, Pa., and the University of Wisconsin, while farming at Cox, S. D. The fall of 1918 brought him to Sioux City, Iowa, where he attended Iowa State Auto and Tractor School, in preparation for entering the Army Motor Transport, and where he became instructor in the fall of 1919. Since then he resided in Sioux City, Iowa, where he became a member of St. John's Lutheran Church. The latter four years of his residence there he was Special Assessment Expert in the Municipal Engineering Department of the city. After his mother's death, April, 1925, he removed to Minneapolis where he worked as Junior Civil Engineer for the Minnesota State Bridge Commission, erecting the "Ford" Interstate Bridge across the Mississippi river, until August the same year.

For many years, or since his conscious spiritual awakening, he has had an inner desire and call to enter the ministry. But due to the fact that he made a home for his mother this desire was not fulfilled until after her death when he entered the Pro-Seminary department at Red Wing Seminary, Red Wing, Minn., in the fall of 1925. The following summer he experienced a nervous collapse which made it impossible for him to enter Luther Theological Seminary, St. Paul, Minn., that fall. In February, 1927, he was called as singing evangelist for our Church to accom-

pany Evangelists Scotvold, Ronning, and Lokken, respectively, in their work in our congregations. In this great work God richly blessed him and showed him more and more the need of workers in His vineyard. In the fall of 1927 he entered Luther Theological Seminary from which he now is graduating.

It is with a deep sense of gratitude to God for His boundless grace that he looks back, realizing that it is because of God's love in Christ Jesus, His guidance and mercy that he has been privileged to come to the realization of his desire to serve his Lord and Master, though through many trials and temptations, and now stands at the threshold of this greatest and most sublime of callings, the holy ministry. It is with a sense of deep need for much grace and wisdom, and the prayers of the people of God, that he might be sustained in the task of leading lost and straying souls back to the heavenly Father and be a true shepherd for the flock God has given him to serve in Lewistown, Mont., Forest Grove, Mont., and associated mission places.

On this his ordination day he is above all grateful to his heavenly Father for His boundless grace and sustaining power. He is also grateful to his many friends in St. John's Lutheran Church, Sioux City, Iowa, who through their love and prayers have been a blessing to him; especially is he grateful to Dr. Jacob Tanner, of Luther Theological Seminary, for his fatherly interest, love, and encouragement, without which he knows that his life would have been deprived of some of its richest Christian experiences. He would also express his gratitude to Mrs. Olive Peterson of Minneapolis, whose home has been a haven and an inspiration to him. Then, too, he is grateful to his loving wife, Genevieve Rena, whom he married August 20, 1929, who has given him a Bethel and a Bethany, who will also be a true helpmeet to him in the great Kingdom work.

Ordained: Minneapolis, May 25, 1930.

NICOLAI CONRAD RENSLO, son of Albert and Clara Renslo, was born on a farm near Caledonia, Minn., August 17, 1904. He was baptized and confirmed by Rev. H. J. Wein. He received his grade school education at the school near his home. In the fall of 1918 he entered the Caledonia high school, and was graduated with the class of 1922. Having worked one year as a farm hand, he enrolled at Luther College in the fall of 1923, where he received his B. A. degree in the spring of 1927. It was in his junior and senior years at Luther College that he felt more and more that it was God's will he should enter the ministry. In the fall of 1927 he was accepted as a student at Luther Theological Seminary, and was graduated May, 1930, with the degrees C. T. and B. Th.

Having accepted a call to Zion congregation, Campbell, and Deer Creek congregations, Holbrook, Neb., he now desires to be ordained into the holy ministry. He declares that he is not conscious of having used any means, divinely prohibited, to secure the holy office.

On this day of his ordination, he is thankful above all to God who has called him into His service. He remembers, too, with gratitude, his mother for Christian training, for her prayers, and for the encouragement and financial support which has made it possible for him to continue his schooling. He is grateful also to his brothers, grandmother, and all relatives and friends who have been of help to him in many ways; to his home congregation; to his parochial school teacher, Mr. J. P. Kopang; to his three pastors, Rev. H. J. Wein, Rev. F. O. Fredricksen, and Rev. C. L. Lee, for spiritual guidance; to his teachers and professors at Luther College and Luther Theological Seminary for their influence by word and life.

Realizing deeply his utter unworthiness and insufficiency for such a great task as lies before him, he puts all his trust in the Lord, who has called him to be an ambassador in His behalf, and sincerely asks the congregations to which he has been called, and all Christians everywhere to pray for him, that he may be found a faithful shepherd of souls to the honor and glory of the Triune God.

Ordained, Caledonia, Minn., July 13, 1930

ELMORE LELAND RUDE, son of Chris O. Rude and Marie Rude, nee Martin, was born in the city of Dodgeville, Wis., August 25, 1905. He was baptized by Rev. P. J. Nestande, and was confirmed by Rev. A. E. Berg.

In the spring of 1923 he finished the Dodgeville high school, and the following fall entered St. Olaf College, from which institution he was graduated in the spring of 1927.

The call to the ministry came forcibly to him during his junior year at St. Olaf, being revived from early childhood when the desire for the ministry was present.

In the fall of 1927 he entered Luther Theological Seminary and after the completion of his course received the degrees of B. Th. and C. T.

He has now accepted a call to the Bison parish in South Dakota. He wishes to express his gratitude and appreciation for His Godfearing parents who nurtured him in a Christian home, and to his teachers and friends who have helped show him the way of the Lord.

He now presents himself for ordination into the holy ministry, asking the prayers of the Church that he may be a fit and dutiful servant of the Lord.

Ordained: Minneapolis, May 25, 1930.

FREDRIK A. SCHIOTZ was born in Chicago, Ill., June 15, 1901, of parents, Jacob and Stina Schiotz (nee Akerholt). Through holy baptism by Rev. George Rygh he became a member of Bethlehem Evangelical Lutheran Church.

While nine years old, after listening to a Sunday evening service, a decision was made to serve God in the ministry, wherever He might call, whether it be at home or abroad. That decision has continued in his life to this day.

Confirmation instruction was received under Rev. John M. Ritland, then of Hope Lutheran Church, Ladysmith, Wis., and public confession was made October 3, 1915.

The high school course was completed in Ladysmith, May, 1919. The years 1920–24 were spent at St. Olaf College. The candidate taught in the Ladysmith High School during 1924–26. The following year he attended Luther Theological Seminary. In 1927–28 he served the Student Volunteer Movement as a traveling secretary. These two last years have been spent at Luther Theological Seminary, graduation from the degree course taking place Monday, May 19, 1930.

In the fall of the candidate's sophomore year at St. Olaf College a friendship began with

Dagny Aasen, a classmate. Seven years later, August 23, 1928, that friendship became a home.

For the candidate, to be standing on this day at the threshold of the ministry, is to know that God's dealings with him have been wondrously good. From God came the gift of life. Whatever privileges and opportunities the candidate may have enjoyed have issued from the influences God has directed upon his life. Among these influences he is most mindful of a Christian home, the prayers and concern of parents, sister and brothers, wife, relatives, and pastors. Intimate friends, teachers in high school, at St. Olaf College, and at Luther Theological Seminary have helped to shape his life.

For all these influences, but more for the redemptive love of Christ Jesus and the sustaining presence of the Holy Spirit, the candidate offers thanks to our heavenly Father.

Upon call from Zion Lutheran Church of Duluth, Minn., Mr. Schoitz presents himself for ordination to the ministry.

Ordained, Minneapolis, May 25, 1930

OTIS M. SEVERSEIKE was born of the parents Lars K. Severseike and Anna Swandahl Severseike on August 17, 1899, on a farm near Garden City, Iowa. He was baptized by Rev. S. O. Heidal in infancy, and confirmed by Rev. T. J. Knutson in the Norwegian language in October, 1913. He received his early education in the country schools, later attending Jewell Lutheran College, Jewell, Iowa, graduating in the spring of 1923. In the fall of that year he entered St. Olaf College, Northfield, Minn., receiving his B. A. degree in the spring of 1927.

During his childhood his parents tended carefully and diligently to his instruction in the elements of Christian religion, a deed for which he is now very thankful indeed.

While attending St. Olaf College, during his sophomore year, due to his early childhood training and the influence of Christian friends he was by the grace of God restored to the fold and experienced the peace of a freed conscience unknown to him for several years.

At the close of his college career he was confronted with the problem of choosing his life's work. To be sure, the Christian ministry had its challenging appeal, but due to earlier plans, which were not so easily disregarded, and a deep sense of unworthiness, it was difficult to make a decision. By prayer, meditation, and advisory counsel given by teachers and friends he was enabled to make his decision on graduation day to accept God's call to the holy ministry. He entered Luther Theological Seminary in the fall of 1927, and upon completing the course received the degree of C. T. and B. Th. He has accepted a call to Madison, S. D., and upon this call now presents himself for ordination into the holy office of the ministry.

He was married August 20, 1929, to Olga G. Sheldahl, a daughter of Mr. and Mrs. John Sheldahl of Radcliffe, Iowa. She was baptized by Rev. S. O. Heidal and confirmed by Rev. J. J. Lee. Together they covet the prayers of the Christian Church for a successful service to the honor and glory of their Lord and Master.

Ordained: Minneapolis, May 25, 1930.

Mr. Sheggeby attended the Lutheran Normal School at Madison, Minn., from which he graduated in 1922. He taught in a public rural school for a year and matriculated at St. Olaf College in the fall of 1923. It was while he was studying at St. Olaf College that he felt the call to enter the holy ministry. This was a time of much doubt, but God sent kind teachers and friends who helped him very much with their counsel.

After finishing the course at St. Olaf College he entered Luther Theological Seminary and graduated in the spring of 1930.

Mr. Sheggeby has accepted a call from Bethany English Lutheran Church of Cromwell and Trinity Evangelical Lutheran Church of Floodwood, Minn. As a candidate for ordination he is especially grateful to God for His blessings and guidance and puts his trust in Him with prayer that he may be a faithful servant in the Kingdom of God.

HOMER JOHN SHELDAHL, the son of Mr. John Sheldahl and Anna Mandsager Sheldahl, was born Dec. 23, 1899, at Radcliffe, Iowa, Hamilton county. He was baptized by Rev. S. O. Heidal and confirmed by Rev. T. J. Knutson. From his early infancy he was brought up under the influence and guidance of Christian parents, who taught him that Jesus was his personal Savior, and the one true friend both in life and in death.

He attended the grade school in Hamilton county until he had completed his eighth grade work. Then for several years he stayed out of school, but having felt the call of God from early youth to enter into direct service in God's vineyard, he enrolled at Jewell Lutheran College,, Dec. 5, 1921. In May, 1923, he was graduated from the academic department. That same year he enrolled at St. Olaf College, from which he was graduated in June, 1927, with the degree of B. A. In the fall of that year he came to Luther Theological Seminary to further study for service in God's vineyard. He now asks for ordination on a call from Kvindherred Norwegian Evangelical Congregation Church, Calamus, Iowa.

On this day of his ordination, he is conscious of his unworthiness to this high calling to the office of the ministry. But he places his trust in God, who is rich in grace and power. It is his earnest prayer to God that he may always be faithful to the trust placed in him, and that he may continually be willing to follow divine guidance wherever it may lead him to serve. He also asks that his friends will remember him in their prayers.

On this day of his ordination he is truly thankful to his heavenly Father for salvation through His Son Jesus Christ, and for the guidance of His Holy Spirit, and for the call to labor in His vineyard. He wishes to thank his parents who through the grace of God have instructed him from early childhood in the great truths of the Bible, and who constantly admonished him to live in close fellowship with Jesus Christ. He thanks sincerely his friends who have assisted him by their encouragement and prayers.

HARRY STOUTLAND was born near Farsund, Norway, August 6, 1896, of parents Fredrick and Mathilde Stoutlnad. At the age of two he came with his parents to America where he stayed until he was about eight years of age. He then returned with his parents to Norway, remaining there until after his confirmation, when he again came to America, making his home in New York.

He has attended the following institutions of learning: Red Wing Seminary, Wagner College, National Bible Institute, and Luther Theological Seminary. During his preparation for the ministry he has served the following congregations; Our Savior's Lutheran Church, and St. Olaf's Lutheran Church, both of Staten Island, New York.

At an early age he felt the call to the ministry which came in the form of a strong desire to learn more about God through the study of the Scriptures, and a longing to tell the glad tidings to others.

He is grateful to God for good pious Christian parents who early taught him love for God and man, respect for the Word, and the power of prayer.

At the age of twelve during an active period of revival in Norway he was awakened to a conscious life in God, and has by the grace of God, in spite of failures and shortcomings, remained in his childhood faith.

Upon call from St. John's Lutheran Church of Creston, Ill., and the Norwegian Lutheran Church near Creston, Ill., he presents himself for ordination to the Christian ministry.

SYVER OLVIN SORLIEN, son of John H. Sorlien and Bertha Sorlien, was born in Bode, Iowa, August 20, 1896. He was baptized Oct. 18, 1896, and confirmed June 18, 1911, by Rev. J. E. Jorgenson. Six of the eight years of elementary training were well spent in the parochial school at Bode. After attending high school one year and helping on the farm one year he enrolled in the Septima class of the Luther College Preparatory Department in the fall of 1914. In May of the Quinta year (1917) he wished to enter the military service of his country. He was rejected because of a physical ailment. During the summer he had an operation performed and in the fall of 1917 entered the college department of Luther College. But he still felt that he must serve his country in a more direct way and therefore enlisted in the United States Navy, January, 1918. He was honorably discharged on Feb. 14, 1919. He returned to Luther College a few days after his discharge from the naval service. On June 6, 1922, he received the Bachelor of Arts degree. Part of the summer of 1924 was spent in summer school at Iowa State College, Ames, Iowa. A correspondence course was carried on with Luther College that same year. For a period of five years he was in the teaching profession, principal of the high school at Bode, Iowa, two years, and superintendent at Stanhope, Iowa, for three years.

On May 28, 1921, he was united in marriage to Selma Theressa Burreson of Hesper, Iowa, Rev. Ivar Havneros officiating. To this union three children have been born, all having been baptized by Rev. Havneros.

During the senior year at college he felt called to enter the ministry, but it was not until he had gone through a spiritual struggle that he did heed the call and enrolled at the Luther Theological Seminary, St. Paul, Minn., in September, 1927.

In December, 1929, he received and accepted — subject to ordination — a call to be pastor at Zion, Concordia, Highland, and Ruso congregations of Max, Benedict, Ward county, and Ruso, N. D., respectively.

At this time he is very grateful and thankful to Almighty God for the tender and loving care and guidance of his sainted parents. The influence of a most patient, humble, and sacrificing mother will ever be a cause for thankfulness. He is very thankful to God for a most devoted and Christian wife who has been of so much help to him. He is also thankful to God for the opportunity offered in attending Church schools during practically his entire school life, parochial school, Preparatory Department, College, and Theological Seminary. He feels assured that the early Christian influence here received has been a large factor in leading him to the highest service to mankind, the holy ministry. He is indeed grateful to his relatives and friends for their kindly interest and encouragement. He is deeply grateful for the spiritual guidance and advice of truly consecrated pastors who have served congregations to which he has been a member. He wishes to express his gratitude to his Christian teachers who have striven to show him "the way, the truth, and the life." He now presents himself for ordination, realizing his unworthiness to take up the work of the pastor; but he does so with heartfelt thanks to God for having so guided him to make this choice, and with a prayer that he may be used in His service to the best of his ability.

He does humbly and sincerely ask the prayers of this congregation and all Christians for him in his work in the Lord's vineyard, that he may continue in the true faith unto the end and that he may ever serve the Lord and Master as a true servant.

GJERMUND S. THOMPSON was born in Moscow, Idaho, Nov. 28, 1905. His parents are Rev. Chr. S. Thompson and Hilda Hoyme Thompson. He was baptized in infancy and confirmed June 6, 1920, in Colfax, Wis., by his father. He entered St. Olaf College in 1923 and graduated in 1927.

During his college course he was awakened to the fact of his own sinfulness and the grace of God in Christ. With a desire to serve the Lord Christ, his Master, he entered Luther Theological Seminary in September, 1927, from which institution he was graduated in 1930 with the degree B. Th.

He has received and accepted a call to the Bethlehem Evangelical Lutheran Church of Muskegon Heights, Mich. He is thankful to God for his Christian parentage and nurture and for the teachers whose consecration led Him to meet the fact of Christ.

Ordained: Minneapolis, May 25, 1930.

CARMEN PHILO THRONSON, son of Otto C. Thronson and Alice M. (nee Sorkness) Thronson, was born near Elbow Lake on a farm on the 19th of January, 1903. He was baptized the same year by Rev. Otto Juul, and confirmed by Rev. Einar Wulfsberg in 1917 in the Erdahl Lutheran Church.

Having finished the grades he entered Park Region Luther College in the fall of 1918 and finished the academy course in 1922. The fol-

lowing year was spent at home on the farm. In the fall of 1923 he matriculated at Park Region Luther College and finished the Junior College course in 1925. The same year he entered Luther College and graduated from there in 1927.

Through careful Christian training at home, through instruction received at Lutheran schools, and having felt the call from God, he entered Luther Theological Seminary in 1927, and graduated in 1930. Mr. Thompson has accepted a call to Saco, Mont.

Mr. Thompson feels his shortcomings and it is only by trust in God that he will have the strength and courage to carry on the work to the glory of God and His Kingdom. As a candidate for ordination he feels that he is especially grateful to God for His divine guidance. He also is grateful to parents, teachers and friends who gave him encouragement and help in times of need.

ULRIK ANDREW TURMO was born May 3, 1903, at La Crosse, Wis., of parents Olaf and Georgine Ulrike Turmo, nee Hjermstad. He was baptized by his father on June 14th of that year, and was confirmed by him on June 2, 1918. Having completed two years of his high school education at Clifford, N. D., he enrolled in the fall of 1919 in the preparatory department of Luther College, at Decorah, Iowa. He received the degree of Bachelor of Arts from that institution in the spring of 1924.

He held the position of high school principal at Obert, Mont., for three years, and considers the experience he received there of great value.

He matriculated at Luther Theological Seminary in the fall of 1927, and completed his course the 19th of May, 1930, receiving the degree of Candidate of Theology and Bachelor of Theology. He has received and accepted a call from the parish of Caryville, Wis., consisting of the Rock Creek and Meridean, the Spring Brook, and the Cranberry Creek Norwegian Evangelical Lutheran congregations.

We wishes at this time to express his gratitude to his parents, his professors, and to Rev. O. C. Harang, for their guidance, encouragement and help in preparing for the ministry. He asks that they, together with all Christians, invoke upon him and his ministry the blessing of God.

The Clergy of the Norwegian Lutheran Church

That you may get the desired result in your reference to the clergy list please note the following explanation:

After each name is given a series of four figures, thus: 73-97. These numbers indicate that the person was born in 1873 and was ordained in 1897. Within the parenthesis are given, for pastor who serve congregations, a series of numbers with abbreviations. Kindly turn to page 551 and note the abbreviations used for the District and the Circuits. The numbers refer to the congregations which he serves, and correspond to the congregations as listed in the 1929 Annual Report pages, 482 to 849.

Within the perenthesis you will, find for most of the pastors who are not serving Congregation, information as to the line of work in which they are engaged.

Lack of report on the part of some pastors makes it impossible to make the checking 100 percent. We have made it as exact as reliable information can be secured.

PRESIDENT'S MESSAGE

"Our sufficiency is of God." 2 Cor. 3:5.

These words, written by St. Paul to the Corinthians, make plain the source of his strength and ability to carry on his work in the face of tremendous opposition, hostility and discouragement. This is a good word. It is a word from God, because the Apostle spoke, inspired by God's Holy Spirit. It is a word not only to the Corinthian church, but a word to the Norwegian Lutheran Church of America.

The Apostle declares to us that his sufficiency is from God. As he speaks this and all the things spoken aforetime, are for our example, encouragement and exhortation. We feel so often that the conditions in which the church of God is compelled to work today are far more difficult, more trying, and more discouraging than in the years gone by. Yet, if we will study apostolic history, the Acts and the Letters to the Churches, we find that a great many of the difficulties that beset us today were with them at that time. The human heart is the same—it is at enmity with God and even the Christian must constantly struggle, by the grace of God, to overcome the old Adam which never will desire and find pleasure in the things of God. Everything that is possible will be made an excuse for being delinquent or amiss in doing God's will. Making excuses has been the sin of man from the Fall until this time. Dare we, and can we, with such a word before us, make any excuses and justifications for our shortcomings in our own lives or in the life of the church?

Our sufficiency is from God. The church down through the ages has faced difficulties, both within and without. In the early church there was the opposition of the great pagan world, the bitter persecutions resulting in loss of life and property, there were the social and moral conditions that even at that time seeped into the congregations as they are very evident among us today. There were men who had named the name of Christ and who evidently forsook the assembling of themselves together on the day of trial. There were Demas, Ananias, Sapphira and others, who laid their hand on the plow and looked back. Out of that early age the church of God continued and handed over the truth and the light to the generations to come.

In the middle ages there was a dimming of God's candle. There was often darkness in the church of God and yet God, through this same grace and this same Spirit, kept alive the altar fires of His truth in the church.

The conditions of today, economic, social and churchly, heap up problems and difficulties. Often we are tempted to become discouraged and fail to realize that God, through His Spirit and His strength, yet has many times seven thousand who have not bowed the knee to Baal. The problems seem so bewildering, so difficult to solve and to answer. Worldliness, indifference and even coldness and lukewarmness on the part of many Christians bring to the sincere and humble follower of Christ discouragement and fear. How often, when we meet in our own work, in our own church body, are we not tempted to become discouraged,—to see in the present economic and social conditions that surround us nearly impossible handicaps to do the will of God. Within the church and the congregation we see the cold indifference and negligence of the cause of Christ by many, the first love growing cold and often a superficial and indifferent attitude towards the means of Grace and His Church.

Yet, shall we permit these outward conditions, as well as the sins and temptations in our own hearts, to cause us to drop the work of the Lord and turn back to the world? I believe that from thousands of our people would come the cry, "To whom shall we go, Thou hast the word of eternal life." We realize that we are meeting under difficult and strained conditions in the situations that confront us. The church is not blind to the fact that burdens and trials are heavy for many: that there have been disappointments, losses and disasters in many lives, and yet after all these conditions are temporary and earthly. We

need to thank God, each one of us, for whatever of trial and whatever of difficulty has come into our lives. These are the fires that burn out the dross and purify the gold.

The great danger for a church, as well as for a people, are the times of prosperity and ease. Then men forget God, then men feel self-reliant and confident in their own strength and "mine own arm hath gotten me the victory." Moral character, purity of life and stability of conviction weaken more easily in times of well being than in times of adversity. Let us thank God for these chastening times of adversity. It is a mighty call from God to urge members of our Church, who would save their souls, to cling close to the Almighty and Heavenly Father. It is God's great mercy and love, driving us closer to Him when earthly things that we have depended upon fall away. More plainly it appears that our sufficiency, our adequateness and our strength must come from God. The strength of the church has always been in times of adversity, in times of hardship. These times can indeed become for our beloved Church a season of blessing and spiritual outpouring of His grace if we see these things in their true light.

Our sufficiency is from God, whether it is in the problems of missions, schools or charities, or in the difficulties and problems of the individual congregation. "A mighty fortress is our God," "a very present help in time of trouble." It immediately shifts the dependency and the reliance from human and material means to the spiritual and divine. This is as it should be. All is from God—not a part, not an addition, but the entire sufficiency needed to carry on our work must be the work of the Holy Spirit, filling the hearts of men and women to do His will. From Him, not with us, this is a testimony of Scripture. Not only in the practical work of the extension of the Kingdom, but also—and that which is first—the redemption and salvation of our souls. It is from God. Our feet have been set with sovereign grace upon the rock foundation. The entire testimony of Scripture is that it is God's approach to us through the redemptive acts of His divine love, His means of grace, His Holy Spirit, that we, not by our reason or strength, but by His Spirit have been called and quickened into the work. This conviction, this faith is what we need for our individual lives, a closer walk with God. Then, if we see our strength and sufficiency in God, whether as pastors or as members of the congregations in our personal life, we will cry with the Psalmist of old: "I will lift up mine eyes unto the hills, from whence cometh my help," and the stream that flows from those hills of God is His Holy Spirit. The great promise of Christ to His church was not money, was not great human wisdom, nor great and efficient material means, but it is contained in that one promise of the Comforter, the outpouring of the Holy Spirit, and this sufficiency for carrying on the work comes through the Spirit of God from God Himself.

Looking back upon the life of the church, we see that the church has survived in spite of many sins and mistakes. God is in His Holy Temple even unto the present and His promises for her are sure for the future. Shall we not, my dear brethren, in these times, as never before, put our hands in God's hands as a church? Shall we not unitedly look up unto the hills and cry unto Him for strength so that we can say with new conviction, "We need Thee every hour," in our struggle against sin and temptation in our own lives and in bringing about the impulses and the motives that will make us willing, as never before, to sacrifice and to labor for His Kingdom?

There is no secret way of raising money in the church. There are no great magical means to bring about the silver and the gold needed to carry on the work of the Kingdom. Men must be moved by His word, with the operations of the Holy Spirit, to be enkindled with love and zeal and passion from on high to do His will. The more we press this, the more this is brought home to each one of us as pastors and congregations, the greater will be the blessing of Almighty God upon our work. The influence and the fruits of such a depend-

ency, such a faith in God will be felt to the uttermost parts of the earth, in our far distant mission fields, as well as in the conditions under which we seek to carry on the work at home.

A church and a people that will place their hope in God will live through difficult economic and social periods and emerge more fit for the Master's use. These things are not of men. The church of God must ever have her heart and her life open to the divine and spiritual impulses that come from the everlasting hills, from the throne of God itself. This condition, this attitude will alone be brought about by the constant application of His divine word to the life of the individual, so that men and women may say, "Thy word have I hid in my heart, that I might not sin against Thee." With such a promise of grace, with such a mighty offer of God Himself, we should not be discouraged: but that our Church in its districts, in its circuits, in its congregations, and in its thousands of homes might say joyfully, trustingly and believingly, "My faith looks up to Thee," then we shall not be ashamed and then we shall not be disobedient to the heavenly vision. This is our task. If this conviction becomes a living part of our lives, there will be the means, men and interest needed to far out-distance the work that we have done up to this time. God grant that in His great mercy and grace His work and His will may be done among us. Amen.

—J. A. AASGAARD.

GENERAL SECRETARY'S REPORT

To the Norwegian Lutheran Church of America:

With this fifteenth report from annual conventions it is my privilege to present the first decennial survey for the Church. This survey fits into the statistical program adopted in 1930. See Annual Report, page 295.

This survey must deal independently with two agencies, namely, I, the work of the pastors and congregations, and II, the work of the general body through its institutions.

It must set forth two sets of facts: A) The **Investments,** B) The **Results.**

I. PASTORS AND CONGREGATIONS

The status at the beginning, (1) is given by the parochial reports of the three bodies for 1916. (See upper half of pages 27 to 41). This shows: The growth of the Church from 2,811 to 2,727 congregations (400 have merged and 188 new have been formed. This accounts for a decrease of 212 through merging). There has been a growth in membership from 474,715 in 1916 to 494,347 in 1930, or an increase of 19,632. (Since the introduction of budget assessment, the more careful checking out of inactive members, has kept our increase down to a minimum.) The local expenses of the congregations have increased from $713,026 in 1916 to $3,843,000 in 1930. Property valuation from $9,032,722 in 1917 to $31,615,824 in 1930. The indebtedness for the same period has increased from $835,897 in 1917 to $2,723,427 in 1930. The total contributions have increased from $1,251,590 in 1916 to $4,969,178 in 1930. For the $13^{7}/_{12}$ years the congregations have invested for local work $41,529,826; and for benevolences $16,253,220, a total of $57,783,046. By this the net worth of $8,196,825 in 1917 has increased to $28,892,397 in 1930.

Returning again to "Parochial Report Survey" we find interesting spiritual values, that reveal (2) the work done and the results of the work from 1917 to 1930:

Services: 592,178 English; 619,676 Norwegian.
Baptisms: Adults: 5,767; children, 263,429.
Confirmations: Adults, 2,161; children, 206,530.

During 1930, 3,703 men and 11,472 women taught in 1,720 Sunday schools in which 67,081 boys and 70,349 girls are enrolled. In 1,099 Summer Vacation schools 19,928 boys and 20,853 girls received religious instruction from 1,943 teachers. 521 teachers taught 5,684 boys and 5,701 girls in 199 week-day schools conducted during public school periods. 64 congregations have by 194 teachers instructed 1,554 boys and 1,505 girls in Saturday schools. **Who can measure the value of the preaching, teaching and ministerial services provided by the congregations?** God only knows. the real value, but we reap the fruits of this work both in time and eternity.

II. THE WORK OF THE GENERAL BODY THROUGH ITS INSTITUTIONS

A. Investments

Firstly, What is the purpose of this survey? To place before the Church a statement of accounts which shows from year to year and for the whole period a) sources of income, b) how much of the money is spent in the various

activities, and c) what amount is used for administration. The answers to b) and c) are given first in dollars and then in percentages.

Secondly, to show the trend of the contributing capacity, as set forth in "Source of Income" by giving, a) the totals in dollars and b) in dollars and cents the contributions per confirmed member. The lowest was $1.68 in 1918; the highest was $3.98 in 1924. The Grand Total Average for the 13$^{7}/_{12}$ years is $45.45, an average of $3.36 per year.

Thirdly, to visualize the financial status of the Church by showing from year to year the increase of a) endowments, b) property valuation, c) present worth (Page 21).

(N.B. In tabulating endowments only those are included that directly affect the institutions which appear on the budget. This course was adopted for the purpose of getting at the exact percentage for overhead expenses. Thus it is that endowments plus property value is less than the "Present Worth.")

The **"Decennial"** survey covers the 13$^{7}/_{12}$ years from June 9th, 1917, to December 31st, 1930, thus setting forth the work of the Norwegian Church for the whole period since its beginning.

B. Results

In preparing this Survey the statistician hoped to present all four parts set forth in I, II, A and B. Time did not permit him to finish A and B: "The Benefits of the Investment in Work Done and Result Attained." This shall, the Lord willing, be included in the 1932 report. During the interim sections will appear from time to time in our church organs, the "Lutheraneren" and the "Lutheran Herald."

Please note that all these surveys are built upon the annual reports of the treasurer, as published in the Annual Reports, to which page reference is made in the Surveys.

Survey A: Pages 19-21

In Department I, "Church Affairs," two surveys are given. The first, with one page explanatory notes and two pages of statistics (Pages 19, 20, 21), is compiled from the statistician's annual report, and the treasurer's accounts. This sets forth the growth of the Church and the annual totals for receipts, disbursements, assets of the Church in endowments, property (real estate), and **Net Worth,** to which page reference is made. Note the increase of each: Endowments in 1918: $1,051,604; in 1930, $3,892,027. Property in 1918, $3,124,366; in 1930, $7,028,657. Net worth in 1918, $4,671,899; in 1930, $10,301,319, an increase of $5,629,420. Of the $17,699,793 contributed $5,629,420, or 31.7%, is still with us in increased valuation.

Survey B: Pages 320, 321

This survey accounts for the expenses connected with Department I. Note that we include there the Transportation-Publicity Bureau and the Women's Missionary Federation.

THE AMOUNT USED FOR ADMINISTRATION

At the foot of this rubric in Survey A-2, page 21, appears as "Department Overheads" the sum of $2,023,170, which averages $149,864 per year. The items which appear in these rubrics include all that has been paid out for salaries and expenses. Into this survey is gathered all these items from every department, including also the Women's Missionary Federation and the Transportation-Publicity Bureau (See Survey B: Pages 320-321).

In regard to the items which constitute the total given in Survey "A" as "Department Overheads" includes all salaries and expenses for officers and departments, two questions must be answered: 1) Is it fair that all these items shall be classed as overheads? 2) Is is fair to check this overhead against the amounts contributed to the budget by the congregations?

Should a pastor's salary be classed as an "overhead" charge in the congregation? Are the SPIRITUAL SERVICES upon which the very existence of the congregation and the church depends to be classed as overheads? If so, then a family must charge its living expenses as overhead. I do not know where I could find a man who would call his family's living expenses an overhead.

It seems clear to me that it is not only unfair but also unreasonable to class the spiritual services upon which the life of an organization depends as overhead.

Group I. As such spiritual agencies which are as essential to the life of the church at home,—as is the work of the foreign missionary in heathen lands for foreign missions,—I would class the following items: Salaries for the general president, district presidents, heads of departments II, III, IV, V and VIII, Evangelists, Women's Missionary Federation and Church Council.

Group II. The stenographic helps in the various departments, the whole force in the treasurer's office, which includes the financial secretaries' salaries and expenses, the salaries and expenses of all who administer our endowments and look after our property, the cost of legal counsel and audits, the salary and expenses of the Transportation-Publicity Bureau; the office rent, and all office expenses of every department, in fact every expense in connection with the offices of the Norwegian Lutheran Church.

On page 21 we give the department overheads. On page 17 we reproduce these numbers and for each year subtract the amounts disbursed for religious activities as outlined under Group I. The differences give us Group II, which constitutes the OVERHEAD EXPENSES.

The next question which arises is: Against which sum is this overhead to be checked in order to get at the percentage overhead? There are four rubrics which come into consideration: 1) Contribution by Congregation to Budget $463,954; 2) Total Cash Contributed by Congregations $582,474; 3) Total Cash Received from All Sources $670,564; 4) The Total Cash plus the Endowments Administered $1,722,168.

It would be unfair to compare the overhead expenses of $72,044 with $463,954 because the efforts put forth—which is provided by the overhead—have produced also the additional sums which go to make up the $582,474. (The other sources which combine to make up the $670,564 are of such nature that the total can not be considered for comparison, for into it enter interest received on endowments, and 4/5 of Augsburg Publishing House's net receipts.) The fair comparison is with item 4) $1,722,168. See note 6 on page 19.

Survey on Page 17

A. This answers for each year the question: How much of the dollar given for the various causes reaches the institution or mission to which it is given? Note that it varies from the lowest 81.5 in Foreign Missions for 1930 to 117 for Education in 1924. Where the percentage is over 100 it means that funds from other sources have been paid to institutions and missions.

B. This survey gives the most reasonable answer as to the overhead of the General Body. On page 17 we give the overheads as all expenses, except the group of spiritual activities listed above. These items are checked against the total cash receipts from the congregations. On page 21 we check all the expense items against the total receipts and the endowments administered.

ADMINISTRATION OF ENDOWMENTS

It was my hope to give here the exact amount it would cost us to have our endowments administered by a commercial concern. It has taken a longer time than anticipated to figure out what the bid would amount to; can say that it would cost us at least over half the cost for the whole of department VI (See Grand Total Rubric, page 429), with the further possibility that our losses would be much greater than under our own efficient management.

OTHER ACTIVITIES OF THE GENERAL SECRETARY

In addition to his duties as general secretary, statistician, etc., he has also served as financial field worker during the year, 1930. Week-ends and Sundays are usually spent visiting congregations in the interest of the Church, working under the Synodical field-secretary.

That the secretary has been able to present the surveys contained in this volume is due to the fact that members of his family have donated to the Church efficient service in the work of compiling statistics.

Watch our church papers for the surveys setting forth the results of the money invested in the various activities of our Church.

—N. J. LØHRE,
General Secretary & Statistician.

* Denotes year published. 1931 report gives the 1930 accounts.

July value of Dollar in purchasing power as compared with its purchasing power in July of 1914, which is counted as 100 cents. 1930 Report of "National Industrial Conference Board."

It will be noticeable that in each percentage rubric some years show that more than one dollar has been paid to the institutions. That is natural as we have interest on endowments that helps along. And where congregations have been late in paying up apportionment the treasurer has been forced to borrow to meet the expenses of the various boards.

** Feb. 1931, with 1926 value as 100% ("N. Y. Times," March 21, 1931).

1) The confirmed membership as given in the statistical tables fluctuates too much to be used in computing the contributions per confirmed member. The numbers for confirmed membership as used for this exhibit are numbers which represent correctly the average increase of our confirmed membership from 1917 to 1930.

Note that the "Average Curve" for "Confirmed membership" on page 20 gives 305,640. The Statistics for 1930 were not complete when these tables were ready for the press. That table gives 153,278 male and 153,333 female—a total of 306,611 for 1930. The budget pressure is still holding our confirmed membership down to such an extent that the editors of the "Lutheran World Almanac" set their own average, which is 319,484, as number of confirmed members in the Norwegian Lutheran Church.

2) This includes bequests, donations for relief work and sundry contributions.

3) Specials for Dept. VI includes charges made for administering endowments, $94,420; 2-5 of Augsburg Publishing House's profits, $163,754; and miscellaneous income, $33,738.

4) As the interest received by Church Extension and Pension is included in the total interest already given it is not included here. For interest see Department VI:C, page 430.

5) The cost of raising endowments is in most cases included in the figures for Department overheads. The cost of administering the endowments is always included.

The endowments listed here for 1918 to 1927 do not include "General Endowments," but only the following: Education, Home Missions, Charities, Deaconess Home, Church Extension and Pension. For the following years we take the endowments as listed in the treasurer's report: 1928: 89; 1929: 25; 1930: 57 and in 1931: 44.

6) The 1918 "Overhead" percentage on $72.044 as reckoned on the total cash received $670,564 plus the $1,051,604 of endowments administered, or $1,722,168 is 4.1%. The other years are similarly reckoned.

Note the increase of endowments from $1,051,604 for 1918 to $3,892,027 for 1930. This is an encouraging fact and fairness suggests that the correct overhead for Dept. VI as well as for the whole Church must be estimated on the basis of total cash receipts plus the endowments administered. Fairness also suggests that it costs more to look after $7,028,657 property which the Church owned in 1930 than the $3,124,366 it owned in 1918. However, we do not include that property item in our estimate for overheads.

7) This represents interest paid for money borrowed because so many congregations send in their contributions late in the year, and some congregations fail to contribute. It would not be fair to the administration to include this sum as an overhead. For itemized statement see the survey for the four budgeting departments, and Departments VI:C, page 430.

8) Deficits: These are taken from the Treasurer's report for 1930, page 60 of 1931 annual report: Schedule "E-8," "Analysis of Budget Deficit." For itemized statement of deficits see rubric survey for the four budgeting boards. A star before a number indicates ■ surplus.

9) Property Valuation: This includes only the property to which the Church holds title. It does not include the subsidized schools, or other institutions held by individual corporations.

10) Pages for **"Net Worth"** 1918: 58; 1919: 161; 1920: 54; 1921: 277; 1922: 64; 1923: 54; 1924: 51; 1925: 92; 1926: 348; 1927: 32; 1928: 89; 1929: 25; 1930: 57; 1931: 44.

11) Under **Special Contributions** are given the figures for **World Service,** including all contributions for this work that has come through our treasurer's office. For 1922, where nothing appears on the Treasurer's records, we give the figures supplied by the office of the National Lutheran Council, page 25.
